On the mailing date of the Notice, all shareholders will have the ability to access all of the proxy materials, including the proxy statement, on a website referred to in the Notice and the proxy statement. The Company believes this method allows the Company to provide you with the information you need while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting.

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

Your vote is important, and it is important that your shares be represented at the Annual Meeting, no matter how many shares you own. 2015 Business Highlights

Our fiscal 2015 results reflected the effect of the significant strengthening of the U.S. dollar throughout 2015 and other macroeconomic conditions that negatively impacted the capital budgets of many of our customers. Although our financial results did not meet our internal targets, there were a number of highlights in 2015:

Product innovation In the first quarter of 2015, we launched the FARO Freestyle[®] laser scanner. This handheld laser scanner can quickly document rooms, structures and objects in 3D and create high-definition point clouds. We also launched the FARO Freestyle^{3D}X in the third quarter of 2015, which delivers enhanced scanning accuracy of 1 millimeter at a 1 meter range.

Strategic acquisitions In the first quarter of 2015, we completed the acquisition of kubit GmbH and ARAS 360 Technologies Inc. These software businesses provide us with the opportunity to offer our customers a complementary suite of integrated 3D documentation products within the public safety and Building Information Modeling (BIM)/ Construction Information Management (CIM) markets.

Infrastructure investment To support future growth and to enhance our business information and transactions systems and financial reporting, we implemented SAP, an enterprise resource planning (ERP) system. SAP was implemented in phases, beginning with the Americas region, where implementation commenced at the start of the fourth quarter of 2014. The implementation continued in 2015 in the Europe/Africa region and was completed in the Asia-Pacific region in the fourth quarter of 2015.

Share repurchases In October 2015, our Board of Directors authorized an increase to our existing share repurchase program from \$30 million to \$50 million. In the fourth quarter of 2015, we repurchased 809,241 shares under the program for a total cash payment of \$22.8 million. As of December 31, 2015, we had authorization to repurchase \$18.3 million remaining under the repurchase program.

Leadership Transition

In December 2015, we announced the resignation of Jay Freeland, who had served as our President and Chief Executive Officer since 2006, and the appointment of Dr. Simon Raab, our co-founder and Chairman, as interim President and Chief Executive Officer. Under Dr. Raab's leadership, we are undertaking several important initiatives to target specific vertical markets, better leverage our sales organization through process modernization, and harmonize our global functions to improve effectiveness and reduce SG&A expenses as a percentage of sales, while also accelerating and maintaining a consistent schedule of new product introductions.

Compensation Highlights

The compensation our named executive officers earned in 2015 reflects our financial performance in 2015, as described in our Compensation Discussion and Analysis and as reflected in the Summary Compensation Table in this proxy statement.

We did not meet the goals we set for ourselves and, thus, our eligible executive officers received between 21% and 39% of their target short-term incentive compensation.

To better align the interests and rewards of our named executive officers with the long-term interests of our shareholders and drive the achievement of our purpose and vision, we changed our long-term equity awards granted to our executives in 2015 to be exclusively performance-based incentive compensation, with awards earned based on both quantitative and qualitative factors.

Corporate Governance

Our corporate governance policies reflect many components of what are widely considered to be best practices:

We have a director resignation policy for those director nominees who receive more withheld than for votes in uncontested elections.

Five of our six current directors are independent and only independent directors serve on the Audit, Compensation, and Governance and Nominating Committees.

Executive sessions of the independent directors are held at each in-person Board meeting.

Hedging transactions of our stock are prohibited for all directors and executive officers.

Significant stock ownership requirements are in place for directors and executive officers. Under these guidelines, our Chief Executive Officer is required to own stock having a value equal to at least six times his annual base salary, the other named executive officers are required to own stock having a value equal to at least two times their respective annual base salaries and our non-employee directors are required to own stock having a value equal to at least \$300,000.

Our clawback policy applies to executive officers' performance-based incentive compensation in the event of a restatement of our financial statements due to misconduct.

Shareholder Engagement

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

We believe that building positive relationships with our shareholders is critical to our long-term success. We value our relationship with our shareholders and believe that we strengthen our ability to lead the Company by constructively engaging with our shareholders in discussing our business and operations. For this reason, our management team regularly offers to, and does frequently, meet with shareholders to discuss our quarterly and annual results, operations and other topics of interest to shareholders.

We were pleased that our shareholders overwhelmingly approved the non-binding advisory vote on our executive compensation in 2015 with approximately 98% of votes cast in favor of the proposal. Nevertheless, we continue to examine our executive compensation program to assure alignment between the interests of our executive officers and our shareholders as noted in the Compensation Highlights above.

PROXY STATEMENT FOR

2016 ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of FARO Technologies, Inc. (FARO, the Company, we, us or our) for use at the 2016 Annual Meeting of Shareholders (the Annual Meeting), to be held on May 13, 2016 at 9:00 a.m., Eastern time, at our principal executive offices, located at 250 Technology Park, Lake Mary, Florida 32746, and at any adjournment or postponement of the Annual Meeting. The telephone number at our principal executive offices is (407) 333-9911.

In accordance with the e-proxy rules adopted by the Securities and Exchange Commission (SEC), we are providing access to our proxy materials primarily by furnishing the proxy materials to our shareholders on the Internet, rather than mailing paper copies of the materials to each shareholder. On or about April 1, 2016, we will mail a Notice of Internet Availability of Proxy Materials (the Notice) to the majority of our shareholders, and on or about the same date, we will mail a printed copy of the proxy statement and a proxy card to shareholders who have requested to receive them. On the mailing date of the Notice, all shareholders will have the ability to access all of the proxy materials, including the proxy statement, on a website referred to in the Notice and this proxy statement. The Notice contains instructions on how to access and review the proxy materials, including the proxy statement and annual report to shareholders, over the Internet, how to request paper copies of the proxy materials and how shareholders can submit their proxies on the Internet. Brokerage firms and other nominees who hold shares on behalf of beneficial owners will be sending their own similar Notice.

Internet distribution of the proxy materials is designed to expedite receipt by shareholders, lower the cost of the Annual Meeting, and conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice.

A list of shareholders entitled to vote at the Annual Meeting will be available for inspection by any shareholder at our principal executive offices for a period of ten days prior to the Annual Meeting and at the Annual Meeting itself.

This Proxy Statement and our 2015 Annual Report, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2015, are available to shareholders at: www.proxyvote.com. Our 2015 Annual Report is not to be considered a part of these proxy materials or as having been incorporated by reference into this Proxy Statement.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will vote on the following matters:

1.

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

the election of two directors, John Caldwell and John Donofrio, to the Board of Directors to serve for a three-year term expiring at the Annual Meeting of Shareholders in 2019;

Table of Contents

2. the ratification of Grant Thornton LLP as our independent registered public accounting firm for 2016; and

3. a non-binding resolution to approve the compensation of our named executive officers.

Shareholders will also transact any other business that may properly come before the Annual Meeting. Once the business of the Annual Meeting is concluded, shareholders will have an opportunity to ask questions as time permits. Members of our management and representatives of Grant Thornton LLP, our independent registered public accounting firm, will be present to respond to appropriate questions from shareholders.

Why am I receiving these materials?

We have made these proxy materials available to you on the Internet or, upon your request, have delivered printed versions of these proxy materials to you by mail, in connection with our solicitation of proxies for use at the Annual Meeting. This Proxy Statement describes matters we would like you to vote on at the Annual Meeting. It also provides you with information about these matters so that you can make an informed decision. These proxy materials were first sent or made available to shareholders on or about April 1, 2016.

What is included in these proxy materials?

These proxy materials include:

The Notice of 2016 Annual Meeting of Shareholders;

This Proxy Statement for the Annual Meeting; and

Our 2015 Annual Report, which includes our Annual Report on Form 10-K for the year ended December 31, 2015, as filed with the SEC on February 29, 2016 (the Annual Report).

If you requested printed versions of the proxy materials by mail, we will also include the proxy card or voting instruction form for the Annual Meeting.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we are using the Internet as the primary means of furnishing proxy materials to shareholders this year. Accordingly, we are sending a Notice to the majority of our shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a printed copy of the proxy materials may be found in the Notice. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. We encourage shareholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings, and reduce our cost associated with the physical printing and mailing of materials.

I share an address with another shareholder, and we received only one Notice or one paper copy of the proxy materials. How can I obtain an additional copy of the proxy materials?

We have adopted an SEC-approved procedure called householding. Under this procedure, we may deliver a single copy of the Notice and, if applicable, this Proxy Statement and the Annual Report to multiple shareholders who share the same address unless we have received contrary instructions from one or more of the shareholders. This procedure reduces the environmental impact of our annual meetings, and reduces our printing and mailing costs. Shareholders who participate in householding will continue to receive separate proxy cards if they received a printed set of the proxy materials. Upon written or oral request, we will deliver promptly a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report to any shareholder at a shared address to which we delivered a single copy of any of these documents.

Table of Contents

To receive free of charge a separate copy of the Notice and, if applicable, this Proxy Statement or the Annual Report, or separate copies of any future notice, proxy statement or annual report, shareholders may write or call us at the following:

FARO TECHNOLOGIES, INC.

Attn: Investor Relations

250 Technology Park

Lake Mary, Florida 32746

1-800-736-0234

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to use the Internet to:

View our proxy materials for the Annual Meeting; and

Instruct us to send future proxy materials to you by e-mail.

Our proxy materials are also available at www.proxyvote.com. This website address is included for reference only. The information contained on, or accessible through, this website or our website is not incorporated by reference into this Proxy Statement.

Choosing to receive future proxy materials by e-mail will reduce the impact of our annual meetings on the environment and will save us the cost of printing and mailing documents to you. If you choose to receive future proxy materials by e-mail, you will receive an e-mail message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

What is a proxy?

A proxy is your legal designation of another person, also referred to as a proxy, to vote your shares of stock on your behalf. The written document providing notice of the Annual Meeting and describing the matters to be considered and voted on is called a proxy statement. The document used to designate a proxy to vote your shares of stock is called a proxy card. Our board of directors has designated two of our officers, Dr. Simon Raab, our interim President and Chief Executive Officer (CEO), and Jody Gale, our Senior Vice President, General Counsel and Secretary, as proxies for the Annual Meeting.

Who is entitled to vote?

Holders of our common stock outstanding as of the close of business on March 24, 2016 (the Record Date) are entitled to vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of common stock he or she held on the Record Date.

If your shares are held by a bank or brokerage firm, you are considered the beneficial owner of shares held in street name. If your shares are held in street name, your bank or brokerage firm (the record holder of your shares) will forward a Notice or, if applicable, a printed set of these proxy materials, along with a voting instruction card, to you. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to routine items, but it will not be permitted to vote your shares with respect to non-routine items. In the case of a non-routine item, your shares will be considered broker non-votes on that proposal.

Who can attend the Annual Meeting?

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

All FARO shareholders, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Appointing a proxy in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Please note that if you hold your shares in street name, you will need to

Table of Contents

bring a copy of your bank or brokerage statement reflecting your stock ownership as of the Record Date to gain admission to the Annual Meeting. Shareholders must also present a form of personal photo identification to be admitted to the Annual Meeting.

How do I vote?

If you own shares registered directly with our transfer agent on the close of business on the Record Date, you may vote:

over the Internet, through the website shown on your Notice or proxy card;

by telephone, by calling toll-free 1-800-690-6903 in the United States from any touch-tone telephone and following the instructions; or

If you received a printed set of proxy materials, by mailing your signed proxy card in the postage paid envelope provided. If your shares are held in street name, your bank or brokerage firm will forward a Notice or, if applicable, a printed set of these proxy materials, as well as a voting instruction card, to you. Please follow the instructions on the Notice or voting instruction card to vote your shares. Your bank or brokerage firm may also allow you to vote by telephone or the Internet.

If you are a registered shareholder and you attend the Annual Meeting, you may deliver a completed proxy card in person. Additionally, we will pass out written ballots to registered shareholders who wish to vote in person at the meeting. Beneficial owners of shares held in street name who wish to vote at the Annual Meeting will need to obtain a power of attorney or legal proxy from their record holder to do so.

How many shares must be present to hold the meeting?

A quorum of shareholders is necessary to hold a valid shareholders meeting. A majority of the 16,651,622 shares of common stock outstanding on the Record Date and entitled to be cast on any matter at the Annual Meeting must be represented, in person or by proxy, to constitute a quorum at the Annual Meeting. If you vote, your shares will be included in the number of shares to establish the quorum. Shares that are voted ABSTAIN, properly executed proxy cards or voting instruction cards that are returned without voting instructions and shares treated as broker non-votes will be counted as present for the purpose of determining whether the quorum requirement is satisfied.

Once a share is represented at the Annual Meeting, it will be deemed present for quorum purposes throughout the Annual Meeting (including any adjournment or postponement of the Annual Meeting unless a new record date is or must be set for such adjournment or postponement).

If a quorum is not present at the scheduled time of the Annual Meeting, a majority of the shareholders who are represented, in person or by proxy, at the meeting may adjourn the Annual Meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the meeting at the time of adjournment, and no other notice will be given unless the Board of Directors fixes a new record date.

How many shares must be present to consider each matter at the Annual Meeting?

The presence, in person or by proxy, of a majority of the votes entitled to be cast on a specific proposal will constitute a quorum for that proposal. Even if a quorum is established for the Annual Meeting, it is possible that a quorum may not be established for a specific proposal presented at the Annual Meeting. Shares that are voted ABSTAIN or properly executed proxy cards or voting instructions cards that are returned without voting instructions will be counted as present for the purpose of determining whether the quorum requirement is satisfied for all proposals at the Annual Meeting. If your shares are held in street name and you do not provide

Table of Contents

voting instructions to your bank or broker, your shares will not affect the determination of whether a quorum exists for proposals 1 or 3, but your shares will be counted as present for the purpose of determining whether the quorum requirement is satisfied for proposal 2.

How are proxies voted?

All shares represented by valid proxies received prior to the taking of the vote at the Annual Meeting will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder's instructions.

What is the effect of not voting?

If you are a registered shareholder and you submit a proxy but do not provide any voting instructions, your shares will be voted:

FOR the election of John Caldwell and John Donofrio to the Board of Directors;

FOR the ratification of Grant Thornton LLP as our independent registered public accounting firm for 2016; and

FOR the approval of the compensation of our named executive officers.

If you are a registered shareholder and you do not vote, your un-voted shares will not count toward the quorum requirement for the Annual Meeting or any proposal considered at the Annual Meeting. If a quorum is obtained, your un-voted shares will not affect the outcome of any proposal.

If you own shares in street name and do not instruct your bank or brokerage firm how to vote your shares, your bank, broker, or other holder of record may not vote your shares on non-routine matters such as Proposal 1 Election of Directors or Proposal 3 Advisory Vote on Executive Compensation, and your shares will be considered broker non-votes on those proposals. However, it may vote your shares in its discretion on routine proposals such as Proposal 2 Ratification of Independent Registered Public Accounting Firm.

Abstentions (or Withhold votes for the election of directors) and broker non-votes will not affect the outcome of any proposals considered at the Annual Meeting.

Can I change my vote after I return my proxy card or vote by telephone or the Internet?

Yes. If you are a registered shareholder, even after you have submitted your proxy, you can change your vote by:

properly completing and signing another proxy card with a later date and returning the proxy card prior to the Annual Meeting;

voting again by telephone or the Internet until 11:59 pm, Eastern time, on May 12, 2016;

giving written notice of your revocation to FARO Technologies, Inc., Attention: Secretary, 250 Technology Park, Lake Mary, Florida 32746, prior to or at the Annual Meeting; or

voting in person at the Annual Meeting.

Your presence at the Annual Meeting will not in itself revoke your proxy; you must obtain a ballot and vote at the Annual Meeting to revoke your proxy. Unless properly changed or revoked, the shares represented by proxies received prior to the Annual Meeting will be voted at the

Annual Meeting.

If you hold your shares in street name, the above options for changing your vote do not apply, and you must instead follow the instructions received from your bank or broker to change your vote.

Table of Contents

What are the Board's recommendations on the proposals?

The Board recommends that you vote your shares as follows:

Proposal 1 FOR the election of the two nominees for director, John Caldwell and John Donofrio, each with a three-year term expiring at the Annual Meeting of Shareholders in 2019;

Proposal 2 FOR the ratification of Grant Thornton LLP as our independent registered public accounting firm for 2016; and

Proposal 3 FOR the approval of the compensation of our named executive officers.

What vote is required to elect the director nominees?

The affirmative vote of a plurality of the votes cast is required for the election of directors, which means that the two nominees for director receiving the greatest number of votes will be elected. If you vote Withhold with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum. Broker non-votes will have no impact on either the determination of a quorum for the election of directors or the outcome of the election.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have voted Withhold with respect to the original nominee.

How many votes are required to ratify the appointment of the Company's independent registered public accounting firm?

The ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for 2016 requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions will have no impact on the outcome of this matter. Because this matter is a routine proposal, there will be no broker non-votes associated with this proposal.

How many votes are required to approve the advisory vote on the compensation of the Company's named executive officers?

The approval of the non-binding resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions and broker non-votes will have no impact on the outcome of this matter.

Are there any other items to be discussed during the Annual Meeting?

We are not aware of any other matters that you will be asked to vote on at the Annual Meeting. If other matters are properly brought before the Annual Meeting and you have returned a proxy card, with or without voting instructions, or have voted by telephone or the Internet, the proxy holders will use their discretion in voting your shares on these matters as they may arise.

Who will count the vote?

Broadridge Financial Solutions, Inc. will count the vote and will serve as the inspector of election.

Who pays to prepare, mail, and solicit the proxies?

Proxies may be solicited by personal meeting, Internet, e-mail, advertisement, telephone, and facsimile machine, as well as by use of the mails. Solicitations may be made by our directors, officers, and other employees, as well as our investor relations firm, none of whom will receive additional compensation for such

Table of Contents

solicitations. We will bear the cost of soliciting proxies. Arrangements will be made, as appropriate, with banks, brokerage houses, and other custodians, nominees or fiduciaries to forward soliciting materials to the beneficial owners of the shares, and we will reimburse such persons for their out-of-pocket expenses incurred in providing those services.

Where can I find the voting results of the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be tallied by the inspector of election after the taking of the vote at the Annual Meeting. We will publish the final voting results in a Current Report on Form 8-K, which we are required to file with the SEC within four business days following the Annual Meeting.

Will I receive a copy of the Annual Report?

You may obtain a copy of the Annual Report by writing to our Investor Relations department at 250 Technology Park, Lake Mary, Florida 32746, by calling 1-800-736-0234, by e-mailing our Investor Relations department at InvestorRelations@faro.com or by accessing www.proxyvote.com. Our Annual Report is not incorporated by reference into this Proxy Statement and is not considered proxy soliciting material.

Where can I find Corporate Governance materials for the Company?

Our Amended and Restated Articles of Incorporation, Amended and Restated Bylaws, Code of Ethics for Senior Financial Officers, Global Ethics Policy and Corporate Governance Guidelines and the Charters for the Audit, Operational Audit, Compensation, and Governance and Nominating Committees of our Board of Directors are published on our website at www.faro.com, by first clicking Investor Relations and then Leadership and Governance. We are not including the information contained on or accessible through our website as a part of, or incorporating such information by reference into, this Proxy Statement.

How can I contact the members of the Board?

Shareholders may communicate with the full Board or individual directors by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the individual director(s)), 250 Technology Park, Lake Mary, Florida 32746. Communications should be sent by overnight or certified mail, return receipt requested. Such communications will be delivered directly to the Board or the individual director(s), as designated on such communication.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 1, THE ELECTION OF JOHN CALDWELL AND JOHN DONOFRIO TO THE BOARD OF DIRECTORS.

The Board of Directors is divided into three classes, as nearly equal as possible, with one class of directors elected each year for a three-year term. Each director's term is subject to the election and qualification of his or her respective successor, or such director's earlier death, resignation or removal. The Board currently consists of six members. Two directors have terms that expire at this year's Annual Meeting, two directors have terms that expire at the 2017 Annual Meeting of Shareholders, and two directors have terms that expire at the 2018 Annual Meeting of Shareholders.

We do not know of any reason why any nominee would be unable or, if elected, would decline to serve as a director. If any nominee is unable or unwilling to serve as a director, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If the Board selects a substitute nominee, the shares represented by all valid proxies will be voted for the substitute nominee, other than shares voted "Withhold" with respect to the original nominee.

The two nominees for director, John Caldwell and John Donofrio, are currently directors of the Company and are proposed to be elected at the Annual Meeting to serve until the 2019 Annual Meeting of Shareholders. The remaining four directors, whose terms do not expire at the Annual Meeting, will continue to serve as members of the Board for the terms set forth below.

Directors are elected by a plurality of the votes cast, meaning that the two nominees receiving the highest number of affirmative votes cast for the election of directors at the Annual Meeting will be elected as directors. Shares may not be voted cumulatively, and proxies cannot be voted for a greater number of persons than the number of nominees named. If you received a printed set of proxy materials, shares voted by the accompanying proxy card will be voted "FOR" John Caldwell and John Donofrio, unless the proxy card is marked to withhold authority or to vote for alternative candidates. If you vote "Withhold" with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated. Broker non-votes on the election of directors will have no impact on the outcome of the election.

The names, ages, and principal occupations for at least the past five years of each of the current directors and the nominees and the names of any other public companies of which each has served as a director during the past five years are set forth below. There are no family relationships between any of our directors or executive officers.

CORPORATE GOVERNANCE AND BOARD MATTERS

Role and Risk Oversight of the Board of Directors

The Board provides general oversight and direction for the Company, monitors our performance and also acts as an advisor and counselor to senior management. In particular, the Board performs the following functions (the Oversight Functions):

Reviews and approves operating, organizational, financial and strategic plans;

Reviews our operational, financial and strategic performance;

Oversees and evaluates management's systems for internal control, financial reporting and public disclosure;

Oversees our global risk management;

Establishes corporate governance standards;

Selects, evaluates and compensates our executive officers, including the CEO;

Oversees and evaluates senior management performance and compensation; and

Plans for effective development and succession of the CEO and senior management.

In its oversight of our global risk management, the Board reviews the overall risk exposure of the Company and discusses with management our risk assessment, including management's efforts to identify, monitor, control and report risk exposure. In addition, as part of its review of our strategic plans, the Board reviews all major risks that could materially adversely affect the Company, including operational and financial risks, political and regulatory risks, and employment and labor risks of our global business operations. In addition, our risk assessment has also been from time to time the subject of discussion among the independent members of the Board during their executive sessions, without the presence of Company management.

Each Board committee is also responsible for reviewing our risk exposure with respect to the respective committee's areas of responsibility, discussing such risks with Company management, and reporting significant risks to the Board. Each independent Board member is a member of each Board committee. This helps to ensure that each independent Board member is fully informed and better able to contribute to the Oversight Functions. The Chairman is an invited guest to all Board committee meetings in which his presence would not present a conflict of interest.

The Audit Committee focuses on significant risks associated with financial exposures. The Compensation Committee particularly reviews risks related to our compensation policies and practices. The Operational Audit Committee focuses on significant risks associated with our operational performance.

Leadership Structure of the Board of Directors

The Board has the flexibility to establish a leadership structure that works best for the Company at a particular time and reviews that structure periodically. At times during our past, the positions of Chairman of the Board and CEO have been held by two different people and, at other times, the positions have been combined and held by the same person. Currently, Simon Raab, Ph.D., one of our founders and our interim President and Chief Executive Officer, also serves as Chairman of the Board. The independent members of the Board have elected Stephen Cole,

an independent director, to serve as the Lead Director.

The President, CEO and Chairman of the Board and the Lead Director set the agenda for Board meetings with input from all other directors. Board materials related to agenda items are provided to Board members sufficiently in advance of Board meetings to allow the directors to prepare for discussion of the items at the meeting.

Table of Contents

The President, CEO and Chairman of the Board and the Lead Director together set the schedule of Board meetings and, together with the Governance and Nominating Committee, provide advice to the Board and the other members of Company management with respect to corporate governance and recommend to the Board membership of Board committees.

The Lead Director facilitates information flow and communication between the independent directors and Company management; coordinates the activities of the other independent directors; together with the Compensation Committee and the Board, evaluates the performance of the CEO; recommends the retention of Board and Committee consultants; has the authority to call meetings of the independent directors; if requested by significant shareholders, ensures that he is available for consultation and direct communication; and performs such other duties and responsibilities as the Board of Directors from time to time determines.

As earlier noted, executive sessions of independent directors are held at each regularly scheduled Board meeting for a discussion of relevant subjects, including the Oversight Functions. The Lead Director, with input from the independent directors, prepares the agenda for executive sessions of the independent directors, although all independent directors are invited to raise any matters for discussion. The Lead Director presides over the executive sessions of the independent directors.

We believe that our current Board structure appropriately ensures that an independent director serves in a Board leadership position, acting as a liaison between the Board and Company management and allowing the Board to better perform its Oversight Functions. The current Board structure allows our President and CEO to focus on the day-to-day operations of the Company and also permits the independent directors to discuss and address risk management with Company management in Board meetings, as well as separate from management in executive session. The Board evaluates its leadership structure from time to time and changes it as circumstances warrant.

Director Independence

We are required to comply with NASDAQ's listing standards, including its corporate governance rules. NASDAQ rules require the Board of Directors to be comprised of a majority of independent directors, as that term is defined by the NASDAQ Marketplace Rules.

The Board of Directors has affirmatively determined that Lynn Brubaker, John Caldwell, Stephen Cole, John Donofrio, and Marvin Sambur, Ph.D. are independent directors, as defined by the NASDAQ Marketplace Rules. The Board of Director has determined that Dr. Raab is the only director who is not independent, because he is the President and CEO of the Company.

Board Meetings and Committees

The Board of Directors held sixteen meetings during 2015. Each of our directors then in office attended all of the applicable regular meetings of the Board and of the Committees on which he or she served during 2015. In addition, the independent directors met in executive session without the presence of management at each regular Board meeting in 2015 and when deemed appropriate at other meetings of the Board and of the Committees. While we have not adopted a formal policy regarding Board attendance at annual shareholder meetings, we encourage each of our Board members to attend the annual shareholder meetings in person, and all of our directors then in office attended the 2015 Annual Meeting of Shareholders in person. We also expect that each of our current directors will attend the 2016 Annual Meeting in person.

The Board of Directors has four standing committees: an Audit Committee, an Operational Audit Committee, a Compensation Committee, and a Governance and Nominating Committee. Each Committee is comprised of all of our independent Board members.

The Audit Committee held four meetings during 2015. At all meetings during 2015, members of the Audit Committee met in executive session, without the presence of management, and, with the exception of its meeting at our offices in Korntal-Münchingen, Germany, met separately, either in-person or telephonically, with our external and internal auditors.

The Board has determined that each of the Audit Committee members is independent as defined in Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act) and the NASDAQ rules, including rules specifically governing audit committee members. The Board also has determined that Messrs. Caldwell and Cole are audit committee financial experts as defined under Item 407(d)(5) of Regulation S-K.

The Audit Committee acts under the terms of a written charter that is available on our website at www.faro.com, by first clicking Investor Relations and then Leadership and Governance. The Audit Committee's responsibilities, discussed in detail in the charter, include, among other duties, the responsibility to:

provide oversight regarding our accounting and financial reporting process, system of internal control, external and internal audit process, and our process for monitoring compliance with laws and regulations;

review the independence and qualifications of our independent public accountants and our financial policies, control procedures and accounting staff;

review and make appropriate inquiry of financial performance, including comparison of actual to budgeted results;

appoint and retain our independent public accountants;

oversee internal audit and compliance functions;

review and approve our financial statements and other regulatory filings; and

review transactions between the Company and any officer or director, any entity in which an officer or director of the Company has a material interest, or any other related person transactions.

Operational Audit Committee

The Operational Audit Committee met four times in 2015. The Operational Audit Committee acts under the terms of a written charter that is available on our website at www.faro.com, by first clicking Investor Relations and then Leadership and Governance. The primary objective of the Operational Audit Committee is to provide operating insight to the Board so as to better enable the directors to discharge the Oversight Functions of the Board. In that context, the Operational Audit Committee's role includes:

reviewing our operational performance against certain predetermined metrics;

focusing on improving our short-term and long-term operating performance and continuously reviewing the metrics against which we measure our performance;

meeting with executives and department heads to review progress against operational goals; and

Compensation Committee

The Compensation Committee held nine meetings during 2015. In addition to its formal meetings, the Compensation Committee Chairman and other members of the committee met frequently throughout 2015 and in the first quarter of 2016 among themselves without the presence of management, as well as with the Compensation Committee's advisors, our Chairman of the Board and our former President and CEO. Areas of consideration at these various meetings included but were not limited to:

examination of management and leadership development and programs;

review of the design of incentive plans;

review and approval of senior management objectives;

establishment of executive compensation for 2015 and 2016;

evaluation of the performance of all officers at the Vice President level and above;

making bonus and equity incentive award determinations in accordance with our short-term incentive plan and our long-term equity plans, respectively;

review and approval of senior management development objectives and related matters; and

addressing other compensation and employment matters, including specific review of the performance of the CEO and his compensation.

Each of the Compensation Committee members qualifies as independent for Compensation Committee membership, as defined in the NASDAQ rules, as a non-employee director, as defined under Rule 16b-3 of the Exchange Act, and as an outside director, as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The Compensation Committee acts under the terms of a written charter that is available on our website at www.faro.com, by first clicking Investor Relations and then Leadership and Governance. As discussed in its charter, the Compensation Committee reviews our executive compensation policies and programs and endeavors to ensure they are aligned and implemented in accordance with our overall strategy, including enhancement of shareholder value. Although the Compensation Committee reviews annually and determines the CEO's compensation, it works with the Chairman of the Board, President and CEO in evaluating the performance of all other officers at the Vice President level and above and in reviewing and approving annually all compensation programs and awards (including setting the base compensation for the upcoming year and approving bonus and equity incentive awards) for all officers at the Vice President level and above (other than the CEO). The Compensation Committee maintains final authority in the determination of individual executive compensation packages to ensure compliance with our compensation policy objectives.

The Compensation Committee's duties and responsibilities include, among other things:

ensuring that the philosophy and operation of our compensation program reinforce our culture and values, create a balance between risk and reward, attract, motivate and retain executives over the long-term and align their interests with those of our shareholders;

oversight of our long-term equity plans, including reviewing and approving changes in such plans, granting equity awards to officers at the Vice President level and above, as well as approving the total amount of equity grants below the Vice President level and related parameters of such grants;

reviewing and monitoring all compensation and significant benefit plans that affect all employees and annually approving overall employee salary policies, as well as equity-based programs for all levels of employees;

monitoring compliance with requirements under the Sarbanes-Oxley Act of 2002 relating to 401(k) plans and loans to directors and officers and compliance with all other applicable laws affecting employee compensation and benefits;

reviewing and recommending any proposed changes in director compensation to the Board;

reviewing and discussing with management the Compensation Discussion and Analysis that is included in our proxy statement for our annual meeting of shareholders;

preparing the report of the Compensation Committee for inclusion in the proxy statement; and

engaging, on an as-needed basis, the services of outside expertise in areas of compensation and benefits practices. Specifically the Compensation Committee has engaged Pearl Meyer & Partners (Pearl Meyer), a compensation expert, to informally update the Compensation Committee on an annual basis and from time to time on matters that have been delegated to the Committee and from time to time to provide a formal executive and director compensation study, including recommending best practices and median compensation in comparable companies.

The Compensation Committee may delegate its authority to grant awards under the FARO Technologies, Inc. 2014 Incentive Plan (the 2014 Equity Plan) to our executive officers. The Compensation Committee has delegated its authority to our President and CEO, subject to the parameters discussed below, to grant stock-based awards under the 2014 Equity Plan to newly hired employees, to current employees in connection with a promotion, and to employees recognized for performance under an established Company employee award program. The grants by our President and CEO are subject to the following parameters, among others, established by the Compensation Committee: (i) the President and CEO may not grant awards to (a) employees who are subject to the short-swing profit rules of Section 16 of the Exchange Act, or (b) employees who at the grant date are covered employees, or are reasonably anticipated to become covered employees, as defined in Section 162(m) of the Code, during the term of the award; (ii) any award granted by the President and CEO will be subject to all of the terms and conditions of the 2014 Equity Plan; and (iii) the President and CEO must make a written report to the Compensation Committee at the end of each fiscal quarter that sets forth any and all awards granted by him during the preceding fiscal quarter.

As earlier noted, the Compensation Committee has the authority to retain consultants and to obtain advice and assistance from external legal, accounting and other advisors at our expense. Since 2008, the Compensation Committee has engaged Pearl Meyer to advise it on compensation matters. In performing its services, Pearl Meyer reports to and is instructed by the Compensation Committee. For more information regarding Pearl Meyer's services, see 2015 Director Compensation, beginning on page 20 of this Proxy Statement and Executive Compensation Compensation Discussion and Analysis, beginning on page 30 of this Proxy Statement.

Governance and Nominating Committee

The Governance and Nominating Committee met one time in 2015. Each of the Governance and Nominating Committee members meets the definition of independence in the NASDAQ rules.

The Governance and Nominating Committee's written charter is available on our website at www.faro.com, by first clicking Investor Relations and then Leadership and Governance. As discussed in detail in the charter, the Governance and Nominating Committee is responsible for developing, evaluating and implementing our corporate governance policies. The Governance and Nominating Committee is also responsible for selecting and recommending for Board approval director nominees and the members and chair of each of the Board committees. Current members of the Board are considered for re-election unless they have notified the Company that they do not wish to stand for re-election. The Governance and Nominating Committee considers candidates for the Board recommended by current members of the Board or members of management. In addition, the Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential nominees for director. The Governance and Nominating Committee also will consider director candidates recommended by eligible shareholders. Shareholders may recommend director nominees for consideration by the Governance and Nominating Committee by writing to the Governance and Nominating Committee, Attention: Chairman, 250 Technology Park, Lake Mary, Florida 32746, and providing appropriate biographical information concerning each proposed nominee. Candidates proposed by shareholders for nomination are evaluated using the same criteria as candidates initially proposed by the Governance and Nominating Committee.

The following minimum qualifications must be met by a director nominee to be recommended by the Governance and Nominating Committee:

each director must display high personal and professional ethics, integrity and values;

each director must have the ability to exercise sound business judgment and demonstrate basic financial literacy;

each director must be highly accomplished in his or her respective field, with broad experience and demonstrated senior level leadership in business, government, education, technology or public interest;

each director must have relevant expertise and experience, and be able to offer advice and guidance based on that expertise and experience;

each director must be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value; and

each director must have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of our business.

In identifying potential Board nominees and evaluating candidates for the Board, the Governance and Nominating Committee considers the nominee's experience, skills and qualifications. Although the Governance and Nominating Committee has not established specific goals with respect to diversity, the Governance and Nominating Committee, in accordance with our Corporate Governance Guidelines, does consider diversity in identifying potential Board nominees and evaluating Board candidates, including in the context of providing diversity in business perspectives, gender, ethnicity, education, experience and leadership qualities.

Annually, the Governance and Nominating Committee reviews the composition of the Board to assess whether it reflects the appropriate experience, skills and qualifications expected of Board members, as well as a variety of complementary experiences and backgrounds, sufficient to provide sound and prudent guidance, particularly in the areas of senior leadership, operations, finance, technology and governance. The Governance and Nominating Committee assesses the effectiveness of diversity within the Board every year as part of this annual assessment. If, as a result of the assessment, the Governance and Nominating Committee determines that adding or replacing a director is advisable, the Governance and Nominating Committee initiates a search for a

suitable candidate to fulfill the Board's needs. Table of Contents*Terms of Director Compensation Program*

We use a combination of cash and equity compensation to attract and retain qualified candidates to serve on the Board, as detailed in the table below. In setting director compensation, we consider the significant amount of time that non-employee directors expend in fulfilling their duties to the Company, as well as the skill level required of members of the Board. The actual aggregate cost of Board compensation in 2015 and 2014 was \$1,160,602 and \$1,162,894, respectively. The following table sets forth each component of our Board compensation in 2015:

Annual Cash Retainer:	\$ 60,000
Additional Annual Retainers:	
Governance and Nominating Committee Chairperson	\$ 10,000
Operational Audit Committee Chairperson	\$ 10,000
Audit Committee Chairperson	\$ 20,000
Compensation Committee Chairperson	\$ 15,000
Governance and Nominating Committee Non-Chair Member	\$ 5,000
Operational Audit Committee Non-Chair Member	\$ 5,000
Audit Committee Non-Chair Member	\$ 10,000
Compensation Committee Non-Chair Member	\$ 7,500
Lead Director	\$ 35,000(a)
Chairman	\$ 100,000(a)
Initial Equity Grant	\$ 100,000(b)
Annual Equity Grant	\$ 80,000(c)

- (a) Payable 50% in cash and 50% in shares of restricted stock. Shares of restricted stock will be granted annually on the day following the annual meeting of shareholders, and the number of shares to be granted will be determined by dividing the dollar value of the retainer by the closing price of our common stock on the date of grant. The shares of restricted stock will vest on the day prior to the following year's annual meeting date, subject to the Lead Director's or Chairman's, as applicable, continued membership on the Board as of such date.
- (b) Upon election to the Board, each non-employee director will receive shares of restricted stock with a value equal to \$100,000, calculated by using the closing price of our common stock on the date of the non-employee director's election to the Board. The initial restricted stock grant vests on the third anniversary of the grant date, subject to the non-employee director's continued membership on the Board as of such date.
- (c) On the day following the annual meeting of shareholders, each non-employee director receives shares of restricted stock with a value equal to that indicated in the above chart, calculated by using the closing price of our common stock on the day following the annual meeting of shareholders. The annual restricted stock grant vests the day prior to the following year's annual meeting date, subject to a director's continued membership on the Board as of such date.

In the fall of 2015, the Compensation Committee engaged Pearl Meyer to conduct a competitive market study of director compensation. The study was delivered in December 2015. Pearl Meyer recommended no change in the total compensation of our directors but it did recommend a change in the mix of cash- and stock-based compensation. Based on such recommendation, the Compensation Committee approved, effective January 1, 2016, a \$20,000 reduction of the non-employee directors' annual cash retainer to \$40,000 and a \$20,000 increase to the non-employee directors' annual equity grant to \$100,000. In addition to these adjustments, the Compensation Committee approved an increase to the Lead Director's compensation from \$35,000 to \$80,000 for 2016 in recognition of the Lead Director's increased time commitment and responsibilities following the appointment of Dr. Raab as interim President and CEO.

Mandatory Board of Director Stock Ownership and Holding Periods

Effective in 2009, our non-employee directors are subject to minimum share ownership guidelines. Within two years after joining the Board, each non-employee director is required to own shares of our common stock with an aggregate value of \$300,000. The ownership requirement may be satisfied through (i) holdings of equity

awards granted by us, the values of which are calculated based on the higher of (x) the then current value of the equity awards on the date of determining compliance with the minimum share ownership guidelines and (y) the grant date fair value of the equity awards, and/or (ii) shares of common stock purchased by the non-employee director independently, the values of which are calculated based on the closing price of our common stock on the purchase date. Also, each non-employee director must hold shares of our common stock acquired pursuant to the exercise of stock options or vesting of restricted stock for one year after exercise or vesting, as applicable, or until his or her retirement, whichever is earlier. In 2012, the Board amended the holding period requirement to permit sales by non-employee directors to the extent necessary to satisfy tax obligations arising from the vesting of their restricted stock awards. As of December 31, 2015, all of our directors were in compliance with the minimum share ownership guidelines.

Table of Contents**PROPOSAL 2****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 2, THE RATIFICATION OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of our independent registered public accounting firm. Grant Thornton LLP has audited our financial statements for the fiscal years ended December 31, 2015 and 2014. The Audit Committee has appointed Grant Thornton LLP as our independent registered public accounting firm for 2016.

Representatives of Grant Thornton LLP will be present at the meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions of shareholders.

Shareholders are not required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm. However, we are submitting the ratification to our shareholders as a matter of good corporate practice. If our shareholders fail to ratify the appointment of Grant Thornton LLP, the Audit Committee may reconsider the retention of Grant Thornton LLP. Even if the selection of Grant Thornton LLP is ratified, the Audit Committee in its discretion may select a different independent accounting firm at any time during the year if it determines that such change would be in the best interests of the Company and our shareholders.

The affirmative vote of a majority of the votes cast is necessary for approval of the ratification of Grant Thornton LLP. Abstentions will have no impact on the ratification of our independent registered public accounting firm. Because this matter is a routine proposal, there will be no broker non-votes associated with this proposal.

INDEPENDENT PUBLIC ACCOUNTANTS

The following table presents fees for professional audit services rendered by Grant Thornton LLP for the audit of our financial statements for the fiscal years ended December 31, 2015 and 2014, and fees for other services rendered by Grant Thornton LLP during those periods.

	2015	2014
Audit fees(1)	\$ 2,093,606	\$ 1,894,835
Audit related fees(2)	90,208	37,392
All other fees		
Total fees	\$ 2,183,814	\$ 1,932,227

(1) Amounts for 2015 and 2014 include the audit of financial statements, review of financial statements included in Quarterly Reports on Form 10-Q, audit of the effectiveness of our internal control over financial reporting and statutory audits required internationally. Audit fees for 2015 increased from 2014 primarily due to our implementation of SAP, a new enterprise resource planning system, in the Asia-Pacific and Europe/Africa regions in 2015.

(2) Amounts for 2015 and 2014 include fees related to the audit of our employee benefit plan. Audit related fees included an evaluation of our SAP readiness in Europe/Africa in 2015 and the issuance of a consent related to a Form S-8 Registration Statement in 2014. The Audit Committee has concluded that the provision of the audit and permitted non-audit services by Grant Thornton LLP in 2015 and 2014 is consistent with maintaining the independence of Grant Thornton LLP.

Pursuant to the Audit Committee charter, the Audit Committee pre-approved all such services provided by Grant Thornton LLP. The Audit Committee has established pre-approval policies and procedures with respect to audit and permitted non-audit services to be provided by our independent auditors. Pursuant to these policies and procedures, the Audit Committee may form and delegate authority to subcommittees consisting of one or more members, when appropriate, to grant such pre-approvals, provided that decisions of such subcommittee to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committee's responsibilities to management.

REPORT OF THE AUDIT COMMITTEE

Under the Audit Committee charter, the Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the system of internal control over financial reporting and the financial reporting process. The independent accountants have the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The Audit Committee has, among other things, the responsibility to monitor and oversee these processes.

The Audit Committee has:

- (1) reviewed and discussed the Company's audited financial statements with management;
- (2) discussed with the independent auditors the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board; and
- (3) received the written disclosures and the letter from the independent accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

The Audit Committee also considered the impact of non-audit services on the auditor's independence.

The Audit Committee reviewed with the independent accountants the overall scope and specific plans for its audit. Without management present, the Committee met with the independent accountants to review the results of their examinations, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's accounting and financial reporting. The Audit Committee reviewed and discussed the Company's audited financial statements with the independent accountants.

Based on the review and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the SEC.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 3, THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) provides shareholders with the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers. This advisory vote is commonly known as Say-on-Pay. Accordingly, the Board of Directors is asking our shareholders to indicate their support for the compensation of our named executive officers, as disclosed in this Proxy Statement.

This proposal is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our executive compensation program and practices. The Compensation Committee endeavors to ensure that the philosophy and operation of our compensation program reinforces our culture and values, creates a balance between risk and reward, attracts, motivates, and retains executives over the long-term and aligns their interests with those of our shareholders. The Compensation Committee strives to provide total compensation relating to the CEO, the other named executive officers and all other employees at the Vice President level and above, that is fair, reasonable and achieves the objective described above. Our executive compensation program includes a significant performance-based component, in the form of a short-term annual incentive award, as well as a substantial emphasis on at-risk, equity-based long-term incentives. Please read the Compensation Discussion and Analysis, together with the related compensation tables and narrative disclosure below, for a detailed explanation of our executive compensation program and practices.

At our annual meetings of shareholders held in May 2013, May 2014 and May 2015, approximately 95%, 98% and 98%, respectively, of the votes cast on the Say-on-Pay proposal at those meetings were voted in favor of the proposal. The Compensation Committee believes this affirms our shareholders support for our approach to executive compensation, and no significant changes were made to this approach for 2015 as a result of the votes in prior years. However, to better align executive officer interests and rewards with the long-term interests of our shareholders and drive the achievement of our purpose and vision, our annual long-term equity awards granted to our executives in 2015 were exclusively performance-based, with awards earned based on both quantitative and qualitative factors.

The Board is asking our shareholders to vote FOR the following non-binding resolution:

Resolved, that the compensation paid to the Company s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis and the related compensation tables and narrative disclosure, in the Proxy Statement is hereby approved on an advisory basis.

The approval of this proposal requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions and broker non-votes will have no impact on the outcome of this matter. As an advisory vote, the result will not be binding on the Board; however, the Compensation Committee, which is comprised solely of independent directors, will consider the outcome of the vote when evaluating the effectiveness of our compensation policies and practices.

The Board of Directors has determined, in line with the recommendation of our shareholders, to have an annual advisory vote on the compensation of our named executive officers. Accordingly, the next advisory vote on executive compensation will occur at our Annual Meeting of Shareholders in 2017. The next advisory vote on the frequency of Say-on-Pay votes will be conducted at our Annual Meeting of Shareholders in 2017.

OTHER MATTERS TO COME BEFORE THE ANNUAL MEETING

The Board of Directors and management do not know of any matters before the Annual Meeting other than those to which we refer in the Notice of Annual Meeting and this Proxy Statement. To bring business before an Annual Meeting, a shareholder must give written notice to our Secretary before the meeting and comply with the terms and time periods specified in our bylaws and described under [Deadline for Receipt of 2017 Shareholder Proposals and Director Nominees](#). No shareholder has given written notice that he or she intends to bring business before the Annual Meeting in compliance with the terms and time periods specified in our bylaws.

In the paragraphs that follow, we provide an overview and analysis of our compensation program and policies, the material compensation decisions the Committee has made under those programs and policies with respect to our named executive officers, and the material factors the Compensation Committee considered in making those decisions. Following this Compensation Discussion and Analysis, under the heading Executive Compensation you will find a series of tables and narrative disclosures containing specific data about the compensation earned in 2015 by the following individuals, whom we refer to as our named executive officers:

Joseph Arezone	Senior Vice President, Managing Director, Europe, Middle East and Africa and Asia-Pacific Regions

Executive Summary*Our Business*

We design, develop, manufacture, market and support software driven, three-dimensional (3D) measurement, imaging and realization systems. We sell the majority of our products through a direct sales force across a broad number of customers in a range of manufacturing, industrial, architecture, surveying, building information modeling, construction, public safety, cultural heritage and other applications. Our FaroArm®, FARO Laser ScanArm®, FARO Gage, FARO Laser Tracker, FARO Cobalt Array 3D Imager, and their companion CAM2 software, provide for Computer-Aided Design, or CAD, based inspection and/or factory-level statistical process control and high-density surveying. Business Highlights

Our fiscal 2015 results reflected the effect of the significant strengthening of the U.S. dollar throughout 2015 and other macroeconomic conditions that negatively impacted the capital budgets of many of our customers. Although our financial results did not meet our internal targets, there were a number of highlights in 2015:

Product innovation In the first quarter of 2015, we launched the FARO Freestyle^{FD} laser scanner. This handheld laser scanner can quickly document rooms, structures and objects in 3D and create high-definition point clouds. We also launched the FARO Freestyle^{3DX} in the third quarter of 2015, which delivers enhanced scanning accuracy of 1 millimeter at a 1 meter range.

Strategic acquisitions In the first quarter of 2015, we completed the acquisition of kubit GmbH and ARAS 360 Technologies Inc. These software businesses provide us with the opportunity to offer our customers a complementary suite of integrated 3D documentation products within the public safety and Building Information Modeling (BIM)/ Construction Information Management (CIM) markets.

Infrastructure investment To support future growth and to enhance our business information and transactions systems and financial reporting, we implemented SAP, an enterprise resource planning (ERP) system. SAP was implemented in phases, beginning with the Americas region, where implementation commenced at the start of the fourth quarter of 2014. The implementation continued in 2015 in the Europe/Africa region and was completed in the Asia-Pacific region in the fourth quarter of 2015.

Share repurchases In October 2015, our Board of Directors authorized an increase to our existing share repurchase program from \$30 million to \$50 million. In the fourth quarter of 2015, we repurchased 809,241 shares under the program for a total cash payment of \$22.8 million. As of December 31, 2015, we had authorization to repurchase \$18.3 million remaining under the repurchase program.

Table of Contents

Our five-year and one-year Total Shareholder Return (TSR) is substantially below our industry group and our peer group. Our three-year TSR is substantially above our peer group but substantially below our industry group. For a discussion of the companies in our peer group, see "Review of Peer Group Practices" below. We use the Global Industry Classification Standard (GICS) Subcode 4520 (Technology Hardware and Equipment) developed by Standard & Poor's and MSCI Barra as our industry group.

2015 Performance and Compensation

Our 2015 results did not meet all of the internal performance goals that we set for our 2015 executive compensation program, which were intentionally aggressive. The Compensation Committee selected the following internal Company performance objectives for the 2015 short-term incentive awards for our named executive officers (other than Dr. Raab) (\$ in millions):

Performance Measure	2015 Goals	Current Year (2015) Actual Result
Sales growth	15.3%	(7.1)%
Gross margin	56.0%	52.8%
Net income	\$ 34.6	\$ 12.8
Net change in cash flow excluding equity inflows	\$ 23.7	\$ 8.6 ⁽¹⁾

⁽¹⁾ Adjusted for our 2015 acquisitions and the repurchase of shares in the fourth quarter of 2015.

The Compensation Committee selected these performance metrics at the beginning of 2015 because they are key drivers of our success, and the compensation realized by our named executive officers was directly affected by the internal financial performance objectives achieved in 2015. For example:

The short-term incentive opportunity for Mr. Freeland, Ms. Murphy-Wolf, Mr. Gale, Ms. D'Anjou and Mr. Abram was weighted 50% to certain Company-wide financial metrics, 30% to individual operating objectives, and 20% to individual strategic metrics. The short-term incentive opportunity for

Table of Contents

Mr. Arezone and Ms. Hall was weighted 15% to certain Company-wide financial metrics, 35% to certain region-wide financial metrics, 30% to individual operating objectives, and 20% to individual strategic metrics. We did not achieve satisfactory financial, operating or strategic results in 2015 and did not meet most of our Company-wide and certain of our region-wide financial metric goals. As a result, the named executive officers earned only a portion of their short-term incentive award payouts ranging from 35% to 65% of target (before the downward adjustment to all awards described under Executive Compensation Components Short-Term Incentives on page 34).

The stock options and restricted stock units granted to Mr. Freeland, Ms. Hall, Mr. Arezone, Mr. Gale, Ms. D Anjou and Mr. Abram in 2015 were exclusively performance-based awards, with awards earned based on both quantitative and qualitative factors. As noted above, we did not achieve satisfactory financial, operating or strategic results in 2015 and did not meet most of our performance goals. As a result, the named executive officers eligible for vesting as of the determination date in February 2016 only earned a portion of their long-term incentive award payouts tied to our fiscal 2015 performance, ranging from 20% to 25% of target vesting amounts.

CEO Pay and Impact of Resignation

Mr. Freeland was not eligible to receive a short-term incentive award for 2015 performance due to his resignation as President and Chief Executive Officer in December 2015. The entirety of his long-term equity incentive award for 2015 was granted in the form of performance-based stock options, which were forfeited upon his resignation from the Company in December 2015.

Executive Compensation Objectives and Philosophy

The Compensation Committee endeavors to ensure that the philosophy and operation of our compensation program reinforces our culture and values, creates a balance between risk and reward, attracts, motivates, and retains executives over the long-term and aligns their interests with those of our shareholders. The Compensation Committee strives to provide total compensation relating to the CEO, the other named executive officers and all other employees at the Vice President level and above, that is fair, reasonable and achieves the objective described above. Our executive compensation program includes a significant performance-based component, in the form of a short-term annual incentive award, as well as a substantial emphasis on at-risk, equity-based long-term incentives.

The Compensation Committee has responsibility for establishing, implementing and monitoring adherence with our compensation philosophy. For more information regarding the Compensation Committee's duties and responsibilities, see pages 15 and 16 of this Proxy Statement.

Executive Compensation Components

The primary components of compensation for the named executive officers in 2015 were base salary, short-term incentives in the form of annual bonus, and long-term equity incentives.

Base Salary

When setting base salaries, the Compensation Committee considers our overall financial performance and outlook and each executive's experience, expertise, level of responsibility, seniority, leadership qualities, professional advancement, individual accomplishment, compensation levels of comparable positions within our peer group, and other significant contributions to our success. When setting the salaries for the executive officers other than the CEO, the Compensation Committee also considers the CEO's recommendations and the prior performance review conducted by the CEO. The Compensation Committee's consideration of these factors and

determination of appropriate salary levels is largely subjective. The Compensation Committee approved an increase in the base salaries of each of the named executive officers to the following levels:

Name	2015 Base Salary	% Increase from 2014
Mr. Freeland	\$ 489,038	5.0%
Ms. Murphy-Wolf	\$ 335,000	N/A
Ms. Hall	\$ 351,500	5.0%
Mr. Arezone	\$ 351,500	134.3%
Mr. Gale	\$ 299,237	5.0%
Ms. D Anjou	\$ 168,000	5.0%

Ms. Murphy-Wolf's initial base salary of \$335,000 was established at the outset of her employment with us in August 2015. In 2015, Mr. Arezone's compensation was adjusted to better align with the breadth of his management responsibilities. Effective March 19, 2015, Mr. Arezone received a base salary of \$351,500 and was eligible for our short-term cash incentive plan and was no longer entitled to receive commissions. Prior to this change, Mr. Arezone received a base salary of \$150,000 plus commissions and was not eligible to participate in our short-term cash incentive plan. As a consequence of these changes, Mr. Arezone's base pay increased considerably as a result of the impact of exchanging his commission pay component for a base pay component. However, Mr. Arezone's aggregate cash compensation for 2015 was below his aggregate cash compensation for 2014.

In addition to the above, effective upon his appointment as our interim President and Chief Executive Officer in December 2015, Dr. Raab's base salary was set at \$500,000 by the Compensation Committee.

Short-Term Incentives

Our short-term incentives provide management employees, including our named executive officers, the opportunity for additional cash compensation based on achievement of Company financial performance goals, other operational objectives and individual goals. These goals are established at the beginning of the year by the Compensation Committee based on input from management. These metrics are designed to align the interests of the executives with our shareholders and require the Company and each individual executive to function well in order to achieve the target incentive amount.

Annual short-term cash incentive opportunities are expressed as a percentage of each participant's base salary. Target award opportunities for the named executive officers (other than the CEO) are equal to 40% of their base salaries, and the target award opportunity for the CEO is equal to 50% of his base salary (or greater, in the Compensation Committee's discretion). In determining annual awards, the Compensation Committee assigns a weighting to criteria established under three components: Company/region financial performance, operational performance and individual strategic objectives. However, the Board and the Compensation Committee retain the discretion to adjust the annual incentives on a subjective basis to ensure an equitable result, and bonuses may be reduced up to 100% based on corporate profitability. Due to our disappointing 2015 financial performance, the Board adjusted the aggregate short-term cash incentive opportunity for all employees downward from what it otherwise would have been to \$2 million, resulting in a 40% decrease in the size of the award for each participant, including each of our named executive officers eligible for a short-term cash incentive award.

Due to the timing of his appointment in December 2015, Dr. Raab was not eligible to receive a short-term cash incentive opportunity for 2015 performance, but he will be eligible to participate in the short-term cash incentive plan in future years, with a target award value of 50% of his base salary.

Company Financial Performance. In 2015, fifty percent (50%) of the short-term incentive opportunity for Messrs. Freeland, Gale and Abram and Meses. Murphy-Wolf and D Anjou was based on achievement of Company-wide financial performance goals. For Ms. Hall and Mr. Arezone, fifteen percent (15%) of their short-term incentive opportunity was based on achievement of Company-wide financial performance goals and thirty-five percent (35%) was based on achievement of region-wide financial performance goals. For each of these named executive officers, the Compensation Committee selected the following Company performance objectives for 2015, with different weighting for each metric: sales growth, gross margin, net income, and net change in cash flow excluding equity inflows.

Table of Contents

Each of these performance metrics is a key indicator of our financial performance. The Compensation Committee reviewed and approved the financial performance targets, each of which is set forth below, in conjunction with the Board of Directors' approval of the annual budget (\$ in millions).

	Target	Actual
Sales growth	15.3%	(7.1%)
Gross margin	56.0%	52.8%
Net income	\$ 34.6	\$ 12.8
Net change in cash flow excluding equity inflows	\$ 23.7	\$ 8.6 ⁽¹⁾

(1) Adjusted for our 2015 acquisitions and the repurchase of shares in the fourth quarter of 2015.

The region-wide financial performance metrics for Mr. Arezone and Ms. Hall were based on sales growth, gross margin and operating income for the Europe, Middle East and Africa and Asia-Pacific regions and the Americas region, respectively.

Operational Performance. In 2015, thirty percent (30%) of the short-term incentive opportunity for each of these named executive officers was based on the achievement of operational objectives. The operating metrics set by the Compensation Committee with input from the Operational Audit Committee are designed to focus on improving both our short and long-term operating performance. Metrics such as failure rates, manufacturing efficiencies, service turnaround, and inventory turns are used as indicators of our overall strength and performance.

Individual Strategic. In 2015, twenty percent (20%) of the short-term incentive opportunity for each of these named executive officers was based on achievement of individual strategic objectives. The Compensation Committee sets the President and Chief Executive Officer's individual strategic objectives and related weights and, together with the President and the Chief Executive Officer, the individual strategic objectives and related weights for each of the other named executive officers on an annual basis. These criteria incorporate elements of individual performance and are intended to reflect the contributions made by the executive toward our overall objectives for the year and the executive's individual responsibilities.

The material strategic initiatives for each of these named executive officers for 2015 are summarized below.

Mr. Freeland strategic planning, talent development and management, strategic product development, design of a reorganization around vertical markets and mergers and acquisitions (M&A) process development

Ms. Murphy-Wolf effective transition into Chief Financial Officer position

Ms. Hall operational effectiveness and leadership, design of a reorganization around vertical markets, development of country-specific vertical marketing plans, consolidation of metrology software team, strategic planning, product releases, product development, analysis of service business market potential and M&A target identification

Mr. Arezone operational effectiveness and leadership, design of a reorganization around vertical markets, development of country-specific vertical marketing plans, strategic planning, product releases, transition of Europe's salesforce to complete product offerings, analysis of service business market potential, M&A target identification, and development of office relocation plan

Mr. Gale leadership development, strategic planning, design of a reorganization around vertical markets, M&A process development and review of global worldwide tax strategy

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

Ms. D Anjou leadership development, accounting organization development, improvement of financial reporting, M&A integration and operational effectiveness

Mr. Abram operational effectiveness of the finance organization, completing implementation of SAP and stock compensation software solution, working capital management, strategic planning, design of a reorganization around vertical markets, M&A process development and review of global worldwide tax strategy

Aggregate Performance Results. We did not achieve any of our corporate financial performance targets for 2015, but we did achieve certain of our region-wide financial performance targets. Accordingly, the Compensation Committee determined that the named executive officers would not be eligible for the portion of the short-term incentive opportunity that was based on achievement of financial performance targets by the Company, but that Mr. Arezone and Ms. Hall would be eligible for a portion of the thirty-five percent (35%) of their short-term incentive opportunity that was based on achievement of financial performance targets by their individual regions, depending on the targets for each executive. The operating metrics were reviewed quarterly by the Operational Audit Committee of the Board of Directors. The Compensation Committee determined the eligible portion of the thirty percent (30%) of the short-term incentive opportunity based on the achievement of the operational metrics assigned to the named executive officer for each quarter as well as for the full year. The Compensation Committee then applied each executive's individual performance factor to the remaining twenty percent (20%) of the target award, which reflected the strategic achievements by such executive. The resulting amount was then adjusted downward to approximately 60% of the amounts otherwise determined as a consequence of the downward adjustment by the Board of the aggregate short-term cash incentive opportunity discussed on page 34. The calculation of the actual award for each of our eligible named executive officers was determined as follows:

Name	Financial Performance	Operational Performance	Strategic Objectives	Board Adjustment	Actual Award as % of Target
Ms. Murphy-Wolf	0%	76%	60%	60%	21%
Ms. Hall	51%	78%	83%	60%	39%
Mr. Arezone	10%	72%	64%	60%	24%
Mr. Gale	0%	76%	60%	60%	21%
Ms. D Anjou	0%	72%	110%	56%	24%

As a result, the Compensation Committee awarded short-term incentives to Messrs. Arezone and Gale and Meses. Murphy-Wolf, Hall and D Anjou, as follows:

Name	2015 Target Award	2015 Actual Award	Actual Award as % of Target
Ms. Murphy-Wolf	\$ 52,500	\$ 10,894	21%
Ms. Hall	\$ 140,600	\$ 54,903	39%
Mr. Arezone	\$ 140,600	\$ 33,463	24%
Mr. Gale	\$ 119,695	\$ 24,837	21%
Ms. D Anjou	\$ 50,400	\$ 12,196	24%

Under the terms of Messrs. Freeland's and Abram's separation agreements, they were not eligible to receive a short-term incentive award for 2015 performance.

In recognition of Ms. D Anjou's performance as interim principal financial officer and interim principal accounting officer from March 2015 until August 2015, she was awarded a one-time, discretionary cash bonus of \$15,000 in October 2015.

In December 2015, the Compensation Committee received reports from its executive compensation consultant Pearl Meyer on the Company's executive compensation program, including its short-term cash incentive award program. The observations of Pearl Meyer were consistent with those shared by management and by certain investors who have communicated concerns to the Company with respect to its cash incentive programs, specifically that the Company's short-term cash incentive program was overly complex with too many performance categories and measures to be effective. Accordingly, the Compensation Committee adopted a simpler short-term cash incentive plan beginning in 2016, in which awards for executives will be determined based on achievement of financial performance goals for revenue (30%) and profitability (70%), which amount will then be multiplied by an individual performance factor normalized at 1.0. The effect of the individual performance factor will be to adjust, on a performance basis, the amount otherwise determined upward or downward based upon achievement of individual objectives, performance against operational metrics assigned to the executive for each quarter in the prior year as well as for the full prior year and overall contribution for the prior year, without ascribing specific percentages to each category.

Long-Term Incentives

Our compensation program incorporates stock options and restricted stock units (RSUs) to attract, retain, engage and focus key employees for the long term and the realization of compensation objectives. We maintain three equity incentive plans the Amended and Restated 2004 Equity Incentive Plan (the 2004 Equity Plan), the 2009 Equity Incentive Plan (the 2009 Equity Plan), and the 2014 Equity Plan. Grants to executives of equity incentive compensation are determined by the Compensation Committee and are designed to align a portion of the executive compensation package with the long-term interests of our shareholders. The Compensation Committee generally grants a mix of options and RSUs to the named executive officers. Messrs. Freeland and Arezone and Ms. D Anjou, however, received only stock options in 2015. Stock options are intended to promote shareholder alignment and hold executives accountable for generating shareholder return because they gain value only if our stock price increases. RSUs provide a share-efficient means for retaining top talent and promoting a long-term share owner perspective. Pearl Meyer has advised that a mix of options and RSUs is a market competitive practice within our peer group.

Consistent with our entrepreneurial philosophy, the Compensation Committee and Mr. Freeland believed that it was important that the majority if not all of Mr. Freeland s long-term equity incentive awards be at risk, so that his long-term goals were directly aligned with the interests of our shareholders. Accordingly, all of Mr. Freeland s long-term equity incentive awards were issued in the form of stock options. The long-term equity incentive awards for Messrs. Abram and Gale and Ms. Hall were a combination of stock options and RSUs, in a ratio of 75% and 25%, respectively. As Ms. D Anjou was not appointed as interim principal financial officer until after the annual grant of the long-term equity incentive awards in 2015, her 2015 grant consisted only of stock options, consistent with the long-term equity incentive awards granted to other officers at the Vice President level. The Compensation Committee elected to award Mr. Arezone, in place of the typical annual grant, a one-time award of performance-based stock options with a fair value on the date of grant equal to 100% of his base salary in light of the fact that he did not receive an additional grant upon his promotion to Senior Vice President in 2009 and that other named executive officers, including Mr. Gale and Ms. Hall, had received similar grants in connection with their hiring.

In addition, Ms. Murphy-Wolf received an initial grant of stock options in connection with her commencement of employment with us in August 2015. Dr. Raab received a grant of stock options when he assumed the role of interim President and Chief Executive Officer in December 2015.

2015 Grant Guidelines. The Compensation Committee reviews and approves, upon management recommendation with respect to the named executive officers other than the President and Chief Executive Officer and in the case of the President and Chief Executive Officer, on its own initiative, the grant of stock options and RSUs to the named executive officers in amounts appropriate for an individual s level of responsibility, ability to affect the achievement of overall corporate goals, individual performance, tenure, and potential. The Compensation Committee also reviews and considers all prior outstanding equity awards in order to assess the performance and retention incentive strength of these awards. The Compensation Committee intends for the grant date fair value of the equity incentive awards to approximate the median of our peer group, with adjustments as necessary to suit the individual executive. For the 2015 annual long-term equity incentive award grants, in order to determine the number of shares subject to each award, the Compensation Committee established the long-term equity incentive award value for each executive then in office, other than Ms. D Anjou, by setting a target percentage of each executive s base salary. The resulting dollar value was then converted into, in the case of Mr. Freeland, a number of stock options, and, in the case of the other named executive officers who were eligible for the grants, a number of stock options and RSUs. The number of stock options granted was determined using a combination of the Black-Scholes valuation model and the Monte Carlo Simulation valuation model. The number of RSUs granted was based on the stock price on the date of determination. As Ms. D Anjou was not appointed as interim principal financial officer until after the annual grant of the long-term equity incentive awards in 2015, her long-term equity incentive award was established within a specified range for awards at the Vice President level.

In 2015, we began granting performance-based stock options and RSUs to certain executives, including certain named executive officers. These awards vest in three annual installments beginning one year after the grant date if the performance goals or strategic objectives for the applicable fiscal year are achieved.

Table of Contents

2015 Grants. The Compensation Committee established the following target long-term equity award values for the 2015 grants for Messrs. Freeland, Arezone, Gale and Abram and Ms. Hall, expressed as a percentage of base salary: 150% for Mr. Freeland and 100% for Messrs. Arezone, Gale and Abram and Ms. Hall. The size of Ms. D Anjou's equity grant in 2015 was determined as stated above. The exercise price of all stock options is based on the closing price of our common stock on the date of grant. Options and RSUs granted in 2015 to executives as part of the annual equity grant program are earned and vest in three annual installments, provided that the grantee is employed by us on the vesting date and provided that the applicable performance conditions are satisfied, as follows:

Strategic Initiatives One-third of the options and RSUs vest based on the achievement of individual strategic objectives in each of fiscal year 2015, 2016 and 2017. The Compensation Committee sets the President and Chief Executive Officer's individual strategic objectives and related weights and, together with the President and the Chief Executive Officer, the individual strategic objectives and related weights for each of the other named executive officers on an annual basis. These criteria incorporate elements of individual performance and are intended to reflect the contributions made by the executive toward our overall objectives for such year and the executive's individual responsibilities.

Total Shareholder Return Performance One-third of the options and RSUs vest based on the three-year total shareholder return of the Company in each of fiscal year 2015, 2016 and 2017 exceeding the average three-year total shareholder return of the Company's peer group, as identified by Institutional Shareholder Services and identified under the heading "Review of Peer Group Practices" below, in each of fiscal year 2015, 2016 and 2017.

Internal Long-Term Financial Performance One-third of the options and RSUs vest based on achieving a cumulative average organic growth rate of consolidated revenue over a rolling three-year period of 15% and a cumulative average growth rate of consolidated earnings per share over the same rolling three-year period of 18%. One-third of the options and RSUs subject to this performance measure are weighted towards the consolidated revenue performance measure and two-thirds are weighted towards the consolidated earnings per share performance measure. This portion of the award provides for a "catch-up" opportunity for participants to vest in options and RSUs that did not vest in the prior year(s) so long as the cumulative revenue or earnings per share performance measure was achieved in the second or third year of vesting.

The material individual strategic objectives for each eligible executive for 2015 are summarized below.

Mr. Freeland personal leadership development, strategic planning, organic and inorganic growth of revenue and net income, development of an innovation culture, research and development performance, and implementation of strategic plan.

Ms. Hall operational effectiveness and leadership, strategic planning, and M&A target identification.

Mr. Arezone operational effectiveness and leadership, strategic planning, and M&A target identification.

Mr. Gale leadership development, operational effectiveness, improvement of external financial reporting, development of M&A processes and review of global worldwide tax strategy.

Ms. D Anjou leadership development, accounting organization development, improvement of financial reporting, M&A integration and operational effectiveness.

Mr. Abram development of finance and accounting organization, integration of information systems, improvement of external financial reporting, development of M&A processes, implementation of worldwide tax structure and M&A target identification.

The following RSUs and stock options were granted in relation to the 2015 annual equity grant:

Name	Grant Date	RSUs	Stock Options
Mr. Freeland	2/27/2015		41,846
Ms. Hall	2/27/2015	1,465	15,038
Mr. Arezone	3/19/2015		19,836
Mr. Gale	2/27/2015	1,247	12,803
Ms. D Anjou	2/27/2015		5,000
Mr. Abram	2/27/2015	1,397	14,333

In addition to the 2015 annual equity grants described above, Ms. Murphy-Wolf received an initial grant of stock options to purchase 23,452 shares of our common stock in connection with her commencement of employment with us in August 2015, and Dr. Raab received a grant of stock options to purchase 60,000 shares of our common stock in connection with his assumption of the role of interim President and Chief Executive Officer in December 2015.

Grant Policy. Beginning in 2008, the Compensation Committee established a policy to (i) grant stock options and other equity incentives for current employees annually on the second business day following the filing of our Annual Report on Form 10-K, which usually occurs in late February or early March of each year, and (ii) grant stock options and other equity incentives for newly hired individuals on the date of hire. The annual grant of stock options and other equity incentive awards is made without regard to the timing of the release of any other material information that may not be contained in the annual earnings release, as well as without regard to whether possible positive or negative information is contained in the annual earnings release.

In December 2015, the Compensation Committee received reports from its executive compensation consultant Pearl Meyer on the Company's executive compensation program, including its long-term equity incentive award program. The observations of Pearl Meyer were consistent with those shared by management and by certain investors who have communicated concerns to the Company with respect to its equity incentive programs, specifically that the Company's performance-based long-term equity incentive program was overly complex with too many performance categories and measures to be effective. Accordingly, the Compensation Committee adopted a simpler long-term equity incentive plan beginning in 2016. Under this new plan, grants of stock options and RSUs at the level of Vice President and above will consist of time-based stock options that vest ratably over three years and RSUs that cliff vest after three years. In order to determine the number of shares subject to each award, the Compensation Committee will establish the grant date fair value of the long-term equity incentive award for each executive by (i) setting a target percentage of each executive's base salary, and (ii) multiplying that amount by an individual performance factor normalized at 1.0. The effect of the individual performance factor will be to adjust, on a performance basis, the amount otherwise determined upward or downward based upon achievement of individual objectives, performance against operational metrics assigned to the executive for each quarter in the prior year as well as for the full prior year and overall contribution for the prior year, without ascribing specific percentages to each category.

Compensation Governance Highlights

The Compensation Committee and Company management are mindful of evolving practices in executive compensation and corporate governance. In response, we have adopted the following policies and practices:

Pursuant to a policy adopted in 2010, we will not offer newly-hired executives any single-trigger change-in-control features similar to a lump sum cash payment payable upon the occurrence of a change in control.

The Amended and Restated Change in Control Severance Policy does not provide an excise tax gross-up.

Table of Contents

The 2014 Equity Plan prohibits cash buyouts of stock options.

We maintain a compensation clawback policy, as further described on page 46 of this Compensation Discussion and Analysis.

Since 2008, we have had a stock ownership policy for our non-employee directors and executive officers, as further described on pages 21, 22 and 46 of this Proxy Statement, respectively. Among other things, this policy provides that our CEO must hold at least six times his base salary in Company stock, our other executives must hold at least two times their respective base salaries in Company stock, and our non-employee directors must own Company stock with a value of at least \$300,000.

Company policy prohibits hedging and limits any pledging by our directors and executive officers.

The Compensation Committee does not believe that the work of its compensation consultant has raised any conflicts of interest.

The Compensation Committee has retained compensation consultants from time to time, including for formal executive and director compensation studies in 2010, 2012 and 2015. Such consultants are frequently consulted during the year on various matters and annually to informally update the Compensation Committee on matters that are relevant to the matters delegated to the Committee under its charter.

To better align the interests and rewards of our executive officers with the long-term interests of our shareholders and drive the achievement of our purpose and vision, we changed our long-term equity awards granted to our executives in 2015 to be exclusively performance-based incentive compensation, with awards earned based on both quantitative and qualitative factors. Based on the recommendation of our compensation consultant Pearl Meyer, the Compensation Committee adopted a simpler long-term equity incentive plan in 2016, in which the amount of the time-based stock options and RSUs granted to each executive will be based on an individual performance factor to adjust, on a performance basis, the amount otherwise determined upward or downward based upon achievement of individual objectives, performance against operational metrics assigned to the executive for each quarter in the prior year as well as for the full prior year and overall contribution for the prior year.

Role of the Compensation Consultant

The Compensation Committee has the authority to retain consultants and to obtain advice and assistance from other external legal, accounting or other advisors, at our expense. Since 2008, the Compensation Committee has engaged Pearl Meyer to advise it on executive and outside director compensation matters. In this role, Pearl Meyer reports to and is instructed by the Compensation Committee. The Compensation Committee has the sole authority to approve the fees and other terms and conditions of any engagement with its independent advisor. The Compensation Committee annually considers the independence of Pearl Meyer relative to the six factors prescribed by the SEC and NASDAQ, and has concluded that the work of Pearl Meyer as the Compensation Committee's compensation consultant does not raise any conflict of interest.

During 2015, Pearl Meyer's services to the Compensation Committee were primarily with respect to (i) high level evaluation of our executive compensation program relative to best practices and the views of various proxy advisory firms, (ii) assisting with the development of the Compensation Discussion and Analysis for the proxy statement filed in connection with our 2015 Annual Meeting of Shareholders, and (iii) conducting a competitive review of our director and executive compensation programs. The competitive review of the director and executive compensation programs was completed by Pearl Meyer in the fourth quarter of 2015. In the years when such a study is not done, the Compensation Committee retains the compensation consultant to informally update the Compensation Committee on matters that have been delegated to the Committee under its charter.

Role of the Executive Officers in Compensation Decisions

Executive officers play a role in the administration, oversight, and determination of executive compensation. At the beginning of each fiscal year, each executive officer sets annual performance goals for those employees who report directly to him or her, which may include other executive officers. Throughout the year, each executive officer reviews the performance of the employees who report directly to him or her and evaluates those employees against their performance goals. In addition, we conduct a comprehensive performance and compensation review annually in the first quarter of each year across all levels of the organization, which includes a final performance review by each executive for each employee who reports directly to him or her. Following those reviews, the executive officers recommend to the CEO any equity and non-equity based awards, based upon the performance of those employees for the prior year and annual compensation adjustments for the current year.

The CEO similarly reviews and evaluates, on both an annual and mid-year basis, the employees who report directly to him. The CEO also reviews and evaluates the recommendations made with respect to other executive officers and recommends any modifications that he deems appropriate. The CEO reviews his overall findings with the Compensation Committee, including his review of the employees who report directly to him, and then recommends to the Compensation Committee equity and non-equity awards and annual compensation adjustments for all officers, other than himself. In an effort to assist the CEO with these responsibilities, we hired a Director of Talent and Organizational Development in October 2015.

Review of Peer Group Practices

The Compensation Committee reviews and analyzes the executive compensation program to determine whether it provides reasonable compensation at appropriate levels and remains competitive and effective. The Compensation Committee periodically engages Pearl Meyer to provide competitive market data to assist in this process and to update and advise the Compensation Committee on various executive compensation matters. The most recent competitive market study conducted by Pearl Meyer was completed in the fourth quarter of 2015 for purposes of assisting the Compensation Committee in making its 2016 compensation decisions. The previous competitive market study conducted by Pearl Meyer was completed in 2012.

These companies were selected based on a variety of criteria, with a focus on being reasonably comparable to FARO in terms of industry focus, global operational scope, revenue size, and market value.

When setting compensation levels, the Compensation Committee reviews and considers the competitive market information obtained from these studies and intends for total direct compensation (base salary, annual incentive plus grant date value of long-term equity awards) to approximate the median of the peer group. The peer group data, however, is not determinative of the executives' compensation; instead, the Compensation Committee uses the peer group data as one of many inputs in its deliberations, which also includes discussions of economic and industry conditions, current and anticipated Company performance, individual executive performance and potential performance, and internal pay equity. In considering these and other factors, the Compensation Committee does not seek to specifically weight each factor but rather considers them in the aggregate and exercises judgment.

Consideration of Last Year's Advisory Shareholder Vote on Executive Compensation

At the 2015 Annual Meeting of Shareholders, approximately 98% of the votes cast by the shareholders were voted to approve the compensation of our named executive officers as discussed and disclosed in the 2015 Proxy Statement. The Board and the Compensation Committee appreciate and value the views of our shareholders. In considering the results of this advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our named executive officers and our overall pay practices enjoy shareholder support and did not make any material changes to the executive compensation program in response to the shareholder vote.

Table of Contents

Going forward, future advisory votes on executive compensation will serve as an additional tool to guide the Board and the Compensation Committee in evaluating the alignment of our executive compensation program with the interests of the Company and our shareholders. Shareholders may communicate with the Board, the Compensation Committee or individual directors regarding our executive compensation program by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the Compensation Committee or the individual director(s)), 250 Technology Park, Lake Mary, Florida 32746. Communications should be sent by overnight or certified mail, return receipt requested. Such communications will be delivered directly to the Board, the Compensation Committee or the individual director(s), as designated on such communication.

In December 2015, the Compensation Committee received reports from its executive compensation consultant Pearl Meyer on our executive compensation program, including our short-term cash incentive and long-term equity incentive award programs. The observations of Pearl Meyer were consistent with those shared by management and by certain investors who have communicated concerns to the Company with respect to such incentive programs, specifically that our short-term cash incentive program and performance-based long-term equity incentive program were overly complex with too many performance categories and measures to be effective incentive compensation programs. Accordingly, the Compensation Committee decided to transition to a simpler short-term cash incentive plan and long-term equity incentive plan beginning in 2016 as further described on pages 36, 39 and 40.

At the 2011 Annual Meeting of Shareholders, our shareholders expressed a preference that advisory votes on executive compensation be held on an annual basis. Consistent with this preference, the Board determined to implement an advisory vote on executive compensation on an annual basis until the next required vote on the frequency of shareholder votes on the compensation of executive officers, which will be conducted at our Annual Meeting of Shareholders in 2017.

Employment Agreements and Change in Control Severance Policy

Employment Agreements. We have entered into employment agreements with Messrs. Freeland, Gale and Abram and Meses. Murphy-Wolf and Hall that provide, or provided, for severance benefits and, in the case of Mr. Freeland, change in control benefits. As described in greater detail in the Potential Payments Upon Termination or Change in Control section of this Proxy Statement, pursuant to the employment agreements, (i) Mr. Freeland was entitled to a lump sum cash payment upon the occurrence of a change in control and severance benefits in the event of his termination without cause or resignation for good reason, (ii) Mr. Abram and Ms. Murphy-Wolf were entitled to severance benefits in the event of the executive's termination without cause or resignation for good reason, and (iii) Mr. Gale and Ms. Hall are entitled to severance benefits in the event of the executive's termination without cause or resignation for good reason. Severance protection plays an important role in attracting, motivating and retaining highly talented executives. In addition, the change in control benefits are intended to retain the executives during a time of an actual or threatened change in control and ensure that the executives are able to devote their entire attention to maximizing shareholder value and safeguarding employee interests. In December 2010, we amended Mr. Freeland's employment agreement to provide that the change in control payment would be made on the earlier to occur of (i) Mr. Freeland's separation from service by the Company or by Mr. Freeland for good reason or (ii) the one-year anniversary of such change in control. This amendment provided an additional retention element to the change in control benefits provided under the employment agreement.

In order to promote consistency within our change in control arrangements, on April 2, 2009, the Compensation Committee approved an amendment to each of the employment agreements then in effect, including the employment agreement with Mr. Freeland, so that the change in control definition provided therein parallels the definition provided in the Amended and Restated Change in Control Severance Policy described below. This amendment requires the consummation of a qualifying merger or similar transaction, rather than shareholder approval of the transaction, in order to constitute a change in control, and excludes from the

Table of Contents

definition of change in control any sales of substantially all of our assets to an entity in which our shareholders hold at least 50% of the voting securities, rather than 75%, as originally provided in the employment agreements.

On March 20, 2015, we entered into a separation and release letter agreement with Mr. Abram. Pursuant to the agreement, Mr. Abram received an aggregate amount of \$122,744 under our 2014 short-term incentive plan and a lump sum amount of \$140,898.32 as consideration for all of his outstanding equity awards under our 2009 Equity Plan and 2014 Equity Plan, which were terminated and forfeited. In addition, we reimbursed the monthly COBRA payments made by Mr. Abram for a period of six months.

On December 4, 2015, we entered into a Transition and Separation Agreement with Mr. Freeland. Pursuant to the agreement, Mr. Freeland stepped down as our President and Chief Executive Officer and as a member of the Board effective December 4, 2015 but continued to serve as an at-will employee of the Company through March 4, 2016 to provide assistance and input concerning ongoing business matters to effectively transition matters to other executives. In consideration for his services during the transition period, we paid Mr. Freeland an amount equal to \$50,000, and Mr. Freeland also received a payment of \$450,000 in exchange for agreeing to a two-year covenant not to compete or solicit and a general release, and continuing to comply with customary confidentiality and non-disparagement provisions.

On December 4, 2015, in connection with Dr. Raab's appointment as interim President and CEO, the Compensation Committee approved the following compensation arrangements for Dr. Raab:

Base salary - \$500,000 per year

Short-term incentive opportunity - Target award value of 50% of base salary.

Long-term incentive opportunity - A one-time equity grant of 60,000 time-based nonqualified stock options. Fifty percent of the options will vest, subject to his continued membership on the Board, upon the earlier to occur of (i) the date a successor President and CEO is appointed and (ii) the one year anniversary of the date of grant, and the remaining 50% of the options will vest on the second anniversary of the date of grant. Upon a change in control, the options will become fully vested and exercisable.

Such amounts are in addition to Dr. Raab's annual retainer for his service as Chairman of the Board and the annual cash retainer paid and annual equity grants awarded to members of the Board, as described under 2015 Director Compensation-Terms of Director Compensation Program, which he will continue to receive.

On March 10, 2016, we entered into a Transition and Separation Agreement with Ms. Murphy-Wolf. Pursuant to the agreement, Ms. Murphy-Wolf stepped down as our Senior Vice President and Chief Financial Officer effective March 10, 2016. Ms. Murphy-Wolf will continue to serve as an at-will employee of the Company through April 8, 2016 (or such earlier date as determined by the Company, in its sole discretion, upon notice to Ms. Murphy-Wolf) to provide assistance and input concerning ongoing business matters to effectively transition matters to other executives or to perform such other duties as reasonably directed by our President and Chief Executive Officer. In consideration for her services during the transition period, the Company will pay Ms. Murphy-Wolf an amount equal to \$25,000. Ms. Murphy-Wolf will also receive a payment of \$226,250 during the transition period in exchange for agreeing to a two-year covenant not to compete or solicit and a general release, and continuing to comply with customary confidentiality and non-disparagement provisions. In addition, Ms. Murphy-Wolf will receive an aggregate gross amount equal to \$32,000 to cover the remaining lease payments under her apartment lease, relocation costs and attorneys' fees. In addition, we will reimburse the monthly COBRA payments made by Ms. Murphy-Wolf for a period not to exceed eight months.

Amended and Restated Change in Control Severance Policy. During 2015, Messrs. Arezone, Gale and Abram and Meses. Murphy-Wolf and Hall were covered by our Change in Control Severance Policy, which was amended and restated in April 2015 and entitles certain employees to severance benefits in the event their employment with us is terminated without cause or for good reason within twelve months following a change in

control. The Compensation Committee believes that this double trigger provides appropriate protections to officer-level employees and encourages retention in situations that may result in the loss of their jobs.

For more information on Messrs. Freeland, Gale and Abram and Mses. Murphy-Wolf and Hall's employment agreements and the Amended and Restated Change in Control Severance Policy, see Potential Payments Upon Termination or Change in Control beginning on page 52 of this Proxy Statement.

Policies Regarding Termination and/or Change-in-Control Benefits Payable to New Hires. It is the Compensation Committee's intention that it will provide change-in-control protection to newly-hired executives in the form of (i) acceleration of vesting for outstanding equity awards, and (ii) severance benefits under the Amended and Restated Change in Control Severance Policy. The Compensation Committee recognizes, however, that in the context of a change-in-control transaction, certain payments, such as retention bonuses, may be advisable. Accordingly, the Compensation Committee retains the discretion to enter into such arrangements in the event of an actual change-in-control transaction.

Executive Benefits and Perquisites

We provide limited perquisites and personal benefits to our named executive officers, including, among other items, relocation and temporary housing expense benefits for newly hired executive officers. We do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives.

The named executive officers participate in our Vice President and Above Life Insurance Plan and Executive Long-Term and Short-term Disability Plans. Under the Life Insurance Plan, we pay all required premiums for life insurance on executive officers, which includes the named executive officers, until the executive officer reaches age 65. The named executive officers will also have a life insurance benefit of three (3) times their annual salary up to a maximum benefit of \$750,000. After age 65, benefits are reduced as follows:

35% reduction after the age of 65;

an additional 25% of the original amount at the age of 70; and

an additional 15% of the original amount at the age of 75.

Our Long-Term Disability Plan is intended to replace a reasonable amount of an executive officer's income upon disability. The plan provides a total benefit in the event of a qualifying disability of up to 60% of pre-disability income with a maximum benefit of \$15,000 per month paid up until the age of 65 or longer (depending on when the participant becomes disabled).

The named executive officers also participate in various health and welfare programs generally available to all employees. Historically, all employees, including named executive officers, who participated in our 401(k) plan were eligible to receive a 100% match on the first 1% and a 50% match on each additional dollar of compensation deferred, up to a maximum of 6% of their compensation, not to exceed the maximum allowed by the IRS.

Corporate Tax and Accounting Considerations

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to our CEO and the three other most highly compensated executive officers, other than the CFO. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Compensation Committee considers tax deductibility when making executive compensation decisions, but reserves the right to award compensation that is not fully tax deductible when viewed as necessary to accomplish other compensation program objectives.

Table of Contents

Stock Ownership Guidelines

In February 2008, the Compensation Committee adopted stock ownership guidelines to directly align the interests of executive officers with the interests of our shareholders. Under these guidelines, as updated by the Compensation Committee in 2014, the CEO is required to own stock having a value equal to six times his annual base salary and the other named executive officers are required to own stock having a value equal to two times their annual base salary. The ownership requirement may be satisfied through holdings of (i) equity awards granted by the Company, the values of which are calculated based on the higher of (x) the grant date fair value of the equity awards or (y) the then-current value of the equity awards on the date compliance is determined, and/or (ii) shares of common stock purchased by the executive independently, the values of which are calculated based on the closing price of our common stock on the purchase date. Each executive officer must comply with the minimum ownership requirements within five years after he or she becomes subject to the policy or the executive will be precluded from subsequent sales and transfer of shares and options awarded to the executive under our equity incentive plans. The Compensation Committee periodically reviews the status of each executive's equity holdings relative to our stock ownership guidelines. Our current executive officers are in compliance with the policy as of March 24, 2016.

Compensation Clawback Policy

In April 2011, the Compensation Committee adopted a clawback policy with respect to the performance-based compensation awarded to our executive officers. The clawback policy requires that, in the event of a restatement of our financial statements that reduces the amount of performance-based compensation an executive officer would have received under the restated results, and if a court determines that an executive officer engaged in fraud or intentional illegal conduct that materially contributed to the need for the restatement, an independent committee of the Board must seek, subject to certain exceptions, to recover from that executive officer the after-tax difference between the performance-based compensation actually awarded to the officer and the amount the officer would have received under the restated financials.

Pursuant to the Dodd-Frank Act, all public companies will be required to adopt a formal recoupment policy relating to incentive compensation impacted by restated financial statements, and the recovery of impacted compensation will not be contingent on any person's misconduct. The SEC has not yet issued final regulations describing the specific requirements for the policy required under the Dodd-Frank Act. We will revise our clawback policy in accordance with the new requirements after final regulations are released.

Insider Trading Policy

In February 2013, the Governance and Nominating Committee amended our Insider Trading Policy to prohibit hedging and limit any pledging by our directors and executive officers. None of our directors or executive officers have any shares that are pledged to third parties.

Compensation Committee Report

The Compensation Committee has the overall responsibility of evaluating the performance and determining the compensation of the President and CEO and approving the compensation structure for the Company's other executive officers. In fulfilling its responsibilities, the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for the 2016 Annual Meeting of Shareholders for filing with the SEC, and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2015, as filed with the SEC on February 29, 2016.

Risk Assessment of Overall Compensation Program

The Compensation Committee has reviewed with management the design and operation of our incentive compensation arrangements for all employees, including executive officers, for the purpose of determining whether such programs might encourage inappropriate risk-taking that could have a material adverse effect on the Company. Management compiled an inventory of all incentive compensation arrangements applicable to our employees at all levels, which plans and arrangements were reviewed for the purpose of identifying any aspects of such programs that might encourage behaviors that could exacerbate business risks. In conducting this assessment, the Compensation Committee considered, among other things, the performance objectives used in connection with these incentive awards and the features of our compensation program that are designed to mitigate compensation-related risk. The Compensation Committee concluded that any risks arising from our compensation plans, policies and practices are not reasonably likely to have a material adverse effect on the Company.

Our Board of Directors has adopted a Statement of Policy and Procedures with respect to Related Person Transactions, which sets forth in writing the policies and procedures for the review, approval or ratification of any transaction (or any series of similar transactions) in which the Company, including any of its subsidiaries, were, are or will be a participant, in which the amount involved exceeds \$10,000, and in which any related person had, has or will have a direct or indirect material interest. Any shareholder beneficially owning in excess of 5% of our outstanding common stock;

Any immediate family member of any of the foregoing persons; or

Any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in which such person has a 10% or greater beneficial ownership interest.

Our Board of Directors has charged the Audit Committee with reviewing and approving related person transactions. Prior to the approval of, entry into, or amendment to a related person transaction, our Audit Committee reviews the proposed transaction and considers all relevant facts and circumstances, including:

The benefits to the Company from the proposed transaction;

The impact of the proposed transaction on the independence of the members of the Board of Directors, if applicable;

The availability of unrelated parties to perform similar work for a similar price in a similar timeframe;

The terms of the proposed transaction; and

The terms available to unrelated third parties or employees generally.

The Audit Committee approves only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and our shareholders. The Audit Committee may approve a proposed related person transaction if it finds that it has been fully apprised of all significant conflicts that may exist or otherwise may arise on account of the transaction, and it nonetheless believes that we are warranted in entering into the related person transaction, and the Audit Committee has developed an appropriate plan to manage the potential conflicts of interest.

Other than a transaction involving compensation, including the grant of equity awards, that is approved by our Board of Directors or Compensation Committee, we will only consummate or continue a related person transaction if it has been approved or ratified by our Audit Committee in accordance with the guidelines set forth in the policy.
