Item 8.01 Other Events

As previously announced, on February 5, 2015, Frontier Communications Corporation (Frontier) entered into a Securities Purchase Agreement to acquire the wireline properties of Verizon Communications Inc. (Verizon) in California, Florida and Texas (the Transaction). Prior to the closing of the Transaction, Verizon will contribute, to a newly formed entity, the three Verizon subsidiaries that own Verizon 's wireline properties in the three states and conduct its Separate Telephone Operations there; Frontier will acquire that newly formed entity at the closing. Frontier is filing this Current Report on Form 8-K to present the unaudited interim condensed combined statements of assets, liabilities and parent funding of Verizon Communications Inc. 's Separate Telephone Operations in California, Florida and Texas (the Group) as of March 31, 2015 and the related unaudited interim condensed combined statements of income and comprehensive income, and cash flows for the three month periods ended March 31, 2015 and 2014, which are filed as Exhibit 99.1 hereto.

Frontier is also filing on this Current Report on Form 8-K the Group 's (i) Management 's Discussion and Analysis of Financial Condition and Results of Operations as of and for the three month periods ended March 31, 2015 and 2014, filed as Exhibit 99.2 hereto, which should be read in conjunction with the financial statements referenced above, and (ii) Management 's Discussion and Analysis of Financial Condition and Results of Operations as of and for the three years ended December 31, 2014, filed as Exhibit 99.3 hereto, which should be read in conjunction with the Group 's financial statements as of and for the three years ended December 31, 2014, previously filed on Frontier 's Current Report on Form 8-K on May 4, 2015.

As part of the Transaction, certain assets and liabilities that are included in the Group 's financial statements will not be acquired by Frontier and will be retained by Verizon, and certain other assets and liabilities that are not included in the Group 's financial statements will be acquired by Frontier. This Current Report on Form 8-K also presents the unaudited pro forma condensed combined financial statements of Frontier, after giving effect to the Transaction, as of and for the three month period ended March 31, 2015 and the unaudited pro forma condensed combined financial statements of Frontier, after giving effect to the Transaction and the Connecticut Acquisition (as defined below), for the year ended December 31, 2014, which are filed as Exhibit 99.4 hereto. These pro forma financial statements assume that the cash consideration for the Transaction will be financed with the proceeds of Frontier 's anticipated equity and equity-linked offerings in an aggregate amount of approximately \$2.5 billion, with the remainder of the cash consideration to be financed with approximately \$8.350 billion in borrowings under Frontier 's currently existing bridge financing commitments at the interest rates contained in those bridge commitments. Frontier does not currently intend to complete the Transaction with any borrowings under its currently existing bridge financing, but instead currently intends to raise the approximately \$8.350 billion by completing certain debt offerings prior to the closing of the Transaction. At this time, however, Frontier can give no assurance that the debt offerings will be successfully completed in a timely fashion or at all, or on terms deemed acceptable by us. Failure to complete one or more such offerings would require Frontier to draw on its existing bridge financing for the applicable amount.

On October 24, 2014, Frontier completed the acquisition of the wireline properties of AT&T Inc. (AT&T) in Connecticut, by acquiring all of the issued and outstanding capital stock of The Southern New England Telephone Company and SNET America, Inc. (the Transferred Companies) (the Connecticut Acquisition). Prior to the closing of the Connecticut Acquisition, (i) AT&T transferred to the Transferred Companies certain assets and caused the Transferred Companies to assume certain liabilities relating to the business to be acquired and (ii) the Transferred Companies transferred to AT&T certain assets, and AT&T assumed certain liabilities of the Transferred Companies, to be retained by AT&T following the closing (the Transferred Companies, after giving effect to such transactions, being referred to as the Connecticut Operations).
