Voting Your Proxy

If a broker, bank or other nominee holds your shares, you will receive instructions from them that you must follow in order to have your shares voted.

Internet and telephone voting may be available in the instructions from your broker, bank or other nominee. If a bank, broker or other nominee holds your shares and you wish to attend the meeting and vote in person, you must obtain a legal proxy from the record holder of the shares giving you the right to vote the shares.

If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your common stock by using the toll free telephone number, the Internet voting site listed on the proxy card, or by signing, dating and mailing the proxy card in the postage paid envelope that we have provided. Of course, you may also choose to attend the meeting and vote your shares in person. Specific instructions for using the telephone and Internet voting systems are on the proxy card. The telephone and Internet voting systems will be available until 12:00 p.m. (Central Time) on May 11, 2004. Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors.

Matters to be Presented

We are not aware of any matters to be presented other than those described in this Proxy Statement. If any matters not described in the Proxy Statement are properly presented at the meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the meeting is adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy instructions, as described below under Changing Your Vote.

Changing Your Vote

To revoke your proxy instructions if you are a holder of record, you must (i) advise our Corporate Secretary in writing before the proxy holders vote your shares, (ii) deliver later proxy instructions, or (iii) attend the meeting and vote your shares in person. If your shares are held by a bank, broker or other nominee, you must follow the instructions provided by the bank, broker or nominee.

Cost of This Proxy Solicitation

We will pay the cost of this proxy solicitation. We may, on request, reimburse brokerage firms and other nominees for their expenses in forwarding proxy materials to beneficial owners. In addition to soliciting proxies by mail, we expect that our directors, officers and employees may solicit proxies in person or by telephone or facsimile. None of these individuals will receive any additional or special compensation for doing this, although we will reimburse these individuals for their reasonable out-of-pocket expenses.

How Votes are Counted

The Annual Meeting will be held if a majority of the outstanding Common Stock, including Series C and Series D Preferred Stock on an as converted basis, entitled to vote is represented in person or by proxy at the meeting. If you have returned valid proxy instructions or attend the meeting in person,

Table of Contents

your Common Stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the meeting.

Abstentions and Broker Non-Votes

Shares that are voted WITHHELD or ABSTAIN are treated as being present for purposes of determining the presence of a quorum and as entitled to vote on a particular subject matter at the Annual Meeting. If you hold your common stock through a bank, broker or other nominee, the broker may be prevented from voting shares held in your account on some proposals (a broker non-vote) unless you have given voting instructions to the bank, broker or nominee. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but not for purposes of determining whether a proposal has passed.

Our Voting Recommendations

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. However, if no specific instructions are given, the shares will be voted in accordance with the following recommendations of our Board of Directors:

- FOR the election of the Director nominees to the Board of Directors;
- FOR amendment of the Company s Certificate of Incorporation; and
- FOR ratification of Deloitte & Touche, LLP as our independent auditors for fiscal year 2004

Deadline for Receipt of Stockholder Proposals

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the Securities and Exchange Commission (SEC) and our bylaws. Stockholder proposals that are intended to be included in our Proxy Statement and form of Proxy relating to the meeting for our 2005 Annual Meeting of Stockholders under rules set forth in the Securities Exchange Act of 1934, as amended (the Securities Exchange Act) must be received by us no later than December 18, 2004 to be considered for inclusion.

If a stockholder intends to submit a proposal or nomination for director for our 2005 Annual Meeting of Stockholders that is not to be included in Epicor s Proxy Statement and form of Proxy relating to the meeting, the stockholder must give us notice in accordance with the requirements set forth in Epicor s bylaws between January 21, 2005 and February 20, 2005. Epicor s bylaws require that certain information and acknowledgments with respect to the proposal and the stockholder making the proposal be set forth in the notice. A copy of the relevant bylaw provision is available upon written request to Epicor Software Corporation, 195 Technology Drive, Irvine, California 92618, Attention: Corporate Secretary. Committees of the Board of Directors

The Board of Directors has Audit, Nominating and Corporate Governance, and Compensation Committees. Each of these committees has adopted a written charter. All members of the committees are appointed by the Board of Directors, and are non-employee directors. The following describes each committee, its current membership, the number of meetings held during fiscal year 2003 and its function.

Audit Committee

The Audit Committee consists of Messrs. Dixon, Kelly, Smith, and Copperman, each of whom is independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards, as currently in effect and as they may be changed from time to time. The Board of Directors has determined that Mr. Kelly is an audit committee financial expert as defined in SEC rules. The Audit Committee held 4 meetings during fiscal year 2003. Mr. Kelly serves as Chairman of the Audit Committee.

The Audit Committee oversees the accounting, financial reporting and audit processes; makes recommendations to the Board of Directors regarding the selection of independent auditors; reviews the results and scope of audit and other services provided by the independent auditors; reviews the accounting principles and auditing practices and procedures to be used in preparing our financial statements; and reviews our internal controls.

2003. It has held 1 meeting since our fiscal 2003 year ended. The Board of Directors recently adopted the Nominating and Corporate Governance Committee charter, which is included herein as Appendix A. Prior to such adoption, the functions of the Nominating and Corporate Governance Committee was performed by the Board of Directors and the Compensation Committee.

The Nominating and Corporate Governance Committee considers and periodically reports on matters relating to the identification, selection and qualification of the Board of Directors and candidates nominated to the Board of Directors and its committees; develops and recommends governance principles applicable to us; oversees the evaluation of the Board of Directors and management; and oversees and sets compensation for the Board of Directors.

The Nominating and Corporate Governance Committee considers properly submitted stockholder recommendations for candidates for membership on the Board of Directors as described below under Identification and Evaluation of Nominees for Directors. In evaluating such recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the membership criteria set forth under Director Qualifications. Any stockholder recommendations proposed for consideration by the Nominating and Corporate Governance Committee should include the candidate's name and qualifications for membership on the Board of Directors and should be addressed to our Corporate Secretary. In addition, procedures for stockholder direct nomination of directors are discussed above under the section Deadline for Receipt of Stockholder Proposals and are discussed in detail in our bylaws, which will be provided to you upon written request.

Director Qualifications

The Nominating and Corporate Governance Committee uses a variety of criteria to evaluate the qualifications and skills necessary for members of our Board of Directors. Under these criteria, members of the Board of Directors should have the highest professional and personal ethics and values, consistent with longstanding Epicor values and standards. They should have broad experience at the policy-making level in business, government, education, technology or public interest. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of all stockholders.

Identification and Evaluation of Nominees for Directors

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors, and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current members of the Board of

Table of Contents

Directors, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee considers properly submitted stockholder recommendations for candidates for the Board of Directors. In evaluating such recommendations, the Nominating and Governance Committee uses the qualifications standards discussed above and seeks to achieve a balance of knowledge, experience and capability on the Board of Directors.

There is one nominee for election to the Board this year who has not previously stood for election to the Board by the shareholders, Robert H. Smith. Mr. Smith joined the Board in May 2003 following Charles Boesenberg's resignation from the Board and following the 2003 Annual shareholder's meeting. He first came to the attention of the Board through its Chairman and CEO George Klaus, who had previously served with Mr. Smith on another board of directors. At that time, the Board considered Mr. Smith and his qualifications and voted him to the Board in May 2003. Since that time, Mr. Smith has served actively on the Board and the Compensation Committees and was recently elected to the Board's Audit Committee and elected to chair the Board's Nominating and Corporate Governance Committee. Mr. Smith's background and qualifications are identified in the section entitled "Robert H. Smith" on page 5, herein.

Compensation Committee The Compensation Committee consists of Messrs. Dixon, Kelly, and Smith. The Compensation Committee held 4 meetings during fiscal year 2003 and also acted by unanimous written consent. Mr. Dixon serves as Chair of the Compensation Committee.

The Compensation Committee oversees and makes recommendation to the Board of Directors regarding our compensation and benefits policies; and oversees, evaluates and approves compensation plans, policies and programs for our executive officers.

The Compensation Committee Report is included herein on page 25.

Compensation Committee Interlocks and Insider Participation During fiscal year 2003, no member of the Compensation Committee was an officer or employee of Epicor. PROPOSAL TWO: AMENDMENT OF THE COMPANY S CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES OF COMMON STOCK

General The Company s Certificate of Incorporation currently authorizes the issuance of 60,000,000 shares of Common Stock and 5,000,000 shares of Preferred Stock. On January 27, 2004, the Board of Directors adopted a resolution approving an amendment to the Certificate of Incorporation to increase the authorized number of shares of Common Stock to 180,000,000 shares, subject to stockholder approval of the amendment. No change is being proposed to the authorized number of shares of Preferred Stock.

Current Use of Shares As of March 15, 2004, the Company had approximately 44,162,441 shares of Common Stock outstanding and approximately 6.9 million shares of Common Stock reserved for future issuance under the Company s incentive stock plans, of which approximately 5.6 million shares are covered by outstanding options and approximately 1.3 million shares are available for future grant or purchase. The Company has also reserved 1.2 million shares for its 2002 Employee Stock Purchase Plan, of which approximately 890,000 are available for future purchase. The Company has also reserved 617,350 shares and 3 million shares of Common Stock for future issuance upon the conversion of 61,735 and 300,000 shares, respectively, of issued and outstanding Series C Preferred Stock and Series D Preferred Stock. In addition, the Company has entered into an agreement with Scala Business Solutions N.V. pursuant to which the Company will make an exchange offer for all of the outstanding shares of Scala Business Solutions. If the transaction is completed, the Company will issue approximately 4.1 million shares of its Common Stock to stockholders of Scala Business Solutions. Based upon the foregoing number of outstanding and reserved shares of Common Stock, the Company has approximately 400,000 shares remaining available for other purposes.

Proposed Amendment to Certificate of Incorporation The Board of Directors has adopted resolutions setting forth the proposed amendment to the first paragraph of Article 4 of the Company s Certificate of Incorporation (the Amendment), the advisability of the Amendment, and a call for submission of the Amendment for approval by the Company s stockholders at the Annual Meeting. The following is the text of Article 4 of the Certificate of Incorporation of the Company, as proposed to be amended:

The Corporation is authorized to issue two classes of shares designated, respectively, Common Stock and Preferred Stock. The number of shares of Common Stock is 180,000,000, \$0.001 par value per share, and the number of shares of Preferred Stock is 5,000,000 shares, \$0.001 par value per share.

Purpose and Effect of the Proposed Amendment The Board of Directors also believes that the availability of additional authorized but unissued shares will provide it with the flexibility to issue Common Stock for other proper corporate purposes that may be identified in the future, such as to raise equity capital, to make acquisitions through the use of stock, to establish strategic relationships with other companies, or subject to compliance with applicable listing standards relating to stockholder approval, to adopt additional employee benefit plans or reserve additional shares for issuance under such plans. The Board of Directors has no immediate plans, understandings, agreements or commitments to issue additional Common Stock for any such purposes.

Table of Contents

The increase in authorized number of shares of Common Stock will not have any immediate effect on the rights of existing stockholders. However, the Board of Directors will have the authority to issue the authorized Common Stock without requiring future stockholder approval of such issuances, except as may be required by the Certificate of Incorporation and applicable law and regulations.

Under the Company's Certificate of Incorporation, the Company's stockholders do not have preemptive rights with respect to Common Stock. Thus, should the Board of Directors elect to issue additional shares of Common Stock, existing stockholders would not have any preferential rights to purchase such shares. In addition, if the Board of Directors elects to issue additional shares of Common Stock, such issuance could have a dilutive effect on earnings per share, voting power, and shareholdings of current stockholders.

The proposed amendment to increase the authorized number of shares of Common Stock could, under certain circumstances, have an anti-takeover effect, although this is not the intention of this proposal. For example, in the event of a hostile attempt to take over control of the Company, it may be possible for the Company to endeavor to impede the attempt by issuing shares of Common Stock, thereby diluting the voting power of the other outstanding shares and increasing the potential cost to acquire control of the Company. The Amendment therefore may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation of any such unsolicited takeover attempt, the proposed Amendment may limit the opportunity for the Company's stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal. The proposed amendment may have the effect of permitting the Company's current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of the Company's business. However, the Board of Directors is not aware of any attempt to take control of the Company and the Board of Directors has not presented this proposal with the intent that it be utilized as a type of anti-takeover device.

Vote Required

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock, the Series C and Series D Preferred Stock on an as-converted basis, voting together as a single class, present and entitled to vote at the Annual Meeting, assuming a quorum is present, is necessary for approval of the Amendment.

Recommended Vote

The Board of Directors recommends that the stockholders vote FOR the proposal to amend the Company's Certificate of Incorporation to increase the authorized number of shares of Common Stock from 60,000,000 shares to 180,000,000 shares.

Table of Contents**PROPOSAL THREE: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Audit Committee of the Board of Directors has selected Deloitte & Touche LLP to audit our financial statements for the fiscal year ending December 31, 2004.

Before making its recommendation to the Board of Directors, the Audit Committee carefully considered that firm's qualifications as independent auditors. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, and any issues raised by the most recent quality control review of the firm; as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the SEC's Rules on Auditor Independence, including the nature and extent of non-audit services, to ensure that they will not impair the independence of the accountants. The Audit Committee expressed its satisfaction with Deloitte & Touche LLP in all of these respects.

Although ratification by stockholders is not required by law, the Board of Directors has determined that it is desirable to request approval of this selection by the stockholders. Notwithstanding its selection, the Board of Directors, in its discretion, may appoint new independent auditors at any time during the year if the Board of Directors believes that such a change would be in the best interest of Epicor and its stockholders. If the stockholders do not ratify the appointment of Deloitte & Touche LLP, the Board of Directors may reconsider its selection. The Board of Directors expects that representatives of Deloitte & Touche LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they so desire.

Fees Billed By Deloitte & Touche LLP During Fiscal Years 2003 and 2002 The following table sets forth the approximate aggregate fees billed to Epicor during fiscal years 2003 and 2002 by Deloitte & Touche LLP:

	<u>2003</u>	<u>2002</u>
Audit Fees (1)	\$426,245	\$359,485
Audit-Related Fees (2)	132,600	
Tax Fees (3)	158,079	175,860
All Other Fees (4)	479,332	35,931
	<u> </u>	<u> </u>
Total Fees	\$1,196,256	\$571,276
	<u> </u>	<u> </u>

(1) **Audit Fees:** This category includes fees for the audit of our annual financial statements, review of the financial statements included in our quarterly reports on Form 10-Q and services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements, statutory audits required by non-U.S. jurisdictions and the preparation of an annual management letter on internal control matters.

(2) **Audit-Related Fees:** This category consists of assurance and related services by Deloitte & Touche LLP that are reasonably related to the

Table of Contents

performance of the audit or review of our financial statements and are not reported above under Audit Fees. The services for the fees disclosed under this category include auditing work related to the acquisition of ROI Systems, Inc, by Epicor in 2003.

- (3) **Tax Fees:** This category consists of fees for professional services rendered by Deloitte & Touche LLP for tax compliance including tax return preparation and technical tax advice, of approximately \$80,000 and \$79,000 for fiscal years 2003 and 2002, respectively.

Fees associated with tax planning were approximately \$77,000 and \$97,000 in fiscal years 2003 and 2002, respectively.

- (4) **All Other Fees:** This category consists of fees incurred in connection with due diligence and other consulting work performed by D&T in relation to Epicor's merger and acquisition processes in 2003, including for its acquisition of ROI Systems, Inc., and current proposed acquisition of Scala Business Solutions N.V.

The Audit Committee has established a policy governing our use of Deloitte & Touche LLP for non-audit services. Under the policy, management may use Deloitte & Touche LLP for non-audit services that are permitted under SEC rules and regulations, provided that management obtain the Audit Committee's approval before such services are rendered. In fiscal 2003, all fees identified above under the captions Audit-Related Fees, Tax Fees and All Other Fees that were billed by Deloitte & Touche LLP were approved by the Audit Committee.

The Audit Committee has determined the rendering of other professional services for tax compliance and tax advice by Deloitte & Touche LLP is compatible with maintaining their independence.

Vote Required

If a quorum is present, the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting will be required to ratify the appointment of Deloitte & Touche LLP as our independent auditors. Abstentions will have the effect of a vote against the ratification of Deloitte & Touche LLP as our independent auditors. Broker non-votes will have no effect on the outcome of the vote.

Recommended Vote

The Board of Directors unanimously recommends that stockholders vote FOR the ratification of Deloitte & Touche LLP as Epicor's independent auditors for the fiscal year ending December 31, 2004.

Option Grants Table. The following table sets forth certain information concerning grants of stock options to each of the persons named in the Summary Compensation Table during the fiscal year ended December 31, 2003. In addition, in accordance with the rules and regulations of the Securities and Exchange Commission, the following table sets forth the hypothetical gains or option spreads that would exist for the options at the end of their respective terms. No assurance can be given that the rates of annual compound stock appreciation assumed for the purposes of the following table will be achieved. The Company did not grant any stock appreciation rights during 2003.

Options granted have a term of ten (10) years, subject to earlier termination in certain events related to termination of employment. The exercise price of each option is equal to the fair market value of the common stock on the date of grant. The options are scheduled to vest over 4 years with vesting 25% on each anniversary of the grant, or 25% on the first anniversary and quarterly thereafter such that the grant is vested fully after 4 years.

Employment, Change of Control and Severance Agreements

The Company entered into an offer letter with L. George Klaus when he joined the Company as President and Chief Executive Officer in February 1996. The offer letter initially provided for a base salary of \$500,000, together with an annual bonus on a fiscal year basis of up to \$250,000 based on a performance plan. The offer letter also initially provided that Mr. Klaus could earn an additional incentive bonus of up to \$250,000 upon fulfillment of certain performance criteria. Mr. Klaus' base salary has been increased since the time he joined the Company and his bonus plan also has been modified. See REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION-CEO Compensation for Fiscal 2003.

In addition, Mr. Klaus purchased 2,000,000 shares of restricted stock at a purchase price of \$3.50 per share, the then fair market value of the Company's Common Stock. As payment for one-half of the purchase price, Mr. Klaus executed a secured five-year promissory note in the principal amount of \$3,500,000. The note bears simple interest at 6% per annum, is a full recourse promissory note, and is secured by a stock pledge of 2,000,000 shares of the Company's Common Stock. In April 1998, the Company waived the collection of all accrued interest to date and going forward with respect to the promissory note. The Company retained a repurchase right with respect to the restricted stock. The repurchase right lapsed with respect to 350,000 shares on the date of the restricted stock grant, and lapsed with respect to 29,167 shares each month for 36 months so that, as of February 7, 1999, the repurchase right no longer applied to 1,400,000 shares. The repurchase right with respect to the remaining 600,000 shares lapsed based on fulfillment of certain performance criteria with respect to the Company's operating revenues and profit after taxes for fiscal years 1997, 1998 and 1999.

In addition, the Company agreed to pay Mr. Klaus 12 months severance, including salary and bonus, in the event his employment is terminated without cause or in the event that he is constructively terminated.

Finally, the Company agreed to provide a relocation package to Mr. Klaus to assist him in relocating from Northern California to Southern California. Such package included: (i) paying the shortfall on the sale of his primary residence; (ii) reimbursing Mr. Klaus certain financing and closing costs in

connection with the purchase of a new home; (iii) providing temporary housing in Southern California; and (iv) paying moving expenses.

The Company has loaned to Mr. Klaus \$3,500,000 pursuant to an unsecured five-year full recourse promissory note, which bears interest at the rate of 6% per annum. This loan was used to fund Mr. Klaus' restricted stock purchase along with the secured note referenced above. In April 1998, the Company waived the collection of all accrued interest to date and going forward with respect to this unsecured note. In January 2001, the Company extended the maturity date of Mr. Klaus' two notes to the Company, in an aggregate initial principal amount of \$7,000,000, to February 7, 2003 and reinstated the accrual of 6% interest per annum on such notes, beginning January 4, 2001. Both interest and principal came due in February 2003 and Mr. Klaus repaid these notes with a combination of a cash payment of \$3,580,000 and the return of the 2,000,000 shares of common stock related to the February 1996 restricted stock agreement. The market value of the shares on the repayment date was \$2.13 per share.

In January 2001, Mr. Klaus participated in the Company's Restricted Stock Program, which required his turning in all previously granted options.

In February 2001, the Company agreed to pay Mr. Klaus a bonus in the amount of \$350,000 on February 1, 2002, provided Mr. Klaus remains a director of the Company through January 31, 2002. This amount was paid to Mr. Klaus in February 2002.

In December 2001, the Company entered into a management retention agreement with Mr. Klaus which both affirmed previously established severance benefits as contained in his original 1996 offer letter and also provides for his receipt of additional benefits in the event of a Change in Control of the Company as defined in the management retention agreement. Among other things, the agreement provides that in the event of a Change in Control during his employment with the Company, or the involuntary termination of his employment as defined in the management retention agreement, any unpaid principal balance and accrued interest on any indebtedness of Mr. Klaus to the Company will be forgiven and Mr. Klaus will be compensated by the Company for taxes from any imputed income from such forgiveness. In the event of such forgiveness, Mr. Klaus is required to forfeit back to the Company any shares of restricted stock held by him as a result of his February 1996 restricted stock agreement with the Company to the extent the fair market value of the shares does not exceed the principal amount of forgiven indebtedness. Mr. Klaus also will receive twelve months coverage under the Company's benefit plans and a payment to offset the effect of any excise taxes required to be paid on account of his receipt of severance payments and benefits.

The largest principal amount outstanding during 2001 under all loans to Mr. Klaus was \$7,000,000, and the amount outstanding as of December 31, 2001 together with accrued interest was \$7,798,403.

In February 2002, the Company agreed to pay Mr. Klaus a bonus in the amount of \$350,000 on February 1, 2003, provided Mr. Klaus remained a director of the Company through January 31, 2003.

On March 18, 2003, the Compensation Committee approved a new stock grant for the Company's Chairman and Chief Executive Officer, L. George Klaus.

Under the new award, Mr. Klaus was granted rights to purchase a total of 3,000,000 shares of restricted stock. The award consisted of two separate grants. See *Compensation Committee Report* CEO Compensation for Fiscal 2003.

The Company entered into an offer letter with Michael A. Piraino when he joined the Company in May 2003 as Senior Vice-President and Chief Financial Officer. The offer letter provides for a base salary of \$220,000, together with a target annual bonus on a fiscal year basis of \$110,000 based on a performance plan. The target bonus may increase to \$220,000 if the performance targets are exceeded.

The options vest with respect to 250,000 shares as follows: (i) 62,500 shares vest on the first anniversary of the employment start date; and (iii) 15,625 shares vest quarterly thereafter such that the shares are fully vested after four years.

In addition, the Company agreed to pay Mr. Piraino 6 months severance, including salary and bonus, in the event his employment is terminated without cause or in the event that he is constructively terminated. In the event of termination without cause or a constructive termination, the shares of Common Stock that would have vested under Mr. Piraino's options during the next 6-month period shall accelerate and become vested. If a change of control occurs, then all shares subject to his options shall become fully vested upon the change of control.

The Company entered into an Agreement with Mark Duffell in June 2003 when he was promoted to Executive Vice-President and Group General Manager of the e by Epicor and International Divisions of the company. The Agreement provides for a base salary of \$320,000, together with a target annual bonus on a fiscal year basis of \$160,000 based on a performance plan. The target bonus may increase to \$320,000 if the performance targets are exceeded.

In addition, Mr. Duffell was granted an option to purchase 80,000 shares of Common Stock at an exercise price of \$4.67 per share. The options vest with respect to 80,000 shares as follows: (i) 20,000 shares vest on the first anniversary of the employment start date; and (iii) 5,000 shares vest quarterly thereafter such that the shares are fully vested in four years. If a change of control occurs, then all shares subject to his options shall become fully vested upon the change of control.

In addition, the Company agreed to pay Mr. Duffell a signing bonus of \$18,000 and reimburse him for his relocation expenses related to his and his family's expenses associated with moving from the United Kingdom to the United States. In the event his employment is terminated without cause or in the event that he is constructively terminated, the Company agreed to pay the relocation expenses associated with his moving back to the United Kingdom. In the event of termination without cause or a constructive termination, the shares of Common Stock that would have vested under Mr. Duffell's options during the next 6-month period shall accelerate and become vested. If a change of control occurs, then all shares subject to his options shall become fully vested upon the change of control.

Table of Contents

The Company has entered into a separate agreement with Mr. Duffell providing that, if his employment is involuntarily terminated within six months following a change of control of the Company or if there is a constructive termination of his employment within six months following a change of control, then he will be entitled to receive six months of base salary plus an additional week's pay for each full year of service to the Company.

The Company has entered into an agreement with Mr. Borg providing that, if his employment is involuntarily terminated within six months following a change of control of the Company or if there is a constructive termination of his employment within six months following a change of control, then he will be entitled to receive six months of base salary plus an additional week's pay for each full year of service to the Company.

Directors Compensation

The Company pays each non-employee director of the Company a \$10,000 annual retainer fee and a \$5,000 fee for physical attendance at a board meeting. The board meeting fee is \$2,500 if attendance is via phone. Beginning in 2003, non-employee members of the Board's Audit and Compensation Committees were also paid a \$5,000 fee for physical attendance at a committee meeting and \$2,500 if attendance was via phone. Such committee fees are halved if they occur on the same day as a Board of Directors meeting. During 2003, board fees were paid to the current directors. Also, beginning in January 2000 each non-employee director of the Company received an option to purchase 35,000 shares upon commencement of service as a director and an option to purchase 10,000 shares upon each subsequent annual reelection to the Board. The options are and will be priced at the fair market value of the Company's common stock on the date of grant and have a three-year vesting schedule. Beginning in 2003, the 35,000 share grant vests 5,000 on the day of the grant and the remaining 30,000 shares begin vesting on the first anniversary of the grant and quarterly thereafter in blocks of 2,500 such that they are fully vested within three years of the grant. The subsequent 10,000 share grant vests over three years with the first 3,333 vesting on the first anniversary of the grant and then quarterly thereafter.

Except for the compensation agreements and other arrangements that are described under "Change of Control and Severance Agreements" and the transactions described below, there was not during fiscal year 2003 nor is there currently proposed, any transaction or series of similar transactions to which Epicor was or is to be a party in which the amount involved exceeds \$60,000 and in which any director, executive officer, five percent stockholder or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

Other Related Party Transactions

On February 13, 2003, the Company completed a private placement of 300,000 shares of newly created Series D preferred stock resulting in gross proceeds to the Company of \$5,730,000. The Company sold the shares, each of which is currently convertible into 10 shares of the Company's common stock, to investment funds affiliated with Trident Capital (Trident), a venture capital firm in which one of the Company's directors, Don Dixon, serves as managing director, pursuant to a Series D Preferred Stock Purchase Agreement dated as of February 11, 2003 between the Company and Trident. The price of the Series D preferred stock was determined to be \$19.10, reflecting the Company's common stock closing price of \$1.91 on February 10, 2003, the day preceding the purchase agreement.

The Company's outstanding Series D preferred stock is convertible into common shares of the Company on a ten-for-one basis at any time at the option of the holders. Such shares, once registered, automatically convert into common stock of the Company ten days after formal notification by the Company that the average consecutive 20-trading day closing stock price of the common stock has exceeded \$5.73 per share and that the Company meets certain other conditions. The holders of Series D preferred stock are entitled to vote with holders of common stock on an as-converted basis and, pursuant to the terms of the Stock Purchase Agreement, the Company has agreed to register the sale of shares of common stock issuable upon conversion of the preferred stock. The Company is in the process of registering these shares, however, the registration on Form S-3 is not yet effective.

The holders of the Series D preferred stock are entitled to receive, when and if declared by the Board of Directors, dividends out of any assets of the Company legally available. Such dividends are required to be pari-passu with any dividend paid to the holders of the Series C preferred stock and prior to and on an equal basis to any dividend, which may be declared by the Board of Directors for holders of common stock. Dividends shall not be cumulative and no dividends have been declared or paid as of March 31, 2004. In the event of liquidation, dissolution or winding up of the Company, the holders of the Series D preferred stock shall be entitled to receive, on a pari-passu basis with any distribution to the holders of the Series C preferred stock and prior and in preference to any distribution to the common stockholders, an amount per share equal to \$19.10. Additionally, in the event that 50% or more of the Company's voting power is transferred, or all or substantially all of the Company's assets are acquired, the holders of the Series D preferred stock shall be entitled to receive the greater of (i) \$38.20 per share plus all accrued or declared but unpaid dividends on such shares; or (ii) the amount per share that the holders of Series D Preferred Stock would have been

entitled to receive had all holder of all series of Preferred Stock converted all their shares of Preferred Stock into Common Stock immediately prior to such event.

During the first quarter of 2003, the Company recorded \$241,000 for a fee paid to the holders of the preferred stock accounted for as a beneficial conversion option on this preferred stock. In connection with this placement, the Company incurred transaction costs of approximately \$166,000, which were netted against the gross proceeds.

COMPENSATION COMMITTEE REPORT

The following is the report of the Compensation Committee of the Board of Directors with respect to the compensation paid to our executive officers during fiscal year 2003. Actual compensation earned during fiscal year 2003 by the persons named in the Summary Compensation table is shown in the Summary Compensation Table.

Compensation Philosophy

We operate in the extremely competitive and rapidly changing high technology industry. The Compensation Committee believes that the compensation programs for our executive officers should be designed to attract, motivate and retain talented executives responsible for our success and should be determined within a competitive framework and based on the achievement of designated business objectives, individual contribution, customer satisfaction and financial performance. Within this overall philosophy, the Compensation Committee's objectives are to:

- Provide a competitive total compensation package that takes into consideration the compensation practices of peer companies, in the technology industry, with which we compete for executive talent.
- Provide variable compensation opportunities that are linked to achievement of financial, organization, management, and individual performance goals.
- Align the financial interests of executive officers with those of stockholders by providing executives with an equity stake in Epicor.

Components of Executive Compensation The compensation program for our executive officers consists of the following components:

- Base Salary
- Annual Cash Incentives
- Long-Term Stock Option Incentives

Base Salary

The Board of Directors reviewed and approved fiscal year 2003 salaries for our Chief Executive Officer and Chief Financial Officer named in the Summary Compensation Table at the beginning of the fiscal year. Base salaries were established by the Board of Directors based upon each individual's employment agreements as well as competitive compensation data, and each person's job responsibilities, level of experience, individual performance and contribution to the business. In making base salary decisions, the Board of Directors exercised its discretion and judgment based upon these factors. No specific formula was applied to determine the weight of each factor. The Board of Directors' decision with regard to Mr. Klaus's base salary was based on both his past salary levels as well as his personal performance of his duties and the salary levels paid to chief executive officers of peer companies.

Annual Cash Incentives

Annual incentive bonuses for executive officers and other officers of the Company are intended to reflect the Board of Directors' belief that a significant portion of the compensation of each executive officer should be contingent upon the performance of Epicor, as well as the individual contribution of each executive officer. To carry out this philosophy, the Company has established a cash bonus plan for executives and key employees. Payment of bonuses is dependent on the Company's achieving specific performance criteria for the fiscal year. The performance criteria

Table of Contents

include a Company operating revenue target and a Company profit before taxes goal. One half of the bonus is based on achieving the operating revenue goal and the other half is tied to achieving the profit before taxes goal. Potential cash bonuses under the plan range from 5% to 100% of an individual's base salary and can exceed 100% of base salary if greater than 100% of the performance criteria are achieved. Bonuses are paid if 75% of either the operating revenue or profit before taxes goals are met.

The profit and revenue targets are established on the basis of annual budget and forecasts developed by management and approved by the Compensation Committee. This operating plan is developed on the basis of (i) the Company's performance for the prior fiscal year, (ii) estimates of sales revenue for the plan year based upon recent market conditions, trends and competition and other factors that, based on historical experience, are expected to affect the level of sales that can be achieved, (iii) historical operating costs and cost savings that management believes can be realized, (iv) competitive conditions faced by the Company, and (v) additional expenditures beyond prior fiscal years. By taking all of these factors into account, including market conditions, the earnings goal and revenue targets are determined. Given the variety of employment alternatives in both established and start-up high technology companies, the Committee concluded that the bonus plan could assist the Company in retaining and motivating its key management employees.

As a result of this performance-based bonus program, executive compensation, and the proportion of each executive's total cash compensation that is represented by incentive or bonus income, may increase in those years in which the Company's profitability increases.

Annual incentive bonuses for executive officers and other officers of the Company are intended to reflect the Board of Directors' belief that a significant portion of the compensation of each executive officer should be contingent upon the performance of Epicor, as well as the individual contribution of each executive officer. To carry out this philosophy, we have implemented a variable compensation bonus plan, which compensates officers in the form of annual cash bonuses. During the fiscal year, the executive officers were eligible for a target incentive bonus. The annual incentive bonus was calculated by the Compensation Committee as a percentage of the officers' base salary. At the beginning of fiscal 2003, the Board of Directors established target bonuses for each executive officer as a percentage of the officer's base salary. The annual target level of the annual bonuses that the executive officers were eligible to receive varied from 50 to 60 percent of base salaries.

The variable compensation bonus plan is intended to motivate and reward executive officers by directly linking the amount of any cash bonus to specific company-based performance targets and specific individual-based performance targets. The bonus amounts are tied to company-based performance goals such as specific levels of revenue and income. The Board evaluates the performance of the executive officers and Epicor and approves a performance rating based upon the results of its evaluation. In fiscal year 2003, the persons named in the Summary Compensation Table were paid the bonus amounts shown in the Summary Compensation Table as we exceeded our corporate performance targets for revenue and profit during fiscal year 2003.

CEO Compensation for Fiscal 2003

The principal components of compensation for the Chief Executive Officer for fiscal 2003 included base salary, bonus, and a restricted stock grant. L. George Klaus, the Company's Chief Executive Officer, received a salary of \$668,000 during fiscal 2003. Mr. Klaus' base salary was negotiated as part of his compensation package when he joined the Company in February 1996 and has been subsequently increased on an annual basis. Mr. Klaus' base salary increased by 5% over his salary at December 31, 2002 as a result of eliminating a 5% salary reduction implemented in 2002 as part of cost cutting measures implemented by the Company during 2002.

Mr. Klaus also received a bonus of \$801,600 for fiscal 2003. Mr. Klaus' bonus plan for fiscal 2003 provided for a target bonus of \$400,800. One half of the target bonus was based on achieving an operating revenue goal for the Company, and the other half was based upon the Company achieving a profit before taxes goal. Additional amounts could be earned if the Company exceeded 100% of the operating revenue and profit goals. Bonuses are paid if 75% of either the operating revenue or profit before taxes goals are met based on objective formulas. For 2003, Mr. Klaus received a bonus for 200% of his operating revenue bonus target and 200% of his net income bonus target. In April 1998, the Company waived the collection of all accrued interest, including interest that might accrue in the future on two promissory notes in the aggregate principal amount of \$7,000,000. In February 2002, the Company agreed to extend the duration of the notes for two years up through and including February 7, 2003. In consideration for the extension of the notes, the accrual of simple interest on the unpaid principal was reinstated at the rate of 6% per annum, and due and payable upon maturity in February 2003. The total amount of interest accrued during fiscal 2003 was \$44,000. Outstanding principal and interest related to these notes was \$7,796,000 as of December 31, 2002. In February 2003, the promissory notes came due and the CEO repaid these notes with a combination of a cash payment of \$3,580,000 and the return of the 2,000,000 shares of common stock related to the February 1996 restricted stock agreement. The market value of the shares on the repayment date was \$2.13 per share.

In August 2001, Mr. Klaus was granted an option to purchase 500,000 shares of common stock at an exercise price of \$1.15. The option vests over 4 years on a monthly basis provided that Mr. Klaus continues on as an employee or employee-director of the Company and was granted to provide specific equity incentive to Mr. Klaus for improved Company financial performance going forward. When Mr. Klaus joined the Company in 1996, he purchased 2,000,000 shares of restricted common stock. The Company retained a repurchase right with respect to the restricted stock and such repurchase right with respect to 100,000 shares was tied to an objective profit after taxes target for the fiscal year ending June 30, 1999. In December 1998, the Company changed its fiscal year end to December 31. In October 1999, the above referenced profit after taxes target was replaced with another objective target, which Mr. Klaus fulfilled.

On March 18, 2003, the Compensation Committee approved a new stock grant for the Company's Chairman and Chief Executive Officer, L. George Klaus. Under the new award, Mr. Klaus was granted rights to purchase a total of 3,000,000 shares of restricted stock. The award consisted of two separate

Table of Contents

grants. The size and terms of these restricted stock grants to Mr. Klaus were and are believed to be competitive with industry comparables as determined from and based in part on data provided by a leading executive compensation consultant in a report specially commissioned by the Compensation Committee of the Board of Directors.

The first grant was effective immediately and consisted of 1,000,000 shares, consisting of a stock purchase right for 940,000 shares of restricted stock from the Plan and a stock purchase right for 60,000 shares of restricted stock from the Company's 1994 Amended and Restated Incentive Stock Option, Nonqualified Stock Option and Restricted Stock Purchase Plan. The stock purchase rights had a purchase price equal to the par value of the Company's common stock, \$0.001 per share, and were exercised upon grant by Mr. Klaus. The first grant is subject to a repurchase right that the permits the Company to repurchase the shares from Mr. Klaus for \$0.001 per share upon his termination of employment from the Company. Assuming Mr. Klaus remains an employee of the Company, the repurchase right lapses as to 100,000 shares per month on the last day of each month beginning March 31, 2003, such that the entire 1,000,000 shares of the first grant were vested in full on December 31, 2003. The repurchase right lapses, and all shares vest, upon a Change in Control of the Company or Involuntary Termination of Mr. Klaus, as defined in Mr. Klaus's Management Retention Agreement with the Company. See Related Party Transactions Employment and Severance Agreements.

The second grant was conditioned upon and effective only upon stockholder approval of the increase in shares under the Plan and the effectiveness of a registration statement with the Securities and Exchange Commission with respect to the additional shares and consisted of 2,000,000 shares from the Plan. Shareholders approved the increase to the Plan at the 2002 annual shareholder's meeting on May 20, 2003. The stock purchase rights have a purchase price equal to the par value of the Company's common stock, \$0.001 per share. The second grant is subject to a repurchase right that the permits the Company to repurchase the shares from Mr. Klaus for \$0.001 per share upon his termination of employment from the Company. Assuming Mr. Klaus remains an employee of the Company, the repurchase right lapses as to 250,000 shares per calendar quarter on the last day of each quarter beginning March 31, 2004, such that the entire 2,000,000 shares of the second grant will be vested in full on December 31, 2005. The repurchase right lapses, and all shares vest, upon a Change in Control of the Company or Involuntary Termination of Mr. Klaus, as defined in Mr. Klaus's Management Retention Agreement with the Company.

Under each grant, Mr. Klaus may satisfy applicable withholding taxes by, subject to compliance with applicable law: (i) paying in cash or check, (ii) authorizing the Company to withhold amounts from his current cash compensation, (iii) electing to have the Company withhold from the shares to be issued upon the lapse of the Company's repurchase right a number of shares having a fair market value equal to the amount required to be withheld, or (iv) surrendering shares of Company stock owned by Mr. Klaus having a fair market value equal to the amount required to be withheld. If Mr. Klaus does not specify the method, the Company will withhold from the shares to be issued upon the lapse of the Company's repurchase right.

Table of Contents

The Board provides our executive officers with long-term incentive compensation through grants of options to purchase our Common Stock. The goal of the long-term stock option incentive program is to align the interests of executive officers with those of Epicor's stockholders and to provide each executive officer with a significant incentive to manage Epicor from the perspective of an owner with an equity stake in the business. It is the belief of the Board that stock options directly motivate an executive to maximize long-term stockholder value. The options also utilize vesting periods that encourage key executives to continue in our employ. The Board considers the grant of each option subjectively, reviewing factors such as the individual performance, the anticipated future contribution toward the attainment of our long-term strategic performance goals and the number of unvested options held by each individual at the time of the new grant. In fiscal year 2003, executive officers were granted stock options to purchase 430,000 shares of our Common Stock.

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1 million paid to any of the Company's Chief Executive Officer and four other most highly compensated executive officers. Certain performance-based compensation, however, is specifically exempt from the deduction limit. The Company does not have a policy that requires or encourages the Compensation Committee to qualify stock options or restricted stock awarded to executive officers for deductibility under Section 162(m) of the Internal Revenue Code. However, the Compensation Committee does consider the net cost to the Company in making all compensation decisions.
