## **Item 2.02 Results of Operation and Financial Condition**

On January 23, 2009, United Community Banks, Inc. (the “Registrant”) issued a news release announcing its financial results for the quarter ended December 31, 2008 (the “News Release”). The News Release, including financial schedules, is attached as Exhibit 99.1 to this report. In connection with issuing the News Release, on January 23, 2009 at 11:00 a.m. EST, the Registrant intends to hold a conference call/webcast to discuss the News Release.

The presentation of the Registrant’s financial results included operating performance measures, which are measures of performance determined by methods other than in accordance with generally accepted accounting principles, or GAAP. Management included non-GAAP operating performance measures because it believes it is useful for evaluating the Registrant’s operations and performance over periods of time, and uses operating performance measures in managing and evaluating the Registrant’s business and intends to use it in discussions about the Registrant’s operations and performance. Operating performance measures exclude the effects of a special \$15 million fraud related provision for loan losses recorded in the second quarter of 2007, an additional \$3 million provision for loan losses recorded in the fourth quarter of 2007, \$18 million in fraud related charge offs recorded in the fourth quarter of 2007 and \$870,000 and \$2.1 million of merger-related charges in 2003 and 2004, respectively, because management feels that the events leading to the taking of the special provisions and charge offs and merger-related charges were isolated, non-recurring events and do not reflect overall trends in the Registrant’s earnings. Management believes these non-GAAP performance measures may provide users of the Registrant’s financial information with a meaningful measure for assessing the Registrant’s financial results and comparing those financial results to prior periods.

Operating performance measures should be viewed in addition to, and not as an alternative or substitute for, the Registrant’s performance measures determined in accordance with GAAP, and is not necessarily comparable to non-GAAP performance measures that may be presented by other companies.
