10,000,000 Units

Fording Canadian Coal Trust

Premium Distribution™ and Distribution Reinvestment Plan

This prospectus covers 10,000,000 units of Fording Canadian Coal Trust issuable under our Premium Distribution™ and Distribution Reinvestment Plan, which provides holders of our units with a simple and convenient method of investing cash distributions declared on our units in additional units of Fording.

Under the plan, eligible holders of our units may opt to have any cash distributions that are declared on their units (net of any applicable withholding taxes that would otherwise apply to the cash distributions) applied towards the purchase of new units at a 5% discount to the average market price of the units on the applicable distribution payment date.

The average market price in respect of a particular distribution payment date, refers to the arithmetic average (calculated by us to four decimal places) of the daily volume weighted average trading prices of units on the Toronto Stock Exchange for the trading days on which at least one board lot of units is traded during the corresponding period beginning on the later of the 21st business day preceding the distribution payment date and second business day following the record date applicable to that distribution payment date, and ending on the second business day preceding the distribution payment date (the "Pricing Period"). The average market price is subject to such adjustments as we may, in our sole discretion, determine to be appropriate to account for (i) certain trading reversals, adjustments, corrections and similar changes with respect to trades of units during the corresponding Pricing Period, (ii) a change in the aggregate number of units outstanding into a greater or lesser number of units, (iii) a reclassification of the units, or (iv) a merger, reorganization or other transaction affecting the units. Participation in the plan is subject to certain eligibility restrictions, prorating and other limitations on availability of new units in certain events.

Our units are traded on the New York Stock Exchange under the symbol **FDG** and the Toronto Stock Exchange under the symbol **"FDG.UN"**. On March 13, 2007, the closing price for our units on the New York Stock Exchange was US\$22.62 and the closing price for our units on the Toronto Stock Exchange was Cdn\$26.41.

We presently pay quarterly distributions on our units. We pay cash distributions in accordance with our distribution policy. Our distribution policy is periodically reviewed by our trustees. Unitholders who do not participate in the plan will continue to receive cash distributions, as declared, in the usual manner. Participation in the plan is entirely voluntary.

We cannot estimate the anticipated proceeds from the issuance of units under the plan, which will depend upon the market price of our units, the extent of unitholder participation in the plan and other factors.

Forward-looking statements can often be identified by forward-looking words such as anticipate, believe, expect, goal, plan, intend, estimate, may, and will or similar words suggesting future outcomes, or other beliefs, plans, objectives, assumptions, intentions or statements about future events or performance.

Unitholders and prospective investors are cautioned not to place undue reliance on forward-looking statements. The forward-looking statements contained or incorporated by reference in this prospectus are based, in part, upon certain assumptions made by us about risks, including, but not limited to, the following: no material disruption in production; no material variation in anticipated coal sales volumes, coal prices or cost of product sold; no material variation in the forecasted yields, strip ratios, haul distances and productivity for each mine in which we have an interest; no material increases in the global supply of hard coking coal other than what is currently projected by management; significant quantities of weaker coking coals will not be substituted for hard coking coal; continued strength in global steel markets; no material disruption in construction or operations at mine sites; no variation in availability or allocation of haul truck tires to Elk Valley Coal until late 2008; an absence of labour disputes in the forecast period; no material increase in the cost of labour; no material variations in markets and pricing of metallurgical coal other than anticipated variations; no material variation in anticipated mining, energy or transportation costs; continued availability of and no material disruption in rail service and port facilities; no material delays in the current timing for completion of ongoing projects; financing will be available on terms favourable to us and Elk Valley Coal; no material variation in the operations of Elk Valley Coal customers which could impact coal purchases; no material variation in historical coal purchasing practises of customers; coal sales contracts will be entered into with new customers; existing inventories will not result in decreased sales volumes; parties will execute and deliver contracts currently under negotiation; and no material variations in the current tax regulatory environment. Our actual results could differ materially from those anticipated in forward-looking statements as a result of adverse changes to these assumptions and risks.

Edgar Filing: FORDING CANADIAN COAL TRUST - Form F-3D

PREMIUM DISTRIBUTION AND DISTRIBUTION REINVESTMENT PLAN

Introduction

This Premium DistributionTM and Distribution Reinvestment Plan (the "Plan") provides eligible holders ("Unitholders") of trust units ("Units") of Fording Canadian Coal Trust (the "Trust") with the opportunity to reinvest the cash distributions payable by the Trust on their Units (net of any applicable withholding taxes that would otherwise apply to cash distributions payable by the Trust) (Distributions) towards the purchase of new Units at a 5% discount to the Average Market Price (as defined below) on the applicable Distribution payment date (the distribution reinvestment component of the Plan) or to exchange such Units for a cash payment equal to 102% of such Distributions on that date (the premium distributionTM component" of the Plan). Advantages

The Plan offers eligible Unitholders the opportunity to reinvest Distributions paid on their Units towards the purchase of new Units at a 5% discount to the Average Market Price on the applicable Distribution payment date. Under the distribution reinvestment component of the Plan, the new Units purchased are held under the Plan for the account of participating DRIP Eligible Unitholders. Under the premium distribution™ component of the Plan, the new Units purchased are exchanged for a cash payment equal to 102% of the reinvested Distributions on the applicable Distribution payment date, which is paid to participating Premium Eligible Unitholders.

New Units issued pursuant to the Plan will be purchased directly from the Trust by the Plan Agent (as defined below) on behalf of the Participants. Accordingly, no commissions, service charges or brokerage fees are payable by Participants in connection with the purchase of new Units from treasury under the Plan. Beneficial owners of Units who wish to participate in the Plan should consult their broker, investment dealer, financial institution or other nominee who holds their Units to enquire as to what fees (if any) their broker, investment dealer, financial institution or other nominee may charge to enrol or participate in the Plan on their behalf.

Full investment of funds is possible because the Plan permits fractions of Units (to six decimal places) as well as whole Units to be credited to Participants' accounts.

Distributions in respect of Units that are held under the Plan by the Plan Agent for the account of a Participant are, subject to proration as provided herein and the Participant's continuing eligibility to participate in the Plan, automatically reinvested in new Units in accordance with the Plan and the current election of that Participant as between the distribution reinvestment component and the premium distribution™ component of the Plan. New Units purchased under the distribution reinvestment component of the Plan by a CDS Participant or a DTC Participant on behalf of beneficial owners that are DRIP Eligible Unitholders will not be held under the Plan by the Plan Agent but will instead be credited to the accounts of such CDS Participant and DTC Participant (and the underlying eligible beneficial owners of Units) through CDS and DTC, respectively.

Administration

Computershare Trust Company of Canada currently acts as plan agent (the Plan Agent) under the Plan for and on behalf of Participants. If Computershare Trust Company of Canada ceases to act as Plan Agent for any reason,

another qualified trust company will be designated by the Trust to act as Plan Agent and Participants will be promptly notified of the change.

All funds received by the Plan Agent under the Plan (which consist of Distributions received from the Trust) will be applied to the purchase of new Units directly from the Trust on behalf of Participants. In no event will interest be paid to Participants on any funds held for reinvestment under the Plan.

Restrictions on Eligibility

Distribution Reinvestment Component. Only those Unitholders who meet the conditions necessary to qualify as DRIP Eligible Unitholders (as defined above) may participate in the distribution reinvestment component of the Plan.

Premium Distribution™ Component. Only those Unitholders who meet the conditions necessary to qualify as Premium Eligible Unitholders (as defined above) may participate in the premium distribution™ component of the Plan. For greater certainty, neither DTC nor beneficial owners of Units who hold their Units through DTC are eligible to participate in the premium distribution™ component of the Plan.

In addition, the Trust and the Plan Agent reserve the right to deny participation in the Plan to, or cancel the participation of, any person or agent of any person who appears to be, or who the Trust or the Plan Agent has reason to believe is, subject to the laws of any jurisdiction which do not permit participation in the Plan in the manner sought by such person, or whose participation in the Plan is suspected to be part of a scheme to avoid applicable legal requirements or otherwise engage in unlawful behaviour.

The Trust further reserves the right to determine, from time to time, a minimum number of Units that a Unitholder must hold in order to be eligible for, or continue to be enrolled in, the Plan. The Trust and the Plan Agent may also refuse participation to, or cancel the participation of, any person who, in their opinion, is participating in the Plan primarily with a view to arbitrage trading.

Distribution Reinvestment Component

Under the distribution reinvestment component of the Plan, the Trust will pay to the Plan Agent, on each Distribution payment date, all Distributions in respect of all Units registered in the name of Participants enrolled in the distribution reinvestment component of the Plan, as well as all Units held under the Plan by the Plan Agent for the account of such Participants. Such Distributions will be applied by the Plan Agent, on behalf of such Participants, towards the purchase from treasury, on the applicable Distribution payment date, of that number of new Units equal to the aggregate amount of such Distributions divided by 95% of the Average Market Price in respect of that Distribution payment date. These new Units (including fractions of Units computed to six decimal places) will be credited to the applicable Participants' accounts.

Premium Distribution™ Component

Under the premium distribution™ component of the Plan, the Trust will pay to the Plan Agent, on each Distribution payment date, all Distributions in respect of all Units registered in the name of Participants enrolled in the premium distribution™ component of the Plan. Such Distributions will be applied by the Plan Agent, on behalf of such Participants, towards the purchase from treasury, on the applicable Distribution payment date, of that number of new Units equal to the aggregate amount of such Distributions divided by 95% of the Average Market Price in respect of that Distribution payment date.

In connection with the premium distribution™ component of the Plan, the Plan Agent (on behalf of Participants enrolled in the premium distribution™ component of the Plan) will pre-sell, through a qualified investment dealer designated by

the Plan Agent (the Plan Broker), in one or more transactions on the Toronto Stock Exchange, that number of Units to be purchased on the applicable Distribution payment date with the reinvested Distributions of Participants enrolled in the premium distributionTM component of the Plan. The Plan Agent will receive from the Plan Broker, on the applicable Distribution payment date and for the account of such Participants (but subject to proration as described herein), the

Premium Distribution™ in an amount equal to 102% of the reinvested Distributions that such Participants would have otherwise been entitled to receive on that Distribution payment date.

Units issued to the Plan Agent on behalf of Participants under the premium distribution™ component of the Plan will not be credited to such Participants' accounts under the Plan but will instead be delivered to the Plan Broker in exchange for the Premium Distribution™ on the applicable Distribution payment date. At the time such Units are delivered to the Plan Broker, each beneficial owner of such Units will be deemed to represent and warrant to the Trust, the Plan Agent and the Plan Broker (i) that it holds good and marketable title to such Units, free and clear of all liens, restrictions, charges, encumbrances, claims and rights of others, (ii) that such Units are not subject to any resale restrictions, and (iii) that it is a Premium Eligible Unitholder.

Participants entitled to receive the Premium Distribution™ will be mailed a cheque by the Plan Agent for the amount of their applicable Premium Distribution™ on or about the applicable Distribution payment date. Such cheques will be made payable to the registered holder of the Units in respect of which the Premium Distribution™ is made. As a result, beneficial owners of Units that are registered in the name of CDS, DTC or a Nominee and who are Premium Eligible Unitholders will receive the Premium Distribution™ through the accounts of the applicable CDS Participant, DTC Participant or Nominee, respectively.

The Trust and the Plan Agent have a commitment from the Plan Broker to pay the Premium Distribution™ to the Plan Agent on the applicable Distribution payment date. Although the Trust and the Plan Agent will, if necessary, make claims on this commitment, neither the Trust nor the Plan Agent has any liability to Participants or to beneficial owners of Units for any failure of the Plan Broker to fulfil its obligations under the premium distribution™ component of the Plan. If the Plan Broker for any reason defaults on its obligation to deliver to the Plan Agent funds sufficient to satisfy the full amount of the Premium Distribution™, then Participants who elected to receive the Premium Distribution™ will receive their regular cash Distributions from the Trust in respect of those Units in respect of which the Premium Distribution™ is not paid.

Enrollment

A DRIP Eligible Unitholder (other than CDS or DTC) may enrol in the distribution reinvestment component of the Plan, and a Premium Eligible Unitholder (other than CDS or DTC) may enrol in the premium distribution™ component of the Plan, by completing and delivering to the Plan Agent a duly completed and signed Enrollment Form in the form provided by the Trust for this purpose.

Registered Unitholders may obtain an Enrollment Form by contacting the Plan Agent toll-free at 1-800-340-4905 or by following the instructions provided on the Trust's website at www.fording.ca.

Any registered Unitholder who wishes to enrol in either the distribution reinvestment component or the premium distribution™ component of the Plan with respect to only a portion of the Units they hold should contact the Plan Agent to discuss available options, if any, for doing so. Any beneficial owner of Units who wishes to do the same should contact the broker, investment dealer, financial institution or other nominee who holds their Units to provide appropriate instructions.

Each of CDS and DTC will provide separate instructions to the Plan Agent regarding the extent of its participation in the distribution reinvestment component and (in the case of CDS only) the premium distribution™ component of the Plan on behalf of eligible beneficial owners of Units.

Edgar Filing: FORDING CANADIAN COAL TRUST - Form F-3D

The Enrollment Form or instructions from CDS or DTC, as applicable, will direct (or be deemed to direct, as applicable) the Trust to forward to the Plan Agent all Distributions in respect of Units registered in the name of the Participant that are participating in the Plan and will direct (or be deemed to direct, as applicable) the Plan Agent to reinvest such Distributions, together with Distributions in respect of Units held by the Plan Agent for the Participant's account under the Plan, in new Units in accordance with

the Plan. Where a Participant who is, or is properly participating on behalf of, a Premium Eligible Unitholder elects to participate in the premium distribution™ component of the Plan, the Enrollment Form or instructions from CDS will further direct (or be deemed to direct, as applicable) the Plan Agent to deliver all such new Units to the Plan Broker in exchange for the Premium Distribution™.

An Enrollment Form must be received by the Plan Agent no later than 5:00 p.m. (Toronto time) on the fifth (5th) business day immediately preceding a Distribution record date in order to take effect on the Distribution payment date to which such record date relates. If an Enrollment Form is received by the Plan Agent from a registered holder of Units after that time, the Enrollment Form will not take effect on such Distribution payment date and will only take effect on the next following and subsequent Distribution payment dates. Instructions from CDS or DTC must be received by the Plan Agent by such deadline as may be agreed from time to time between CDS or DTC, as applicable, and the Plan Agent.

Eligible beneficial owners of Units registered in the name of CDS, DTC or a Nominee may not directly enrol in the Plan in respect of those Units, but must instead either (i) transfer the Units into their own name and then, subject to eligibility requirements, enrol in the desired component of the Plan directly, or (ii) make appropriate arrangements with the broker, investment dealer, financial institution or other nominee who holds their Units to enrol in the Plan on their behalf, either as a Nominee that delivers a completed Enrollment Form or, if applicable, as a CDS Participant or a DTC Participant through instructions from CDS or DTC, respectively.

Please note that DTC Participants are not able to enrol through DTC in the premium distribution™ component of the Plan on behalf of beneficial owners of Units that are Premium Eligible Unitholders. DTC Participants are, however, able to enrol through DTC in the distribution reinvestment component of the Plan on behalf of beneficial owners of Units that are DRIP Eligible Unitholders.

Premium Eligible Participants who hold their Units through a DTC Participant and wish to enrol in the premium distribution™ component of the Plan should speak with the broker, investment dealer, financial institution or other nominee who holds their Units about their available options, but to do so may find that they have to transfer their Units into their own name or to a different Nominee.

Where a beneficial owner of Units that is a DRIP Eligible Unitholder or a Premium Eligible Unitholder, as applicable, wishes to enrol in the Plan through a CDS Participant or a DTC Participant in respect of Units registered through CDS or DTC, appropriate instructions must be received by CDS or DTC, as applicable, from the CDS Participant or DTC Participant not later than such deadline as may be established by CDS or DTC from time to time, in order for the instructions to take effect on the Distribution payment date to which that record date relates. Instructions received by CDS or DTC after their internal deadline will not take effect until the next following Distribution payment date. CDS Participants and DTC Participants holding Units on behalf of eligible beneficial owners of Units registered through CDS or DTC must arrange for CDS or DTC, as applicable, to enrol in the Plan on behalf of such beneficial owners in respect of each Distribution payment date.

Eligible beneficial owners of Units should contact the broker, investment dealer, financial institution or other nominee who holds their Units to provide instructions regarding their participation in the Plan and to inquire about any applicable deadlines that the nominee may impose or be subject to.

Once a Participant (other than CDS or DTC) has enrolled in either the distribution reinvestment component or the premium distribution™ component of the Plan, participation in the manner elected by the Participant continues automatically until the Plan is terminated by the Trust, until such participation in the Plan is terminated by the

Participant or the Trust, upon receipt by the Plan Agent of notice of the Participant's death, or until the Participant changes its election as between the distribution reinvestment component and the premium distributionTM component. See "Termination of Participation" and "Change of Election" below.

Proration in Certain Events

The Trust reserves the right to determine, no later than the business day following each Distribution record date, the amount of new equity, if any, that will be made available under the Plan on the Distribution payment date to which such record date relates.

If, in respect of any Distribution payment date, fulfilling the elections of all Participants under the Plan would result in the Trust exceeding the limit on new equity set by the Trust, then elections for the purchase of new Units on that Distribution payment date will be accepted (i) first, from Participants electing to reinvest Distributions under the distribution reinvestment component of the Plan, and (ii) second, from Participants electing to receive the Premium Distribution™ under the premium distribution™ component of the Plan. If the Trust is not able to accept all elections for a particular component of the Plan, then participation and purchases of Units in that component of the Plan on the applicable Distribution payment date will be prorated among all Participants in that component of the Plan according to the number of their Units participating in the particular component.

If trading of Units on the Toronto Stock Exchange, or the trading thereof by the Plan Broker, is for any reason prohibited for an entire day, or if the premium distribution™ component of the Plan is terminated or suspended for any reason, in any such case during a Pricing Period, then the new Units to be exchanged for the Premium Distribution™ pursuant to the premium distribution™ component of the Plan will be prorated among all Participants who have elected to receive the Premium Distribution™ according to the number of their Units participating in the premium distribution™ component of the Plan.

If the Trust determines not to issue any equity through the Plan on a particular Distribution payment date, or to the extent that the availability of new Units is prorated in accordance with the terms of this Plan, then Participants will receive from the Trust the regular cash Distributions which they would otherwise be entitled to receive on such date and which are not reinvested as a result of such determination or proration.

Price of New Units

The subscription price of new Units purchased on a Distribution payment date under both the distribution reinvestment component and the premium distribution™ component of the Plan will be 95% of the Average Market Price in respect of that Distribution payment date.

Costs

No commissions, service charges or brokerage fees are payable by Participants in connection with the purchase of new Units from treasury under the distribution reinvestment component or the premium distribution™ component of the Plan. All administrative costs of the Plan will be paid by the Trust.

Beneficial holders of Units who wish to participate in the Plan should consult their broker, investment dealer, financial institution or other nominee who holds their Units to confirm what fees (if any) such nominee may charge to enrol or participate in the Plan on their behalf.

Reports to Participants

An account will be maintained by the Plan Agent for each Participant with respect to purchases of new Units under the Plan for the account of such Participant. An unaudited statement regarding purchases under the distribution

reinvestment component of the Plan will be mailed on a quarterly basis to each Participant who is a registered holder of Units. These statements are a Participant's continuing record of purchases of new Units made on behalf of such Participant pursuant to the Plan and should be retained for income tax purposes. No statements will be provided to Participants in respect of the premium distributionTM component of the Plan.

Unitholders are responsible for calculating and monitoring their own adjusted cost base in Units for Canadian federal income tax purposes, and for calculating and monitoring their own adjusted tax basis in Units for U.S. federal income tax purposes, as certain averaging and other rules may apply and such calculations may depend on the cost of other Units held by a Unitholder and certain other factors.

Beneficial owners of Units who are enrolled in the Plan through a broker, investment dealer, financial institution or other nominee may or may not be provided with such reports or forms from their broker, investment dealer, financial institution or other nominee.

Certificates for Units

New Units purchased and held under the Plan by the Plan Agent will be registered in the name of the Plan Agent, or its nominee, or accounts designated by it, for the account of the Participants. Certificates for such Units will only be issued to Participants if the Plan is terminated by the Trust, participation in the Plan is terminated by a Participant or by the Trust, or a Participant withdraws its Units from its account. Certificates will only be issued in the name of the applicable Participant and will be issued within three weeks of the relevant event.

A Participant who is a registered holder of Units may, by duly completing the withdrawal portion of the voucher located on the reverse side of the quarterly statement to be received from the Plan Agent and delivering the voucher to the Plan Agent, and without terminating its participation in the Plan, have a Unit certificate issued in such Participant's name for any number of whole Units held by the Plan Agent under the Plan for the account of such Participant. No person shall be entitled to receive a Unit certificate for any fraction of a Unit. Any Units (including any fraction of a Unit) remaining in a Participant's account will continue to be held by the Plan Agent under the Plan for the account of such Participant.

Units held by the Plan Agent under the Plan for the account of a Participant may not be sold, pledged or otherwise disposed of by the Participant while so held. Participants who wish to sell, pledge or otherwise dispose of any Units held by the Plan Agent under the Plan for their account will be required to request that a certificate representing such Units be issued in their name or, if registered in the name of their broker, investment dealer, financial institution or other nominee, in the name of that nominee.

Termination of Participation

A Participant may voluntarily terminate participation in the Plan by duly completing the termination portion of the voucher located on the reverse side of the quarterly statement to be received from the Plan Agent and delivering the voucher to the Plan Agent. A certificate for the number of whole Units held by the Plan Agent under the Plan for the account of such Participant will be issued to, and in the name of, such Participant, together with a cheque for the value of any remaining fraction of a Unit held for the account of such Participant (based on the Average Market Price for the most recent Distribution payment date prior to the date on which such notice is received by the Plan Agent). Any fraction of a Unit held for the account of such Participant will be terminated in exchange for such payment.

Participation in the Plan will be terminated automatically following receipt by the Plan Agent of a written notice of the death of a Participant. A certificate for the number of whole Units held by the Plan Agent under the Plan for the account of such deceased Participant will be issued in the name of such deceased Participant or the deceased Participant's estate, as applicable, together with a cheque for the value of any remaining fraction of a Unit held for the account of such deceased Participant (based on the Average Market Price for the most recent Distribution payment date prior to the date on which such notice is received by the Plan Agent). Any fraction of a Unit held for the account

of such deceased Participant will be cancelled in exchange for such cash payment.

Certificates issued in respect of Units previously held by the Plan Agent under the Plan will be forwarded to the Participant within three weeks of the date the Plan Agent is notified that the Participant's participation in the Plan has been terminated.

A notice of termination or a notice of a Participant's death will take effect upon receipt of such notice by the Plan Agent unless such notice is received by the Plan Agent after 5:00 p.m. (Toronto time) on the fifth (5th) business day immediately preceding a Distribution record date and prior to 5:00 p.m. (Toronto time) on the Distribution payment date to which such record date relates. If a notice of termination, or notice of a Participant's death, is received by the Plan Agent during such period, then the Participant's account will not be closed, and participation in the Plan will not be terminated, until after the Distribution payment date to which such record date relates.

Beneficial owners of Units who are enrolled in the Plan through a broker, investment dealer, financial institution or other nominee and who wish to terminate their participation in the Plan must so advise their broker, investment dealer, financial institution or other nominee.

Change of Election

A Participant that is a registered Unitholder may change its election as between the distribution reinvestment component and the premium distributionTM component of the Plan by delivering to the Plan Agent a new Enrollment Form reflecting the new election. A new election will take effect upon receipt of the new Enrollment Form by the Plan Agent unless such Enrollment Form is received by the Plan Agent after 5:00 p.m. (Toronto time) on the fifth (5th) business day immediately preceding a Distribution record date and prior to 5:00 p.m. (Toronto time) on the Distribution payment date to which such record date relates. If the new Enrollment Form is received by the Plan Agent from a Participant during such period, then the new election will only take effect after the Distribution payment date to which such record date relates.

Upon a registered Participant so changing its election as between the distribution reinvestment component and the premium distributionTM component of the Plan, the Plan Agent will issue a certificate for the number of whole Units held by the Plan Agent under the Plan for the account of such Participant together with a cheque for the value of any remaining fraction of a Unit held for the account of such Participant (based on the Average Market Price for the most recent Distribution payment date prior to the date on which the new election is received by the Plan Agent). Any such fraction of a Unit held for the account of such Participant will be cancelled in exchange for such cash payment.

Beneficial owners of Units who are enrolled in the Plan through their broker, investment dealer, financial institution or other nominee and who wish to change their election as between the distribution reinvestment component and the premium distributionTM component of the Plan must so advise their broker, investment dealer, financial institution or other nominee.

Subdivisions

If Units are distributed pursuant to a subdivision of Units, the additional Units received by the Plan Agent in respect of Units held under the Plan for the account of Participants will be credited by the Plan Agent proportionately to the accounts of such Participants.

Unitholder Voting

Whole Units held under the Plan by the Plan Agent for a Participant's account on the record date for a vote of Unitholders will be voted in accordance with the instructions of the Participant given on a form to be furnished to the Participant. Units for which voting instructions are not received will not be voted. No voting rights will attach to any fraction of a Unit held for a Participant's account under the Plan.

Responsibilities of the Trust and the Plan Agent

None of the Trust, the Plan Agent or the Plan Broker will be liable to any registered or beneficial Unitholder for any act or for any omission to act in connection with the operation of the Plan including, without limitation, any claims or liability:

(a)

arising out of the failure to terminate an individual Participant's account upon such Participant's death prior to receipt of notice in writing of such death;

(b)

with respect to the prices and times at which Units are purchased under the Plan for the account of, or on behalf of, a Participant;

(c)

with respect to decisions by the Trust to raise or not issue new equity through the Plan on any given Distribution payment date, or the amount of equity issued (if any);

(d)

with respect to any decision to amend or terminate the Plan in accordance with the terms hereof;

(e)

arising out of any default by the Plan Broker in delivering the Premium DistributionTM to the Plan Agent on any Distribution payment date;

(f)

arising out of a prorating, for any reason, of the amount of equity available under the various components of the Plan in the circumstances described herein or otherwise;

(g)

arising out of any determination made by the Trust or the Plan Agent as to a Unitholder's eligibility to participate in the Plan or any component thereof, including the cancellation of a Unitholder's participation for failure to satisfy the eligibility requirements; or

(h)

for any income taxes or other liabilities payable by any registered or beneficial Unitholder in connection with their direct or indirect participation in the Plan.

Participants and beneficial owners of Units should recognize that none of the Trust, the Plan Agent or the Plan Broker can assure a profit (or payment of the Premium DistributionTM) or protect them against a loss on the Units purchased under the Plan.

The Plan Agent retains the right not to act and shall not be liable for refusing to act if, due to a lack of information or for any other reason whatsoever, the Plan Agent, in its sole judgment, determines that such act might cause it to be in non-compliance with any applicable anti-money laundering or anti-terrorist law, regulation or policy or any other law,

regulation or policy to which the Plan Agent is now or hereafter becomes subject.

Canadian Federal Income Tax Considerations

The following is a summary only of certain Canadian federal income tax considerations relevant to participation in the Plan for purposes of the Income Tax Act (Canada) (the Tax Act). The information provided is current as of the effective date of the Plan and is provided by and on behalf of the Trust and not the Plan Agent or the Plan Broker. This summary is not intended to be legal or tax advice to any particular Unitholder and Unitholders are urged to consult their tax advisors as to their particular tax position.

Residents of Canada

The fact that Distributions are reinvested or Premium DistributionsTM are received under the terms of the Plan does not relieve Unitholders of any liability for taxes that may be payable on such Distributions. To the extent that a Distribution from the Trust would be included in the income of Unitholders for the purposes of the Tax Act, such amount will be included in the income of Unitholders who elect to reinvest such amount in new Units under the Plan.

The Canada Revenue Agency (the CRA) generally takes the position that the amount, if any, by which the fair market value of any Units acquired pursuant to the distribution reinvestment component or the premium distributionTM component of the Plan on the date of purchase of such Units exceeds the purchase price therefor must be included in the income of the Unitholder. **Unitholders should note that**

neither the Trust nor the Plan Agent is required to provide, and will not be providing, any notice or report to Unitholders in respect of such income.

Where Units acquired pursuant to the distribution reinvestment component or the premium distributionTM component of the Plan are capital property to the Unitholder, the amount included in the Unitholder's income in respect of the Unitholder's election to reinvest Distributions and acquire such Units will be added in computing the cost to the Unitholder of such Units for purposes of determining the adjusted cost base of the Units and the amount of any capital gain or loss realized on the disposition of the Units. The cost of such Units held as capital property by the Unitholder must be averaged with the cost of all other Units held by the Unitholder as capital property for the purpose of determining the adjusted cost base of all Units held by the Unitholder as capital property pursuant to the averaging provisions of the Tax Act.

Units acquired and sold under the premium distributionTM component of the Plan, in certain circumstances, may be considered to be inventory and not capital property. Certain Unitholders may make an election under subsection 39(4) of the Tax Act to have every "Canadian security" (as that term is defined in the Tax Act), which includes Units, owned by the Unitholder deemed to be a capital property.

Where Units acquired under the premium distributionTM component of the Plan are inventory to the Unitholder, the amount included in the Unitholder's income in respect of the Unitholder's election to reinvest Distributions and acquire such Units will be added in computing the cost of such Units. Where such Units are disposed of, the Unitholder generally will be required to include in ordinary income the net profit or net gain from the disposition, which will generally equal 2% of the Distribution received by the Plan Agent on behalf of the Unitholder.

If a Unitholder disposes of Units acquired under the Plan that are capital property (including a disposition of Units acquired pursuant to the premium distributionTM component by a Unitholder who has made an election pursuant to subsection 39(4) of the Tax Act), the Unitholder will recognize a capital gain (or a capital loss) to the extent that the proceeds of disposition exceed (or are less than) the adjusted cost base of the Units held by the Unitholder immediately before the disposition. As discussed above, the cost of Units acquired pursuant to the premium distributionTM component that are capital property will be averaged with the cost of all other Units held as capital property by such Unitholder in order to determine the adjusted cost base. One-half of the capital gain (the taxable capital gain) must be included in income of the Unitholder for the year in which the disposition occurs and one-half of a capital loss (the allowable capital loss) generally may be deducted by the Unitholder against taxable capital gains for the year of disposition, in any of the three preceding years, or in any subsequent year, subject to the detailed provisions of the Tax Act.

Non-Residents of Canada

Where a Unitholder is not a resident of Canada, the amount of the cash distribution payable to the Unitholder that is reinvested in additional Units will be subject to applicable Canadian withholding tax as if the cash distribution had not been reinvested. Accordingly, where such tax is applicable, amounts to be reinvested in additional Units will be reduced by the amount of the tax withheld.

United States Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax considerations relevant to participation in the distribution reinvestment component of the Plan by a U.S. Holder, as defined below; and is provided by and on behalf of the Trust and not the Plan Agent or the Plan Broker. This summary does not address the U.S. federal income tax

considerations relevant to participation in the premium distributionTM component of the Plan by U.S. Holders and any such holders are urged to consult with their independent tax advisors with respect to the possible U.S. federal income tax consequences to them of participating in the premium distributionTM component of the Plan.

This summary is for general information purposes only and does not take into account the individual facts and circumstances of any particular U.S. Holder that may affect the U.S. federal income tax consequences to such U.S. Holder of participation in the distribution reinvestment component of the Plan. Accordingly, this summary is not intended to be, and should not be construed as, legal or U.S. federal income tax advice with respect to any U.S. Holder. U.S. Holders should consult their own tax advisors regarding the U.S. federal income, U.S. state and local, and non-U.S. tax consequences of such holder's participation in the distribution reinvestment component of the Plan.

This discussion is based on the U.S. Internal Revenue Code of 1986, as amended (the Code), final and temporary Treasury Regulations promulgated thereunder, administrative pronouncements or practices, and judicial decisions, all as of the date hereof. Future legislative, judicial, or administrative modifications, revocations, or interpretations, which may or may not be retroactive, may result in U.S. federal income tax consequences significantly different from those discussed herein. This summary is not binding on the Internal Revenue Service (the IRS) or the U.S. courts, and no assurance can be given that the conclusions reached in this summary will not be challenged by the IRS or will be sustained by a U.S. court if so challenged.

This summary does not address the U.S. federal income tax consequences to certain categories of U.S. Holders subject to special rules, including U.S. Holders that are (a) banks, financial institutions, or insurance companies, (b) regulated investment companies or real estate investment trusts, (c) brokers or dealers in securities or currencies or traders in securities or currencies that elect to apply a mark-to-market accounting method, (d) tax-exempt organizations, qualified retirement plans, individual retirement accounts, or other tax-deferred accounts, (e) holders that own Units as part of a straddle, hedge, constructive sale, conversion transaction, or other integrated investment, (f) holders that acquired Units in connection with the exercise of employee options or otherwise as compensation for services, (g) holders that have a functional currency other than the U.S. dollar, (h) holders that are liable for the alternative minimum tax under the Code, (i) holders that do not hold Units as capital assets within the meaning of Section 1221 of the Code, (j) holders that own or have owned directly, indirectly, or constructively 5 percent or more, by voting power or value, of the outstanding equity interests of the Trust, or (k) U.S. expatriates. In addition, this summary does not address any U.S. federal income tax consequences that may be applicable to a U.S. Holder that incurs fees with respect to their broker, investment dealer, financial institution or other nominee in connection with participation in the Plan.

This summary assumes that, for U.S. federal income tax purposes, (a) the Trust is classified as a foreign corporation, (b) the Trust is not a controlled foreign corporation, and (c) the Trust is not, and will not become, a passive foreign investment company. If any of these assumptions are inaccurate, the U.S. federal income tax consequences of a U.S. Holder's participation in the distribution reinvestment component of the Plan may be materially different from those described herein. Each U.S. Holder should consult its own tax advisor regarding the potential consequences to such holder if any of these assumptions were determined to be inaccurate.

U.S. Treasury Circular 230 Notice: To ensure compliance with requirements imposed by the IRS, U.S. Holders are hereby notified that: (a) any discussion of U.S. federal tax issues in this document is not intended or written to be relied upon, and cannot be relied upon by U.S. Holders, for the purpose of avoiding penalties that may be imposed under the U.S. Internal Revenue Code; (b) such discussion is written in connection with the promotion or marketing of the transactions or matters addressed herein; and (c) U.S. Holders should seek advice based on their particular circumstances from an independent tax advisor.

For purposes of this summary, a U.S. Holder is a beneficial owner of Units that is, for U.S. federal income tax purposes (a) a citizen or an individual resident of the United States, (b) a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) organized under the laws of the United States or any political

subdivision thereof, including the States and the District of Columbia, (c) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (d) a trust which (i) is subject to the primary jurisdiction of a court within the U.S. and for which one or more U.S.

persons have authority to control all substantial decisions, or (ii) has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) beneficially owns Units, the U.S. federal income tax treatment of a partner in such partnership generally will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that beneficially owns Units should consult their own tax advisors as to the U.S. federal income, U.S. state and local, and non-U.S. tax consequences of participation in the distribution reinvestment component of the Plan.

Receipt of Additional Units pursuant to the Distribution Reinvestment Component of the Plan

A U.S. Holder that reinvests distributions with respect to Units in additional Units pursuant to the distribution reinvestment component of the Plan will be treated, for U.S. federal income tax purposes, as having received a distribution in an amount equal to the fair market value, determined as of the distribution payment date, of the Units acquired pursuant to such Plan, plus the amount of any Canadian income tax withheld from the distribution. The fair market value of the Units on the distribution payment date may be higher or lower than the Average Market Price used to determine the number of Units acquired pursuant to the distribution reinvestment component of the Plan. The distribution will be includable in a U.S. Holder's income as a taxable dividend to the extent of the Trust's current and accumulated earnings and profits as determined for U.S. federal income tax purposes. Any such dividend paid to a U.S. Holder that is taxable as an individual in tax years beginning before January 1, 2011 generally may qualify for the reduced U.S. federal income tax rates applicable to qualified dividend income provided that certain requirements, including certain holding period requirements, are satisfied. A distribution in excess of the current and accumulated earnings and profits of the Trust will be treated first as a tax-free return of capital to the extent of a U.S. Holder's adjusted tax basis in such Unit and, thereafter, as gain from the sale or exchange of such Unit. The amount of any distribution treated as a dividend for U.S. federal income tax purposes will not be eligible for the dividends received deduction generally available to U.S. corporate Unitholders. Subject to a number of complicated requirements and limitations under the Code, any Canadian tax withheld with respect to distributions on Units may be claimed as a foreign tax credit against the U.S. Holder's income tax liability or may be claimed as a deduction by such U.S. Holder. The rules governing the foreign tax credit are complex and U.S. Holders are urged to consult their tax advisors regarding the availability of the foreign tax credit under their particular circumstances.

The tax basis of a Unit acquired by a U.S. Holder pursuant to the distribution reinvestment component of the Plan will be equal to the fair market value of such Unit on the dividend payment date and the holding period for such Unit will begin on the day following the dividend payment date.

Disposition of Units

A U.S. Holder generally will recognize a taxable gain or loss when they sell or exchange Units in a transaction that is treated as a sale or exchange for U.S. federal income tax purposes and, with respect to a fractional Unit, when such holder receives a cash payment for a fractional Unit credited to its account upon termination of participation in the Plan. The amount of such gain or loss will be the difference between the amount a U.S. Holder receives for his or her Units or fractional Unit and the adjusted tax basis of such Unit or fractional Unit. Such gain or loss will generally be a capital gain or loss and will be long-term capital gain or loss if the holding period for such Unit (or fractional Unit) exceeds one year. Such gain or loss will generally be gain or loss from sources within the United States for foreign tax credit limitation purposes. The deductibility of capital losses is subject to limitations. A U.S. Holder will not realize any taxable income upon receipt of certificates for whole Units that were credited to such holder's account pursuant to the Plan. U.S. Holders should consult their independent tax advisors regarding the consequences to them

of receiving Canadian dollars in connection with a disposition of Units. U.S. Holders should note that the U.S. federal income tax consequences of certain redemption transactions may differ materially from the consequences summarized above. U.S. Holders should consult with their independent tax advisors regarding the U.S. federal income tax consequences of redeeming their Units.

Information Reporting and Backup Withholding

Distributions on Units are subject to information reporting and may be subject to backup withholding. Backup withholding will not apply, however, to a U.S. Holder who furnishes a correct taxpayer identification number, certifies (under penalties of perjury) that such holder is not subject to backup withholding on an IRS Form W-9 and otherwise complies with applicable requirements of the backup withholding rules. Backup withholding does not apply with respect to payments made to certain exempt recipients, such as corporations. Information reporting and backup withholding may also apply to the cash proceeds of a sale or other taxable disposition of Units. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against the U.S. Holder's federal income tax liability, provided the required information is furnished to the IRS.

Amendment or Termination of the Plan

The Trust reserves the right to amend or terminate the Plan at any time, but such action shall have no retroactive effect that would prejudice the interests of Unitholders. In the event that the Trust amends the Plan, no written notice of any such amendment will be sent to Participants unless the interests of Participants are, in the opinion of the Trust, materially prejudiced as a result of such amendment. Generally, no notice will be given to Participants regarding any amendments to the Plan intended to cure, correct or rectify any ambiguities, defective or inconsistent provisions, errors, mistakes or omissions. Where required, amendments to the Plan will be subject to the prior approval of the Toronto Stock Exchange.

In the event that the Trust terminates the Plan, all Participants will be sent written notice of such termination and the Plan Agent will send to each Participant a certificate for whole Units held for the Participant's accounts under the Plan and a cheque for the value of any remaining fraction of a Unit in such Participant's account (based on the Average Market Price for the most recent Distribution payment date prior to the date on which the Plan is terminated). Any fraction of a Unit held for the account of such Participant will be cancelled in exchange for such cash payment. In the event that the Trust terminates the Plan, no investment will be made by the Plan Agent on the Distribution payment date immediately following the effective date of such termination, and any Distributions paid after the effective date of such termination that would, but for the termination, be reinvested under the Plan, will be remitted to Participants in the ordinary manner.

Interpretation

Any issues of interpretation arising in connection with the Plan or its application shall be conclusively determined by the Trust.

The Plan shall be governed by, and administered and construed in accordance with, the laws of the Province of Alberta and the federal laws of Canada applicable therein.

DESCRIPTION OF UNITS

Each unit represents an equal, fractional, undivided beneficial interest in any distributions from the Trust and in any net assets of the Trust in the event of termination or winding-up of the Trust. All units are of the same class with equal rights and privileges. Each unit is transferable, entitles the holder thereof to participate equally in distributions, including the distributions of net income and net realized capital gains of the Trust and distributions on liquidation, is fully paid and entitles the holder thereof to one vote at each meeting of unitholders. Units are currently represented by certificates but our Trustees have authority to implement a book-based system if such a transition is feasible.

The units do not represent a traditional investment and should not be viewed by investors as shares in the Trust or any of its subsidiaries or investments. As holders of units in the Trust, the unitholders will not have the statutory rights

normally associated with ownership of shares of a corporation including, for example, the right to bring oppression or derivative actions.

The units are not deposits within the meaning of the *Canada Deposit Insurance Corporation Act* and are not insured under the provisions of that act or any other legislation. The Trust is not a trust company and is not registered under applicable legislation governing trust companies as it does not carry on, or intend to carry on, the business of a trust company.

The units are listed and posted for trading on the TSX under the symbol FDG.UN and on the NYSE under the symbol FDG . The following table sets forth the price range and trading volume of the units (adjusted to give effect to the consolidation of the units on a three-to-one basis on September 13, 2005) as reported by the Toronto Stock Exchange and the New York Stock Exchange for the periods indicated:

- the intended benefits of the reverse stock split, including that it is in the best interests of the Company's stockholders, should increase the per share trading price of Revlon's Class A common stock, should make such stock more attractive to a broader range of institutional and other investors, would reduce certain of our costs, such as NYSE listing fees, and would be intended to satisfy our compliance with the NYSE's price criteria for continued listing; and
- the market's near and long term reaction to the reverse stock split.

Statements that are not historical facts, including statements about the Company's beliefs and expectations, are forward-looking statements. Forward-looking statements can be identified by, among other things, the use of forward-looking language such as "estimates," "objectives," "visions," "projects," "forecasts," "focus," "drive towards," "targets," "strategies," "opportunities," "drivers," "believes," "intends," "outlooks," "initiatives," "expects," "scheduled," "seeks," "may," "will," or "should" or the negative of those terms, or other variations of those terms or comparable language or by discussions of strategies, targets, models or intentions. Forward-looking statements speak only as of the date they are made, and except for the Company's ongoing obligations under the U.S. federal securities laws, the Company undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Investors are advised, however, to consult any additional disclosures the Company made or may make in its Annual Report on Form 10-K for the fiscal year ended December 31, 2007, which the Company filed with the SEC on March 5, 2008, its Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, in each case filed with the SEC in 2008 and 2007 (which, among other places, can be found on the SEC's website at <http://www.sec.gov>, as well as on the Company's website at www.revloninc.com). - difficulties, delays, unanticipated costs or our inability to consummate the reverse stock split on the expected terms and conditions or timeline;

- difficulties, delays or the inability to increase the per share trading price of our Class A common stock as a result of the reverse stock

split, including future decreases in the price of Revlon Class A common stock due to, among other things, the announcement of the reverse stock split or our inability to make such stock more attractive to a broader range of institutional or other investors, such as due to investors viewing the reverse stock split negatively or due to future financial results, market conditions, the market perception of our business or other factors adversely affecting the market price of our Class A common stock, notwithstanding the reverse stock split or otherwise, or less than anticipated cost reductions, or our stock price being insufficient to regain compliance with the NYSE's price criteria for continued listing; or

•
unanticipated negative reactions to the reverse stock split or unanticipated circumstances or results that could negatively affect interest in our Class A common stock by the investment community.
