**Item 7.01. Regulation FD Disclosure.**

On June 28, 2007, Trulite, Inc. (“Trulite”) announced a new addition to its Trulite product line: the Trulite KH4 (Kittyhawk 4). The result of over 8 months of research, design, development, and testing, the next-generation Trulite KH4 integrated hydrogen fuel cell system is powered by two proprietary 400 watt-hour fuel cartridges and by high-energy lithium ion batteries. The unit is capable of producing 150 watts of continuous power and up to 200 watts of peak power. This product will be available in the market after further refinement and testing. This product will be able to provide portable power for residential and commercial applications when grid power is not convenient or is not available.

More information about Trulite and its products can be found on Trulite’s website at <http://www.trulitetech.com>.

The information disclosed under this Item 7.01 is being furnished and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, except as expressly set forth by specific reference in such filing.

---
