REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
-----

To the Employee Benefits and  
Compensation Committee of the  
Board of Directors of  
Westamerica Bancorporation

We have audited the accompanying statement of net assets available for benefits of the Westamerica Bancorporation Tax Deferred Savings/Retirement Plan (ESOP) (the "Plan") as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the years ended December 31, 2004, 2003 and 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Westamerica Bancorporation Tax Deferred Savings/Retirement Plan (ESOP) as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the years ended December 31, 2004, 2003 and 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions, as of and for the year ended December 31, 2004, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TAX DEFERRED SAVINGS/RETIREMENT PLAN (ESOP)

NOTES TO FINANCIAL STATEMENTS

# Edgar Filing: WESTAMERICA BANCORPORATION - Form 11-K

## 1. DESCRIPTION OF PLAN

The following description of the Westamerica Bancorporation (the "Company") Tax Deferred Savings/Retirement Plan (ESOP) (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and Plan Agreement for a more complete description of the Plan's provisions.

### General

-----

The Plan, formerly called the Westamerica Bancorporation Supplemental Retirement Plan, was established by the Company as a non-contributory profit sharing plan. The Plan was amended to include a salary deferral feature pursuant to section 401(k) of the Internal Revenue Code. Concurrent with the amendment, all existing account balances were invested in either common stock or certificates of deposit of the Company, and all employee accounts were fully vested. The Plan was also amended and restated as an Employee Stock Ownership Plan (ESOP). The Employee Benefits and Compensation Committee of the Company's Board of Directors (the "Committee") delegates to the Company's Pension Management Committee, the administration of the Plan. The Committee has the responsibility for the general operation of the Plan, including the resolution of any questions arising under the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Investments in the Plan are participant directed with the exception of employer contributions which are invested in shares of Company common stock. Vanguard Fiduciary Trust Company serves as Trustee of the Plan.

### Eligibility

-----

Under the Plan, employees of the Company who are compensated on a salaried basis become eligible to participate in the plan on the first day of the calendar month coinciding with or following the date the employee completes 90 consecutive days of service with the Company or completes 1,000 service hours in a 12-month consecutive period.

### Vesting

-----

Participants are immediately vested in their salary-deferral contributions, the Company's discretionary and matching contributions, plus actual earnings thereon.

### Contributions

-----

Each year, participants may make salary deferral contributions, through payroll deduction, in any whole percentage up to 25 percent of pretax annual compensation subject to certain IRC limitations. The Company's matching contribution is 100 percent of the participant's elective contribution, up to a maximum of 6 percent of the participant's compensation. Additional amounts may be contributed at the discretion of the Company's Board of Directors. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. For the years ended December 31, 2004, 2003 and 2002, the Company made no discretionary contributions. Company contributions are subject to certain IRC limitations.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts  
-----

Individual accounts are maintained for each Plan participant. Each Participant's account is credited with the participant's contribution, the Company's discretionary and matching contributions and Plan earnings, and charged with withdrawals, allocations of Plan losses and administrative expenses. Allocations are based on participant earnings, as defined. Certain administrative expenses associated with the Westamerica Common Stock Fund are charged pro-rata based on a participant's holding in that fund.

Participants' Investment Options  
-----

Company matching contributions are invested in the Westamerica Common Stock Fund in accordance with the Plan Document. A participant who has completed 10 Plan years of service and has attained age 55 may elect to direct up to 25% of the Company matching contribution held in Company stock to other investment fund options.

Participants direct participant contributions in whole or in part in any of the following investment fund options:

The Westamerica Common Stock Fund, which is invested in the Company's common stock and temporary interest-bearing money market funds.

Vanguard 500 Index Fund, which invests in the 500 stocks that make up the unmanaged Standard & Poor's 500 Composite Stock Price Index, a widely recognized benchmark of U.S. stock market performance.

Vanguard LifeStrategy Conservative Growth Fund, which invests in five Vanguard funds: a domestic stock fund, an international stock fund, two bonds funds, and an asset allocation fund. The fund's assets allocation ranges are expected to be 25%-50% stocks, 50%-75% bonds, and 0%-25% cash investments.

Vanguard LifeStrategy Growth Fund, which invests in five Vanguard funds: a domestic stock fund, an international stock fund, two bond funds, and an asset allocation fund. The fund's assets allocation ranges are expected to be 65%-90% stocks, 10%-35% bonds and 0%-25% cash investments.

To reduce fluctuations in its share price, the fund will maintain an average maturity of 1 to 3 years.

Participants may change their investment options at any time directly through The Vanguard Group.

Participant Loans

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their account balance, 100 percent of participant contributions, or \$50,000. Loans are secured by the balance in the participant's account and bear interest at prevailing market rates at the

## Edgar Filing: WESTAMERICA BANCORPORATION - Form 11-K

time the funds are borrowed. Loan terms range from 1 to 5 years. Principal and interest is paid ratably through payroll deductions.

### Payment of Benefits

Upon termination of service for any reason, a participant may elect to receive a lump-sum distribution equal to the value in his or her account.

Distributions for the value of a participant's account invested in the Westamerica Common Stock Fund stock are made in the form of the Company's common stock plus cash for any fractional shares or, if a participant elects, in cash or an in-kind transfer, as provided by the Plan document.

Participants may also receive in-service distributions on account of hardship or after attaining age 59 1/2. As of December 31, 2004 and 2003, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

### Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

### Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

### Administrative Expenses

The Company provides bookkeeping and other administrative services for the Plan at no charge. The Company pays the Plan's annual account maintenance fees for active employees and other administrative expenses.

## 2. SUMMARY OF ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Page 11

## 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

### Use of Estimates

-----

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of

Edgar Filing: WESTAMERICA BANCORPORATION - Form 11-K

risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition  
-----

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund, which represents the net asset value of shares held by the Plan at year end. The Company's common stock is valued at its quoted market price. Participant loans are valued at their outstanding loan balances.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation (depreciation) of investments and net realized gains and losses on the sale of investments during the period.

Management fees and operating expenses charged to the Plan for investments in shares of registered investment companies (mutual funds) are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits  
-----

Benefits are recorded when paid.

Page 12

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 12, 2001, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan's management and the Plan's tax counsel believe that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. RELATED PARTY TRANSACTIONS

Plan investments include shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company (VFTC). VFTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid by the Plan for trustee services in connection with the Westamerica Common Stock Fund for the years ended December 31, 2004, 2003 and 2002 amounted to \$51,327, \$46,916 and \$44,115, respectively.
