**Item 5.02           Departure Of Directors or Certain Officers; Election of  
Directors; Appointment of Certain Officers; Compensatory  
Arrangements of Certain Officers**

(b) Mr. Dennis Sullivan retired as a director of Ferro Corporation (the Company) effective April 30, 2010. The Company's Corporate Governance Principles provide that a director is expected to retire from the board at the annual meeting following his or her 70<sup>th</sup> birthday, unless the Board of Directors specifically requests otherwise. Mr. Sullivan, who turned 70 prior to the 2009 Annual Meeting of Shareholders, continued his service as a director at the request of the Board of Directors until the 2010 Annual Meeting of Shareholders.

(e) On April 30, 2010, at the 2010 Annual Meeting of Shareholders, the shareholders of the Company voted to approve the 2010 Long-Term Incentive Plan (the Plan). The Plan was approved by the Company's Board of Directors on February 26, 2010, subject to shareholder approval.

The purpose of the Plan is to promote the Company's long-term financial interests and growth by attracting, retaining and motivating high quality key employees and directors and aligning their interests with those of its shareholders. The Plan will be administered by the Compensation Committee, which is responsible for selecting the employees and directors who will participate in the Plan, determining the types and number of awards to be made to each participant, and determining the terms, conditions and limitations applicable to each award.

Several types of awards can be issued under the Plan, including (a) incentive stock options and nonstatutory stock options each with an exercise price not less than the per share fair market value of Company's shares of Common Stock on the date the option is granted and a term of no more than ten years, (b) stock appreciation rights with an exercise price not less than the fair market value on the date of grant and a term of no more than ten years, (c) restricted shares, which may be subject to time-based vesting or performance-based vesting, (d) performance shares, which may be represented either by forfeitable shares issued at the time of grant or by phantom performance shares and will be earned upon satisfaction of pre-established performance targets over a performance period (usually three years) established by the Committee, (e) other share based awards, such as shares, phantom share units, deferred shares or units or other awards valued in whole or in part by reference to, or otherwise based upon, shares, and (f) dividend equivalent rights, which entitle the participant to receive credits based on cash distributions that would have been paid on the shares if such shares had been issued to and held by the participant. For awards that vest based solely on the lapse of time, the minimum vesting period is three years from the date of grant and for awards that vest based on performance criteria, the minimum vesting period is twelve months; however, the Committee may grant awards not subject to such minimum periods so long as the aggregate number of shares subject to such awards does not exceed 500,000 (ten percent of the shares reserved under the Plan).

The number of the Company's shares of Common Stock reserved for awards under the Plan is 5,000,000, subject to certain capitalization adjustments. Any shares that are subject to awards of options or stock appreciation rights will be counted one-for-one against shares reserved under the Plan. For all other awards, every share under such award will be counted as 1.39 shares against shares reserved under the Plan. Shares subject to any award that is forfeited or otherwise terminated without the issuance of shares or payment of consideration in lieu of shares, will again be available for grant under the Plan (other than stock appreciation rights) and will be counted in the same manner. With respect to stock appreciation rights settled in shares, the aggregate number of shares subject to the award will be counted against the number of shares available for issuance under the Plan, regardless of the number of shares issued upon settlement. Shares tendered by participants as full or partial payment to the Company upon exercise of options or other awards or to satisfy a participant's tax withholding obligations will not increase the number of shares available for awards under the Plan.

The Plan provides that no more than 500,000 shares will be the subject of awards granted to any single participant during any 12-month period.

Upon a change in control of the Company (as defined in the Plan) (a) all stock options and stock appreciation rights will become fully vested and exercisable, (b) all restrictions and conditions with respect to all awards of restricted shares will be deemed fully released or satisfied, except as set forth below, (c) all previously established performance targets for performance shares will be deemed to have been met at 100% of the award level, and (d) during a restriction period or during a performance period, participants will be entitled to receive a pro rata portion of the award that would have been distributed to them at the end of the applicable restriction period or performance period. In connection with a change in control, the Company may make payments to participants in cash for the value of all outstanding awards to the extent vested based upon the higher of (i) the closing price on the date of the change in control or (ii) the highest price actually paid in connection with the change in control.

The Board of Directors will have the power to amend, modify or terminate the Plan under certain circumstances. The Board will not have the power to change an option price nor the initial value of a stock appreciation right. No new awards may be made under the Plan after December 31, 2020.

A copy of the plan is incorporated, herein, as Exhibit 10.1.

**Item 5.07 Submission of Matters to a Vote of Security Holders**

The 2010 Annual Meeting of Shareholders of Ferro Corporation was held on Friday, April 30, 2010.

The final results of voting on each of the matters submitted to a vote of security holders at the 2010 Annual Meeting are as follows:

- Shareholders elected each of the following three nominees as a director to serve for a term to expire at the 2013 Annual Meeting of Shareholders and until his successor has been duly elected and qualified, as set forth below.
