### **ITEM 1. DESCRIPTION OF BUSINESS**

#### **Business Development**

We were incorporated in the State of Delaware under the name Modena 2, Inc. on November 18, 2003 to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. On September 8, 2004, pursuant to an agreement between us, Chris Penner, Don Bratcher and Gary Moore ( Agreement ), Gary Moore and Don Bratcher purchased all of our issued and outstanding shares of common stock. We had been in the developmental stage since inception and have no operations to date other than issuing shares.

On May 10, 2005, pursuant to a Stock Purchase Agreement and Share Exchange between us and EPS, Inc., an Arkansas corporation, and the shareholders of EPS, we purchased all of the outstanding shares of EPS for the issuance of 10,156,000 shares of our stock to the EPS shareholders. Pursuant to the Agreement, EPS became a wholly owned subsidiary of the Company. Pursuant to the terms of the Agreement, we filed Articles of Amendment with the State of Delaware changing our name to Effective Profitable Software, Inc.

Based on the acquisition of EPS we changed our business focus to become a financial markets evaluation software company which focuses on bringing affordable evaluation tools to the general public. We are based in Little Rock, Arkansas and are led by Don Bratcher, Gary Moore and Richard Torti. We use in house proprietary software for evaluation of markets, stocks, commodities, and other financial instruments. We have developed an innovative evaluation system we call the TimingWave. At the center of the system is a 100% mechanical, unemotional timing model that is both powerful and simple to use. The system's web-based access will make it both affordable and accessible and our evaluations will be easily understood.

On May 20, 2005, our directors and shareholders approved a 5-1 forward split of our outstanding common shares increasing the amount of shares owned by these shareholders to 51,280,000 shares.

#### **Our Company**

We are a financial markets evaluation software company that will focus on bringing affordable evaluation tools to the general public. Our business model is to use in house proprietary software for evaluation of markets, stocks, commodities, and other financial instruments.

## Edgar Filing: EFFECTIVE PROFITABLE SOFTWARE, INC. - Form 10KSB/A

We have developed an innovative evaluation system we call TimingWave . At the center of the system is a 100% mechanical, unemotional timing model that is both powerful and simple to use. Its web-based access will make it both affordable and accessible, and its evaluations are easily understood.

We believe that we will be able to leverage the proprietary evaluation system to quickly gain market share. Priced at less than a dollar a day, it will have user friendly functions that produce reliable and clear evaluations for our subscribers.

### Market

We will concentrate on the unserved masses that are overlooked and often ignored by the larger financial houses. Financial advisors, financial analysts, CPA s, and financial services sales agents will be targeted with free access so they can introduce clients to the software. Money managers will be given demonstrations on the evaluation ability of the software in order to acquire evaluations contracts.

### Management Team

Our management team has combined experience in sales, banking, management, accounting, and technical evaluation. All members of our management team share the same desire to bring an affordable evaluation system to the public.

### Timing Wave

Our objective is to provide an effective, affordable evaluation tool for the average investor to enhance and protect his or her portfolio. We intend to create a loyal customer base by providing excellent results, continuing education, and accurate expectations. We believe we will be able to maintain a motivated and creative workforce who share the same purpose of customer satisfaction. We want to provide any person who wants to actively manage their investment portfolios with the instructions and tools to do so at an affordable cost.

### Services

We will produce proprietary software that evaluates stocks, commodities, indexes, bonds, and currencies. This software is a technical indicator-based system that is fast and effective in evaluating markets. The software is easy to learn and gives high probability trades. It is capable of analyzing any market and is just as effective with stocks and bonds as it is with commodities and indexes. Training materials will be provided for all software subscribers. If a subscriber chooses to, they can attend instructional seminars where a Power Point presentation will be presented to them along with the use of the training materials. The seminars will be held in various locations throughout the country and admission is free, although reservations will be mandatory in order to allow EPS to prepare for the number of participants. If a subscriber chooses not to attend the seminars, they will be given passwords in order to gain access to an on-line system which will provide them with the training materials.

### Market Analysis Summary

Trading platforms such as TradeStation, eSignal, and MetaStock have a total of approximately 500,000 subscribers. We intend to build our software on their platforms. Subscriptions will be made on-line through our website and access for each platform will be linked. Software engineers are working on TradeStation now and we have built the system on MetaStock, which unfortunately has the least subscribers. Our target goal is TradeStation which has the largest number of subscribers.

Professional traders, as well as companies operating trade platforms, will be contacted. The software is interfaced with their trading platforms, and the trading fees that are generated by the system will be shared. Hedge funds, money managers, and mutual funds will be solicited for designing proprietary systems suited to their particular requirements. We also address a previously ignored niche: the small investor. By making the evaluation systems affordable, we will provide the small investor an instrument to enhance his or her earnings and protect his or her portfolio.

### Service Business Analysis

The majority of evaluation programs are designed for the professional or institutional trader; they are typically complicated with confusing language. We are different because our programs are written for the novice in mind and we do not use complicated indicators or subjective strategies. All markets do one of three things: go up, go down, or go sideways. Complicated charts with numerous indicators tend to confuse

## Edgar Filing: EFFECTIVE PROFITABLE SOFTWARE, INC. - Form 10KSB/A

rather than clarify. The purpose of our system is to help the investor decide whether they should be in or out of a given market, stock, or other investment.

We will attempt to leverage the proprietary evaluation system to quickly gain market share. The system is convenient and based on extensive research, providing a reliable model for evaluation of both markets and stocks.

We intend to hold seminars throughout the country to educate the consumer on the product they are buying. Outside agents will arrange and conduct the seminars. The agents will make a scripted Power Point presentation, demonstrating the evaluation software and how to read the indicators. Direct mail and email advertising will be used as well. These forms of advertising offer free access and instructions on the use of the evaluation software s various programs. We also intend to begin a weekly, interactive class for subscribers in case they have any questions they need clarified.

Web Plan Summary

Our website will have several different functions. It will be used as a marketing tool and it will allow subscribers to access the evaluation software. The site will also give subscribers opinions on strategies and historic data along with third party validation of the performance of our evaluation system. Paypal will be used to handle all internet subscriptions on the site. A weekly TimingWave instructional and interactive class will also be provided, along with a glossary and answers to FAQ s.

Competition

Countless market timing websites are available each having particular systems and markets with various time periods and indicators. We are not similar to that type of market timing service since we are a trading tool which indicates when certain market conditions exist for a high probability trade. The website will contain software in which the subscriber will be able to test results historically and it will give the most advantageous stop loss level. The indicators that collaborate to produce the market signal are simple and not subjective. We do not believe that TimingWave has any real or specific competition but we just do not have any name recognition. In order to rectify this we intend to market the TimingWave with a free one month subscription. We are confident once people are exposed to the simple but profitable TimingWave our subscription members will grow dramatically.

**ITEM 2. DESCRIPTION OF PROPERTY**

Our executive offices are located at 1 Innwood Circle, Suite 209 Little Rock, Arkansas 72211. This office space is leased to us pursuant to a month-to-month lease which commenced October 2005. Pursuant to the terms of the lease we pay \$250 a month for this property and we believe that this space is sufficient and adequate to operate our current business.

**ITEM 3. LEGAL PROCEEDINGS**

There is no litigation pending or threatened by or against us.

**ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

None.

## **PART II**

### **ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS**

#### **No Public Market for Common Stock**

There is presently no public market for our common stock.

#### **Holdings**

As of June 12, 2006, there are approximately 39 holders of our common stock.

#### **Dividends**

Since inception we have not paid any dividends on our common stock. We currently do not anticipate paying any cash dividends in the foreseeable future on our common stock, when issued pursuant to this offering. Although we intend to retain our earnings, if any, to finance the exploration and growth of our business, our Board of Directors will have the discretion to declare and pay dividends in the future.

Payment of dividends in the future will depend upon our earnings, capital requirements, and other factors, which our Board of Directors may deem relevant.

#### **Recent Sales of Unregistered Securities**

On May 10, 2005, pursuant to a Stock Purchase Agreement and Share Exchange between us and EPS, Inc., an Arkansas corporation, and the shareholders of EPS, we purchased all of the outstanding shares of EPS for the issuance of 10,156,000 shares of our stock to the EPS shareholders. Pursuant to the Agreement, EPS became a wholly owned subsidiary of the Company. Pursuant to the terms of the Agreement, we filed Articles of Amendment with the State of Delaware changing our name to Effective Profitable Software, Inc.

On May 20, 2005, our directors and shareholders approved a 5-1 forward split of our outstanding common shares increasing the amount of shares owned by these shareholders to 50,780,000 shares.

**Equity Compensation Plan Information**

The following table sets forth certain information as of June 12, 2006, with respect to compensation plans under which our equity securities are authorized for issuance:

**ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS**

The following discussion and analysis provides information which management believes is relevant to an assessment and understanding of our financial condition. The discussion should be read in conjunction with our financial statements and notes thereto appearing in this prospectus. The following discussion and analysis contains forward-looking statements, which involve risks and uncertainties. Our actual results may differ significantly from the results, expectations and plans discussed in these forward-looking statements.

**Overview**

On May 10, 2005, pursuant to a Stock Purchase Agreement and Share Exchange between us and EPS, Inc., an Arkansas corporation, and the shareholders of EPS, we purchased all of the outstanding shares of EPS for the issuance of 10,156,000 shares of our stock to the EPS shareholders. Pursuant to the Agreement, EPS became a wholly owned subsidiary of the Company. Pursuant to the terms of the Agreement, we filed Articles of Amendment with the State of Delaware changing our name to Effective Profitable Software, Inc.

Based on the acquisition of EPS we changed our business focus to become an evaluation software company which focuses on bringing affordable evaluation tools to the general public. We are based in Little Rock, Arkansas and are led by Don Bratcher, Gary Moore and Richard Torti. We use in house proprietary software for evaluation of markets, stocks, commodities, and other financial instruments. We have developed an innovative financial markets evaluation system we call the TimingWave. At the center of the system is a 100% mechanical, unemotional timing model that is both powerful and simple to use. The system's web-based access will make it both affordable and accessible and our evaluations are easily understood.

On May 20, 2005, our directors and shareholders approved a 5-1 forward split of our outstanding common shares increasing the amount of shares owned by these shareholders to 50,780,000 shares.

**Plan of Operations**

During the next twelve months, we expect to take the following steps in connection with the operations:

Initially we plan to prepare and execute a marketing plan to develop our subscription base. The majority of our member base will be obtained from two sources: search engine results and links placed in online market timing directories via link exchange programs. We anticipate that within thirty to sixty days, a comprehensive marketing plan will be developed. We expect to spend approximately \$5,000 on marketing in the areas of Keyword Advertising and Sponsored Links through Google, FindWhat, and other similar targeted keyword programs. Another area that we will vigorously pursue as part of our marketing and branding program is search engine placement. By continuing to work to optimize the site, and by increasing the number of links to the site, we feel we can receive better search results and search engine saturation, which in turn directs more traffic to the website. In addition to our internet based effort we intend to advertise in national papers Wall Street Journal, USA Today we anticipate additional subscriptions from word of mouth.

In the latter part of 2006 we intend to charge a subscription fee for our services. We believe our programs are so unique and accurate that no active subscription members will be affected and we intend to inform them when they subscribe that this is an initial offer and prices will increase. We currently have enough cash to satisfy our minimum cash requirements for the next 6 months to maintain our operations. However, we may require additional funds to increase marketing, to expand international and for further development of our Website.

We currently do not have enough cash to satisfy our minimum cash requirements for the next twelve months. In addition, we will require additional funds to increase marketing, to expand operations, and for further development of our website. No significant purchases of equipment are anticipated; however, a substantial surge in traffic and/ or membership could necessitate the purchase of additional servers.

As reflected in the accompanying financial statements, we are in the development stage with limited operations. This raises substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent on our ability to raise additional capital and implement our business plan. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

**Capital Resources and Liquidity.**

Our audited balance sheet as of December 31, 2005 reflects assets of \$8,540 consisting of cash of \$2,335, property and equipment of \$4,655, deposits of \$750, and pre-paid expenses of \$800. Total liabilities as of December 31, 2005 were \$42,772 consisting of accounts payable of \$8,187 and stockholder loans of 34,585.

As of December 31, 2005, we had \$2,335 in cash. Our general and administrative expenses are expected to average \$5,000 per month for the next 12 months based upon our projected operating budget. We currently do not have enough cash to satisfy more than one year of operations without receiving additional funds from our President or additional investors

**Going Concern Consideration**

The report of our independent registered public accounting firm on our December 31, 2005 audited financial statements contains an explanatory paragraph expressing uncertainty with respect to our ability to continue as a going concern. As reflected in the accompanying audited financial statements, we are in the development stage. We have no operations and have had recurring losses since inception and an accumulated deficit of \$161,565. Accordingly, there is substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent on our ability to raise additional capital and implement our business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern. We believe that actions presently being taken to obtain additional funding and implement our strategic plans provide the opportunity for us to continue as a going concern.

**Recent Accounting Pronouncements**

In May 2005, the FASB issued SFAS 154, Accounting Changes and Error Corrections. This Statement replaces APB Opinion No., 20, Accounting Changes, and FASB Statement No. 3, Reporting Accounting Changes in Interim Financial Statements, and changes the requirements for the accounting for and reporting of a change in accounting principle. This Statement applies to all voluntary changes in accounting principle. It also applies to changes required by an accounting pronouncement in the unusual instance that the pronouncement does not include specific transition provisions. SFAS 154 also requires that a change in depreciation, amortization or depletion method for long-lived, non financial assets be accounted for as a change in accounting estimate effected by a change in accounting principle. This Statement is effective in fiscal years beginning after December 15, 2005. The Company has not yet determined the effect of implementing this standard.

**Critical Accounting Policies**

Our financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States ( GAAP ). GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenue and expense amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use if estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our financial statements.

Our significant accounting policies are summarized in Note 1 of our financial statements. While all these significant accounting policies impact our financial condition and results of operations, Our views certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on our financial statements and require management to use a greater degree of judgment and estimates. Actual results may differ from those estimates. Our management believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause effect on our consolidated results of operations, financial position or liquidity for the periods presented in this report.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors of:

Effective Profitable Software, Inc. and Subsidiary

(A Development Stage Company)

We have audited the accompanying consolidated balance sheet of Effective Profitable Software, Inc. and subsidiary (a development stage company) as of December 31, 2005 and the related statements of operations, changes in stockholders' deficit and cash flows for the year ended December 31, 2005 (Consolidated), the period from February 23, 2004 (inception) to December 31, 2004 and the period from February 23, 2004 (inception) to December 31, 2005 (Consolidated). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of Effective Profitable Software, Inc. and subsidiary (a development stage company) as of December 31, 2005 and the results of its operations and its cash flows for the year ended December 31, 2005 (Consolidated), the period from February 23, 2004 (inception) to December 31, 2004 and the period from February 23, 2004 (inception) to December 31, 2005 (Consolidated) in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 4 to the financial statements, the Company is in the development stage with no revenue, a working capital deficiency of \$40,437, a stockholders' deficiency of \$34,232 and has a negative cash flow from operations of \$73,459 from inception. These factors raise substantial doubt about its ability to continue as a going concern. Management's plans concerning this matter are also described in Note 4. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**EFFECTIVE PROFITABLE SOFTWARE, INC. AND SUBSIDIARY**

**(A DEVELOPMENT STAGE COMPANY)**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS(Restated)**

**AS OF DECEMBER 31, 2005**

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION**

**(A) Organization**

Effective Profitable Software, Inc. F/K/A Modena 2, Inc. (a development stage company) was incorporated in the state of Delaware on November 18, 2003.

EPS, Inc., (a development stage company) was incorporated in the state of Arkansas on February 23, 2004.

On May 10th, 2005 pursuant to a stock purchase agreement and share exchange between the Effective Profitable Software, Inc. and EPS, Inc. and the shareholders of EPS, Inc., we purchased all of the outstanding shares of EPS for the issuance of 10,156,000 (50,780,000 post-split) shares of our stock to EPS shareholders. Pursuant to the agreement, EPS became a wholly owned subsidiary of the Company. As a result of the agreement, the transaction was treated for accounting purposes as a reorganization by the accounting acquirer (EPS, Inc.) and as a recapitalization by the accounting acquiree (Effective Profitable Software, Inc.).

Accordingly, the financial statements include the following:

- (1) The balance sheet consists of the net assets of the acquirer at historical cost and the net assets of the acquiree at historical cost.
- (2) The statement of operations includes the operations of the acquirer for the periods presented and the operations of the acquiree from the date of the merger.

Activities during the development stage include developing the business plan and raising capital.

Effective Profitable Software, Inc. and its wholly-owned subsidiary are hereafter referred to as the Company .

The Company intends to develop computer software for use in technical analysis of financial markets.

**(B) Principles of Consolidation**

The 2005 financial statements include the accounts of Effective Profitable Software, Inc. (from May 10, 2005 merger) and its wholly-owned subsidiary EPS, Inc. The 2004 financial statements include EPS, Inc. (from February 23, 2004 inception).

**EFFECTIVE PROFITABLE SOFTWARE, INC. AND SUBSIDIARY**

**(A DEVELOPMENT STAGE COMPANY)**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS(Restated)**

**AS OF DECEMBER 31, 2005**

All significant intercompany accounts and transactions have been eliminated in consolidation.

**(C) Revenue Recognition**

Revenue is recognized when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed or determinable and collectability is assured.

**(D) Cash and Cash Equivalents**

The Company considers cash on hand and amounts on deposit with financial institutions which have original maturities of three months or less to be cash and cash equivalents.

**(E) Use of Estimates**

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates

**(F) Property and Equipment**

Property and equipment are recorded at cost. Depreciation is computed using the declining balance method over the estimated useful lives of the various classes of assets as follows:

Computers and equipment	5 years
Furniture and fixtures	7 years

Property and equipment at December 31, 2005 consisted of the following:

Office furniture and fixtures	\$	4,727
Computer equipment		1,246
Total Property	\$	5,973
Less: Accumulated depreciation		1,318
Property and equipment, net	\$	4,655

Depreciation expense for the year ended December 31, 2005 and the period February 23, 2004 to December 31, 2004 was \$2,407 and \$1,336, respectively.

**EFFECTIVE PROFITABLE SOFTWARE, INC. AND SUBSIDIARY**

**(A DEVELOPMENT STAGE COMPANY)**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS(Restated)**

**AS OF DECEMBER 31, 2005**

**(G) Income Taxes**

The Company accounts for income taxes under the Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes ( Statement 109 ). Under Statement 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under Statement 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. As of December 31, 2005, the Company has a net operating loss carryforward of approximately \$161,565 available to offset future taxable income through 2025. The valuation allowance at December 31, 2005 was \$55,740. The net change in the valuation allowance for the period ended December 31, 2005 was an increase of \$17,762.

**(H) Fair Value of Financial Instruments**

The Company's financial instruments include accounts payable and liabilities to shareholders. The carrying amounts of other financial instruments approximate their fair value because of short-term maturities.

**(I) Earnings Per Share**

Basic earnings per share is computed by dividing earnings available to stockholders by the weighted-average number of shares outstanding for the period as guided by the Financial Accounting Standards Board (FASB) under Statement of Financial Accounting Standards (SFAS) No. 128, Earnings per Shares . Diluted EPS reflects the potential dilution of securities that could share in the earnings. As of December 31, 2005 and 2004, the company does not have any outstanding dilutive securities.

**(J) Concentrations of Credit Risk**

Edgar Filing: EFFECTIVE PROFITABLE SOFTWARE, INC. - Form 10KSB/A

Financial instruments which potentially expose the Company to concentrations of credit risk consist principally of operating demand deposit accounts if those accounts are in excess of \$100,000. As at December 31, 2005 there were no cash deposits in excess of the FDIC limit.

**(K) Recent Accounting Pronouncements**

In May 2005, the FASB issued SFAS 154, Accounting Changes and Error Corrections. This Statement replaces APB Opinion No., 20, Accounting Changes, and FASB Statement No. 3, Reporting Accounting Changes in Interim Financial Statements, and changes the

requirements for the accounting for and reporting of a change in accounting principle. This Statement applies to all voluntary changes in accounting principle. It also applies to changes required by an accounting pronouncement in the unusual instance that the pronouncement does not include specific transition provisions. SFAS 154 also requires that a change in depreciation, amortization or depletion method for long-lived, non financial assets be accounted for as a change in accounting estimate effected by a change in accounting principle. This Statement is effective in fiscal years beginning after December 15, 2005. The Company has not yet determined the effect of implementing this standard.

**NOTE 2        RESTATEMENT OF FINANCIAL STATEMENTS**

The financial statement for the year ended December 31, 2005 has been restated to adjust the number of post split shares issued in the reverse merger with EPS from 2,500,000 to 500,000 shares of common stock. The original number of shares issued to EPS was 100,000 shares of common stock or 500,000 shares post split. All equity numbers have been adjusted as well as the weighted average shares outstanding. The restatement has had no effect on the total shareholders deficit or the loss per share.

**NOTE 3        RELATED PARTY TRANSACTIONS**

The Company's officers have loaned the Company working capital in the form of unsecured demand notes. At December 31, 2005 the Company owed \$34,585. There are no terms on the note. The Company is accruing interest at a rate of 4% per annum and classifying the expense as an in-kind contribution.

**NOTE 4        STOCKHOLDERS EQUITY**

**(A) Issuance of Common Stock to Founders**

On February 23, 2004, the company issued 45,000,000 (9,000,000 pre-split) shares of common stock to the Company's officers for services regarding the initial start up of the Company. The value of these shares was \$900, or \$.0001 per share.

**(B) Stock Issued for Cash**

Edgar Filing: EFFECTIVE PROFITABLE SOFTWARE, INC. - Form 10KSB/A

During the period ended December 31, 2004, the Company undertook a private placement issuance, Regulation D Rule offering whereby 2,280,000 shares of common stock were issued for cash of \$45,600, or \$0.02 per share.

During the year ended December 31, 2005, the Company issued 500,000 shares to an investor for cash of \$10,000, or \$0.02 per share.

**(C) Stock Issued in Reverse Merger**

On May 10, 2005, Effective Profitable Software, Inc. exchanged 500,000 shares of common stock for all the outstanding shares of EPS.

**(D) Stock Issued for Services**

On April 1, 2004, the Company issued 500,000 shares of common stock for legal services. The value of these shares was \$10,000 or \$0.02 per share.

**EFFECTIVE PROFITABLE SOFTWARE, INC. AND SUBSIDIARY**

**(A DEVELOPMENT STAGE COMPANY)**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS(Restated)**

**AS OF DECEMBER 31, 2005**

During the last quarter of 2004, the Company issued 2,500,000 shares of common stock for services. The value of these shares was \$50,000, or \$0.02 per share.

In January 2005, the Company issued 500,000 shares of common stock for services. The value of these shares was \$10,000, or \$0.02 per share.

**(E) In-Kind Contribution**

During the period ended December 31, 2004, \$646 of in-kind contributions relating to imputed interest on related party loans was recorded.

During the year ended December 31, 2005, \$1,787 of in-kind contributions relating to imputed interest on related party loans was recorded.

**(F) Stock Split**

On May 20, 2005, the Board of Directors approved a 5 for 1 forward stock split for all shareholders of the Company as of May 10, 2005. Per share weighted average share amounts have been retroactively restated in the accompanying audited financial statements and related notes to reflect this stock split.

**NOTE 5**      **GOING CONCERN**

As reflected in the accompanying financial statements, the Company is in the development stage with no revenue, a working capital deficiency of \$40,437, a stockholder's deficiency of \$34,232 and has a negative cash flow from operations of \$73,459 from inception. This raises substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's

ability to raise additional capital and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management believes that actions presently being taken to obtain additional funding and implement its strategic plans provide the opportunity for the Company to continue as a going concern.

**NOTE 6**      **SUBSEQUENT EVENTS**

Subsequent to December 31, 2005, 1,700,000 shares to two investors for cash of \$44,000 (\$0.02 per share).

**ITEM 8A. CONTROLS AND PROCEDURES**

**Evaluation of disclosure controls and procedures**

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (Exchange Act), as of December 31, 2005. Based on that evaluation, our principal executive officer and principal financial officer concluded that, a material weakness in our internal accounting controls existed prior to December 31, 2005 so that our disclosure controls and procedures in place were not adequate to ensure that information required to be disclosed by us, including our consolidated subsidiaries, in reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported on a timely basis in accordance with applicable rules and regulations. Although our principal executive officer and principal financial officer believe our current existing disclosure controls and procedures are adequate to enable us to comply with our disclosure obligations, we intend to formalize and document the procedures already in place and establish a disclosure committee.

**Changes in internal controls**

We are in the process of making significant changes to our internal controls subsequent to the Evaluation Date. During the course of the most recent examination of our financial statements for the period ended December 31, 2005 by our independent accountants, we were advised of the existence of a material weakness in our internal accounting controls that existed prior to December 31, 2005. We are applying the necessary corrective action and believe this weakness will be remediated.

**PART III**

**ITEM 9 DIRECTORS, EXECUTIVE OFFICERS, PROMOTERS AND CONTROL PERSONS: COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT**

Our directors and officers, as of June 12, 2006, are set forth below. The directors hold office for their respective term and until their successors are duly elected and qualified. Vacancies in the existing Board are filled by a majority vote of the remaining directors. The officers serve at the will of the Board of Directors.

<b>Name</b>	<b>Age</b>	<b>Position</b>	<b>Date Appointed</b>
Gary Moore	52	President; Chief Executive Officer; Director	September 8, 2004

Dick Torti	52	Vice President	October 15, 2004

**Business Experience**

Set forth below is the name of our director and officer, all positions and offices with us held, the period during which he has served as such, and the business experience during at least the last five years:

**GARY MOORE** has been our President and Chief Executive Officer, as well as a member of the Board of Directors since September 8, 2004. He brings to the Company more than 25 years experience in the banking industry. Since its inception, Mr. Moore has been responsible for the development and infrastructure of EPS, our wholly owned subsidiary, which is a market evaluation software company. From 2001- 2003 he was a partner and a co-founder of AMDS in Memphis Tennessee which is a merchant service provider for credit card processing. He sold his interest in AMDS to his partners in June 2003. Prior to such time from 1986-1999 he was the head government bond trader for Union Planter Bank where he managed bond positions and traded over a billion bonds monthly. In 2000-2001, he was also employed in the mortgage division of Union Planters where his responsibilities included correspondent banking and developing relationships with regional banks. He received his degree in Journalism/Public Relations from the University of Memphis in 1976.

**DON BRATCHER** has been our Chief Financial Officer as well as a member of our Board of Directors since September 8, 2004. He has over 25 years experience in finance and has served in various capacities at both small and large companies. He is presently self-employed as a Futures and Options Trader. In addition, since 1993 he acted as Examiner In-Charge and Examiner on behalf of various state insurance departments for financial condition examinations of insurance companies participating in all phases of the examination process. In such capacities he performed in-house desk audits and financial analysis of both domestic and foreign insurers. Prior to such time he was the Senior Insurance Examiner for the Arkansas Insurance Department, Little Rock, Arkansas. He was responsible for the supervision and participation in the examination of domestic and foreign insurance companies to determine financial condition and compliance with Arkansas insurance law. Mr. Bratcher is a Certified Financial Examiner and Member of the Arkansas Society of Certified Public Accountants.

**DICK TORTI** has been our Vice President since October 15, 2004. He has over 25 years experience in the banking and securities industries and has served in various capacities in profit and loss management, operations, compliance strategic planning and business development. Since 2001 he has been self-employed as a contract consultant and in such capacity in banking, investments and business management. In addition, from 1999 until 2001 he was the Vice President/Manager of Capital Markets for Union Bank of California in Los Angeles. In such capacity he management capital markets department with full profit and loss responsibility with an emphasis on strengthening the bank's overall market share with its customer base by building referral channels for cross selling opportunities with other department. From 1994 to 1999 he was the Senior Vice President and Midwest Manager of Bank of America/Nations Bank where he directed bank relationships managers in developing customer programs. Mr. Torti has a Series 65 license and has active life and health insurances licenses. He received his Master of Business in Finance as well as his Bachelor of Business Administration in Investments and Accounting from Memphis State University in Memphis, Tennessee.

**Term of Office**

Our directors are appointed for a one-year term to hold office until the next annual general meeting of our shareholders or until removed from office in accordance with our bylaws. Our officers are appointed by our board of directors and hold office until removed by the board.

All officers and directors listed above will remain in office until the next annual meeting of our stockholders, and until their successors have been duly elected and qualified. There are no agreements with respect to the election of Directors. We have not compensated our Directors for service on our Board of Directors, any committee thereof, or reimbursed for expenses incurred for attendance at meetings of our Board of Directors and/or any committee of our Board of Directors. Officers are appointed annually by our Board of Directors and each Executive Officer serves at the discretion of our Board of Directors. We do not have any standing committees. Our Board of Directors may in the future determine to pay Directors fees and reimburse Directors for expenses related to their activities.

None of our Officers and/or Directors have filed any bankruptcy petition, been convicted of or been the subject of any criminal proceedings or the subject of any order, judgment or decree involving the violation of any state or federal securities laws within the past five (5) years.

**Certain Legal Proceedings**

No director, nominee for director, or executive officer has appeared as a party in any legal proceeding material to an evaluation of his ability or integrity during the past five years.

**Audit Committee**

We do not have a standing audit committee of the Board of Directors. Management has determined not to establish an audit committee at present because of our limited resources and limited operating activities do not warrant the formation of an audit committee or the expense of doing so. We do not have a financial expert serving on the Board of Directors or employed as an officer based on management's belief that the cost of obtaining the services of a person who meets the criteria for a financial expert under Item 401(e) of Regulation S-B is beyond its limited financial resources and the financial skills of such an expert are simply not required or necessary for us to maintain effective internal controls and procedures for financial reporting in light of the limited scope and simplicity of accounting issues raised in its financial statements at this stage of its development.

**Compliance with Section 16(A) of the Exchange Act**

Section 16(a) of the Exchange Act requires our officers and directors, and persons who beneficially own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and are required to furnish copies to us. To the best of our knowledge, reports required to be filed were timely filed in fiscal year ended December 31, 2005.

**Code of Ethics**

We have adopted a Code of Ethics applicable to our Chief Executive Officer and Chief Financial Officer. This Code of Ethics is filed herewith as an exhibit.

**ITEM 10. EXECUTIVE COMPENSATION**
