## **Sierra Wireless Completes Acquisition of In Motion Technology**

VANCOUVER, British Columbia--(BUSINESS WIRE)--March 4, 2014--Sierra Wireless (NASDAQ: SWIR) (TSX: SW) today announced that it has completed the acquisition of Vancouver-based In Motion Technology (“In Motion”) for \$21 million US dollars in cash consideration, subject to certain post-closing adjustments.

In Motion is a leader in mobile enterprise solutions, providing rugged in-vehicle mobile routers tightly integrated with an advanced mobile-optimized security system and a powerful management and application platform. The complete solution enables organizations to connect and manage mobile operations, vehicles, and workforces more efficiently, reliably and securely.

Sierra Wireless and In Motion will together provide the broadest choice of device-to-cloud solutions for enterprise customers, from simple gateways to full featured mobile routers, as well as a comprehensive suite of cloud services and applications. The combined company will hold a strong leadership position and unique capabilities in important growth segments, including public safety, transit, and commercial fleet.

During 2013, In Motion generated \$15 million US dollars in revenue and gross margin was 50 percent of revenue.

### **About Sierra Wireless**

Sierra Wireless (NASDAQ: SWIR) (TSX: SW) is the global leader in machine-to-machine (M2M) devices and cloud services, delivering intelligent wireless solutions that simplify the connected world. We offer the industry’s most comprehensive portfolio of 2G, 3G and 4G embedded modules and gateways, seamlessly integrated with our secure M2M cloud services. Customers worldwide, including OEMs, enterprises, and mobile network operators, trust our innovative solutions to get their connected products and services to market faster. Sierra Wireless has more than 850 employees globally and has R&D centers in North America, Europe and Asia. For more information, visit [www.sierrawireless.com](http://www.sierrawireless.com).

## **Forward Looking Statements**

This press release contains forward-looking statements that involve risks and uncertainties. These forward-looking statements relate to, among other things, plans and timing for the introduction or enhancement of our services and products, statements about future market conditions, supply conditions, channel and end customer demand conditions, revenues, gross margins, operating expenses, profits, and other expectations, intentions, and plans contained in this press release that are not historical fact. Our expectations regarding future revenues and earnings depend in part upon our ability to successfully develop, manufacture, and supply products that we do not produce today and that meet defined specifications. When used in this press release, the words "plan", "expect", "believe", and similar expressions generally identify forward-looking statements. These statements reflect our current expectations. They are subject to a number of risks and uncertainties, including, but not limited to, changes in technology and changes in the wireless data communications market. In light of the many risks and uncertainties surrounding the wireless data communications market, you should understand that we cannot assure you that the forward-looking statements contained in this press release will be realized.
