Dear Fellow Stockholders:

It is my pleasure to invite you to attend our Annual Meeting of Stockholders. The meeting will be held on May 16, 2012, at 11:00 a.m. local time at the Four Seasons Hotel Denver, 1111 14th Street, Denver, CO 80202.

We have elected to take advantage of the Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders on the Internet. We believe that these rules allow us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our annual meeting.

The business to be conducted at the meeting is set forth in the formal notice of annual meeting of stockholders and proxy statement that accompany this letter. At the meeting we will also report on the company's performance and respond to questions.

Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote your shares electronically through the Internet, by telephone or, if you have requested and received a paper copy of the proxy statement, by completing, signing and returning the paper proxy card enclosed with the proxy statement. Voting through the Internet or by telephone will eliminate the need to return your proxy card.

Sincerely,

2012 ANNUAL MEETING OF STOCKHOLDERS

SUMMARY INFORMATION

To assist you in reviewing the Company's 2011 performance, we would like to call your attention to key elements of our proxy statement. The following description is only a summary. For more complete information about these topics, please review our Annual Report on Form 10-K and the complete proxy statement.

BUSINESS HIGHLIGHTS

We achieved strong operating results in 2011, as noted in the metrics described below.

	Fiscal Year 2011
Funds from Operations (FFO) (per share)	\$ 1.28(1)
Dividends Declared (per share)	\$ 0.80
Stockholder Return	10.3%(2)
Growth in Enterprise Value	\$ 1.76 billion

(1) Funds from operations, or FFO, is defined as net income (computed in accordance with generally accepted accounting principles), excluding gains (or losses) from sales of depreciable property, premiums or original issuance costs associated with preferred stock redemptions, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. This definition conforms with the National Association of Real Estate Investment Trust's definition issued in April 2002. We consider FFO in evaluating property acquisitions and our operating performance and believe that FFO should be considered along with, but not as an alternative to, net income and cash flows as a measure of our activities in accordance with generally accepted accounting principles. FFO does not represent cash generated from operating activities in accordance with generally accepted accounting principles and is not necessarily indicative of cash available to fund cash needs. For a reconciliation of FFO and Net (loss)/income attributable to UDR, Inc., see Management's Discussion and Analysis of Financial Condition and Results of Operations - Funds from Operations on page 50 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 filed with the SEC on February 27, 2012.

(2) Stock appreciation of \$1.1 billion and dividends of \$160 million or a return to stockholders of 10.3%.

During 2011, we strengthened the quality of our portfolio and acquired eight operating communities containing 3,161 apartment homes for \$1.6 billion in key markets such as Manhattan, Washington, D.C., Boston and California. We also announced six new developments containing 1,870 homes for an estimated cost of \$562.3 million in key markets such as Southern California, Maryland and Dallas, as well as five new redevelopment projects with a budgeted cost of \$289.4 million in key markets such as Manhattan, Southern California and metropolitan Washington D.C. During the course of 2011, we sold 18 non-strategic communities containing 4,488 apartment homes for \$594 million. Our 2011 activities were driven by our strategy of focusing on high-barrier-to-entry markets with above-average job growth, low single family home ownership affordability and limited new supply.

PROXY STATEMENT

Information about this Proxy Statement and the Enclosed Proxy

Proxy for the 2012 Annual Meeting:

The enclosed proxy is solicited on behalf of the board of directors of UDR, Inc., a Maryland corporation, for use at our Annual Meeting of Stockholders to be held on May 16, 2012, at 11:00 a.m. local time at Four Seasons Hotel Denver, 1111 14th Street, Denver, CO 80202, and at any adjournment, continuation or postponement of the meeting. These proxy materials are being provided to stockholders on or about April 4, 2012.

Our Use of Abbreviations:

We use a number of abbreviations in this proxy statement. We refer to UDR, Inc. as UDR, the company, we, us or our and to our board of directors as board. The term proxy materials includes proxy statement, as well as the enclosed proxy card. References to fiscal 2011 and fiscal 2012 mean our 2011 fiscal year which began on January 1, 2011 and ended on December 31, 2011, and our 2012 fiscal year which began on January 1, 2012 and will end on December 31, 2012, respectively. Our 2012 Annual Meeting of Stockholders to be held on May 16, 2012 is simply referred to as the meeting or the annual meeting.

ABOUT THE ANNUAL MEETING

Why did you provide this proxy statement to me?

We are providing this proxy statement and proxy card to you on the Internet or, upon your request, we are sending printed versions of this proxy statement and proxy card to you by mail, because you owned shares of our common stock and/or our Series E preferred stock or our Series F preferred stock at the close of business on March 19, 2012, which is the record date for the meeting. This proxy statement describes matters on which we would like you, as a stockholder, to vote. It also gives you information on these matters so that you can make an informed decision.

When you vote, you appoint James D. Klingbeil and Thomas W. Toomey, or either of them, as your representatives at the meeting. Messrs. Klingbeil and Toomey will vote your shares at the meeting as you instructed them when you voted. This way, your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should vote by telephone, through the Internet or, if you have requested and received a paper copy of the proxy statement, by completing, signing and returning the paper proxy card enclosed with this proxy statement in advance of the meeting, just in case your plans change.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules and regulations adopted by the Securities and Exchange Commission (the SEC), instead of mailing a printed copy of our proxy materials to each stockholder of record, we may furnish proxy materials, including this proxy statement and our 2011 Annual Report, by providing access to such documents on the Internet. Most stockholders will not receive printed copies of the proxy materials unless they request them, in which case printed copies of the proxy materials will be provided at no charge.

Table of Contents

Instead of mailing a printed copy of our proxy materials to each stockholder of record, a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) was mailed to such stockholders on or about April 4, 2012 that instructs you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability also instructs you as to how you may submit your proxy on the Internet or by telephone.

Any stockholder may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis by following the instructions set forth in the Notice of Internet Availability. Choosing to receive future proxy materials by e-mail will save us the cost of printing and delivering documents to stockholders and will reduce the environmental impact of our annual meetings. A stockholder's election to receive proxy materials by e-mail will remain in effect until the stockholder terminates the election.

What is being voted on at the annual meeting?

At the meeting, stockholders entitled to vote will act upon the matters set forth in the accompanying notice of annual meeting of stockholders.

Who can vote?

The holders of shares of our common stock and our Series E and Series F preferred stock outstanding at the close of business on the record date are entitled to receive notice of the meeting and are entitled to one vote for each share held on each proposal presented at the meeting. Cumulative voting is not permitted.

At the record date of March 19, 2012, we had 224,999,236 shares of common stock, 2,803,812 shares of Series E preferred stock and 2,534,846 shares of Series F preferred stock issued and outstanding.

What constitutes a quorum in order to hold and transact business at the meeting?

The presence, in person or by proxy, of holders of at least a majority of the total number of shares of our outstanding common stock, Series E preferred stock and Series F preferred stock, taken together, as of the record date, constitutes a quorum that is required to hold the meeting and to conduct business. If a quorum is not present at the meeting, the meeting may be adjourned from time to time until a quorum is obtained. Your shares will be counted as being present at the meeting if you vote your shares in person at the meeting, if you vote your shares by telephone or through the Internet, or if you submit a properly executed proxy card. Votes against a particular proposal will be counted both to determine the presence of a quorum and to determine whether the requisite number of votes has been obtained to approve the proposal. Abstentions, broker non-votes, which are explained below, and shares as to which authority to vote on any proposal is withheld, are each included in the determination of the number of shares present at the meeting for purposes of obtaining a quorum. Each will be tabulated separately.

How do I vote?

For Shares Directly

Registered in Your

Name: If you hold your shares in your own name as holder of record with Wells Fargo Shareowner Services, there are four different ways to vote:

Edgar Filing: UDR, Inc. - Form DEF 14A

Internet: You can go to <http://www.proxyvote.com> and vote through the Internet.

Telephone: You can submit your vote by proxy over the telephone by following the instructions provided on the separate proxy card if you received a printed set of the proxy materials.

Table of Contents

Mail: If you have requested and received a paper copy of the proxy statement, you can mark, sign, date and return the paper proxy card enclosed with the proxy statement in the postage-paid envelope that we have provided to you. Please note that if you vote through the Internet or by telephone, you do not need to return your proxy card.

In person: If you are a stockholder as of the record date, you may vote in person at the meeting. Submitting a proxy prior to the meeting will not prevent a stockholder from attending the meeting and voting in person.

All valid proxies received and not revoked prior to the meeting will be voted in accordance with each stockholder's instructions.

For Shares Held in

Street Name:

If your shares are held by a brokerage firm, bank or other nominee (i.e., in street name), you will receive instructions from your nominee that you must follow in order to have your shares voted. Street name stockholders who wish to vote in person at the meeting will need to obtain a proxy form from the brokerage firm, bank or other nominee that holds their shares of record.

In addition, a number of brokers and banks are participating in a program provided through Broadridge Financial Solutions, Inc. (Broadridge) that offers telephone and Internet voting options. This program is different from the program provided by Wells Fargo Shareowner Services for shares registered directly in the name of the stockholder. If your shares are held in an account with a broker or a bank participating in the Broadridge program, you may vote those shares telephonically by calling the telephone number shown on the voting form received from your broker or bank, or via the Internet at the Broadridge voting website (www.proxyvote.com).

How will my proxy be voted?

All shares represented by properly executed proxies received in time for the meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein, unless such proxies have previously been revoked. Unless instructions to the contrary are marked, or if no instructions are specified, shares represented by proxies will be voted:

FOR the election of all nominees for director.

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2012.

FOR the approval, on an advisory basis, of the compensation of our named executive officers.

Will other matters be voted on at the annual meeting?

We have not received notice of any other matters that may properly be presented at the meeting. However, if a matter comes up for vote at the meeting that is not described in this proxy statement or listed on the proxy card, Messrs. Klingbeil and Toomey will vote your shares, under your proxy, in their discretion. It is the intention of Messrs. Klingbeil and Toomey to vote the shares they represent as directed by the board.

Table of Contents

Can I revoke my proxy and change my vote?

Yes. If you are a record holder of your shares, you may revoke your proxy at any time prior to the date of the meeting by:

submitting a later-dated vote in person at the meeting, through the Internet, by telephone or, if you originally voted by returning a paper proxy card to us, by mail; or

delivering instructions to the attention of the Corporate Secretary at 1745 Shea Center Drive, Suite 200, Highlands Ranch, Colorado 80129-1540. Any notice of revocation sent to us must include the stockholder's name and must be received prior to the date of the meeting to be effective.

If you hold your shares in street name, you should follow the directions provided by your broker or other nominee regarding how to revoke your proxy.

What vote is required for the proposals if a quorum is present?

The affirmative vote of a plurality of the votes cast with respect to Proposal No. 1 is required to elect directors.

The affirmative vote of a majority of the votes cast is required to approve Proposal No. 2, the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2012.

The affirmative vote of a majority of the votes cast is required to approve, on an advisory basis, the compensation of our named executive officers, as specified in Proposal No. 3.

What is an abstention, and how will it affect the vote on a proposal?

An abstention occurs when the beneficial owner of shares is present, in person or by proxy, and entitled to vote at the meeting (or when a nominee holding shares for a beneficial owner is present and entitled to vote at the meeting), but such person does not vote on the particular proposal. For purposes of Proposal Nos. 1, 2 and 3, abstentions will not be counted as votes cast and will have no effect on the results of the vote with respect to such proposals, although abstentions will be considered present for the purpose of determining the presence of a quorum.

What are broker non-votes, and how will they affect the vote on a proposal?

A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Under applicable rules, brokers or other nominees have discretionary voting power with respect to matters that are considered routine, but not with respect to non-routine matters. A broker or other nominee cannot vote without instructions on non-routine matters, therefore there may be broker non-votes on any such proposals. Broker non-votes will have no effect on the voting results for the Proposals, although they will

be considered present for the purpose of determining the presence of a quorum.

Table of Contents

The effect of broker non-votes is summarized in the table below:

	Proposal No. 1:	Proposal No. 2:	Proposal No. 3:
	Election of Directors	Ratification of Independent Registered Public Accounting Firm	Advisory Vote on Executive Compensation
	Non-routine	Routine	Non-Routine
Status of the matter			
Possibility of broker non-votes on the Proposal	Yes	No	Yes
Status of broker non-votes for purposes of determining whether stockholder approval has been obtained for the Proposal	Broker non-votes are not deemed to be votes cast	N/A	Broker non-votes are not deemed to be votes cast
Status of broker non-votes for quorum purposes	Considered present	N/A	Considered present

Who will tabulate the votes?

Broadridge will tabulate votes cast by proxy by an automated system. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by us to act as election inspectors for the meeting.

Who is soliciting the proxy, and who will pay for the proxy solicitation?

This solicitation is being made on behalf of our board, but may also be made without additional remuneration by our officers or employees by telephone, telegraph, facsimile transmission, e-mail or personal interview. We will bear the expense of the preparation, printing and delivery of the enclosed form of proxy, notice of annual meeting of stockholders and this proxy statement and any additional material relating to the meeting that may be furnished to our stockholders by our board subsequent to the furnishing of this proxy statement. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of stockholders at the meeting, supplementary solicitations may be made by mail, telephone or interview by our officers or employees, without additional compensation.

Where do I find the voting results of the meeting?

We will announce the preliminary voting results at the meeting and publish the final results in a Current Report on Form 8-K filed with the SEC within four business days following the meeting.

Any changes to these documents, and any waivers granted by us with respect to our Code of Business Conduct and Ethics and our Code of Ethics for Senior Financial Officers, will be posted on our website.

We also monitor our corporate governance policies and practices to maintain compliance with the provisions of the Sarbanes-Oxley Act of 2002, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, rules of the SEC and the corporate governance rules of the New York Stock Exchange (NYSE). Instructions for making a report are published in the Corporate Governance subsection of the Investor Relations section of the company's website at *www.udr.com*.

Identification and Selection of Nominees for Directors

The Governance Committee serves as our nominating committee. Our Governance Committee works closely with our Chief Executive Officer (CEO) and the Chairman of the Board (who currently serves as Chairman of the Governance Committee) in recommending to the board criteria for open board positions, taking into account such factors as the Governance Committee deems important, including, among others, the current composition of the board, the range of talents, experiences, expertise and skills that would complement those already represented on the board and those that would help achieve the company's goals. In evaluating a nominee, the board, acting through our Governance Committee, will consider, among other things, whether a potential director nominee has the time available, in light of other business and personal commitments, to perform the responsibilities required for effective service on the board. The Governance Committee considers candidates that are suggested by members of the board, as well as management, our stockholders and any director search firm retained by the board or the Governance Committee, using the same criteria to evaluate all candidates.

The board believes its effectiveness is enhanced by being comprised of individuals with diverse backgrounds, skills and experience that are relevant to the role of the board and the needs of our business. Accordingly, the board, through the Governance Committee and in consultation with our CEO, will regularly review the changing needs of the business and the skills and experience resident in its members, with the intention that the board will be periodically renewed as certain directors rotate off and new directors are recruited. The board's commitment to diversity and renewal will be tempered by the need to balance change with continuity and experience. The board believes that its commitment in this regard has been effective in establishing a board that consists of members with diverse backgrounds, skills and experience that are relevant to the role of the board and the needs of the business, and the board will continue to monitor the effectiveness of these efforts as part of its periodic self-assessment process.

Once a potential director nominee has been identified, the Governance Committee, in consultation with the Chairman of the Board and our CEO, will evaluate the prospective nominee against the specific criteria that has been established, as well as the standards and qualifications contained in our Statement on Corporate Governance. If it is determined based upon a preliminary review that a candidate warrants further consideration, members of the board, as appropriate, will interview the prospective nominee. After completing this evaluation and interview process, the board makes the final determination as to whether to nominate or appoint the new director.

In addition to any other applicable requirements, Section 2.11 of our Amended and Restated Bylaws (as amended on May 12, 2011) sets forth the procedures and requirements relating to nominations of directors by stockholders. Any stockholder who wishes to recommend a prospective nominee for consideration at our 2012 annual meeting of stockholders must submit specified information, including the following, no sooner than November 5, 2012 and no later than December 5, 2012:

Biographical information about the candidate, including the name, age, business address and residence address of the person;

The principal occupation or employment of the candidate, as well as the candidate's previous and/or current memberships on all public company boards of directors;

Director Rotation and Retirement

Directors are elected annually for a term of one-year. The board does not impose arbitrary limits on the number of terms a director may serve. However, the Governance Committee will consider various criteria, including a director's contribution to the board, in determining whether or not to recommend a director for re-election. Employee directors are required to resign as a director after ceasing to be an employee, unless the board asks them to continue to serve. The Chairman will refer the resignation to the Governance Committee for review. The board will decide, in light of the circumstances and the recommendation of the Governance Committee, the date at which the resignation will become effective. A vacancy created by a director's retirement may be filled by a majority of the remaining directors in accordance with our bylaws. A director so appointed to fill the vacancy will stand for re-election at the first annual meeting of stockholders following that director's appointment to the board if recommended for re-election by the Governance Committee. In addition, the company requires that directors tender their resignation when their present position changes, their job responsibility changes significantly or other circumstances change. The board then decides, in light of the circumstances and the recommendation of the Governance Committee, whether to accept such resignation.

Director Independence

The board's policy is that a significant majority of its members should be independent directors (see our Statement on Corporate Governance, which is available on our website at www.udr.com). Each year the board affirmatively determines whether each director has any material relationship with the company (either directly or as a partner, stockholder or officer of an organization that has such a relationship with the company), as defined under the NYSE listing standards and the company's director independence standards. The board has determined that all directors who served in 2011, and all directors who are standing for election at the meeting are independent under both sets of standards, except Mr. Toomey, who is not independent because he is the company's Chief Executive Officer and President. Additional information about each of

the directors standing

for election is set forth under Proposal No. 1 in this proxy statement. In making these independence determinations, the board considered information submitted by the directors in response to directors' questionnaires and information obtained from the company's internal records.

Director Responsibilities and Obligations

Our directors have specific responsibilities and obligations arising from their service on the board and the Committees of the board, as described in the table below:

Responsibilities of the

Board of Directors:

In addition to each director's basic duties of care and loyalty, the board has separate and specific obligations under our Statement on Corporate Governance. Among other things, these obligations require directors to effectively monitor management's capabilities, compensation, risk oversight, leadership and performance, without undermining management's ability to successfully operate the business. In addition, the board and the board's committees have the authority to retain outside legal, accounting or other advisors, as necessary, to carry out their responsibilities.

Director Education:

All directors are expected to be knowledgeable about the company and its industry and to understand their duties and responsibilities as directors. The company recognizes the importance of continuing education for directors and is committed to supporting continuing director education in order to enhance board and committee performance. We conduct periodic continuing education for directors and, at a director's request, we will arrange for the director's participation in cost-effective continuing education programs offered by third parties that are relevant to the director's role as a board and committee member.

All of our independent directors are expected to participate in orientation programs upon the recommendation of our Governance Committee. In addition, orientation sessions are conducted by senior management to familiarize directors with the company's strategic plans, significant financial, accounting and risk management issues, our compliance programs, our Code of Business Conduct and Ethics, and our principal officers, internal and external auditors.

Director Evaluations:

The board, acting through the Governance Committee, annually evaluates the effectiveness of the board collectively and of board members individually, and the performance of each standing board committee. The Governance Committee determines the appropriate means for this evaluation.

Directors' Share Ownership

Edgar Filing: UDR, Inc. - Form DEF 14A

Guidelines:

Our Statement on Corporate Governance provides that each director is expected to develop a meaningful equity stake in our company over time and that after the second anniversary of election to the board, each director is required to own a minimum of 5,000 shares of our common stock. Each of our directors currently owns shares in an amount sufficient to comply with these guidelines.

Board Attendance at

Annual Meeting:

The board has adopted the following policy on director attendance at meetings: Absent extenuating circumstances, directors are expected to attend in person our annual meeting of stockholders, all regularly scheduled board and committee meetings and to participate telephonically in regularly scheduled board and committee meetings when they are unable to attend in person. Eight of our nine directors attended our 2011 annual meeting of stockholders.

Board Leadership Structure and Committees

The leadership structure of the board and information regarding the Audit, Compensation and Governance Committees is provided in the following table:

Board Leadership Structure:

We separate the roles of the Chairman of the Board and Chief Executive Officer in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the company and the day to day leadership and performance of the company, while the Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for the board meetings and presides over meetings of the board. The board believes that the Chief Executive Officer offers the company-specific expertise and extensive industry knowledge that is necessary as we seek to strengthen the quality of our portfolio, grow our cash flow to support dividend growth, increase our balance sheet strength and flexibility and maintain a great place to work and live, while our Chairman of the Board is able at the same time to lead the board's efforts in oversight of the company and its management.

As stated in our Statement on Corporate Governance, the board will exercise its discretion in combining or separating the offices of Chairman of the Board and Chief Executive Officer. The determination will be based on the board's judgment of the best interests of the company from time to time. If the offices of Chairman of the Board and Chief Executive Officer are combined or if the Chairman does not qualify as an independent director, the board will designate a Lead Independent Director, who will chair the executive sessions of the board and have such other duties as the board deems appropriate. The name of the Lead Independent Director will be disclosed in our annual proxy statement. The board's administration of its risk oversight function has not affected the board's leadership structure.

Independence of the Audit,

Compensation and

Governance Committees:

The Audit, Compensation and Governance Committees consist entirely of independent directors, as defined in the NYSE listing standards and the company's director independence standards. Each member of the Audit Committee also satisfies the additional independence requirements set forth in rules under the Securities Exchange Act of 1934.

Audit Committee

Financial Expert:

Each member of the Audit Committee is financially literate, and the board has determined that each member of the Audit Committee is an audit committee financial expert within the meaning of the SEC's regulations.

Executive Sessions of

Independent Directors:

Our independent directors hold regularly scheduled executive sessions at which our independent directors meet without the presence of management. These executive sessions generally occur around regularly scheduled meetings of the board. The Chairman of the Board, or the Vice Chair in the Chairman's absence, presides as chairman of these executive sessions. Both the Chairman of the Board and the Vice Chair are independent directors.

Compensation Committee

Interlocks and Insider

Participation:

The members of the Compensation Committee in fiscal 2011 were Katherine A. Cattanach (Chairperson), Eric J. Foss, Jon A. Grove and Lynne B. Sagalyn. None of the members of the Compensation Committee during fiscal 2011 or as of the date of this proxy statement is a former or current officer or employee of the company or has any interlocking relationships as set forth in applicable SEC rules. In addition, during 2011 and through the date of this proxy statement, none of our executive officers has served as a member of the board or compensation committee of any other entity that has one or more executive officers serving as a member of our board or Compensation Committee.

Role of Compensation Consultant

Our Compensation Committee is responsible for developing and administering compensation programs for (1) our directors, (2) our executive officers, including base salaries and short-term and long-term incentive compensation plans, and (3) long-term incentive compensation plans for all of our associates. The members of the Compensation Committee meet each year in executive session, without the CEO present, to evaluate the performance of our CEO. Our CEO makes recommendations to, and consults with, the Compensation Committee as to the amount of proposed base salaries for the executive officers who report directly to our CEO.

The Compensation Committee has the sole authority to retain and terminate any compensation consultants to be used to assist in establishing compensation for our directors, our CEO and our senior executives and to approve such consultants' fees and other retention terms. The Compensation Committee directly engaged Mercer (US) Inc., or Mercer, a nationally recognized consulting firm, to conduct a market pay analysis to assess the total compensation competitiveness of our executive officers for 2011. Mercer reports directly to the Compensation Committee and the Compensation Committee is free to replace Mercer or to hire additional consultants from time to time.

As part of its engagement, Mercer provided the Compensation Committee and our CEO with a market pay analysis of composite market values for base salary, total cash compensation (consisting of base salary plus annual incentives), long-term incentive compensation and total direct compensation for our executive officers and certain other officers. In addition, Mercer reviewed the competitiveness of the pay levels of our named executive officers (as defined below under *Executive Compensation*) against pay levels for a diversified public REIT peer group, a number of whom are direct competitors with the company. For our named executive officers other than the CEO, the Compensation Committee also considers recommendations from the CEO and from executive officers who report directly to the CEO.

Neither Mercer nor any of its affiliates provided any other services to UDR in 2011 except as described above.

Board of Directors and Committee Meetings

The board held eight meetings during fiscal 2011, including four meetings that were held by teleconference. No director attended fewer than 75% of the aggregate of (1) the total number of meetings of the board, and (2) the total number of meetings held by all committees of the board on which he or she served during fiscal 2011. The board has standing Audit, Compensation, Governance and Executive Committees to assist it in discharging its duties. Information regarding each committee is set forth below.

The Role of the Board in Risk Oversight

The board's role in the company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the company, including operational, financial, legal, strategic and reputational risks. The Audit Committee, established in accordance with the applicable provisions of the Securities Exchange Act of 1934, assists the board in fulfilling its oversight responsibility by performing the following:

reviewing with management the company's major financial exposures, including risk exposure to floating rate debt and the steps management has taken to monitor and control such exposures, including the company's risk assessment process and risk management policies;

reviewing and discussing with management, the internal auditors and the independent auditors, the company's policies with respect to risk assessment and risk management; and

establishing procedures for the receipt, retention and treatment of complaints received by the company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by company employees of concerns regarding questionable accounting or auditing matters.

As set forth in the charter of the Audit Committee, no director may serve as a member of the Audit Committee if such director serves on the audit committee of more than two other public companies. No member of our Audit Committee serves on the audit committee of more than two other public companies.

Director Compensation Table Discussion

Our compensation program for independent directors is designed to attract and retain highly qualified board members who can work with senior management to establish key strategic goals in support of long-term stockholder value creation. The program consisted of a combination of cash retainers for board and committee service and service-based restricted stock. Total compensation associated with cash retainers and restricted stock was targeted at the median level of a diversified group of public REITs. Annual retainers for board and committee service were set at competitive levels in recognition of the time commitments and responsibility levels associated with serving on public company boards within the current environment.

We believe that the attraction and retention of quality board members has become more challenging as a result of global and domestic trends in corporate governance and regulation and competition for qualified, talented director candidates. As a result we expect to continue to review our independent director compensation annually to ensure that we are competitive and to allow us to recruit and retain qualified candidates to serve as directors of the company.

2011 Director Compensation Program

Retainer. In 2011, each non-employee director received an annual retainer fee of \$65,000 (\$100,000 for a non-employee Chairman of the Board). The chairpersons of each of the Audit and Compensation Committees received an annual retainer fee of \$7,500. These fees were paid in January 2011.

Stock Grant. On January 4, 2011, each non-employee director also received a grant of \$90,000 in value of shares of restricted stock (\$180,000 for the non-employee Chairman of the Board) priced at \$23.87 per share, which was the closing sales price of our common stock on January 4, 2011, the date of grant. The 3,770 shares of restricted stock (7,541 shares for the non-employee Chairman of the Board) will vest on the anniversary of the date of grant. The non-employee directors receiving restricted stock are entitled to receive dividends during the vesting period; however, any unvested shares at the end of the one-year vesting period will be returned to us and cancelled.

Directors who are also employees of the company received no additional compensation for service as a director. All directors were reimbursed for expenses incurred in connection with attending a board meeting or committee meeting in accordance with our Director Expense Reimbursement Policy.

2012 Director Compensation Program

Retainer. Director compensation for 2012 was unchanged from the compensation paid in 2011. For 2012, each non-employee director will receive an annual retainer fee of \$65,000 (\$100,000 for a non-employee Chairman of the Board). The chairpersons of each of the Audit and Compensation Committees will receive an annual retainer fee of \$7,500. These fees were paid in January 2012.

Stock Grant. On January 3, 2012, each non-employee director also received a grant of \$90,000 in value of shares of restricted stock (\$180,000 for a non-employee Chairman of the Board) priced at \$25.20 per share, which was the closing sales price of our common stock for January 3, 2012, the date of grant. The 3,571 shares of restricted stock (7,143 shares for the non-employee Chairman of the Board) will vest on the anniversary of the date of grant. The non-employee directors receiving restricted stock are entitled to receive dividends during the vesting period; however, any unvested shares at the end of the one-year vesting period will be returned to us and cancelled.

Directors who are also employees of the company receive no additional compensation for service as a director. All directors are reimbursed for expenses incurred in connection with attending a board meeting or committee meeting in accordance with our Director Expense Reimbursement Policy.

Executive Summary

Our compensation programs are designed to align the interests of our named executive officers with the interests of our stockholders by providing market competitive compensation that is closely tied to short-term and long-term performance goals set by our Compensation and Management Development Committee, which we refer to herein as the Compensation Committee. The compensation of our named executive officers is comprised of a mix of base salary, short term incentive compensation and long-term incentive awards, with the objective that such total direct compensation should be targeted for the 75th percentile of the peer group when target performance objectives are met, and, when performance warrants, total direct compensation will exceed the 75th percentile of the peer group. In addition, the Compensation Committee may also determine, in its discretion, that it is appropriate to award additional bonuses in recognition of exceptional performance and in the case of other extraordinary circumstances.

We achieved strong operating results in 2011, as noted in the metrics described below. For a more detailed description of our 2011 performance, please see our consolidated financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K.

	Fiscal Year 2011

	\$
Dividends Declared (per share)	0.80
	\$
Stockholder Return	10.3%(2)
Growth in Enterprise Value	\$ 1.76 Billion
Capital Activities	\$ 3.70 Billion

- (1) Funds from operations, or FFO, is defined as net income (computed in accordance with generally accepted accounting principles), excluding gains (or losses) from sales of depreciable property, premiums or original issuance costs associated with preferred stock

redemptions, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. This definition conforms with the National Association of Real Estate Investment Trust's definition issued in April 2002. We consider FFO in evaluating property acquisitions and our operating performance and believe that FFO should be considered along with, but not as an alternative to, net income and cash flows as a measure of our activities in accordance with generally accepted accounting principles. FFO does not represent cash generated from operating activities in accordance with generally accepted accounting principles and is not necessarily

indicative of cash available to fund cash needs. For a reconciliation of FFO and Net (loss)/income attributable to UDR, Inc., see Management's Discussion and Analysis of Financial Condition and Results of Operations - Funds from Operations on page 50 in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 filed with the SEC on February 27, 2012.

(2) Stock appreciation of \$1.1 billion and dividends of \$160 million or a return to stockholders of 10.3%.

Our 2011 performance also includes extraordinary achievement of our key strategic objectives during a time of significant economic uncertainty, driven by the exceptional efforts of our management team, including our named executive officers. Consistent with our strategy, we have focused on high-barrier-to-entry markets with above-average job growth, low single family home ownership affordability and limited new supply. Our most significant 2011 achievements include:

We strengthened the quality of our portfolio, acquiring eight operating communities containing 3,161 apartment homes for \$1.6 billion in key markets such as Manhattan, Washington, D.C., Boston and California.

We commenced the development and redevelopment of approximately 4,300 apartment homes in 11 communities located in markets such as New York City, Southern California, Washington, D.C. and Dallas for a total estimated cost of \$808 million. Our in-progress development and redevelopment pipeline totaled \$1.2 billion at year-end, of which approximately 30% has already been funded.

During 2011, we sold 18 non-strategic communities containing 4,488 apartment homes for total proceeds of \$594 million.

We have continued to successfully manage our joint ventures to improve our flexibility and returns on equity, while at the same time securing new opportunities and investments and strengthening our relationships with our joint venture partners.

We increased our portfolio-wide total income per occupied home by 15% in 2011.

We led the industry in technology innovation and penetration of applications, leading to increased margins and competitive success in many of the markets that we serve.

We improved our overall liquidity by \$804 million, raising \$989 million in equity above net asset value, securing a new \$900 million line of credit, completing a \$300 million offering of 7-year unsecured notes at an interest rate of 4.25% and maintaining our investment-grade credit rating.

We increased our annual dividend by 10% to \$0.80 per share.

Our 2011 performance, including our 2011 performance relative to our peers, along with the individual performance of our executive officers, including their contributions toward the achievement outlined above, served as key factors in determining compensation for 2011. In determining the compensation of our named executive officers in 2011, the Compensation Committee's considerations included the following:

The base salaries of our CEO and Senior Executive Vice President remained the same for 2011, while the base salaries of our CFO and Senior Vice President - Property Operations increased in recognition of competitive conditions and increased responsibilities.

Short-term incentives were designed to provide a competitive annual compensation opportunity based on the achievement of key annual performance metrics and individual performance, and bonuses were designed to recognize exceptional performance.

Table of Contents

Long-term incentives, comprised of awards of restricted shares of our common stock that vest only if the company meets specific performance targets over a three-year performance period, constitute the most significant component of our executive officers' compensation, which closely aligns their long-term interests with the long-term interests of our stockholders, while mitigating potential risks related to our compensation programs.

Our compensation programs continue to provide compensation that remains competitive with the peer group, so that we are in a position to attract, retain and reward experienced and highly-motivated executive officers who are able to contribute to our long-term growth and profitability. Our compensation policies and programs are designed to align the interests of our named executive officers with the interests of the company and our stockholders, and are built upon the strong foundation of our relevant corporate governance framework and our compensation philosophy, including:

Our Policy on Recoupment of Performance-Based Incentives, which applies to our executive officers, including our named executive officers, and their performance-based incentive compensation. This policy provides that if the board determines that the company's financial statements are required to be restated as a result of fraud committed by an executive officer, the board may, in its sole discretion, seek to recoup any portion of the performance-based awards that the executive officer would not have received if the company's financial results had been reported properly.

Our 2010-2012 Long-Term Incentive Program for the company's senior executive officers, including Messrs. Toomey, Troupe, Messenger, Davis and Alcock. Under this program, the named executive officers were each awarded a grant of restricted shares of our common stock, which will vest only if the company meets specified performance targets over a three-year performance period.

Our Executive Stock Ownership Guidelines, which require that our executive officers own a specified number of shares of the company's common stock as determined by the executive officer's position within four years of the date of the executive officer's employment or appointment with the company. All of our named executive officers are in compliance with the Executive Stock Ownership Guidelines applicable to their position.

Our prohibition on any company personnel, including our named executive officers, engaging in any short-term, speculative securities transactions without prior approval, including purchasing securities on margin, engaging in short sales, buying or selling put or call options, trading in options (other than those granted by the company) and engaging in hedging transactions.

The company provides only limited perquisites to our named executive officers.

The Compensation Committee's engagement of its own independent compensation consultant that does not provide any additional services to the company.

The Compensation Committee's review of external market considerations, as well as internal considerations and the long term interests of our stockholders, when making compensation decisions.

The ongoing consideration and oversight by the Compensation Committee with respect to any potential risks associated with our incentive compensation programs.

Our named executive officers for 2011 are:

Compensation Design and Philosophy

Our compensation programs are designed to further our strategic plan and our goal of increasing stockholder value by providing equitable economic motivation to our executive officers and other key employees. The compensation of each of our executive officers is influenced significantly by the executive officer's performance as well as the compensation levels of the peer group. More specifically, our compensation program seeks to:

be grounded in the mission of our business and reflect key strategic imperatives and talent needs,

become a strategic advantage rather than simply a means for staying competitive,

provide appropriate incentives for the executive officers while aligning their interests with those of our stockholders,

provide compensation competitive with the peer group in order to attract, retain and reward experienced and highly-motivated executives who can contribute to our long-term growth and profitability,

focus executive officers on current and long-term business objectives and critical issues,

mitigate risk by emphasizing long-term compensation and financial performance measures correlated with growing stockholder value, and

remain consistent with our operating style, shared values, compensation history and overall culture.

Our Compensation Committee is composed of independent directors and is responsible for developing and administering compensation programs for (1) executive officers, including base salaries and short-term and long-term incentive compensation plans, and (2) long-term incentive compensation plans for all of our associates. The members of the Compensation Committee meet each year in executive session, without the CEO present, to evaluate the performance of our CEO. Our CEO makes recommendations to, and consults with, the Compensation Committee as to the amount of proposed base salaries for the executive officers who report directly to our CEO. After such consultation, the Compensation Committee sets the base salaries for the year for these executive officers and approves salary ranges for other executive officers, typically through competitive benchmarking based primarily on salaries paid for similar positions within the real estate and REIT industry (with an emphasis on the peer group) as published in industry statistical surveys and the proposed base salary relative to that of the other executive officers.

Our compensation philosophy is that total direct compensation, or TDC, which consists of total cash compensation and the annualized value of target long-term incentive compensation, should be targeted for the 75th percentile of the peer group when target performance objectives are met, and, when performance warrants, total direct compensation will exceed the 75th percentile of the peer group. In addition, the Compensation Committee may also determine, in its discretion, that it is appropriate to award additional bonuses in recognition of exceptional performance and in the case of other extraordinary circumstances. This approach has been selected because we believe it results in compensation that is competitive among the peer group and fair to our executives, which furthers our goal of attracting, retaining and rewarding experienced and

Edgar Filing: UDR, Inc. - Form DEF 14A

highly-motivated executives who will make long-term career contributions to UDR and will have less economic incentive to leave UDR. As discussed in more detail below under *Total Direct Compensation*, because the annualized portion of

Table of Contents

the value of long-term incentive compensation is included in the TDC calculation, the 2011 TDC amount reported for each of the named executive officers is greater than the 2011 Total Compensation amount reported for each of the named executive officers in the Summary Compensation Table.

For 2011, the peer group, which we refer to herein as either the diversified public REIT peer group or the peer group, included the companies listed in the table below. The companies listed below consist of six apartment REITs and eleven comparably-sized REITs in other property sectors, recognizing that UDR competes with all REITs for executive talent and capital.

(1) On a relative basis, UDR's equity market capitalization (December 31, 2011) was \$5,934 and 2011 fiscal year end total assets were \$6,721.

(2) Equity Market Capitalization based on closing price and total shares outstanding as of December 31, 2011.

The Compensation Committee reviews and approves the peer group annually. Each year management and the Compensation Committee's consultants provide data on the peer group to the Compensation Committee. Members of the peer group must be a publicly traded REIT based in the United States and of a size and equity market capitalization that are comparable to UDR. In 2011, the Compensation Committee determined that certain changes should be made to the companies comprising the diversified public REIT peer group to better reflect the market for executive management and capital. As a result, Developers Diversified Realty Corporation, Douglas Emmett Inc., Home Properties Inc., Liberty Property Trust, Mack-Cali Realty Corporation, Mid-America Apartment Communities Inc., Regency Centers Corporation, and Weingarten Realty Investors were removed from the peer group, while Digital Realty Trust, Duke Realty Corp., Federal Realty, Host Hotels & Resorts, Inc., Kimco Realty Corporation, Realty Income Corporation, SL Green Realty, and Taubman Centers were added to the peer group.

Compensation Consultants

The Compensation Committee has the sole authority to retain and terminate any compensation consultants to be used to assist in establishing compensation for our senior executives and to approve such consultants' fees and other retention terms. The Compensation Committee engaged Mercer (US) Inc., or Mercer, to assess the total compensation competitiveness of our executive officers for 2011 by conducting a market pay analysis to develop market values from peer group pay data and published surveys. Mercer reports directly to the Compensation Committee and the Compensation Committee is free to replace Mercer or to hire additional consultants from time to time. Neither Mercer nor any of its affiliates provided any other services to UDR in 2011, and we do not anticipate that Mercer or any of its affiliates will provide any other services to the company in the foreseeable future.

As part of their engagement, Mercer provided the Compensation Committee and our CEO with a market pay analysis of composite market values for base salary, total cash compensation (consisting of base salary plus annual incentives), long-term incentive compensation and total direct compensation. In addition, Mercer reviewed the competitiveness of the pay levels of our named executive officers and certain other officers against pay levels for the diversified public REIT peer group, a number of whom are direct competitors with the company. For our named executive officers other than the CEO, the Compensation Committee also considers recommendations from the CEO and from executive officers who report directly to the CEO.

Components of Compensation

Once the TDC target has been established as described above, the components of each executive officer's TDC are established so that the components, taken together, will achieve the target that has been set. The mix, level and structure of the components of TDC generally reflect real estate industry practices as well as the executive's role and relative impact on business results consistent with our variable pay-for-performance philosophy. Our average compensation mix for the CEO and the Senior Executive Vice President positions places relatively greater emphasis on at-risk incentive compensation, as compared with the market median compensation mix. As an executive officer's level of responsibility increases consistent with his or her relative ability to impact the long-term performance of the company as a whole, a greater portion of the executive officer's TDC is based on performance-based incentive compensation and less on base salary, thereby creating the potential for greater variability in the individual's compensation level from year to year. Performance-based compensation for our executive officers can significantly exceed median levels for superior results and fall well below median levels when performance objectives are not achieved.

Under our 2010-2012 Long-Term Incentive Program, which is discussed in more detail below, vesting of the restricted shares granted under the program is based on the company meeting specified performance targets during a three-year performance period ending December 31, 2012. We anticipate that a similar long-term incentive program will be established to replace the 2010-2012 Long-Term Incentive Program upon its expiration, however in the event that performance targets are achieved and restricted shares thereby vest prior to the expiration of the 2010-2012 Long-Term Incentive Program and the establishment of a new long-term incentive program, it may be necessary for the Compensation Committee to increase the levels of short-term incentive compensation payable to our named executive officers in order to ensure that our overall compensation program remains competitive and consistent with our variable pay-for-performance philosophy.

Table of Contents

An analysis by Mercer using information from 2011 reflects that the average market median compensation mix for the overall compensation of the top five named executive officer positions was as follows:

Position	Base Salary	Short-Term		LTI Compensation
		Incentive Compensation		
CEO	20%	32%		48%
Senior Executive Vice				
Presidents and the CFO	30%	30%		40%
Other executive officers	45%	26%		29%

Under our compensation structure, the target mix of base salary, short-term incentive compensation and LTI compensation generally is as follows:

Presidents and the CFO	22%	37%		41%
Other executive officers	25%	62%		13%

In some cases, base</p>

compensation may vary from that of the market median or from that of executive officers with comparable levels of responsibility because of our greater emphasis on at-risk incentive compensation for our more senior executive officers, because of current recruiting or retention markets for a particular position, or because of the tenure of a particular officer in his or her position. In setting base salaries for named executive officers, the Compensation Committee considers the individual executive officer's qualifications, experience level, performance against specific goals and the competitive market for qualified executives.

Short-Term Incentive Compensation. Short-term incentive compensation awards for Mr. Toomey and Mr. Troupe are based on pre-determined weighting between company performance and individual performance. For 2011, company performance was weighted at 50% for Mr. Toomey and 70% for Mr. Troupe, while individual performance was weighted at 50% for Mr. Toomey and 30% for Mr. Troupe. Company performance was weighted equal to or more heavily than individual performance for Messrs. Toomey and Troupe because they have greater responsibility for, and influence over, the performance of the company as a whole and the Compensation Committee wanted to provide a strong incentive for these named executive officers to maximize the company's performance. For each of these named executive officers, company performance was measured by certain annual performance metrics that are discussed in more detail below under the heading *How We Determined Compensation for 2011 Short-Term Incentive Compensation.* For our Senior Vice President Property Operations, short-term incentive compensation awards are based on a pre-determined weighting of 70% for company performance and 30% based on individual performance. Given the focus of the Senior Vice President Property Operations on ongoing operations that impact the company's overall financial performance, the Compensation Committee determined to provide incentives more heavily weighted toward maximizing the company's performance. For our Senior Vice President Asset Management, short-term incentive compensation awards are based on a pre-determined weighting of 50% for company performance and 50% based on individual performance, reflecting the mix of the responsibilities held by the Senior Vice President Asset Management in driving overall company performance and managing key asset acquisitions, dispositions and redevelopment. Short-term incentive compensation for our CFO is not based on company performance, but instead is focused on the executive's performance of job responsibilities, behavior factors and critical success factors, as discussed in more detail below.

The annual performance metrics utilized for determining short-term incentive compensation are determined by the Compensation Committee in consultation with our CEO. Among the annual performance measures utilized in 2011 were FFO and AFFO. AFFO is defined as FFO (as defined on page 23) less certain recurring capital expenditures.

The Compensation Committee may also determine, in its discretion, that it is appropriate to award additional bonuses in recognition of exceptional performance and in the case of other extraordinary circumstances.

Long-Term Incentive Compensation. The Compensation Committee established the 2010-2012 Long-Term Incentive Compensation Program (the 2010-2012 LTI Program) for the company's senior executive officers, including Messrs. Toomey, Troupe, Messenger, Davis and Alcock. Under the 2010-2012 LTI Program, our named executive officers were awarded a grant of restricted shares of our common stock, which will vest if the company meets certain performance targets during the three-year performance period, as discussed in more detail under the heading *How We Determined Compensation for 2011 LTI Compensation.* Vesting of the awards of the restricted shares of common stock is based on the company meeting these performance targets during the three-year performance period ending December 31, 2012. The shares will vest any time the performance targets are met during the three-year performance period. If the performance targets are not met during the three-year period, the performance period will be extended an additional year to December 31, 2013; however, if the performance period is extended an additional year under such circumstances, the cash flow target and the dividends declared target will each be increased by one-third, as described in more detail under the heading *How We Determined Compensation for 2011 LTI Compensation.* The Compensation Committee retains discretion to adjust the 2010-2012 LTI Program if there is a material change in the company's business strategy or if there is a change in accounting regulations applicable to the company. The Compensation Committee also

retains the discretion to reduce the restricted stock grant awards by up to 20% if it determines that such a reduction is in the best interests of the company's stockholders.

Retirement Plans. We have a Profit Sharing Plan (the 401(k) Plan), which is a defined contribution plan covering all eligible full-time employees. Under the 401(k) Plan, the company makes discretionary profit sharing and matching contributions to the plan as determined by the Compensation Committee. Details regarding matching contributions for our named executive officers are set forth below under the Summary Compensation Table. UDR does not have a pension plan, a SERP or any similar arrangements.

Perquisites and Other Benefits. The primary perquisites that we offer to our named executive officers are company-paid health insurance (including dental), life insurance, long-term disability insurance and accidental death and disability insurance. Our named executive officers participate in these benefit plans on the same terms as other employees. In addition to the group medical plans that we provide, we reimburse up to a maximum of \$5,000 in expenses for annual physical exams for our named executive officers. To help us attract and retain qualified personnel, we also offer relocation benefits, but these benefits are individually negotiated when they occur.

We review our policies with respect to perquisites on a regular basis to consider whether the perquisites should be maintained and whether, or to what extent, it may be appropriate for us to discontinue particular perquisites or to require repayment of the cost of perquisites. During 2011, we did not change our policies with respect to perquisites that we offer to our CEO and other named executive officers.

How We Determined Compensation for 2011

Base Salaries

The base salaries for 2011 for our named executive officers were determined through competitive benchmarking based primarily on detailed analysis of the peer group. Base salaries for our named executive officers are generally at the median level of the base salary of the peer group.

The base salaries of Messrs. Toomey and Troupe did not increase in 2011. The Compensation Committee elected to increase the base salaries of Messrs. Messenger and Davis from \$275,000 and \$260,000, respectively, to \$300,000 in 2011 in recognition of competitive conditions and increased responsibilities. The base salary for Mr. Alcock was \$260,000 in 2011.

Short-Term Incentive Compensation

Short-Term Incentive Compensation of CEO (Mr. Toomey). The Compensation Committee established a range for Mr. Toomey's 2011 short-term incentive of \$1 million for meeting targets and a range of up to \$2 million for exceeding targets, based 50% on meeting a combination of three annual performance metrics as follows: (1) 50% based on targeted FFO/AFFO, (2) 30% based on same store net operating income, or SSNOI, compared to a peer group of apartment REITs, and (3) 20% based on targeted coverage of debt maturities for 2011-2013 by available resources and lines of credit, with the remaining 50% based on his individual performance. The Compensation Committee determined that these amounts were consistent with the target short-term incentive compensation as a percentage of overall compensation for the CEO position and that they provide overall TDC potential within the TDC target for the CEO. The Compensation Committee also made a subjective determination that these amounts were appropriate to motivate Mr. Toomey to achieve short-term company and individual goals and to help ensure Mr. Toomey's continued service with the company.

Table of Contents

The annual performance metrics that were used for determining the 2011 short-term incentive compensation for Mr. Toomey were:

a minimum FFO/AFFO of \$1.21/\$0.97 per share, with a target FFO/AFFO of \$1.28/\$1.04 per share and a maximum FFO/AFFO of \$1.40/\$1.16 per share;

a minimum SSNOI percentile in the top 50% of the peer group of apartment REITs, with a target of a top third ranking among the peer group of apartment REITs and a maximum of a top ranking among the peer group of apartment REITs; and

balance sheet liquidity (achieving cash availability) based on targeted coverage of debt maturities for 2011, 2012 and 2013 by available resources and lines of credit, with a minimum deficit of \$660 million in net financial capabilities, a target deficit of \$435 million in net financial capabilities, and a maximum surplus of \$15 million in net financial capabilities.

Mr. Toomey's individual goals for 2011 were as follows: (1) capital management, (2) communications and responding to a changing market, and (3) team management. In evaluating Mr. Toomey's 2011 compensation, the Compensation Committee considered Mr. Toomey's accomplishment of his specific goals that included: (1) capital sourcing (including presenting alternatives, securing board agreement and pursuing capital), (2) preserving a strong liquidity position and strengthening the company's balance sheet, (3) identifying, defining and capitalizing on future growth opportunities, (4) evaluating assets and determining which can be improved upon to optimize performance, (5) identifying risks created by a changing market and proposing and implementing mitigation for those risks and (6) selecting qualified management and establishing an effective organizational structure, developing talent, hiring, developing and retaining senior management, and providing for management succession.

Short-Term Incentive Compensation of Senior Executive Vice President (Mr. Troupe). The Compensation Committee established Mr. Troupe's 2011 short-term incentive compensation with a target at \$700,000 and a range of up to \$1.4 million for exceeding targets, based 70% on company performance as measured by (1) 70% on achieving targeted FFO/AFFO, and (2) 30% on achieving targeted coverage of debt maturities for 2011-2013 by available resources and lines of credit, with the remaining 30% based on his individual performance. The Compensation Committee determined that these amounts were consistent with the target short-term incentive compensation as a percentage of overall compensation for the Senior Executive Vice President position and that they provide overall TDC potential within the TDC target for the Senior Executive Vice President. The Compensation Committee also made a subjective determination that these amounts were appropriate to motivate Mr. Troupe to achieve short-term company and individual goals and to help ensure Mr. Troupe's continued service with the company.

The annual performance metrics that were used for determining the 2011 short-term incentive compensation for Mr. Troupe were:

a minimum FFO/AFFO of \$1.21/\$0.97 per share, with a target FFO/AFFO of \$1.28/\$1.04 per share and a maximum AFFO of \$1.16 per share; and

balance sheet liquidity (achieving cash availability) based on targeted coverage of debt maturities for 2011, 2012 and 2013 by available resources and lines of credit, with a minimum deficit of \$660 million in net financial capabilities, a target deficit of \$435 million in net financial capabilities, and a maximum surplus of \$15 million in net financial capabilities.

Mr. Troupe's individual goals for 2011, and the weight accorded to each goal, were as follows: (1) capital management, weighted at 60%, (2) professional development, weighted at 25%, and (3) talent management, weighted at 15%. After reviewing the CEO's assessment of Mr. Troupe's performance, the Compensation Committee rated the majority of Mr. Troupe's individual performance above the 75th percentile based on the

Table of Contents

accomplishment of his specific goals that included: (1) access to new lines of capital, (2) managing capital transactions, (3) managing risk areas, (4) assisting in management of joint ventures and technology investments, (5) ensuring that staffing meets business goals, (6) providing leadership on critical issues, (7) enhancing communication with the investment community, and (8) delegating to subordinates. In addition, the Compensation Committee considered that Mr. Troupe's contributions were exceptional in the execution of acquisitions and dispositions in 2011, and in managing the company's joint venture relationships in a manner whereby the company secured new opportunities and investments and strengthened its relationships with its joint venture partners.

Short-Term Incentive Compensation of CFO (Mr. Messenger). The 2011 short-term incentive compensation for Mr. Messenger was not determined by company performance metrics, but instead was focused on the executive's performance of his respective job responsibilities, behavior factors, critical success factors and personal development. The Compensation Committee based our CFO's short-term compensation on individual performance instead of company performance because the Compensation Committee believes it is important to the company and its stockholders to avoid creating the possibility of any inappropriate risk taking by our CFO.

For Mr. Messenger, the weight accorded to each element of his individual performance was as follows: (1) 50% for job responsibilities, (2) 15% for behavior, (3) 25% for critical success factors, and (4) 10% for personal development. The Compensation Committee, in consultation with our CEO, rated Mr. Messenger's individual performance at the 55th percentile based on the accomplishment of his specific goals that included: (1) his management of financial functions, including improvements in modeling and integration with business units (2) his continued contributions to equity, debt and joint venture transactions, (3) his contribution in improving relationships with the analyst community and helping to build the company's internal investor relations function, (4) producing an accurate work product within established standards, and (5) contributing to ideas to improve the company's efficiency and effectiveness.

Short-Term Incentive Compensation of Senior Vice President - Property Operations (Mr. Davis). The range for Mr. Davis's 2011 short-term incentive compensation has been set by the Compensation Committee at \$260,000 to \$800,000, based 70% on company performance as measured by (1) 20% on achieving targeted AFFO, (2) 60% on SSNOI compared to the peer group of apartment REITs, and (3) 20% on development/redevelopment and commercial FFO targets, with the remaining 30% based on his individual performance. The Compensation Committee determined that these amounts were consistent with the target short-term incentive compensation as a percentage of overall compensation for the Senior Vice President - Property Operations position and that they provide overall TDC potential within the TDC target for the Senior Vice President - Property Operations. The Compensation Committee also made a subjective determination that these amounts were appropriate to motivate Mr. Davis to achieve short-term company and individual goals and to help ensure Mr. Davis's continued service with the company.

The annual performance metrics that were used for determining the 2011 short-term incentive compensation for Mr. Davis were:

a minimum FFO/AFFO of \$1.21/\$0.97 per share, with a target FFO/AFFO of \$1.28/\$1.04 per share and a maximum AFFO of \$1.16 per share;

a minimum SSNOI percentile in the top 50% of the peer group of apartment REITs, with a target of a top third ranking among the peer group of apartment REITs and a maximum of a top ranking among the peer group of apartment REITs; and

a minimum development/redevelopment and commercial FFO of \$34.3 million, with a target development/redevelopment and commercial FFO of \$38.1 million and a maximum development/redevelopment and commercial FFO of \$45.7 million.

Table of Contents

For Mr. Davis, the weight accorded to each element of his individual performance was as follows: (1) 60% for job responsibilities, (2) 10% for behavior, (3) 20% for critical success factors, and (4) 10% for personal development. The Compensation Committee, in consultation with our CEO, rated Mr. Davis' performance at the 70th percentile based on the accomplishment of his specific goals that included: (1) maintaining revenue leadership in the market; (2) improving controllable operating margin, (3) effectively managing non-mature properties, (4) managing technology, (5) managing human resources, and (6) providing overall leadership in the organization. In addition, the Compensation Committee considered that Mr. Davis' contributions were exceptional in the execution of acquisitions and dispositions in 2011 and the significant additions of communities in the new markets of Boston and New York.

Short-Term Incentive Compensation of Senior Vice President Asset Management (Mr. Alcock). The Compensation Committee established Mr. Alcock's 2011 short-term incentive compensation with a target at \$500,000 and a range up to \$1 million for exceeding targets, based 50% on company performance as measured by (1) 70% on achieving targeted AFFO, and (2) 30% on achieving targeted coverage of debt maturities for 2011-2013 by available resources and lines of credit, with the remaining 30% based on his individual performance. The Compensation Committee determined that these amounts were consistent with the target short-term incentive compensation as a percentage of overall compensation for the Senior Vice President Asset Management position and that they provide overall TDC potential within the TDC target for the Senior Vice President Asset Management. The Compensation Committee also made a subjective determination that these amounts were appropriate to motivate Mr. Alcock to achieve short-term company and individual goals and to help ensure Mr. Alcock's continued service with the company.

The annual performance metrics that were used for determining the 2011 short-term incentive compensation for Mr. Alcock were:

a minimum FFO/AFFO of \$1.21/\$0.97 per share, with a target FFO/AFFO of \$1.28/\$1.04 per share and a maximum AFFO of \$1.16 per share; and

balance sheet liquidity (achieving cash availability) based on targeted coverage of debt maturities for 2011, 2012 and 2013 by available resources and lines of credit, with a minimum deficit of \$660 million in net financial capabilities, a target deficit of \$435 million in net financial capabilities, and a maximum surplus of \$15 million in net financial capabilities.

For Mr. Alcock, the weight accorded to each element of his individual performance was as follows: (1) 15% for team management, (2) 10% for rehab projects, (3) 5% for asset quality, (4) 10% for development, (5) 50% for acquisitions and dispositions, and (6) 10% for executive team responsibilities. The Compensation Committee, in consultation with our CEO, rated Mr. Alcock's performance at the 90th percentile based on the accomplishment of his specific goals that included: (1) assisting in operational and function integration, (2) enhancing organizational development, (3) supervising development, redevelopment, asset quality and acquisitions and dispositions, (4) managing significant rehab projects across the portfolio, (5) completing all asset preservation within budget and maintaining the 5-year capital plan, (6) overseeing development projects in progress and acquisition of new development sites, (7) managing acquisitions and dispositions, (8) assisting in defining the company's competitive landscape, (9) providing input on strategic direction, and (10) participating in succession planning. In addition, the Compensation Committee considered that Mr. Alcock's contributions were exceptional in sourcing and acquiring communities in the New York market.

2011 Results. For 2011, the company generated FFO of \$1.28 per share, compared to the target FFO of \$1.28 per share, and AFFO of \$1.06, compared to the target AFFO of \$1.04. The company achieved development/redevelopment and commercial FFO of \$41.2 million, relative to the development/redevelopment and commercial FFO target of \$38.1 million. The company achieved the minimum SSNOI results with the company's operating performance ranking in the 50th percentile among the peer group of apartment REITs. The company exceeded the maximum target in balance sheet liquidity by achieving a surplus of \$175 million at year-end.

Table of Contents***LTI Compensation***

Under the 2010-2012 LTI Program, Messrs. Toomey, Troupe, Messenger, Alcock and Davis were awarded a grant of restricted shares of our common stock as set forth below, which will vest if the company meets certain performance targets during the three-year performance period.

Named Executive Officer	Three-Year Target Award Amount	Number of Target Award Shares Granted
Thomas W. Toomey	\$ 6,000,000	380,952
Warren L. Troupe	\$ 3,900,000	247,619
David L. Messenger	\$ 1,200,000	76,190
Jerry A. Davis	\$ 1,200,000	76,190
Harry G. Alcock	\$ 800,000	35,874

The restricted shares listed above were awarded to the named executive officers (except Mr. Alcock) on February 26, 2010 at a price of \$15.75 per share, based on the trailing 20-day volume weighted average price of our common stock on the date of the grant. Mr. Alcock's restricted shares were awarded on December 13, 2010 at a price of \$22.30, based on the trailing 20-day volume weighted average price of our common stock on the date of the grant. During the three-year performance period, dividends on the restricted shares will be reinvested into additional restricted shares of common stock, and such additional shares will be subject to the same performance requirements as the original shares granted.

The three performance targets that the company must achieve during the three-year performance period under the 2010-2012 LTI Program are as follows:

- (1) cumulative 2010-2012 cash flows of \$2.59 per common stock equivalent or \$431.3 million (based on funds from operations less capital expenditures, including, \$1,000 per stabilized home of recurring capital expenditures and the non-cash accounting charge associated with the company's convertible debt);
- (2) cumulative 2010-2012 dividends declared of \$2.33 per share of common stock; and
- (3) maintaining a balance sheet fixed charge ratio of 1.90x.

Vesting of the awards of the restricted shares of common stock is based on the company meeting these performance targets during the three-year performance period ending December 31, 2012. The shares will vest any time the performance targets are met during the three-year performance period. If the performance targets are not met during the three-year period, the performance period will be extended an additional year to December 31, 2013; however, if the performance period is extended an additional year under such circumstances, the cash flow target and the dividends declared target will each be increased by one-third, so that the cash flow target will increase from \$2.59 per common stock equivalent or \$431.3 million to \$3.46 per common stock equivalent or \$575.1 million, and the dividends per share declared target will increase from \$2.33 per share of common stock to \$3.11 per share of common stock.

The Compensation Committee retains discretion to adjust the 2010-2012 LTI Program if there is a material change in the company's business strategy or if there is a change in accounting regulations applicable to the company. The Compensation Committee also retains the discretion to reduce the restricted stock grant awards by up to 20% if it determines that such a reduction is in the best interests of the company's stockholders.

Total Direct Compensation

In analyzing the TDC of each of our named executive officers relative to comparable TDC amounts of the peer group, Mercer, the Compensation Committee's consultant, calculates TDC as the sum of total cash compensation

Table of Contents

and the annualized value of target long-term incentive compensation. TDC is targeted for the 75th percentile of the peer group when target performance objectives are met, and, when performance warrants, total direct compensation will exceed the 75th percentile of the peer group.

In calculating 2011 TDC for the named executive officers, Mercer has included the annualized portion of the value of target long-term incentive compensation under our 2010-2012 LTI Program. By contrast, for the purposes of the Summary Compensation Table below, the Securities and Exchange Commission requires that we report the entire aggregate grant date fair value of the shares of performance-based restricted stock granted under the 2010-2012 LTI Program in the year of the grant (which was 2010), and no other amounts for those awards in subsequent years, even though vesting of the restricted shares is based on the company meeting specified performance targets during a three-year performance period ending December 31, 2012. As a result, the 2011 Total Compensation amount reported for each of our named executive officers in the Summary Compensation Table is less than the 2011 TDC amount discussed below for each of our named executive officers, because the annualized value of the performance-based restricted stock granted in 2010 under the 2010-2012 LTI Program is not included in the Summary Compensation Table for the purpose of calculating Total Compensation.

Compensation of CEO (Mr. Toomey)

Base Salary. For 2011, Mr. Toomey received a base salary of \$500,000, which is the same base salary that he received for 2010. Mr. Toomey's salary is below the 25th percentile of CEO's of the peer group, which reflects our greater emphasis on at-risk incentive compensation for our more senior executive officers.

Short-Term Incentive Compensation and Bonus. In February 2012, the Compensation Committee awarded Mr. Toomey short-term incentive compensation in the amount of \$1,525,000 for fiscal 2011, based on the company's performance against the three annual performance metrics, and his individual performance, all as described above under *How We Determined Compensation for 2011 Short-Term Incentive Compensation*. Of the total amount, \$525,000 was attributable to the company's performance against the three annual performance metrics and the balance was attributable to Mr. Toomey's individual performance. In recognition of Mr. Toomey's exceptional contributions in 2011 as evidenced by the extraordinary achievements described above under the heading *Executive Summary*, the Compensation Committee awarded Mr. Toomey an additional bonus of \$1,175,000. Mr. Toomey elected to receive \$700,000 of the additional bonus in shares of restricted stock that vest in equal installments over three years from the date of grant.

Long-Term Incentive Compensation. Under the 2010-2012 LTI Program, in 2010 Mr. Toomey was awarded 380,952 target award restricted shares of our common stock with a three-year target award amount of \$6 million. The restricted shares will vest if the company meets certain performance targets described above during the three-year performance period.

Mr. Toomey's overall TDC of \$5.2 million places his 2011 compensation above the 75th percentile of the peer group for the CEO position based upon information available on the date when the compensation decisions were made, which is consistent with our compensation design and philosophy, as described above under *Compensation Design and Philosophy*.

Compensation of Senior Executive Vice President (Mr. Troupe)

Base Salary. For 2011, Mr. Troupe received an annual base salary of \$450,000, which is the same base salary that was received in 2010. The base salary is at approximately the 50th percentile for an executive officer performing similar functions at the peer group.

Short-Term Incentive Compensation and Bonus. In February 2012, the Compensation Committee awarded Mr. Troupe short-term incentive compensation in the total amount of \$1.17 million for fiscal 2011, based on the company's performance against the annual performance metrics, and his individual performance, all as described

above under *How We Determined Compensation for 2011 Short-Term Incentive Compensation*. Of the total amount, \$750,000 was attributable to the company's performance against the annual performance metrics and the remainder was attributable to Mr. Troupe's individual performance. In recognition of Mr. Troupe's exceptional contributions in the execution of acquisitions and dispositions in 2011 and in managing the company's joint venture relationships in a manner whereby the company secured new opportunities and investments and strengthened its relationships with joint venture partners, the Compensation Committee awarded Mr. Troupe an additional bonus of \$580,000.

Long-Term Incentive Compensation. Under the 2010-2012 LTI Program, in 2010 Mr. Troupe was awarded 247,619 target award restricted shares of our common stock with a three-year target award amount of \$3.9 million. The restricted shares will vest if the company meets certain performance targets described above during the three-year performance period.

Mr. Troupe's overall TDC of \$3.5 million places his 2011 compensation above the 75th percentile of the peer group for his position based upon information available on the date when the compensation decisions were made, which is consistent with our compensation design and philosophy.

Compensation of CFO (Mr. Messenger)

Base Salary. For 2011, Mr. Messenger received an annual base salary of \$300,000, which increased \$25,000 from the base salary that he received for 2010. Mr. Messenger's base salary is at approximately the 25th percentile of CFOs of the peer group performing similar duties as Mr. Messenger.

Short-Term Incentive Compensation. Upon reviewing Mr. Messenger's individual performance and his performance rating for 2011, and considering the scope of his responsibilities within the company and in relation to comparable officers at companies within the diversified public REIT peer group, in February 2012, the Compensation Committee awarded Mr. Messenger short-term incentive compensation in the amount of \$400,000 for fiscal 2011. The Compensation Committee determined that this amount was consistent with the target short-term incentive compensation as a percentage of overall compensation for the CFO position and that in light of his base salary and LTI compensation for 2011, it provides overall TDC potential consistent with the TDC target for the CFO position.

Long-Term Incentive Compensation. Under the 2010-2012 LTI Program, in 2010 Mr. Messenger was awarded 76,190 target award restricted shares of our common stock with a three-year target award amount of \$1.2 million. The restricted shares will vest if the company meets certain performance targets described above during the three-year performance period.

Mr. Messenger's overall TDC of \$1.1 million places his 2011 compensation at approximately the 40th percentile of the peer group for the CFO position based upon information available on the date when the compensation decisions were made, which is consistent with our compensation design and philosophy.

Compensation of Senior Vice President Property Operations (Mr. Davis)

Base Salary. For 2011, Mr. Davis received a base salary of \$300,000, which increased \$40,000 from the base salary that he received for 2010. Mr. Davis' base salary is below the 50th percentile for executive officers performing similar functions at the peer group.

Short-Term Incentive Compensation and Bonus. In February 2012, the Compensation Committee awarded Mr. Davis short-term incentive compensation in the total amount of \$438,000 for fiscal 2011, based on the company's performance against the annual performance metrics, and his individual performance, all as described above under *How We Determined Compensation for 2011 Short-Term Incentive Compensation*. Of the total amount, \$238,000 was attributable to the company's performance against the annual performance metrics and the

Table of Contents

remainder was attributable to Mr. Davis' individual performance. The Compensation Committee determined that \$300,000 of the short-term incentive compensation would be paid in shares of restricted stock that vest at the end of three years from the date of grant. In recognition of Mr. Davis' exceptional contributions in the execution of acquisitions and dispositions in 2011 and the significant additions of communities in new markets, particularly New York and Boston, the Compensation Committee awarded Mr. Davis an additional bonus of \$512,000.

Long-Term Incentive Compensation. Under the 2010-2012 LTI Program, in 2010 Mr. Davis was awarded 76,190 target award restricted shares of our common stock with a three-year target award amount of \$1.2 million. The restricted shares will vest if the company meets certain performance targets described above during the three-year performance period.

Mr. Davis' overall TDC of \$1.65 million places his 2011 compensation at approximately the 50th percentile of the peer group for his position based upon information available on the date when the compensation decisions were made, which is consistent with our compensation design and philosophy.

Compensation of Senior Vice President – Asset Management (Mr. Alcock)

Base Salary. For 2011, Mr. Alcock received a base salary of \$260,000. Mr. Alcock's base salary is below the 50th percentile for executive officers performing similar functions at the peer group.

Short-Term Incentive Compensation and Bonus. In February 2012, the Compensation Committee awarded Mr. Alcock short-term incentive compensation in the total amount of \$825,000 for fiscal 2011, based on the company's performance against the annual performance metrics, and his individual performance, all as described above under *How We Determined Compensation for 2011 – Short-Term Incentive Compensation*. Of the total amount, \$425,000 was attributable to the company's performance against the annual performance metrics and the remainder was attributable to Mr. Alcock's individual performance. The Compensation Committee determined that \$500,000 of the short-term incentive compensation would be paid in shares of restricted stock that vest in equal installments over three years from the date of grant. In recognition of Mr. Alcock's exceptional contributions in the sourcing and acquiring communities in the New York market, the Compensation Committee awarded Mr. Alcock an additional bonus of \$675,000.

Long-Term Incentive Compensation. Under the 2010-2012 LTI Program, in 2010 Mr. Alcock was awarded 35,874 target award restricted shares of our common stock with a three-year target award amount of \$800,000. The restricted shares will vest if the company meets certain performance targets described above during the three-year performance period.

Severance and Change of Control Arrangements

We provide a description of change of control provisions in our 1999 Long-Term Incentive Plan and in an employment agreement with one of our named executive officers, as well as our policy with respect to severance benefits, below under *Post-Employment Compensation – Severance and Change of Control Arrangements*.

Advisory Vote on Executive Compensation

At the 2011 annual meeting of stockholders, the stockholders approved, on an advisory basis, the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC. The Compensation Committee reviewed the final vote results for that resolution, and we have not made any changes.

Table of Contents

to our executive compensation policies or decisions as a result of the vote. We have determined that our stockholders should cast an advisory vote on the compensation of our named executive officers on an annual basis. Accordingly, our board recommends that you vote **FOR** Proposal 3 at the annual meeting. For more information, see *Proposal No. 3 Advisory Vote on Executive Compensation* in this proxy statement.

Accounting and Tax Effects

The impact of accounting treatment is considered in developing and implementing our compensation programs generally, including the accounting treatment as it applies to amounts awarded or paid to our executives. The impact of federal tax laws on our compensation programs is also considered, including the deductibility of compensation paid to our named executive officers, as regulated by Section 162(m) of the Code.

Under Section 162(m) of the Code, we may not receive a federal income tax deduction for compensation paid to our CEO or any of the three other most highly compensated executive officers (other than the CFO) employed on the last day of the fiscal year to the extent that any of such persons receive more than \$1,000,000 in compensation in the fiscal year. However, if we pay compensation that is performance-based under Section 162(m), we can receive a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single year.

Our 1999 Long-Term Incentive Plan has been designed to permit awards under the plan to qualify as performance-based and, therefore, compensation realized in connection with options and grants of restricted stock that qualify as performance-based are fully tax deductible on our federal income tax return. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible on our federal income tax returns.

The foregoing policy is subject to change as the Compensation Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and to serve our objectives and our stockholders.

The impact of Section 409A of the Code is also taken into account. The 1999 Long-Term Incentive Plan has been designed to comply with the requirements of Section 409A of the Code so as to avoid possible adverse tax consequences that may result from noncompliance.

Equity Granting Process

Grants of stock options, restricted stock and other equity awards to our executive officers and other employees are approved by the Compensation Committee at regularly scheduled meetings, or occasionally by unanimous written consent. If approval is made at a meeting, the grant date of the award is the date of the meeting; if approval is by unanimous written consent, the grant date of the award is the day the last Compensation Committee member signs the written consent.

We have no practice of timing grants of stock options, restricted stock and other equity awards to coordinate with the release of material non-public information, nor have we timed the release of material non-public information for the purpose of affecting the value of any named executive officer compensation.

Stock Ownership Guidelines

To align the interests of our executive officers with the interests of our stockholders, each of our executive officers is required to comply with our Executive Stock Ownership Guidelines. These guidelines require our executive officers to own a specified number of shares of the company's common stock as determined by the executive officer's position within four years of the date of the executive officer's employment or appointment with the company. The individual guidelines are as follows:

110,000 shares for the CEO and President,

Table of Contents

50,000 shares for any Executive Vice President (or equivalent), and

20,000 shares for any Senior Vice President (or equivalent).

All of our named executive officers are in compliance with the Executive Stock Ownership Guideline applicable to their position. The Governance Committee may, from time to time, re-evaluate and revise these guidelines to give effect to changes in the price of our common stock or our capitalization.

Stock that counts towards satisfaction of the ownership guidelines include:

shares owned outright by the participant or his or her immediate family members residing in the same household,

vested restricted stock, and

shares into which limited partnership units of United Dominion Realty, L.P. may be redeemed for shares of our common stock. A copy of our Executive Stock Ownership Guidelines may be found on our corporate governance page on our website at www.udr.com. To access the guidelines on our website, click on [Investor Relations](#) and then click on [Corporate Governance](#).

Hedging and Short Term Speculative Transactions

We prohibit any company personnel, including our named executive officers, from engaging in any short-term, speculative securities transactions without prior approval, including purchasing securities on margin, engaging in short sales, buying or selling put or call options, trading in options (other than those granted by the company) and engaging in hedging transactions.

Policy on Recoupment of Performance-Based Incentives

Our Compensation Committee adopted the Policy on Recoupment of Performance-Based Incentives, which applies to our executive officers, including our named executive officers, and their performance-based incentive compensation beginning with their compensation for the 2010 fiscal year. This policy provides that if the board determines that the company's financial statements are required to be restated as a result of fraud committed by an executive officer, the board may seek to recoup any portion of the performance-based awards that the executive officer would not have received if the company's financial results had been reported properly. The board administers the policy and determines, in its sole discretion, the amount of the performance-based award to be recouped.

Consideration of Risk

The Compensation Committee is aware of the current economic conditions and the consequences to companies that have not appropriately balanced risk and reward in executive compensation. The Compensation Committee believes that the emphasis on long-term performance in the 1999 Long-Term Incentive Plan results in an overall compensation program that does not reward excessive risk-taking for the company. The company's compensation strategy is intended to mitigate risk by emphasizing long-term compensation and financial performance measures correlated with growing stockholder value rather than rewarding shorter performance and payout periods. Typically 50% or less of our key executive officers' total compensation is base salary and short-term incentive compensation, while the remaining 50% is tied to company and individual performance.

Our Compensation Committee believes that our executive incentive compensation arrangements do not encourage our executives to take unnecessary or excessive risks that could threaten the value of our company.

Table of Contents

While performance-based compensation constitutes a significant percentage of our executives' overall total compensation and thereby the Compensation Committee believes motivates our executives to help fulfill our corporate mission and vision, including specific and focused company performance objectives, the non-performance based compensation, for most executives for most years, is also a sufficiently high percentage of overall total compensation that the Compensation Committee does not believe that unnecessary or excessive risk taking is encouraged by the performance-based compensation. In addition, a significant portion of executive's performance-based compensation is in the form of long-term equity incentives, which do not encourage unnecessary or excessive risk because they generally vest over a three to four year period of time thereby focusing the executives on our company's long-term interests. In order to align the interests of our executive officers with the interests of our stockholders, each of our executive officers is required to comply with our Executive Stock Ownership Guidelines. Further, the Compensation Committee has adopted the Policy on Recoupment of Performance-Based Incentives as a means of discouraging unnecessary or excessive risk taking.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with our management the Compensation Discussion and Analysis beginning on page 23 of this proxy statement. Based on such review and discussions, the Compensation Committee recommended to the board that the Compensation Discussion and Analysis be included in this proxy statement.

The Compensation Committee established the 2010-2012 LTI Program for the company's senior executive officers, including Messrs. Toomey, Troupe, Messenger, Davis and Alcock. Under the 2010-2012 LTI Program, the named executive officers were awarded a grant of restricted shares of our common stock as set forth below, which will vest if the company meets certain performance targets during the three-year performance period.

Named Executive Officer	Three-Year Target Award Amount	Number of Target Award Shares Granted
Thomas W. Toomey	\$ 6,000,000	380,952
Warren L. Troupe	\$ 3,900,000	247,619
David L. Messenger	\$ 1,200,000	76,190
Jerry A. Davis	\$ 1,200,000	76,190
Harry G. Alcock	\$ 800,000	35,874

The restricted shares listed above were awarded to the named executive officers (other than Mr. Alcock) on February 26, 2010 at a price of \$15.75 per share, based on the trailing 20-day volume weighted average price of our common stock on the date of the grant. Mr. Alcock's restricted shares were awarded on December 13, 2010 at a price of \$22.30, based on the trailing 20-day volume weighted average price of our common stock on the date of the grant. During the three-year performance period, dividends on the restricted shares will be reinvested into additional restricted shares of common stock, and such additional shares will be subject to the same performance requirements as the original shares granted. For additional information regarding the performance targets, the vesting of the awards and the discretion retained by the Compensation Committee, see *Compensation Discussion and Analysis - How We Determined Compensation for 2011 - LTI Compensation*.

Under the 2009 LTI plan for Messrs. Toomey and Troupe, the target, initial and actual award levels granted to Messrs. Toomey and Troupe were as follows:

	Amount of Award	Target/Actual Award (Shares)	Target/Actual Award (Options)	Target/Actual Award Option Strike Price
Thomas W. Toomey	\$ 2,000,000	-0-	1,680,672	\$ 10.06
Warren L. Troupe	\$ 1,300,000	58,151(1)	546,218	\$ 10.06

(1) The vesting of the shares (granted at a price of \$11.17 per share) was contingent on achieving an FFO of \$1.00 per share in 2009, which the company achieved.

Participants are paid dividends on the target award shares during the performance period. Subject to the participant's continued employment with us, the actual award shares vest pro rata over three years from the date of grant in three annual installments.

PARS Program

A part of our LTI compensation plan is Performance Accelerated Restricted Stock Awards, or PARS, under our 1999 Long-Term Incentive Plan. However, none of our Chief Executive Officer or any of the named executive officers is now eligible to participate in the PARS Program. Among our named executive officers, only Messrs. Messenger and Davis participated in the 2009 PARS Program.

Under our PARS Program, an executive may be awarded a number of shares of restricted common stock with a target grant date value equal to a percentage of the participating executive's base salary. The shares of restricted common stock may be adjusted, upward or downward, based on the company's FFO and incremental growth in

Table of Contents

FFO compared to selected peer companies in the REIT industry and our FFO targets during the performance period. The target award level is set by the Compensation Committee, in consultation with our CEO, each year and compares our performance to the relative performance of the selected peer companies during the performance period, which ends at the end of the fiscal year. Participants are paid dividends on the target award shares during the performance period.

The target award levels expressed as a percentage of the 2009 base salary, the initial number of shares and the actual number of shares granted to Messrs. Messenger and Davis under the 2009 PARS Program were as follows:

	Percentage of Base Salary	Target Award (Shares)	Actual Award (Shares)(1)
David L. Messenger	109%	21,548	16,161
Jerry A. Davis	125%	21,548	15,514

(1) The earned shares under the 2009 PARS were fully vested on January 1, 2012.

We do not have any nonqualified deferred compensation plans for our associates.

Employment and Other Agreements

Employment Agreement. In February 2008, we entered into an employment agreement with Warren L. Troupe, our Senior Executive Vice President, General Counsel and Corporate Secretary. Under the terms of the agreement, we have agreed to pay Mr. Troupe a base salary of \$450,000 per year, subject to annual review. The agreement also provides that Mr. Troupe is eligible to receive a discretionary cash bonus in the range of 200% to

Table of Contents

350% of his annual salary, based on our CEO's evaluation of Mr. Troupe's performance together with his ability to accomplish mutually established individual and corporate goals. Pursuant to the agreement, we also granted Mr. Troupe 176,911 shares of restricted common stock priced at approximately \$21.94 per share, which shares vested pro rata over a four-year period ending March 3, 2012. He was also granted an option to purchase 216,540 shares of our common stock at an exercise price of \$24.38 per share, which vested pro rata over a four-year period ending March 3, 2012. The agreement provides that Mr. Troupe will participate in our long-term incentive programs that are described above under the caption *Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table - LTI Plans*. The agreement also provides that Mr. Troupe will receive certain benefits upon a change of control that are described below under the caption *Post-Employment Compensation - Severance and Change of Control Arrangements*. Pursuant to the agreement, Mr. Troupe is eligible to enroll in our medical, dental, life and vision plans. Mr. Troupe's employment with us is at-will and may be terminated by us or by Mr. Troupe at any time for any reason and without a requirement of cause.

We do not have employment agreements or arrangements with any of our other named executive officers other than the agreements and compensation programs described elsewhere in this proxy statement.

Other Agreements with Executive Officers. In November 2005, we entered into an aircraft time-share agreement with Mr. Toomey. Under this aircraft time-share agreement, we agreed to lease an aircraft, including crew and flight services, to Mr. Toomey for personal flights from time to time upon his request. Mr. Toomey paid us a lease fee equal to all actual expenses of each specific flight within 30 days of receipt of the invoice from the company, which we will provide to Mr. Toomey on the last day of the month in which the flight occurred. This aircraft time-share agreement with Mr. Toomey could be terminated by either party upon ten days' notice and would automatically terminate upon the date Mr. Toomey is no longer employed by us.

In December 2011, we entered into an aircraft time-share agreement with each of Messrs. Toomey and Troupe. Under each aircraft time-share agreement, we have agreed to lease an aircraft, including crew and flight services, to Messrs. Toomey and Troupe for personal flights from time to time upon their request. Messrs. Toomey and Troupe will pay us a lease fee as may be set by the board from time to time for the flight expenses that may be charged under applicable regulations. We will invoice Mr. Toomey and Mr. Troupe on the last day of the month in which any respective flight occurs. Each aircraft time-share agreement will remain in effect until December 15, 2014, and each agreement may be terminated by either party upon ten days' prior written notice. Each agreement automatically terminates upon the date either Mr. Toomey or Mr. Troupe, respectively, are no longer employed by us.

In 2011, Mr. Toomey paid us \$106,480 and Mr. Troupe paid us \$4,960 for aircraft lease payments as contemplated by these agreements.

Post-Employment Compensation

Severance and Change of Control Arrangements

Change of Control. Under the provisions of our 1999 Long-Term Incentive Plan, all outstanding options, stock appreciation rights and other awards that may be exercised generally become fully exercisable and all restrictions on outstanding awards will lapse upon the occurrence of a change of control unless otherwise provided in the award agreement. Change of control is defined in the Plan as (1) a merger or consolidation in which we are not the surviving entity, except for a transaction the principal purpose of which is to change the state in which we are incorporated; (2) the transfer or sale of all or substantially all of our assets other than to an affiliate or subsidiary of ours; (3) the liquidation of our company; or (4) the acquisition by any person, or by a group of persons acting in concert, of more than 50% of our outstanding voting securities, which results in the resignation or addition of 50% or more independent members of our board.

In February 2008, we entered into an employment agreement with Mr. Troupe, and pursuant to the terms of the agreement, in the event of a change of control, as such term is defined in the 1999 Long-Term Incentive Plan, all of his outstanding options, restricted stock, and any other awards in the nature of rights that may be exercised

Table of Contents

shall become fully vested and immediately exercisable; all restrictions on any outstanding other awards held by Mr. Troupe (such as awards of restricted stock) shall lapse; and the balance in any deferred compensation plan or stockholder value plan shall become fully vested and immediately payable.

If a change in control occurred effective as of December 31, 2011, the value of the cash payments and the benefits provided (based on the exercise of options and the release of restrictions on previously granted stock awards) to each of the named executive officers would have been as follows:

Name	Cash Payments	Value of Outstanding Options	Value of Outstanding Restricted Stock Awards	Value of Unused Vacation	Total
Thomas W. Toomey	-	\$ 8,425,769	\$ 579,132	\$ 48,349	\$ 9,053,250
Warren L. Troupe	-	\$ 2,738,378	\$ 1,592,269	\$ 34,615	\$ 4,365,262
David L. Messenger	-	-	\$ 348,112	\$ 28,832	\$ 376,944
Jerry A. Davis	-	-	\$ 251,653	\$ 4,712	\$ 256,365
Harry G. Alcock	-	-	-	\$ 16,154	\$ 16,154

Severance Benefits. We believe that, in order to attract and retain the best management talent, companies should provide reasonable severance benefits to employees. We believe these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. They also should disentangle the company from the former employee as soon as practicable. With respect to our senior management, severance benefits are individually negotiated.

With the exception of the agreement with Mr. Troupe, we currently do not have any other contractual severance arrangements with our named executive officers.

Compensation Risks

We have reviewed our overall compensation programs and practices for our employees, and we believe that any risks arising from those compensation policies and practices are not reasonably likely to have a material adverse effect on the company. In reaching this conclusion, we reviewed the incentives created by our compensation policies and practices, how those incentives may create risks, and the mitigating factors or controls that addressed the potential adverse effect of any such risks. As with the compensation programs and practices in place for our executive officers, we do not believe that any of our incentive compensation arrangements for employees encourage them to take unnecessary or excessive risks that could threaten the value of our company.

Review, Approval or Ratification of**Transactions with Related Persons**

Our board has adopted a policy relating to the review, approval and ratification of transactions with related persons. The company recognizes that there are situations where related person transactions may be in, or not inconsistent with, the best interest of the company and therefore the board adopted a written policy to provide a procedure for the review, approval or ratification of related person transactions. The policy applies to any transaction, the amount of which exceeds \$120,000, between the company and any person who is a director, executive officer or the beneficial owner of more than 5% of any class of the company's voting securities. Any related person transaction is subject to approval by the board or the executive committee of the board.

AUDIT COMMITTEE REPORT

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this proxy statement or future filings with the Securities and Exchange Commission, in whole or part, the following report shall not be deemed to be incorporated by reference into any such filing.

The Audit Committee has reviewed and discussed our unaudited financial statements for the quarters ended March 31, June 30 and September 30, 2011 and our December 31, 2011 audited financial statements with management and with Ernst & Young LLP, our independent accountants. Each member of the Audit Committee is independent in accordance with the applicable corporate governance listing standards of the NYSE.

The Audit Committee has also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. This included (1) the auditor's judgment about the quality, not just the acceptability, of our accounting principles as applied in our financial reporting, (2) methods used to account for significant unusual transactions, (3) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus, (4) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates, (5) the auditor's responsibility for other information containing audited financial statements, such as Management's Discussion and Analysis of Financial Conditions and Results of Operation, the level of responsibility assumed by the auditor in auditing the financial statements

and that such audit is designed to obtain reasonable, rather than absolute, assurance about financial statements, and (6) any disagreements with management over the application of accounting principles.

Table of Contents

In addition, the Audit Committee has received from Ernst & Young LLP the written disclosures required by Rule 3526 of the Public Company Accounting Oversight Board, Communication with Audit Committees Concerning Independence, regarding their independence, and has discussed with Ernst & Young LLP their independence relative to us, including whether the provision of their services is compatible with maintaining Ernst & Young LLP's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the board that the December 31, 2011 audited financial statements be included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Pre-Approval Policies and Procedures

The charter of the Audit Committee provides that the Audit Committee is responsible for the pre-approval of all audit and permitted non-audit services to be performed for the company by the independent auditors. All of the fees paid to the independent auditors that are shown in the chart above for 2011 were approved by the Audit Committee in accordance with the procedures described below.

The Audit Committee reviews at its meetings audit and non-audit services proposed to be provided by the independent registered public accounting firm. The Committee has delegated to the Chair, or an alternate member of the Audit Committee, the authority to grant pre-approvals if either deems it necessary or appropriate to consider a pre-approval request without a meeting of the full Audit Committee. Pre-approvals by the Chair or alternate member are reviewed with the Audit Committee at its next regularly scheduled meeting.

In considering the pre-approval of proposed audit or non-audit services by the independent auditors, management reviews with the Audit Committee or its delegate, a description of and the budget for the proposed service and the reasons that the independent auditors are being requested to provide the services, including any possible impact on the independence of the independent auditors. Additional Audit Committee approval is required if the pre-approved services exceed the pre-approved budgeted amount for the services.

PROPOSAL NO. 2

**RATIFICATION OF APPOINTMENT
OF INDEPENDENT AUDITORS**

Ernst & Young LLP, independent registered public accounting firm, served as our auditors for fiscal 2011. Our Audit Committee has selected Ernst & Young LLP to audit our financial statements for fiscal 2012. We expect that a representative of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to answer any appropriate questions from stockholders.

Vote Required and Board of Directors Recommendation

Although it is not required to do so, the board is submitting the Audit Committee's selection of our independent registered public accounting firm for ratification by the stockholders at the meeting in order to ascertain the view of our stockholders regarding such selection. The affirmative vote of a majority of the votes cast at the meeting will be required to approve this proposal. In the event the stockholders do not ratify this appointment, the Audit Committee will reconsider its selection, but still may determine that the appointment of our independent registered public accounting firm is in the best interests of the company and its stockholders. Even if the appointment is ratified by the stockholders, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the company and its stockholders.

**Our board recommends that the stockholders vote FOR
the ratification of the appointment of Ernst & Young LLP
as our independent registered public accounting firm for fiscal 2012.**

PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 added Section 14A to the Exchange Act, which enables our stockholders to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading *Executive Compensation – Compensation Discussion and Analysis*, our executive compensation programs are designed to further our strategic plan and our goal of increasing stockholder value by providing equitable economic motivation to our executive officers and other key employees. Our compensation philosophy is that total direct compensation, which consists of base salary, short-term incentive compensation and long-term incentive compensation, should be targeted for the 75th percentile of the peer group when target performance objectives are met, and, when performance warrants, total direct compensation will exceed the 75th percentile of the peer group. In addition, the Compensation Committee may also determine, in its discretion, that it is appropriate to award additional bonuses in recognition of exceptional performance and in the case of other extraordinary circumstances. The mix, level and structure of the components of total direct compensation generally reflect real estate industry practices as well as the executive's role and relative impact on business results consistent with our variable pay-for-performance philosophy. Please read the *Executive Compensation* section beginning on page 23, which includes the Compensation Discussion and Analysis, the tabular disclosure regarding the compensation of our named executive officers and the accompanying narrative disclosure set forth in this proxy statement for additional details about our executive compensation programs, including information about the fiscal year 2011 compensation of our named executive officers.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. Accordingly, our board is asking our stockholders to cast a non-binding advisory vote **FOR** the following resolution at the annual meeting:

RESOLVED, that the company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the company's Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

Vote Required and Board of Directors Recommendation

The vote on the compensation of our named executive officers as disclosed in this proxy statement is advisory, and therefore not binding on the company, the Compensation Committee or our board. Our board and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. We have determined that our stockholders should cast an advisory vote on the compensation of our named executive officers on an annual basis. Unless this policy changes, the next advisory vote on the compensation of our named executive officers will be at the 2013 annual meeting of stockholders. The affirmative vote of a majority of votes cast is required to approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the company's proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

Our board recommends that the stockholders vote **FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission.**
