Attached to this Report on Form 6-K as Exhibit 1 is a copy of the press release issued by Euroseas Ltd. (the "Company") on August 30, 2007 announcing agreement to purchase a container ship vessel expanding fleet to 14 vessels

EXHIBIT 1

The Company hereby incorporates this Form 6-K into the Company's Registration Statement on Form F-1, filed on October 20, 2005, Registration Statement No. 333-129145, and the Company's Registration Statement on Form F-3, filed on May 10, 2007, Registration Statement No. 333-142794.

Euroseas Ltd. Announces Agreement to Purchase a Container Ship Vessel Expanding Fleet to 14 Vessels

Maroussi, Athens, Greece, August 30, 2007 - Euroseas Ltd. (NASDAQ: ESEA), an owner and operator of drybulk carriers, container ship and multipurpose vessels and provider of seaborne transportation for dry bulk and containerized cargoes, announced today that it has signed a Memorandum of Agreement to purchase the M/V *Tiger Bridge* (ex *City of Hamburg*), an intermediate container ship of 30,400 dwt and 2,228 twenty-foot equivalent units (teu) built in 1990 in Korea. The M/V *Tiger Bridge*, was acquired for approximately \$ 24.0 million and comes with a period charter attached until July 2009 at a rate of \$16,500 per day.

Following the delivery of the Tiger Bridge to our fleet between September 15 and October 10, 2007 at the sellers option, approximately 92% of Euroseas total fleet days in 2007 and approximately 37% in 2008 will be fixed under period charters, already concluded spot charters, or, otherwise protected from market fluctuations.

Aristides Pittas, Chairman and CEO of Euroseas commented: "We are pleased to announce that we have acquired the M/V Tiger Bridge, our 14th vessel and our third acquisition since we completed our second follow-on common stock offering in June 2007, which raised net proceeds of approximately \$73.0 million. Although we continue to focus on optimizing our presence in all segments of dry cargo shipping, including drybulk, container and multipurpose markets, we have been adding container vessels because we continue to believe that containerships have the higher upside potential. Furthermore, consistent with our fleet deployment strategy of mixing short term with profitable long term employment, the period charter already attached to the M/V *Tiger Bridge* until July 2009 will assist us to

generate stable and predictable cash flows securing our earnings and shareholder return.
