Benefits Committee

Capital One Financial Corporation

We have audited the accompanying statements of assets available for benefits of North Fork Bancorporation, Inc. 401(k) Retirement Savings Plan as of December 31, 2007 and 2006, and the related statements of changes in assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

**Table of Contents****NORTH FORK BANCORPORATION, INC.****401(k) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

**(1) Description of the Plan**

The following is a brief description of the North Fork Bancorporation, Inc. 401(k) Retirement Savings Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan document for more complete information.

**(a) General**

The Plan is a defined contribution plan covering substantially all employees of North Fork Bank and its subsidiaries (the Company). The Plan was established effective October 1, 1992 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Company. As approved by the Board of Directors of the Plan's Sponsor, the Plan merged into the Capital One Financial Corporation Associate Savings Plan effective December 31, 2007. As a result of the merger, assets of \$263,101,242 and participant loans of \$6,062,391 were transferred from the Plan to the Capital One Financial Corporation Associate Savings Plan.

**(b) Eligibility and Participation**

All employees classified by the employer as salaried employees are eligible to participate in the Plan on the first day of the month following the day they complete three months of service and attain age 21.

All employees classified by the employer as hourly employees are eligible to participate in the Plan on the first day of the month following the day they complete one year of service and attain age 21.

**(c) Contributions**

A participant in the Plan may elect to contribute to the Plan an amount from 1% to 50% of his/her compensation (before-tax contribution), as defined, subject to certain limitations. The Company's matching contributions will be equal to 100% of the employee's before-tax contribution, as defined, on amounts up to 3% of the employee's compensation, and 50% of the employee's before-tax contribution on amounts between 4% and 6% of compensation. A participant may elect to change his/her contribution rate on the first pay period of each month, as defined in the Plan.

**(d) Vesting and Forfeiture**

Each participant is always fully vested in his/her contributions and earnings thereon. Employees that meet eligibility and participation requirements defined in section (b) above are fully vested in the Company's vested contribution account. For participants not active as of January 1, 2002, the vested interest in the Company's matching contribution account is determined as follows:

| Years of vesting service | Vested percentage |
|--------------------------|-------------------|
| 2                        | 25%               |
| 3                        | 50                |
| 4                        | 75                |

Any amounts forfeited by reason of failure to vest shall be used by the Company to reduce its contributions. Forfeitures amounted to \$20,668 and \$20,432 for the years ended December 31, 2007 and 2006, respectively.

*(e) Investment Elections*

A participant may direct his/her contributions in 5% increments in any of the investment options currently offered by the Plan. Participants may change their investment elections daily.

*(f) Investment Options*

The Plan allows participant-directed investments in the Capital One Financial Corporation Common Stock and funds, including a collective investment trust managed by Prudential, as follows:

**Guaranteed Income Fund** The fund's objective is to provide competitive yields relative to comparable guaranteed fixed income investment funds.

## Table of Contents

**Prudential Short Term Fund** The fund's objective is to consistently outperform comparable funds in the money market universe.

**State Street Global Advisors Passive Intermediate Bond Index SL Series Fund** This enhanced index Fund seeks to achieve stable, predictable returns above those of the Lehman Brothers Intermediate U.S. Government/Credit Index.

**Prudential Lifetime Funds** The Prudential Lifetime Funds are a family of funds comprised of five distinct, multi-asset class, multi-manager investment portfolios, which offers a range of risk/return characteristics. The investment objective for each of the five funds varies, in keeping with the investment time horizon (using the participant's age as the indicator of time remaining to retirement) and associated asset allocation of the underlying portfolios. The performance goal for each is to consistently outperform its custom benchmark over full market cycles.

**Large Cap Growth Fund / Wellington** The fund's objective is to achieve long-term total return consistently in excess of the Russell 1000 Growth Index and broader market.

**T. Rowe Price Equity Income Fund** This account invests wholly in Advisors shares of the T. Rowe Price Equity Income Fund. The fund's objective is to provide substantial dividend income and long-term growth of capital through investments in the common stocks of established companies.

**Large Cap Blend / Victory Fund** This fund invests in both value and growth securities. The fund's objective is to provide long-term growth of capital by investing primarily in equity securities and securities convertible into common stocks traded on U.S. exchanges and issued by large, established companies.

**Mid Cap Growth / Artisan Partners** The fund focuses on medium-sized companies. The fund's objective is to achieve maximum long-term capital growth in excess of the Russell Mid Cap Growth and Russell Mid Cap indexes, while managing portfolio risk.

**Oakmark Select Fund** This fund holds a high concentration of assets in a relatively small number of securities, offering risk-tolerant investors unique portfolio diversification opportunities within the equity asset class. The fund's objective is to provide capital appreciation by investing primarily in a nondiversified portfolio of equity securities.

No new monies are being directed to this fund effective 12/1/06. Those with balances in this Fund prior to 12/1/06 will continue to have earnings/losses in the Fund.

**AIM Small Cap Growth Fund** The fund invests wholly in Class A shares of AIM Small Cap Growth Fund. The fund's objective is to provide long-term capital growth.

**Small Cap Value / Munder Capital Fund** The fund invests primarily in common stocks of U.S. small capitalization companies. The fund's objective is to outperform the Russell 2000 Value Index on a risk-adjusted basis through investments in small-capitalization companies that are undervalued, but have a stable or improving financial track record and sound finances.

**International Growth / Artisan Partners Fund** The fund's objective is to achieve the highest possible long-term total rate of return while controlling portfolio risk by investing in a diversified portfolio of international growth oriented companies.

**Large Cap Value / LSV Asset Management Fund** The fund seeks appreciation of capital and to outperform the Russell 1000 Value Index over rolling 3 and 5-year period, or a full market cycle, whichever is longer.

**Mid Cap Value / Integrity Fund** The fund seeks to outperform, over the long-term, the Russell Mid Cap Value Index and broader market.

**Self-directed Brokerage** This investment option allows participants to manage their own portfolio through the selection of equity and fund investments available on the market.

**Capital One Financial Corp. Common Stock Fund** The fund is an equity fund invested in shares of the Company's common stock. The Fund includes an Employee Stock Ownership Plan (ESOP) feature, in which the ESOP is both a profit sharing and an employee stock ownership plan intended to qualify under Sections 401(a) and 4975(e) (7) of the Internal Revenue (the Code), and as such is designed to invest primarily in employer securities described to invest primarily in employer securities described in Section 409(1) of the Code. The conversion of the North Fork Bancorporation, Inc. common stock fund to ESOP will allow participants to elect dividend payment or reinvestment.

**(g) Payment of Benefits**

When a participant terminates his/her participation in the Plan for reasons other than death, he/she is given the right to elect to receive a distribution of the vested value of the Participant's Accounts or to keep it in the Plan or to rollover to another qualified Plan. The portion of such lump sum attributable to the Company's common stock may be paid in the Company's stock, the

## **Table of Contents**

participant must elect this option otherwise the stock will be liquidated. When a participant's participation in the Plan terminates because of death, his/her beneficiary will receive the vested value of his/her account in a lump sum as soon as administratively practicable after the receipt of the request for distribution.

During employment, a participant may withdraw his/her contributions and the corresponding Company matching contribution, as defined, in the event of a financial hardship. Such withdrawals are payable in cash and the participant's contributions will be suspended for at least six months after the hardship withdrawal is paid. A participant can resume his/her contribution on any monthly entry date, as defined, following the suspension period; the Company matching contribution will resume on a concurrent basis.

Effective October 1, 2002, a participant is entitled to withdraw all or any portion of his account while in service at any time on or after attaining age 59 1/2. The number of in service withdrawals is limited to two per participant per calendar year.

### ***(h) Loans to Participants***

A participant may request a loan from the Plan up to one half of the vested portion of his/her account, as defined. The minimum loan amount is \$1,000 and the maximum loan amount is \$50,000. Loan terms range from one to five years. Loans for the purchase of a primary residence may be extended to up to 25 years. The loan is secured by 50% of the balance in the participant's account and bears interest at the prime rate plus an additional 1% as determined in accordance with the terms of the Plan. Principal and interest are paid through regular payroll deductions.

Effective May 1, 2002, in addition to one general-purpose loan, a participant may have one additional loan if it is for the purchase of a primary residence. Refinancing of loans is not permitted.

## **(2) Summary of Significant Accounting Policies**

### ***(a) Basis of Presentation***

The accompanying financial statements have been prepared on the accrual basis. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions by the plan administrator that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could vary from those estimates.

### ***(b) Investment Valuation and Income Recognition***

Except for the Guaranteed Income Fund with Prudential (Note 7) the Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The collective investment trust is valued at contract value which approximates fair value. The Company stock in the Company Common Stock Fund, and previously in the North Fork Bancorporation, Inc. Common Stock Fund, is valued at its quoted market price. Participant loans receivable are valued at cost, which approximates fair value.

Interest income is recorded on an accrual basis and dividend income is recorded on the ex dividend date. Securities transactions are recorded on a trade-date basis.

### ***(c) Payment of Benefits***

Benefits are recorded when paid.

### ***(d) Risks and Uncertainties***

The Plan offers a number of investment options, which include Company common stock and a variety of investment funds, some of which are mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonable to expect that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for plan benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the Company's Common Stock Fund, which invests in a single security.

**(3) Related Party Transactions**

Certain Plan investments are shares of common stock issued by the Company. The Company is the Plan Sponsor as defined by the Plan and is therefore a party-in-interest.

**Table of Contents**

Certain Plan investments are shares of funds managed by Prudential. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. No fees were paid by the Plan for investment management services for the years ended December 31, 2007 and 2006.

**(4) Federal Income Tax**

The Plan has received a determination letter from the Internal Revenue Service dated March 25, 2005, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

**(5) Administrative Expenses**

Certain administrative expenses are paid by the Company. Transaction charges and fees/commissions are paid by Plan participants.

**(6) Investment in Funds and Collective Investment Trusts**

The following investments exceeded 5% of the Plan's assets at December 31, 2007 and 2006:

|   | 2007 | 2006          |
|---|------|---------------|
| Large Cap Value Fund / Wellington                   | \$   | \$ 23,803,074 |
| Large Cap Blend / Victory                           |      | 22,458,564    |
| International Growth Fund/ Artisan                  |      | 17,179,084    |
| Prudential Guaranteed Income Fund                   |      | 58,332,495    |
| Capital One Financial Corporation Common Stock Fund |      | 131,885,860   |

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$(28,464,801) and appreciated in value by \$18,218,540, during 2007 and 2006, respectively, as follows:

|   | 2007            | 2006          |
|---|-----------------|---------------|
| Shares of registered investment companies     | \$ 13,086,384   | \$ 12,897,611 |
| North Fork Bancorporation, Inc., common stock |                 | 6,738,759     |
| Capital One Financial Corp. common stock      | (41,551,185)    | (1,417,830)   |
| Total   | \$ (28,464,801) | \$ 18,218,540 |

**(7) Prudential Guaranteed Income Fund**

During 2007 and 2006, the Plan invested in guaranteed funds with the Trustee. The investment in this fund is stated according to the Financial Accounting Standards Board (FASB) Staff Position Nos. AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (FSP), which states that contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan. The guaranteed fund is recorded at its contract value, as reported to the Plan by the Trustee, which represent contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. The financial statement presentation and disclosure provisions of the FSP are

## Edgar Filing: CAPITAL ONE FINANCIAL CORP - Form 11-K

effective for annual periods ending after December 15, 2006, and are applied retroactively to all periods presented. Adoption of the FSP had no effect on the Statement of Changes in Assets Available for Benefits for any period presented. The Statement of Change in Assets Available for Benefits is prepared on a contract value basis for the years ended December 31, 2007 and 2006. Management believes contract value approximates fair value.

The Guaranteed Income Fund declares interest rates in advance for six-month periods. In determining the rate of interest to be guaranteed for the upcoming six-month period, Prudential Retirement Insurance and Annuity Company ( PRIAC ) considers the projected investment earnings, the current interest environment, its investment expense, and a profit and risk component for the six-month period. The Fund does not have maturity dates or penalties for early withdrawals. The crediting interest rate on this fund was 3.9% for both six-month periods of January 1, through June 30, 2007, and July 1, through December 31, 2007. The average yield earned and credited by this plan was not applicable for 2007 due to the zero ending balance, as a result of the plan merger, at December 31, 2007 and 3.6% for 2006. There are no reserves against contract values for credit risk of contract issues or otherwise. PRIAC has no contractual right to defer a transfer or distribution in the event that the total transfers or distributions from the contract s pool exceed ten percent of the pool s balance as of January 1. At this time the occurrence of events allowing a deferral is not probable. PRIAC did not invoke this deferral provision in 2007 or 2006.

**Table of Contents**

**(8) Capital One Financial Corporation Merger**

On March 12, 2006, the Company announced that it had entered into an Agreement and Plan of Merger with Capital One Financial Corporation ( Capital One ) pursuant to which the Company would merge with and into Capital One, with Capital One continuing as the surviving corporation. On December 1, 2006, pursuant to the terms and conditions of the Agreement and Plan of Merger, dated as of March 12, 2006 (the Merger Agreement ), between Capital One and the Company, Capital One and the Company completed the merger (the Merger ) in which the Company merged with and into Capital One, with Capital One as the surviving corporation.

Upon legal merger, participants electing cash received \$22,164,976 for 787,556 shares of North Fork Common Stock, or \$28.14 per common share. Participants electing stock received \$55.65 in cash and converted 4,691,665 shares of North Fork Stock to 1,732,162 shares of Capital One Financial Corporation Common Stock. The cash received was available for transfer by Plan participants to any of the Plan s investment options.
