Explanatory Note

On January 16, 2009, Bank of Marin Bancorp (the “Registrant”) filed a Form S-3 (File No. 333-156782) (the “S-3”), registering with the Securities and Exchange Commission (“SEC”), a total of 28,000 shares of its Fixed Rate Cumulative Perpetual Preferred Stock, Series B, no par value (hereinafter referred to as the “Series B Preferred Shares” or the “Series B Preferred Stock”), a warrant to purchase 154,242 shares of common stock, (the “Warrant”) and any shares of common stock issuable from time to time upon exercise of the warrant (the “Warrant Shares”), all in connection with the Registrant’s participation in the Capital Purchase Program (“CPP”), authorized under the Troubled Asset Relief Program (“TARP”), as is documented by the Letter Agreement entered into by and between the Registrant and the United States Treasury (the “Treasury”), dated December 5, 2008 (collectively, the “TARP Transaction”).

On March 31, 2009, the Registrant executed a letter agreement with Treasury (the “Letter Agreement”) and terminated its participation in the CPP by returning the funds received from Treasury in exchange for cancelled share certificates representing the Series B Preferred Shares originally purchased by Treasury in the TARP Transaction (the “Repurchase Transaction”). Specifically, the Registrant returned to the Treasury a total of \$28,178,888.89, which includes the original investment amount of \$28,000,000 plus accrued but unpaid dividends of \$178,888.89, and received in return, and cancelled, the share certificate for the Series B Preferred Shares. In addition, the Registrant opted not to repurchase the Warrant or the Warrant Shares from Treasury.

As a result of the Repurchase Transaction, all Series B Preferred Shares were cancelled and the Registrant does not intend to issue, transfer nor sell the Series B Preferred Shares. As such, there is no need for the Series B Preferred Shares to remain as registered securities. The Registrant desires to withdraw the Series B Preferred Shares from the S-3. In addition, the Registrant desires to amend the prospectus portion of the S-3 in such a manner as is consistent with terms of the Repurchase Transaction and as necessary to evidence the Registrant’s withdrawal of the Series B Preferred Shares from the S-3.

As a result of the Repurchase Transaction and the Registrant’s decision to not repurchase the Warrant, pursuant to the terms of the Letter Agreement, the terms of the Warrant were slightly modified. The Registrant desires to amend the S-3 in such a manner as is necessary to reflect the modifications made to the terms of the Warrant. In addition, the Registrant desires to attach the Warrant, as modified, as an exhibit to this amendment.

Accordingly, the Registrant hereby amends the S-3 by withdrawing the Series B Preferred Shares from the S-3, amending the terms of the prospectus portion of the S-3 in such a manner as is consistent with terms of the Repurchase Transaction and as necessary to evidence the Registrant’s withdrawal of the Series B Preferred Shares from the S-3 and amending the terms of the Warrant.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference contain statements that are considered “forward looking statements” within the meaning of United States securities laws. In addition, Bank of Marin Bancorp and its management may make other written or oral communications from time to time that contain forward-looking statements. Forward-looking statements, including statements about industry trends, management’s future expectations and other matters that do not relate strictly to historical facts, are based on assumptions by management, and are often identified by such forward-looking terminology as “expect,” “look,” “believe,” “anticipate,” “estimate,” “seek,” “may,” “will,” “target,” and “goal” or similar statements or variations of such terms. Forward-looking statements may include, among other things, statements about Bank of Marin Bancorp’s confidence in its strategies and its expectations about financial performance, market growth, market and regulatory trends and developments, acquisitions and divestitures, new technologies, services and opportunities and earnings.

Forward-looking statements are subject to various risks and uncertainties, which change over time, are based on management’s expectations and assumptions at the time the statements are made, and are not guarantees of future results. Management’s expectations and assumptions, and the continued validity of the forward-looking statements, are subject to change due to a broad range of factors affecting the national and global economies, the equity, debt, currency and other financial markets, as well as factors specific to Bank of Marin Bancorp and its subsidiaries, including Bank of Marin.

Actual outcomes and results may differ materially from what is expressed in our forward-looking statements and from our historical financial results due to the factors discussed elsewhere in this prospectus or disclosed in our other SEC filings. Forward-looking statements should not be relied upon as representing our expectations or beliefs as of any date subsequent to the time this prospectus is filed with the SEC. Bank of Marin Bancorp undertakes no obligation to revise the forward-looking statements contained in this prospectus to reflect events after the time it is filed with the SEC. The factors discussed herein are not intended to be a complete summary of all risks and uncertainties that may affect our businesses. Though we strive to monitor and mitigate risk, we cannot anticipate all potential economic, operational and financial developments that may adversely impact our operations and our financial results.

Forward-looking statements should not be viewed as predictions, and should not be the primary basis upon which investors evaluate Bank of Marin Bancorp. Any investor in Bank of Marin Bancorp should consider all risks and uncertainties disclosed in our SEC filings described below under the heading “Where You Can Find More Information,” all of which are accessible on the SEC’s website at <http://www.sec.gov>.

RISK FACTORS

An investment in our securities involves significant risks. You should carefully consider the risks and uncertainties and the risk factors set forth in the documents and reports filed with the SEC that are incorporated by reference into this prospectus, as well as any risks described in any applicable prospectus supplement, before you make an investment decision regarding the securities. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations.

USE OF PROCEEDS

We will not receive any proceeds from any sale of the securities by the selling securityholders.

DESCRIPTION OF WARRANT TO PURCHASE COMMON STOCK

The following is a brief description of the terms of the warrant that may be resold by the selling securityholders. This summary does not purport to be complete in all respects. This description is subject to and qualified in its entirety by reference to the warrant, a copy of which has been filed with the SEC and is also available upon request from us.

Shares of Common Stock Subject to the Warrant

The warrant is initially exercisable for 154,242 shares of our common stock. The number of shares subject to the warrant are subject to the adjustments described below under the heading “—Adjustments to the Warrant.”

Exercise of the Warrant

The initial exercise price applicable to the warrant is \$27.23 per share of common stock for which the warrant may be exercised. The warrant may be exercised at any time on or before December 5, 2018 by surrender of the warrant and a completed notice of exercise attached as an annex to the warrant and the payment of the exercise price for the shares of common stock for which the warrant is being exercised. The exercise price may be paid either by the withholding by Bank of Marin Bancorp of such number of shares of common stock issuable upon exercise of the warrant equal to the value of the aggregate exercise price of the warrant determined by reference to the market price of our common stock on the trading day on which the warrant is exercised or, if agreed to by us and the warrant holder, by the payment of cash equal to the aggregate exercise price. The exercise price applicable to the warrant is subject to the further adjustments described below under the heading “—Adjustments to the Warrant.”

Upon exercise of the warrant, certificates for the shares of common stock issuable upon exercise will be issued to the warrant holder. We will not issue fractional shares upon any exercise of the warrant. Instead, the warrant holder will be entitled to a cash payment equal to the market price of our common stock on the last day preceding the exercise of the warrant (less the pro-rated exercise price of the warrant) for any fractional shares that would have otherwise been issuable upon exercise of the warrant. We will at all times reserve the aggregate number of shares of our common stock for which the warrant may be exercised. As with our common stock currently, the shares of common stock issuable upon exercise of the warrant will be listed with the NASDAQ Stock Market.

Rights as a Shareholder

The warrant holder shall have no rights or privileges of the holders of our common stock, including any voting rights, until (and then only to the extent) the warrant has been exercised.

Transferability

The initial selling securityholder may not transfer a portion of the warrant with respect to more than 77,121 shares of common stock until the earlier of the date on which Bank of Marin Bancorp has received aggregate gross proceeds from a qualified equity offering of at least \$28 million and December 31, 2009. The warrant, and all rights under the warrant, are otherwise transferable.

Adjustments to the Warrant

Adjustments in Connection with Stock Splits, Subdivisions, Reclassifications and Combinations. The number of shares for which the warrant may be exercised and the exercise price applicable to the warrant will be proportionately adjusted in the event we pay dividends or make distributions of our common stock, subdivide, combine or reclassify outstanding shares of our common stock.

Anti-dilution Adjustment. Until the earlier of December 5, 2011 and the date the initial selling securityholder no longer holds the warrant (and other than in certain permitted transactions described below), if we issue any shares of common stock (or securities convertible or exercisable into common stock) for less than 90% of the market price of the common stock on the last trading day prior to pricing such shares, then the number of shares of common stock into which the warrant is exercisable and the exercise price will be adjusted. Permitted transactions include issuances:

Table of Contents

- as consideration for or to fund the acquisition of businesses and/or related assets;
- in connection with employee benefit plans and compensation related arrangements in the ordinary course and consistent with past practice approved by our board of directors;
- in connection with public or broadly marketed offerings and sales of common stock or convertible securities for cash conducted by us or our affiliates pursuant to registration under the Securities Act, or Rule 144A thereunder on a basis consistent with capital-raising transactions by comparable financial institutions (but do not include other private transactions); and
- in connection with the exercise of preemptive rights on terms existing as of December 5, 2008.

Other Distributions. If we declare any dividends or distributions other than our historical, ordinary cash dividends, the exercise price of the warrant will be adjusted to reflect such distribution.

Certain Repurchases. If we effect a pro rata repurchase of common stock both the number of shares issuable upon exercise of the warrant and the exercise price will be adjusted.

Business Combinations. In the event of a merger, consolidation or similar transaction involving Bank of Marin Bancorp and requiring shareholder approval, the warrant holder's right to receive shares of our common stock upon exercise of the warrant shall be converted into the right to exercise the warrant for the consideration that would have been payable to the warrant holder with respect to the shares of common stock for which the warrant may be exercised, as if the warrant had been exercised prior to such merger, consolidation or similar transaction.

DESCRIPTION OF COMMON STOCK

General

The discussion below is a summary of various rights of shareholders, it is not intended to be a complete statement of all rights. The discussion is qualified in its entirety by reference to the Articles of Incorporation of the Company, the Company's Bylaws as well as the provisions of California and federal law.

Authorized Capital Stock. The Company's Articles of Incorporation authorize the issuance of up to 15,000,000 shares of Company common stock, no par value, of which 5,144,992 shares were outstanding as of November 30, 2008, and 5,000,000 shares of Company preferred stock, no par value.

Issuance of Stock. Under the Company's Articles of Incorporation, shares of common stock or preferred stock may be issued from time to time by the board of directors without the approval of the shareholders.

Liquidation Rights. In the event of liquidation, holders of common stock of the Company are entitled to rights to assets distributable to shareholders on a pro rata basis after satisfaction of liabilities and rights of holders of preferred stock, if any.

Redemption Rights. The Company is empowered by California law to buy its shares of stock from its shareholders at the mutual accord of the shareholder and the Company.

Preemptive Rights. The Company's Articles of Incorporation do not provide for preemptive rights.

Voting Rights. Each share of Company common stock is entitled to one vote per share.

Cumulative voting in the election of directors of the Company will apply by virtue of California law. Cumulative voting entitles a shareholder to vote as many votes as equals the number of shares the shareholder owns multiplied by the number of directors to be elected. A shareholder may cast all his votes for a single candidate or distribute such votes among any or all of the candidates.

Shareholder Action without a Meeting. The Company's Bylaws provide that any action that is required or permitted to be taken by shareholders at an annual or special meeting may be taken by a written consent signed by the same number of shareholders that would be required to approve a measure presented at an annual or special meeting.

Shareholder Vote on Business Combinations. In general, approval of a business combination (a merger or sale of assets) involving the Company requires the approval of a majority of the Board of Directors and a favorable vote of a majority of the outstanding shares.

Special Meetings of Shareholders. The Company's Bylaws provide that a special meeting of the shareholders may be called by, among others, holders of 10% or more of the outstanding voting shares.

Table of Contents

Dividends. The Company may pay cash dividends out of funds legally available therefor, subject to the restrictions set forth in the California General Corporation Law (the “CGCL”). The CGCL provides that a corporation may make a distribution to its shareholders if the corporation’s retained earnings equal at least the amount of the proposed distribution. CGCL also provides that, in the event that sufficient retained earnings are not available for the proposed distribution, a corporation may nevertheless make a distribution to its shareholders if it meets two conditions, which generally stated are as follows: (i) the corporation’s assets equal at least 1-1/4 times its liabilities, and (ii) the corporation’s current assets equal at least its current liabilities or, if the average of the corporation’s earnings before taxes on income and before interest expenses for the two preceding fiscal years was less than the average of the corporation’s interest expenses for such fiscal years, then the corporation’s current assets must equal at least 1-1/4 times its current liabilities.

Amendment to Charter and Bylaws. Amendments to the Company’s Articles of Incorporation generally require the approval of a majority vote of the Company’s Board of Directors and also by a majority of the outstanding shares of the Company’s voting stock. The Company’s Bylaws may be amended by a majority vote of the Board of Directors or the affirmative vote of a majority of the total votes eligible to be voted by shareholders.

Board of Directors. The Company’s Bylaws provide that the number of directors shall be not less than 9 nor more than 17 with the exact number of directors fixed by a resolution of the board or shareholders. The number of directors has been fixed at 14.

Directors of the Company will also be elected annually for a one year term.

In general, the removal of a director of the Company requires a vote of a majority of the shareholders at a meeting.

Nomination to the Board of Directors. The Company’s Bylaws require shareholders to comply with certain prior notice provisions in connection with the nomination of persons to become directors of the Company. Failure to comply with these provisions may result in the nomination being disregarded.

Dissenters’ Rights. Because the Company is a California corporation, the dissenters’ rights available to Company shareholders also will be governed by Chapter 13 of the CGCL.

Shareholder Rights Plan. We have adopted a shareholder rights plan, and issued rights to all shareholders of record as of July 23, 2007, that entitle the registered holder upon certain events to purchase from the Company one one-hundredth of a share of Series A Junior Participating Preferred stock, no par value of Company at a price of \$125 per one one-hundredth of a preferred share, subject to adjustments. The shareholder rights plan is designed to discourage takeovers that involve abusive tactics or do not provide fair value to shareholders.

Preferred Stock. The preferred stock may be issued from time to time in one or more series without action by the shareholders. The board of directors is authorized to designate and to fix the number of shares of any such series of preferred stock and to determine and alter the rights, preferences, privileges and restrictions granted to or imposed upon any wholly unissued series of preferred stock, including, but not limited to, dividend rate, voting, liquidation preference and conversion rights. The board of directors, within the limits stated in any resolution of the board of directors originally fixing the number of shares constituting any series, may increase or decrease the number of shares in such series (but not below the number of shares of any series subsequent to the issue of shares of that series).

Our preferred stock, upon issuance will have, preference over our common stock with respect to the payment of dividends and the distribution of assets in the event of our liquidation or dissolution. Our preferred stock also has such other preferences as currently, or as may be, fixed by our board of directors.

PLAN OF DISTRIBUTION

The selling securityholders and their successors, including their transferees, may sell the securities directly to purchasers or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions from the selling securityholders or the purchasers of the securities. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent may be in excess of those customary in the types of transactions involved.

The securities may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions:

- on any national securities exchange or quotation service on which the preferred stock or the common stock may be listed or quoted at the time of sale, including, as of the date of this prospectus, the NASDAQ Stock Market in the case of the common stock;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or services or in the over-the-counter market; or
- through the writing of options, whether the options are listed on an options exchange or otherwise.

In addition, any securities that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus.

In connection with the sale of the securities or otherwise, the selling securityholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the common stock issuable upon exercise of the warrant in the course of hedging the positions they assume. The selling securityholders may also sell short the common stock issuable upon exercise of the warrant and deliver common stock to close out short positions, or loan or pledge the common stock issuable upon exercise of the warrant to broker-dealers that in turn may sell these securities.

The aggregate proceeds to the selling securityholders from the sale of the securities will be the purchase price of the securities less discounts and commissions, if any.

In effecting sales, broker-dealers or agents engaged by the selling securityholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the selling securityholders in amounts to be negotiated immediately prior to the sale.

In offering the securities covered by this prospectus, the selling securityholders and any broker-dealers who execute sales for the selling securityholders may be deemed to be “underwriters” within the meaning of Section 2(a)(11) of the Securities Act in connection with such sales. Any profits realized by the selling securityholders and the compensation of any broker-dealer may be deemed to be underwriting discounts and commissions. Selling securityholders who are “underwriters” within the meaning of Section 2(a)(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory and regulatory liabilities, including liabilities imposed pursuant to Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934, or the Exchange Act.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not

be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Table of Contents

The anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of securities pursuant to this prospectus and to the activities of the selling securityholders. In addition, we will make copies of this prospectus available to the selling securityholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the NASDAQ Stock Market pursuant to Rule 153 under the Securities Act.

At the time a particular offer of securities is made, if required, a prospectus supplement will set forth the number and type of securities being offered and the terms of the offering, including the name of any underwriter, dealer or agent, the purchase price paid by any underwriter, any discount, commission and other item constituting compensation, any discount, commission or concession allowed or reallocated or paid to any dealer, and the proposed selling price to the public.

We do not intend to apply for listing of the warrant on any securities exchange or for the inclusion of the warrant in any automated quotation system.

We have agreed to indemnify the selling securityholders against certain liabilities, including certain liabilities under the Securities Act. We have also agreed, among other things, to bear substantially all expenses (other than underwriting discounts and selling commissions) in connection with the registration and sale of the securities covered by this prospectus.

SELLING SECURITYHOLDERS

On December 5, 2008, we issued the securities covered by this prospectus to the United States Department of Treasury, which is the initial selling securityholder under this prospectus, in a transaction exempt from the registration requirements of the Securities Act. The initial selling securityholder, or its successors, including transferees, may from time to time offer and sell, pursuant to this prospectus or a supplement to this prospectus, any or all of the securities they own. The securities to be offered under this prospectus for the account of the selling securityholders are:

- A warrant to purchase 154,242 shares of our common stock, representing beneficial ownership of approximately 3.00% of our common stock as of December 31, 2008; and
- 154,242 shares of our common stock issuable upon exercise of the warrant, which shares, if issued, would represent ownership of approximately 3.00% of our common stock as of December 31, 2008.

For purposes of this prospectus, we have assumed that, after completion of the offering, none of the securities covered by this prospectus will be held by the selling securityholders.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. To our knowledge, the initial selling securityholder has sole voting and investment power with respect to the securities.

We do not know when or in what amounts the selling securityholders may offer the securities for sale. The selling securityholders might not sell any or all of the securities offered by this prospectus. Because the selling securityholders may offer all or some of the securities pursuant to this offering, and because currently no sale of any of the securities is subject to any agreements, arrangements or understandings, we cannot estimate the number of the securities that will be held by the selling securityholders after completion of the offering.

Other than with respect to the acquisition of the securities, the initial selling securityholder has not had a material relationship with us.

Information about the selling securityholders may change over time and changed information will be set forth in supplements to this prospectus if and when necessary.

Item 15. Indemnification of Directors and Officers.

Bank of Marin Bancorp and its subsidiary, Bank of Marin, are subject to the California General Corporation Law (the "CGCL"), which provides a detailed statutory framework covering indemnification of any officer or other agent of a corporation who is made or threatened to be made a party to any legal proceeding by reason of his or her services on behalf of such corporation.

With respect to indemnification, the CGCL provides that to the extent any officer, director or other agent of a corporation is successful "on the merits" in defense of any legal proceeding to which such person is a party or is threatened to be made a party by reason of his or her service on behalf of such corporation or in defense of any claim, issue, or matter therein, such agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith, but does not require indemnification in any other circumstance. The CGCL also provides that a corporation may indemnify any agent of the corporation, including officers and directors, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in a third party proceeding against such person by reason of his or her services on behalf of the corporation, provided the person acted in good faith and in a manner he or she reasonably believed to be in the best interests of such corporation. The CGCL further provides that in derivative suits a corporation may indemnify such a person against expenses incurred in such a proceeding, provided such person acted in good faith and in a manner he or she reasonably believed to be in the best interests of the corporation and its shareholders. Indemnification is not available in derivative actions (i) for amounts paid or expenses incurred in connection with a matter that is settled or otherwise disposed of without court approval or (ii) with respect to matters for which the agent shall have been adjudged to be liable to the corporation unless the court shall determine that such person is entitled to indemnification.

The CGCL permits the advancing of expenses incurred in defending any proceeding against a corporate agent by reason of his or her service on behalf of the corporation upon the giving of a promise to repay any such sums in the event it is later determined that such person is not entitled to be indemnified. Finally, the CGCL provides that the

indemnification provided by the statute is not exclusive of other rights to which those seeking indemnification may be entitled, by bylaw, agreement or otherwise, to the extent additional rights are authorized in a corporation's articles of incorporation. The law further permits a corporation to procure insurance on behalf of its directors, officers and agents against any liability incurred by any such individual, even if a corporation would not otherwise have the power under applicable law to indemnify the director, officer or agent for such expenses.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the “Securities Act of 1933”);

(ii) to reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purposes of determining any liability under the Securities Act of 1933, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus

that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the indemnification provisions described herein, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
