Edgar Filing: PRESSTEK INC /DE/ - Form NT 10-K

Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

On March 18, 2009 the Company reported the following full year 2008 financial results which included significant improvement from 2007 across several financial metrics. This information was included in the Company's March 18, 2009 Form 8-K filing.

The Company reported income from continuing operations for the full year 2008 of \$3.1 million, or \$0.09 per share, versus a loss from continuing operations of (\$10.4) million, or (\$0.29) per share in 2007, an improvement of \$13.5 million or \$0.38 per share. Significant improvements in both gross margin and operating expense levels, driven in large part by the successful implementation of the Company's Business Improvement Plan announced in October 2007, resulted in profitable 2008 results despite the impact of a 22% decrease in revenue caused largely by the global economic slowdown. In addition, the Company reduced debt net of cash by \$11.2 million or 49% from the end of 2007. Including discontinued operations, the company reported net income of \$0.5 million for the full year 2008, an improvement of \$12.7 million and \$0.35 per share when compared to 2007.
