Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On Thursday, February 2, 2012, SEI Investments Company (the Company) entered into a five-year senior unsecured revolving credit facility (the Facility) with Wells Fargo Bank, National Association, as administrative agent, U.S. Bank National Association, as syndication agent, Citizens Bank of Pennsylvania and Manufacturers and Traders Trust Company, each as documentation agent, and other lenders in an aggregate principal amount of \$300 million that expires in February 2017. The Facility replaces the \$300 million five-year facility that was scheduled to expire in July 2012. Interest on borrowings under the Facility is payable at rates that are based on the London InterBank Offered Rate (LIBOR) plus a premium that can range from 125 basis points to 200 basis points depending on the Company's Leverage Ratio (a ratio of consolidated indebtedness to consolidated EBITDA for the four preceding fiscal quarters, all as defined in the related agreement). The Company also pays quarterly commitment fees based on the unused portion of the Facility. The quarterly fees for the Facility can range from 15 basis points of the amount of the unused portion of the Facility to 30 basis points, depending on the Company's Leverage Ratio. Certain wholly-owned subsidiaries of the Company have guaranteed the obligations of the Company under the Facility.

The Facility contains covenants that, among other things, restrict the ability of the Company and its subsidiaries, without the approval of the lenders, to engage in mergers, consolidations, asset sales, investments, transactions with affiliates, or to incur liens, subject in certain cases to certain thresholds, as defined in the related agreement. In the event of a default under the Facility, the Company would also be restricted from paying dividends on, or repurchasing, its capital stock without the approval of the lenders. The Facility also contains financial covenants that, among other things, require the Company to maintain the Leverage Ratio at not more than 1.75 to 1. Upon the occurrence of certain financial or economic events, significant corporate events or certain other events of default constituting an event of default under the Facility, and in certain cases after notice to the Company, all loans outstanding under the Facility (including accrued interest and fees payable thereunder) may be declared immediately due and payable and all commitments under the Facility may be terminated. In addition, certain other events of default under the Facility would automatically result in amounts due becoming immediately due and payable and all commitments being terminated.

This summary is qualified in its entirety by reference to the text of the Facility agreement which is included as Exhibit 10.24 to this Current Report.

As provided in General Instruction B.2 to Form 8-K, the information furnished in Item 1.01, Item 2.03 and Exhibit 10.24 hereto shall not be deemed filed for purposes of Section 18 of the Securities and Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing with the Securities and Exchange Commission, except as shall be expressly provided by specific reference in such filing.
