### INVESTMENT VALUATION

Municipal bonds are valued by an independent pricing service, taking into consideration yield, liquidity, risk, credit quality, coupon, maturity, type of issue, and any other factors or market data the pricing service deems relevant. The Fund generally values short-term securities according to prices furnished by an independent pricing service, except that short-term securities with remaining maturities of less than 60 days at the time of purchase may be valued at amortized cost, which approximates fair market value. Prices furnished by an independent pricing service for municipal bonds are intended to be indicative of the bid prices currently offered to institutional investors for the securities. Securities for which no quotations are readily available are valued at fair value as determined in accordance with procedures established by and under general supervision of the Trustees.

ITEM 2. CONTROLS AND PROCEDURES

(a) The registrant's Principal Executive Officer and Principal Financial Officer have concluded that the registrant's disclosure controls and procedures (as defined in rule 30a-3(c) under the Act) are effective in design and operation and are sufficient to form the basis of the certifications required by Rule 30a-(2) under the Act, based on their evaluation of these disclosure controls and procedures within 90 days of the filing date of this report on Form N-Q.

(b) There were no changes in the registrant's internal control over financial reporting (as defined in rule 30a-3(d) under the Act) during the last fiscal quarter that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.
