KIMCO REALTY CORPORATION AND SUBSIDIARIES

NOTES TO CONDENSED
CONSOLIDATED FINANCIAL STATEMENTS

1. Interim Financial Statements

Principles of Consolidation -

The accompanying Condensed Consolidated Financial Statements include the accounts of Kimco Realty Corporation (the "Company"), its subsidiaries, all of which are wholly-owned, and all entities in which the Company has a controlling interest, including where the Company has been determined to be a primary beneficiary of a variable interest entity in accordance with the provisions and guidance of Financial Accounting Standards Board ("FASB") Interpretation No. 46(R), Consolidation of Variable Interest Entities ("FIN 46(R)") or meets certain criteria of a sole general partner or managing member as identified, in accordance with Emerging Issues Task Force ("EITF") Issue 04-5, Investors Accounting for an Investment in a Limited Partnership when the Investor is the Sole General Partner and the Limited Partners have Certain Rights ("EITF 04-5"). All inter-company balances and transactions have been eliminated in consolidation. The information furnished is unaudited and reflects all adjustments which are, in the opinion of management, necessary to reflect a fair statement of the results for the interim periods presented, and all such adjustments are of a normal recurring nature. These Condensed Consolidated Financial Statements should be read in conjunction with the Company's Annual Report on Form 10-K.

Income Taxes -

The Company has made an election to qualify, and believes it is operating so as to qualify, as a Real Estate Investment Trust (a "REIT") for federal income tax purposes. Accordingly, the Company generally will not be subject to federal income tax, provided that distributions to its stockholders equal at least the amount of its REIT taxable income as defined under Sections 856 through 860 of the Internal Revenue Code, as amended (the "Code"). However, in connection with the Tax Relief Extension Act of 1999, which became effective January 1, 2001, the Company is now permitted to participate in certain activities which it was previously precluded from in order to maintain its

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

qualification as a REIT, so long as these activities are conducted in entities which elect to be treated as taxable REIT subsidiaries under the Code. As such, the Company will be subject to federal and state income taxes on the income from these activities. During the six months ended June 30, 2006 and 2005, the Company's provision for federal and state income taxes was approximately \$4.0 million and \$12.0 million, respectively, relating to activities conducted in its taxable REIT subsidiaries.

7

Earnings Per Share -

On July 21, 2005, the Company's Board of Directors declared a two-for-one split (the "Stock Split") of the Company's common stock which was effected in the form of a stock dividend paid on August 23, 2005 to stockholders of record on August 8, 2005. All share and per share data included in the accompanying Condensed Consolidated Financial Statements and Notes thereto have been adjusted to reflect this split.

The following table sets forth the reconciliation of earnings and the weighted average number of shares used in the calculation of basic and diluted earnings per share (amounts presented in thousands, except per share data):

	=====	=====	=====	=====

(a) For the three and six months ended June 30, 2006 and 2005, the effect of certain convertible units would have an anti-dilutive effect upon the calculation of Income from continuing operations per share. Accordingly, the impact of such conversion has not been included in the determination of diluted earnings per share calculations.

The Company maintains an equity participation plan (the "Plan") pursuant to which a maximum of 42,000,000 shares of the Company's common stock may be issued for qualified and non-qualified options and restricted stock grants. Options granted under the Plan generally vest ratably over a three or five year term, expire ten years from the date of grant and are exercisable at the market price on the date of grant, unless otherwise determined by the Board of Directors at its sole discretion. Restricted stock grants vest 100% on the fifth anniversary of the grant. In addition, the Plan provides for the granting of certain options to each of the Company's non-employee directors (the "Independent Directors") and permits such Independent Directors to elect to receive deferred stock awards in lieu of directors' fees.

9

Prior to January 1, 2003, the Company accounted for the Plan under the intrinsic value-based method of accounting prescribed by Accounting Principles Board ("APB") Opinion No. 25, Accounting for Stock Issued to Employees, and related interpretations including FASB Interpretation No. 44, Accounting for Certain Transactions Involving Stock Compensation (an interpretation of APB Opinion No. 25). Effective January 1, 2003, the Company adopted the prospective method provisions of Statement of Financial Accounting Standards ("SFAS") No. 148, Accounting for Stock-Based Compensation - Transition and Disclosure, an Amendment of FASB Statement No. 123 ("SFAS No. 148"), which applies the recognition provisions of SFAS No. 123, Accounting for Stock-Based Compensation ("SFAS No. 123") to all employee awards granted, modified or settled after

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

January 1, 2003.

During December 2004, the FASB issued SFAS No. 123 (revised 2004), "Share-Based Payment" (SFAS No. 123(R)), which is a revision of Statement 123. SFAS No. 123(R) supersedes Opinion 25. Generally, the approach in SFAS No. 123(R) is similar to the approach described in Statement 123. However, SFAS No. 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the statement of operations based on their fair values. Pro-forma disclosure is no longer an alternative under SFAS No. 123(R). SFAS No. 123(R) is effective for fiscal years beginning after December 31, 2005. The Company began expensing stock based employee compensation with its adoption of the prospective method provisions of SFAS No. 148, effective January 1, 2003, as a result, the adoption of SFAS No. 123(R) did not have a material impact on the Company's financial position or results of operations.

The cost related to stock-based employee compensation included in the determination of net income for the three and six months ended June 30, 2005 is less than that which would have been recognized if the fair value based method had been applied to all awards since the original effective date of SFAS No. 123. There was no difference in amounts for the three and six months ended June 30, 2006. The following table illustrates the effect on net income and earnings per share if the fair value based method had been applied to all outstanding stock awards for the three and six months ended June 30, 2005 (amounts presented in thousands except for per share data):

In addition, there were approximately 63,750 and 3,405,000 stock options that were anti-dilutive as of June 30, 2006 and 2005, respectively.

The fair value of each option award is estimated on the date of grant using the Black-Scholes option pricing formula. The more significant assumptions underlying the determination of such fair values for options granted during the three and six months ended June 30, 2006 and 2005 were as follows:

The weighted-average remaining contractual life for options outstanding as of June 30, 2006, was approximately 7.1 years. Options to purchase 8,605,352 shares of the Company's common stock were available for issuance under the Plan at June 30, 2006.

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

Cash received from options exercised under the Plan was approximately \$21.6 million and \$24.6 million for the six months ended June 30, 2006 and 2005, respectively. for the accounting for and reporting of a change in accounting principles. It requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. This statement is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005.

In September 2005, the EITF issued Issue 04-5, Investor's Accounting for an Investment in a Limited Partnership When the Investor is the Sole General Partner and the Limited Partners Have Certain Rights, ("EITF 04-5"). At issue is what rights held by the limited partner(s) preclude consolidation in circumstances in which the sole general partner would consolidate the limited partnership in accordance with U.S. generally accepted accounting principles. The assessment of limited partners' rights and their impact on the presumption of control of the limited partnership by the sole general partner should be made when an investor becomes the sole general partner and should be reassessed if (i) there is a change to the terms or in the exercisability of the rights of the limited partners, (ii) the sole general partner increases or decreases its ownership of limited partnership interests, or (iii) there is an increase or decrease in the number of outstanding limited partnership interests. This issue is effective no later than for fiscal years beginning after December 15, 2005 and as of June 29, 2005 for new or modified arrangements. The impact of adopting EITF 04-5 did not have a material impact on the Company's financial position or results of operations.

In July 2006, the FASB issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109, Accounting for Income Taxes ("FIN 48"), regarding accounting for and disclosure of uncertain tax positions. This guidance seeks to reduce the diversity in practice associated with certain aspects of the recognition and measurement related to accounting for income taxes. This interpretation is effective for fiscal years beginning after December 15, 2006. The Company does not expect the adoption of FIN 48 to have a material impact on the Company's results of operations and financial position.

During May 2006, the Company provided a Canadian denominated ("CAD") collateralized credit facility of CAD \$23.5 million at a fixed rate of 8.5% per annum for a term of two years to a real estate company for the execution of its property acquisitions under contract and within its pipeline. The credit facility is guaranteed by the real estate company. The Company was issued 39,244 units, valued at approximately \$0.1 million, and warrants to purchase up to 0.5 million shares of the real estate company as a loan origination fee. As of June 30, 2006, the outstanding balance on this credit facility was approximately CAD \$12.0 million (approximately USD \$10.7 million).

During September 2005, a newly formed joint venture, in which the Company had an 80% interest, acquired a 90% interest in a \$48.4 million mortgage receivable for a purchase price of approximately \$34.2 million. This loan bore interest at a rate of three-month LIBOR plus 2.75% per annum and was scheduled to mature on January 12, 2010. A 626-room hotel located in Lake Buena Vista, FL collateralized the loan. The Company had determined that this joint venture entity was a VIE and had further determined that the Company was the primary beneficiary of this VIE and had therefore consolidated it for financial reporting purposes. During March 2006, the joint venture acquired the remaining

10% of this mortgage receivable for a purchase price of approximately \$3.8 million. During June 2006, the joint venture accepted a pre-payment of approximately \$45.2 million from the borrower as full satisfaction of this loan.

9. Notes Payable

During March 2006, the Company issued \$300.0 million of fixed rate unsecured senior notes under its medium-term notes ("MTN") program. This fixed rate MTN matures March 15, 2016 and bears interest at 5.783% per annum. The proceeds from this MTN issuance were primarily used to repay a portion of the outstanding balance under the Company's U.S. revolving credit facility and for general corporate purposes.

24

During June 2006, the Company entered into a third supplemental indenture, under the indenture governing its medium-term notes and senior notes, which amended the (i) total debt test and secured debt test by changing the asset value definition from undepreciated real estate assets to total assets, with total assets being defined as undepreciated real estate assets, plus other assets (but excluding goodwill and amortized debt costs) and (ii) maintenance of unencumbered total asset value covenant by increasing the requirement of the ratio of unencumbered total asset value to outstanding unsecured debt from 1 to 1 to 1.5 to 1. Additionally, the same amended covenants were adopted within the Canadian supplemental indenture, which governs the 4.45% Canadian Debentures due in 2010. In connection with the consent solicitation, the Company incurred costs aggregating approximately \$5.8 million, of which \$1.8 million was related to costs paid to third parties, which were expensed. The remaining \$4.0 million was related to fees paid to note holders, which were capitalized and are being amortized over the remaining term of the notes.

10. Common Stock Transactions

During March 2006, the Company completed a primary public stock offering of 10,000,000 shares of the Company's common stock. The net proceeds from this sale of common stock, totaling approximately \$405.5 million (after related transaction costs of \$2.5 million) were primarily used to repay the outstanding balance under the Company's U.S. revolving credit facility, partial repayment of the outstanding balance under the Company's Canadian denominated credit facility and for general corporate purposes.

During December 2005, the Company and Atlantic Realty Trust ("Atlantic Realty") entered into a definitive merger agreement whereby Atlantic Realty would merge with and into a wholly owned subsidiary of the Company (the "Merger"). Pursuant to the merger agreement the Company would acquire Atlantic Realty for an aggregate value equal to \$82.5 million plus the amount of Atlantic Realty's cash on hand at closing and certain agreed upon expenses less merger expenses and other liabilities, including certain liabilities under Atlantic Realty's tax agreement with Ramco-Gershenson Properties Trust. The Merger consideration was paid in shares of the Company's common stock ("Common Stock") valued on the final full trading day immediately preceding the closing. Prior to the Merger, the Company and its subsidiaries owned approximately 37% of the common stock of Atlantic Realty.

The shareholders of Atlantic Realty approved the Merger on March 30, 2006, and the closing occurred on March 31, 2006. As consideration for this transaction, the Company issued Atlantic Realty shareholders 1,274,420 shares of Common Stock, excluding 748,510 shares of Common Stock that were to be received by the Company, at a price of \$40.41 per share.

The acquisition of the remaining 63% ownership interest in Atlantic Realty has been accounted for as a step acquisition with the purchase price being allocated to the identified assets and liabilities acquired including an operating property located in Staten Island, NY, comprising approximately 0.4 million square feet of GLA.

Executive Summary

Kimco Realty Corporation is one of the nation's largest publicly-traded owners and operators of neighborhood and community shopping centers. As of July 20, 2006, the Company's portfolio was comprised of 1,118 properties totaling approximately 143.6 million square feet of leasable space located in 45 states, Canada, Mexico and Puerto Rico.

The Company is self-administered and self-managed through present management, which has owned and managed neighborhood and community shopping centers for over 45 years. The executive officers are engaged in the day-to-day management and operation of real estate exclusively with the Company, with nearly all operating functions, including leasing, asset management, maintenance, construction, legal, finance and accounting, administered by the Company.

The Company, through its taxable REIT subsidiaries, is engaged in various retail real estate related opportunities including (i) merchant building, through its Kimco Developers, Inc. ("KDI") subsidiary, which is primarily engaged in the ground-up development of neighborhood and community shopping centers and the subsequent sale thereof upon completion, (ii) retail real estate advisory and disposition services, which primarily focuses on leasing and disposition strategies of retail real estate controlled by both healthy and distressed and/or bankrupt retailers and (iii) acting as an agent or principal in connection with tax deferred exchange transactions. The Company will consider other investments through taxable REIT subsidiaries should suitable opportunities arise.

In addition, the Company continues to capitalize on its established expertise in retail real estate by establishing other ventures in which the Company owns a smaller equity interest and provides management, leasing and operational support for those properties. The Company also provides preferred equity capital for real estate entrepreneurs and provides real estate capital and advisory services to both healthy and distressed retailers. The Company also makes selective investments in secondary market opportunities where a security or other investment is, in management's judgment, priced below the value of the underlying real estate.

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

The Company's strategy is to maintain a strong balance sheet while investing opportunistically and selectively. The Company intends to continue to execute its plan of delivering solid growth in earnings and dividends.

On July 9, 2006, the Company entered into a definitive merger agreement with Pan Pacific Retail Properties Inc. ("Pan Pacific"). Under the terms of the agreement, the Company will acquire all of the outstanding shares of Pan Pacific for a total merger consideration of \$70.00 per share in cash. The Company may elect to issue up to \$10.00 per share of the total merger consideration in the form of Common Stock to be based upon the ten-day average closing price two days prior to the Pan Pacific stockholders' meeting to approve the transaction.

29

The transaction has a total value of approximately \$4.0 billion, including Pan Pacific's outstanding debt totaling approximately \$1.1 billion and approximately \$2.9 billion in equity value. The Company has received financing commitments totaling up to \$3.0 billion, which may be used to fund all or a portion of the total merger consideration. The Company expects to target a substantial number of the properties for its strategic co-investment programs.

Results of Operations

Revenues from rental property increased \$25.7 million or 20.4% to \$151.5 million for the three months ended June 30, 2006, as compared with \$125.8 million for the corresponding quarter ended June 30, 2005. Similarly, revenues from rental property increased \$39.0 million or 15.3% to \$293.3 million for the six months ended June 30, 2006, as compared with \$254.3 million for the corresponding six month period ended June 30, 2005. These net increases resulted primarily from the combined effect of (i) the acquisition of operating properties during 2005 and the six months ended June 30, 2006, providing incremental revenues for the three and six months ended June 30, 2006 of approximately \$18.2 million and \$28.4 million, respectively, (ii) an overall increase in shopping center portfolio occupancy to 94.8% at June 30, 2006, as compared to 94.1% at June 30, 2005 and the completion of certain redevelopment and development projects providing incremental revenues of approximately \$10.7 million and \$19.0 million, respectively, for the three and six months ended June 30, 2006 as compared to the corresponding period in 2005, offset by (iii) a decrease in revenues of approximately \$3.2 million and \$8.4 million for the three and six months ended June 30, 2006, respectively, as compared to the corresponding periods last year, resulting from the transfer of operating properties to various unconsolidated joint venture entities and the sale of certain properties during 2005 and the six months ended June 30, 2006.

Rental property expenses, including depreciation and amortization, increased approximately \$17.3 million or 29.3% to \$76.3 million for the three months ended June 30, 2006, as compared with \$59.0 million for the corresponding quarter ended June 30, 2005. Similarly, for the six months ended June 30, 2006, rental property expenses, including depreciation and amortization, increased \$23.9 million or 20% to \$143.9 million as compared with \$119.9 million for the corresponding period in the preceding year. These increases are primarily due to operating property acquisitions during 2006 and 2005 which were partially offset by operating property dispositions including those transferred to various joint venture entities.

Mortgage and other financing income increased \$5.3 million to \$8.7 million for the three months ended June 30, 2006, as compared to \$3.5 million for the corresponding period in 2005. Similarly mortgage financing income increased \$6.3 million to \$12.9 million for the six months ended June 30, 2006, as compared to

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

\$6.6 million for the corresponding period in 2005. These increases are primarily due to the recognition of accretion income of approximately \$6.2 million, resulting from an early pre-payment of a mortgage receivable, which had been acquired at a discount.

30

Management and other fee income increased approximately \$4.8 million and \$4.6 million, respectively, for the three and six months ended June 30, 2006, as compared to the corresponding periods in 2005. These increases are primarily due to incremental fees earned from the Kimsouth portfolio and growth in the Company's other co-investment programs.

General and administrative expenses increased approximately \$3.8 million and \$8.6 million, respectively for the three and six months ended June 30, 2006, as compared to the corresponding periods in 2005. These increases are primarily due to personnel-related costs including the non-cash expensing of stock options granted, attributable to the growth of the Company.

Interest, dividends and other investment income increased approximately \$7.6 million and \$15.9 million for the three and six month periods ended June 30, 2006, respectively, as compared to the corresponding periods in 2005. These increases are primarily due to greater realized gains on the sale of certain marketable securities and increased interest and dividend income as a result of the growth in the marketable securities portfolio during 2005 and the six months ended June 30, 2006.

Other (expense)/income, net decreased \$15.2 million and \$2.3 million, respectively, for the three and six months ended June 30, 2006, as compared to the corresponding periods in 2005. These decreases are primarily attributable to lower gains on land sales as compared to the corresponding periods in 2005 and a decrease of \$6.2 million in the three months ended June 30, 2006, as compared to the prior period, due to the receipt of Sears Holdings Corp. common stock as partial settlement of Kmart pre-petition claims.

Interest expense increased \$11.8 million and \$23.3 million for the three and six months ended June 30, 2006, as compared to the corresponding periods in 2005. These increases are due to higher interest rates and higher outstanding levels of debt during these periods as compared to the same periods in the preceding year.

Income from other real estate investments increased \$3.7 million to \$15.4 million for the three months ended June 30, 2006, as compared to \$11.7 million for the corresponding period in 2005. Similarly, income from other real estate investments increased \$5.7 million to \$33.7 million for the six months ended June 30, 2006, as compared to \$28.0 million for the corresponding period in 2005. These increases are primarily due to (i) increased investment in the Company's Preferred Equity program which contributed \$8.2 million and \$18.1 million for the three and six months ended June 30, 2006, including \$5.3 million of profit participation earned from three capital transactions, as compared to \$7.0 million and \$13.7 million for the corresponding periods in 2005, including a \$3.1 million profit participation earned from one capital transaction.

31

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

Equity in income of real estate joint ventures, net increased \$12.1 million to \$26.8 million for the three months ended June 30, 2006, as compared to \$14.7 million for the corresponding period in 2005. Similarly, equity in income of real estate joint ventures, net increased \$4.4 million to \$43.5 million for the six months ended June 30, 2006, as compared with \$39.1 million for the corresponding period in 2005. These increases are primarily attributable to (i) increased equity in income from the Kimco Income REIT joint venture investment ("KIR") resulting from the sale of an operating property and one out-parcel during the six months ended June 30, 2006 which provided a gain of \$1.6 million, of which the pro-rata share to the Company was \$0.7 million, (ii) increased equity in income from the Kimco Retail Opportunity Fund joint venture investment ("KROP") resulting from the sale of five operating properties and two out-parcels during 2006 of which the pro-rata share of gains to the Company were \$0.3 million and \$6.6 million for the three and six months ended June 30, 2006, respectively, and (iii) the Company's growth of its various other real estate joint ventures. The Company has made additional capital investments in these and other joint ventures for the acquisition of additional shopping center properties by the ventures throughout 2005 and the six months ended June 30, 2006.

During the six months ended June 30, 2006, KDI, sold two recently completed projects and 19 out-parcels, in separate transactions, for approximately \$73.1 million. These sales resulted in gains of approximately \$8.4 million, net of income taxes of \$5.6 million.

During the six months ended June 30, 2005, KDI, sold in separate transactions, 21 out-parcels and four recently completed projects for approximately \$146.0 million. These sales provided gains of approximately \$10.7 million, net of income taxes of approximately \$7.1 million.

During the six months ended June 30, 2006, the Company disposed of 13 operating properties for an aggregate sales price of \$121.9 million, which resulted in an aggregate net gain of approximately \$29.2 million, net of income taxes of \$2.2 million relating to the sale of one property, and transferred five operating properties to joint ventures in which the Company has a 20% non-controlling interest for an aggregate price of approximately \$95.4 million, which resulted in a gain of approximately \$1.4 million for one transferred property.

During the six months ended June 30, 2005, the Company disposed of, in separate transactions, nine operating properties for an aggregate sales price of \$38.8 million, (ii) transferred three operating properties to KROP for an aggregate price of approximately \$49.0 million, and (iii) transferred six operating properties to various co-investment ventures in which the Company has non-controlling interests ranging from 20% to 47.5% for an aggregate price of approximately \$90.9 million. For the six months ended June 30, 2005, these transactions resulted in an aggregate net gain of approximately \$9.0 million.

Net income for the three and six months ended June 30, 2006 was \$108.7 million and \$204.9 million, respectively. Net income for the three and six months ended June 30, 2005 was \$83.8 million and \$170.6 million, respectively. On a diluted per share basis, net income improved \$0.11 to \$0.83 for the six month period ended June 30, 2006, as compared to \$0.72 for the corresponding period in 2005. These increases are attributable to

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

(i) an increase in revenues from rental properties primarily due to acquisitions in 2005 and the six months ended June 30, 2006, (ii) increased gains on sales of operating properties for the three and six months ended June 30, 2006, (iii) increased income contributed from the marketable securities portfolio as compared to the same period last year, partially offset by, (iv) an increase in interest expense due to higher interest rates and higher borrowings during 2006.

At June 30, 2006, the Company's five largest tenants were The Home Depot, TJX Companies, Sears Holdings, Kohl's, and Wal-Mart, which represented approximately 3.5%, 3.1%, 2.7%, 2.4% and 1.8%, respectively, of the Company's annualized base rental revenues including the proportionate share of base rental revenues from properties in which the Company has less than a 100% economic interest.

Additionally, during March 2006, the Company completed a primary public stock offering of 10,000,000 shares of the Company's common stock. The net

proceeds from this sale of common stock, totaling approximately \$405.5 million (after related transaction costs of \$2.5 million) were primarily used to repay the outstanding balance under the Company's U.S. revolving credit facility, partial repayment of the outstanding balance under the Company's Canadian denominated credit facility and for general corporate purposes.

During May 2006, the Company filed a shelf registration statement on Form S-3ASR for the future offerings, from time to time, of debt securities, preferred stock, depositary shares, common stock and common stock warrants.

During June 2006, the Company entered into a third supplemental indenture, under the indenture governing its medium-term notes and senior notes, which amended the (i) total debt test and secured debt testing by changing the asset value definition from undepreciated real estate assets to total assets, with total assets being defined as undepreciated real estate assets, plus other assets (but excluding goodwill and amortized debt costs) and (ii) maintenance of unencumbered total asset value

36

covenant by increasing the requirement of the ratio of unencumbered total asset value to outstanding unsecured debt from 1 to 1 to 1.5 to 1. Additionally, the same amended covenants were adopted within the Canadian supplemental indenture, which governs the 4.45% Canadian Debentures due in 2010. As a result of the amended covenants, the Company has increased its borrowing capacity by approximately \$2.0 billion.

In addition to the public equity and debt markets as capital sources, the Company may, from time-to-time, obtain mortgage financing on selected properties and construction loans to partially fund the capital needs of its ground-up development projects. As of June 30, 2006, the Company had over 400 unencumbered property interests in its portfolio.

In connection with its intention to continue to qualify as a REIT for federal income tax purposes, the Company expects to continue paying regular dividends to its stockholders. These dividends will be paid from operating cash flows, which are expected to increase due to property acquisitions, growth in operating income in the existing portfolio and from other investments. Since cash used to pay dividends reduces amounts available for capital investment, the Company generally intends to maintain a conservative dividend payout ratio, reserving such amounts as it considers necessary for the expansion and renovation of shopping centers in its portfolio, debt reduction, the acquisition of interests in new properties and other investments as suitable opportunities arise and such other factors as the Board of Directors considers appropriate.

Although the Company receives substantially all of its rental payment on a monthly basis, it generally intends to continue paying dividends quarterly. Amounts accumulated in advance of each quarterly distribution will be invested by the Company in a short-term money market or other suitable instruments. Cash dividends paid for the six months ended June 30, 2006 and 2005 were \$160.4 million and \$143.4 million, respectively.

Effects of Inflation

Many of the Company's leases contain provisions designed to mitigate the adverse impact of inflation. Such provisions include clauses enabling the Company to receive payment of additional rent calculated as a percentage of tenants' gross sales above pre-determined thresholds, which generally increase as prices rise, and/or escalation clauses, which generally increase rental rates

Edgar Filing: KIMCO REALTY CORP - Form 10-Q

during the terms of the leases. Such escalation clauses often include increases based upon changes in the consumer price index or similar inflation indices. In addition, many of the Company's leases are for terms of less than 10 years, which permits the Company to seek to increase rents to market rates upon renewal. Most of the Company's leases require the tenant to pay an allocable share of operating expenses, including common area maintenance costs, real estate taxes and insurance, thereby reducing the Company's exposure to increases in costs and operating expenses resulting from

37

inflation. The Company periodically evaluates its exposure to short-term interest rates and foreign currency exchange rates and will, from time to time, enter into interest rate protection agreements and/or foreign currency hedge agreements which mitigate, but do not eliminate, the effect of changes in interest rates on its floating-rate debt and fluctuations in foreign currency exchange rates.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company's primary market risk exposure is interest rate risk. The following table presents the Company's aggregate fixed rate and variable rate domestic and foreign debt obligations outstanding as of June 30, 2006, with corresponding weighted-average interest rates sorted by maturity date. The information is presented in U.S. dollar equivalents, which is the Company's reporting currency. The instruments actual cash flows are denominated in U.S. dollars, Canadian dollars and Mexican Pesos, as indicated by geographic description (\$ USD equivalent in thousands):

Based on the Company's variable-rate debt balances, interest expense would have increased by approximately \$1.6 million for the six months ended June 30, 2006 if short-term interest rates were 1.0% higher.

As of June 30, 2006, the Company had Canadian investments totaling CAD \$413.3 million (approximately USD \$370.2 million) comprised of real estate joint venture investments and marketable securities. In addition, the Company has Mexican real estate and mortgage financing investments of approximately MXN \$3.9 billion (approximately USD \$340.6 million). The foreign currency exchange risk has been partially mitigated through the use of local currency denominated debt, a foreign currency forward contract (the "Forward Contract") and a cross currency swap (the "CC Swap") with major financial institutions. The Company is exposed to credit risk in the event of non-performance by the counter-party to the Forward Contract and the CC Swap. The Company believes it mitigates its credit risk by entering into the Forward Contract and the CC Swap with major financial institutions.

The Company has not, and does not plan to, enter into any derivative financial instruments for trading or speculative purposes. As of June 30, 2006, the Company had no other material exposure to market risks.

39
