Form 10-Q
May 08, 2018

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2018

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 001-10994

VIRTUS INVESTMENT PARTNERS, INC.
(Exact name of registrant as specified in its charter)

Delaware 26-3962811
(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)
100 Pearl St., Hartford, CT 06103
(Address of principal executive offices) (Zip Code)
(800) 248-7971
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. YES NO

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). YES NO

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Edgar Filing: VIRTUS INVESTMENT PARTNERS, INC. - Form 10-Q

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). YES NO

The number of shares outstanding of the registrant's common stock was 7,217,443 as of April 27, 2018.

Table of Contents

Virtus Investment Partners, Inc.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

1. Organization and Business

Virtus Investment Partners, Inc. ("the Company," "we," "us," "our," or "Virtus"), a Delaware corporation, operates in the investment management industry through its subsidiaries.

The Company provides investment management and related services to individuals and institutions. The Company's retail investment management services are provided to individuals through products consisting of U.S. 1940 Act mutual funds and Undertaking for Collective Investment in Transferable Securities ("UCITS") (collectively, "open-end funds"), closed-end funds, exchange traded funds ("ETFs") and retail separate accounts. Institutional investment management services are provided to corporations, multi-employer retirement funds, employee retirement systems, foundations, endowments, structured products and as a subadvisor to unaffiliated mutual funds.

2. Basis of Presentation and Significant Accounting Policies

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, these financial statements contain all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the Company's financial condition and results of operations. Operating results for the three months ended March 31, 2018 are not necessarily indicative of the results that may be expected for the year ending December 31, 2018.

These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 filed with the Securities and Exchange Commission. The Company's significant accounting policies, which have been consistently applied, are summarized in its 2017 Annual Report on Form 10-K.

The Company has reclassified certain amounts in prior-period financial statements to conform to the current period's presentation. Previously, the Company reported consolidated investment products and consolidated sponsored investment products separately. Currently, the Company combines these categories under the caption "consolidated investment products" and has accordingly reclassified prior presentations. The reclassifications were not material to the condensed consolidated financial statements.

New Accounting Standards Implemented

Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers. On January 1, 2018, the Company adopted the new Accounting Standards Codification ("ASC") 606, Revenue from Contracts with Customers ("ASC 606"), and all the related amendments ("the new revenue standard") using the modified retrospective approach. The core principle of the new revenue standard is that revenue is recognized upon the transfer of promised goods or services to customers in an amount that reflects the expected consideration to be received for the goods or services. Based on the revised criteria in the new revenue standard for determining whether the Company is acting as a principal or agent, certain costs that were previously presented on a net of revenue basis are now presented on a gross basis. The comparative periods have not been restated and continue to be reported under the accounting standards in

effect for those periods. No cumulative-effect adjustment to the balance sheet was necessary upon the adoption of ASC 606. The Company has determined that the adoption of the new revenue standard did not have a material impact the Company's condensed consolidated financial statements.

ASU 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities ("ASU 2016-01"). On January 1, 2018, the Company adopted amendments to ASC 825 - Financial Instruments ("ASC 825) pursuant to ASU 2016-01. This standard requires all equity investments (other than those accounted for under the equity method) to be measured at fair value with changes in the fair value recognized through net income. The Company recorded a \$0.2 million cumulative-effect adjustment to the balance sheet upon adoption.

Table of Contents

ASU 2016-15, Classification of Certain Cash Receipts and Cash Payments ("ASU 2016-15"). On January 1, 2018, the Company adopted amendments to ASC 230 - Statement of Cash Flows ("ASC 230") on a retrospective basis pursuant to ASU 2016-15. This standard clarifies the treatment of several cash flow activities. ASU 2016-15 also clarifies that when cash receipts and cash payments have aspects of more than one classification of cash flows and cannot be separated, classification will depend on the predominant source or use. The adoption of this standard did not have a material impact on the Company's condensed consolidated financial statements.

ASU 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash ("ASU 2016-18"). On January 1, 2018, the Company adopted amendments to ASC 230 on a retrospective basis pursuant to ASU 2016-18. This standard requires the inclusion of restricted cash with cash and cash equivalents when reconciling the beginning and ending cash on the statement of cash flows. Restricted cash includes cash pledged or on deposit with brokers of consolidated investment products. Cash, cash equivalents and restricted cash reported on the condensed consolidated statements of cash flows now includes \$0.8 million, \$1.1 million and \$1.0 million of cash pledged or on deposit of consolidated investment products as of December 31, 2017, March 31, 2017, and December 31, 2016, respectively, as well as previously reported cash and cash equivalents. The adoption of this standard did not have a material impact on the Company's condensed consolidated financial statements.

ASU 2017-01, Clarifying the Definition of a Business ("ASU 2017-01"). On January 1, 2018, the Company adopted amendments to ASC 805 - Business Combinations ("ASC 805") and will apply the standard prospectively pursuant to ASU 2017-01. This standard provides guidance on evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The impact of ASU 2017-01 on the Company's condensed consolidated financial statements will depend on acquisitions (or disposals) of assets or businesses by the Company in periods following adoption.

ASU 2017-04, Intangibles - Goodwill and Other: Simplifying the Accounting for Goodwill Impairment ("ASU 2017-04"). On January 1, 2018, the Company adopted amendments to ASC 350 - Intangibles Goodwill and Other and will apply the standard prospectively for all future annual and interim goodwill impairment tests pursuant to ASU 2017-04. Under ASU 2017-04, a goodwill impairment is defined to be the amount by which a reporting unit's carrying value exceeds its fair value. The impact of the new standard on the Company's condensed consolidated financial statements will depend on the outcomes of future goodwill impairment tests.

ASU 2018-05, Income Taxes (Topic 740), Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 118 ("ASU 2018-05"). In March 2018, the Company adopted the amendments to ASC 740 - Income Taxes pursuant to ASU 2018-05. The standard adds various Securities and Exchange Commission ("SEC") paragraphs pursuant to the issuance of the December 2017 SEC Staff Accounting Bulletin No. 118, Income Tax Accounting Implications of the Tax Cuts and Jobs Act ("SAB 118"), which was effective immediately. The SEC issued SAB 118 to address concerns about reporting entities' ability to timely comply with the accounting requirements to recognize all of the effects of the Tax Cuts and Jobs Act in the period of enactment. SAB 118 allows disclosure that timely determination of some or all of the income tax effects from the Tax Cuts and Jobs Act are incomplete by the due date of the financial statements and if possible to provide a reasonable estimate. We have accounted for the tax effects of the Tax Cuts and Jobs Act under the guidance of SAB 118, on a provisional basis. Our accounting for certain income tax effects is incomplete, but we have determined reasonable estimates for those effects and have recorded provisional amounts in our condensed consolidated financial statements as of March 31, 2018 and December 31, 2017.

New Accounting Standards Not Yet Implemented

In February 2018, the FASB issued ASU 2018-02, Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income ("ASU 2018-02"). The standard provides financial statement preparers with an option to reclassify stranded tax effects within accumulated other comprehensive income to retained earnings in each period in

which the effect of the change in the U.S. federal corporate income tax rate in the Tax Cuts and Jobs Act (or portion thereof) is recorded. ASU 2018-02 is effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted. The Company does not expect the adoption of this guidance to have a material impact on the Company's condensed consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842) ("ASU 2016-02"). The standard replaces current codification Topic 840 - Leases with updated guidance on accounting for leases and requires a lessee to recognize assets and liabilities arising from an operating lease on the balance sheet, whereas previous guidance did not require lease assets and liabilities to be recognized for most leases. Furthermore, this standard permits companies to make an accounting policy election to not recognize lease assets and liabilities for leases with a term of 12 months or less. For both finance leases and operating leases, the lease liability should be initially measured at the present value of the lease payments. The recognition, measurement and presentation of expenses and cash flows arising from a lease by a lessee will not significantly change under this new

Table of Contents

guidance. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018 and interim periods therein. Early adoption is permitted. The Company is currently evaluating the potential impact of this standard on its condensed consolidated financial statements but expects to record a right-of-use asset and a related lease obligation in the Company's condensed consolidated balance sheet upon adoption.

3. Revenues

Adoption of ASC 606, Revenue from Contracts with Customers

The Company's revenues are recognized when a performance obligation is satisfied, which occurs when control of the services is transferred to customers. Investment management fees, distribution and service fees and administration and shareholder service fees are generally calculated as a percentage of average net assets of the investment portfolios managed. The net asset values from which investment management fees, distribution and service fees and administration and shareholder service fees are calculated, are variable in nature, and subject to factors outside of the Company's control such as deposits, withdrawals and market performance. Because of this, they are considered constrained until the end of the contractual measurement period (monthly or quarterly) which is when asset values are generally determinable.

Revenue Disaggregated

The following table summarizes revenue by source:

	Three Months Ended March 31,	
	2018	2017 (1)
(\$ in thousands)		
Investment management fees		
Open-end funds	\$54,361	\$30,526
Closed-end funds	10,378	11,079
Retail separate accounts	16,529	11,434
Institutional accounts	15,818	5,141
Structured products	2,326	498
Other products	1,064	593
Total investment management fees	100,476	59,271
Distribution and service fees	12,607	10,783
Administration and shareholder service fees	15,738	8,981
Other income and fees	207	741
Total revenues	\$129,028	\$79,776

(1) Prior period amounts have not been adjusted and are reported in accordance with historical accounting under ASC 605, Revenue Recognition.

Investment Management Fees

The Company provides investment management services pursuant to investment management agreements through its affiliated investment advisers (each an "Adviser"). Investment management services represent a series of distinct daily service periods which are performed over time. With respect to the Company's funds, the Company earns fees based on each fund's average daily or weekly net assets which are generally received and calculated on a monthly basis. The Company has recorded its management fees net of investment management fees paid to unaffiliated subadvisers, as

the Company considers itself an agent of the fund as it relates to the day-to-day investment management services performed by unaffiliated subadvisers. With respect to services performed by the unaffiliated subadviser, the Company's performance obligation is to arrange for the provision of that service and it does not control the specified service before that service is performed. Amounts paid to unaffiliated subadvisers for the three months ended March 31, 2018 were \$12.9 million.

Retail separate account fees are calculated based on the end of the preceding or current quarters asset values or on an average of month-end balances. Institutional account fees are calculated based on an average of month-end balances or current quarter's asset values. Fees for structured finance products, for which the Company acts as the collateral manager, consist of senior, subordinated and, in certain instances, incentive management fees. Senior and subordinated management fees are

8

Table of Contents

calculated at a contractual fee rate applied against the end of the preceding quarter par value of the total collateral being managed with subordinated fees being recognized only after certain portfolio criteria are met. Incentive fees on certain of the Company's CLOs are typically 20% of the excess cash flows available to holders of the subordinated notes, above a threshold level internal rate of return.

Distribution and Service Fees

Distribution and service fees are asset-based fees earned from open-end funds for distribution services. Depending on the fund type or share class, these fees primarily consist of an asset-based fee (12b-1 fee) that is charged to the fund over a period of years to cover allowable sales and marketing expenses for the fund or front-end sales charges which are based on a percentage of the offering price. Asset-based distribution and service fees are primarily based on percentages of the average daily net assets value and are paid monthly pursuant to the terms of the respective distribution and service fee contracts.

Distribution and service fees represent two performance obligations comprised of distribution and distribution related shareholder servicing activities. Distribution services are generally satisfied upon the sale of a fund share. Distribution related shareholder servicing activities are generally services satisfied over time.

The Company distributes its open-end funds through unaffiliated financial intermediaries that comprise national and regional broker dealers. These unaffiliated financial intermediaries provide distribution and distribution related shareholder service activities on behalf of the Company. The Company passes related distribution and service fees to these unaffiliated financial intermediaries for these services and considers itself the principal in these arrangements as it has control of the services prior to the services being transferred to the customer. These payments are classified within distribution and other asset-based expenses.

Administration & Shareholder Service Fees

The Company provides administrative fund services to its open-end funds and certain of its closed-end funds and shareholder services to its open-end funds. Administration and shareholder services are performed over time. The Company earns fees based on each fund's average daily or weekly net assets which are calculated and paid monthly. Administrative fund services include: record keeping, preparing and filing documents required to comply with securities laws, legal administration and compliance services, customer service, supervision of the activities of the funds' service providers, tax services and treasury services as well as providing office space, equipment and personnel that may be necessary for managing and administering the business affairs of the funds. Shareholder services include maintaining shareholder accounts, processing shareholder transactions, preparing filings and performing necessary reporting, among other things.

Financial Statement Impact of the Adoption of ASC 606

The adoption of ASC 606 resulted in a change from the Company's treatment under ASC 605 whereby front-end sales charges earned for the sale execution of certain share classes were presented net of the amounts retained by unaffiliated third-party dealers and banks. These front-end sales charges earned are now presented on a gross basis under ASC 606.

The impact of adoption of ASC 606 on the Company's condensed consolidated statement of operations was as follows:

4. Business Combinations

RidgeWorth Investments

On June 1, 2017, the Company acquired RidgeWorth Investments (the "Acquisition" or the "Acquired Business"), a multi-boutique asset manager with approximately \$40.1 billion in assets under management, including \$35.7 billion in long term assets under management and \$4.4 billion in liquidity strategies.

The total purchase price of the Acquisition was \$547.1 million, comprising \$485.2 million for the business and \$61.9 million for certain balance sheet investments.

The Company accounted for the acquisition in accordance with ASC 805. Accordingly, the purchase price was allocated to the assets acquired and liabilities assumed based upon their estimated fair values at the date of the Acquisition. The Company may adjust the preliminary purchase price allocation, as necessary, during the measurement period of up to one year after the closing date as it obtains more information as to facts and circumstances existing as of the acquisition date. No incremental measurement period adjustments were recorded in the three months ended March 31, 2018.

The following table summarizes the initial estimate of amounts of identified acquired assets and liabilities assumed as of the acquisition date:

	June 1, 2017
(\$ in thousands)	
Assets:	
Cash and cash equivalents	\$ 39,343

Indefinite-lived intangible assets:		
Trade names	8,700	N/A
Total identifiable intangible assets	\$ 275,700	

Sustainable Growth Advisers, LP

On February 1, 2018, the Company entered into an agreement (the "Purchase Agreement") to acquire a majority interest in Sustainable Growth Advisers, LP ("SGA"), an investment manager specializing in U.S. and global growth equity portfolios (the "Transaction"). The purchase price payable by the Company at the closing will be \$129.5 million, subject to certain potential adjustments. The Transaction is expected to close in mid-2018, subject to customary closing conditions and client approvals. The Purchase Agreement contains customary termination rights for the Company and SGA, including in the event the Transaction is not consummated on or before September 30, 2018. The Purchase Agreement also contains customary representations, warranties, covenants and indemnification and escrow provisions.

5. Intangible Assets, Net

Balance, end of period	\$296,918	\$38,194

Table of Contents

Estimated amortization expense of intangible assets for the remainder of fiscal year 2018 and succeeding fiscal years is as follows:

(\$ in thousands)

Fiscal Year	Amount
2018	\$ 15,073
2019	20,043
2020	19,878
2021	19,867
2022	19,742
2023 and thereafter	158,799
	\$253,402

6. Investments

At March 31, 2018 and December 31, 2017, the Company's investments were as follows:

	March 31, December 31,	
	2018	2017
(\$ in thousands)		
Marketable securities	\$ 62,039	\$ 66,424
Equity method investments	12,420	11,098
Nonqualified retirement plan assets	6,669	6,706
Investments in collateralized loan obligations	43,295	23,339
Other investments	925	925
Total investments	\$ 125,348	\$ 108,492

Marketable Securities

Marketable securities consist primarily of investments in the Company's sponsored mutual funds, excluding the investments in consolidated investment products discussed in Note 15. The composition of the Company's marketable securities is summarized as follows:

March 31, 2018

	Cost	Unrealized Loss	Unrealized Gain	Fair Value
(\$ in thousands)				
Marketable securities:				
Sponsored funds	\$41,463	\$ (928)	\$ 1,380	\$41,915
Equity securities	13,621	(11)	2,939	16,549
Sponsored closed-end funds	3,770	(382)	187	3,575
Total marketable securities	\$58,854	\$ (1,321)	\$ 4,506	\$62,039

Table of Contents

December 31, 2017

	Cost	Unrealized Loss	Unrealized Gain	Fair Value
(\$ in thousands)				
Marketable securities:				
Sponsored funds	\$47,084	\$(1,294)	\$ 1,059	\$46,849
Equity securities	13,141	(2)	2,671	15,810
Sponsored closed-end funds	3,761	(302)	306	3,765
Total marketable securities	\$63,986	\$(1,598)	\$ 4,036	\$66,424

For the three months ended March 31, 2018, the Company recognized a net realized loss of \$0.4 million on marketable securities. For the three months ended March 31, 2017, the Company recognized a net realized gain of \$0.6 million on marketable securities.

7. Fair Value Measurements

The Company's assets and liabilities measured at fair value on a recurring basis, excluding the assets and liabilities of consolidated investment products, which are separately discussed in Note 15, as of March 31, 2018 and December 31, 2017 by fair value hierarchy level were as follows:

March 31, 2018

	Level 1	Level 2	Level 3	Total
(\$ in thousands)				
Assets				
Cash equivalents	\$43,715	\$—	\$—	\$43,715

Total assets measured at fair value	\$146,123	\$18,900	\$4,439	\$169,462

The following is a discussion of the valuation methodologies used for the Company's assets measured at fair value:

Table of Contents

Cash equivalents represent investments in money market funds. Cash investments in actively traded money market funds are valued using published net asset values and are classified as Level 1.

Sponsored funds represent investments in open-end mutual funds, closed-end funds and ETF's for which the Company acts as the investment manager. The fair value of open-end mutual funds is determined based on their published net asset values and are categorized as Level 1. The fair value of closed-end funds and ETF's are determined based on the official closing price on the exchange on which they are traded and are categorized as Level 1.

Equity securities include securities traded on active markets and are valued at the official closing price (typically last sale or bid) on the exchange on which the securities are primarily traded and are categorized as Level 1.

Investments in collateralized loan obligations represent investments in CLOs for which the Company provides investment management services. The investments in collateralized loan obligations are measured at fair value based on independent third-party valuations and are categorized as Level 2 and Level 3.

Nonqualified retirement plan assets represent open-end mutual funds within a nonqualified retirement plan whose fair value is determined based on their published net asset value and are categorized as Level 1.

Cash, accounts receivable, accounts payable and accrued liabilities equal or approximate fair value based on the short-term nature of these instruments.

Transfers into and out of levels are reflected when: (1) significant inputs used for the fair value measurement, including market inputs or performance attributes, become observable or unobservable; or (2) if the book value no longer represents fair value. There were no transfers between levels during the three months ended March 31, 2018 and 2017.

The following table is a reconciliation of assets for Level 3 investments for which significant unobservable inputs were used to determine fair value.

	Three Months Ended March 31,	
(\$ in thousands)	2018	2017
Level 3 Investments ^(a)		
Balance at beginning of period	\$4,439	\$ —
Acquired in period	1,326	—
Change in unrealized (loss), net	(233)	—
Balance at end of period	\$5,532	\$ —

^(a) The investments that are categorized as Level 3 were valued utilizing third-party pricing information without adjustment.

8. Equity Transactions

On February 14, 2018, the Company declared a quarterly cash dividend of \$0.45 per common share to be paid on May 15, 2018 to shareholders of record at the close of business on April 30, 2018. The Company also declared a quarterly cash dividend of \$1.8125 per share on the Company's 7.25% mandatory convertible preferred stock ("MCPS") to be paid on May 1, 2018 to shareholders of record at the close of business on April 16, 2018.

As of March 31, 2018, there were 883,756 shares available to be repurchased from a total of 4,180,045 shares of Company common stock that had been approved by the Company's Board of Directors. The Company may repurchase shares of its common stock from time to time at its discretion through open market repurchases, privately negotiated

transactions and/or other mechanisms, depending on price and prevailing market and business conditions. During the three months ended March 31, 2018, the Company repurchased no common shares.

Table of Contents

9. Accumulated Other Comprehensive Income (Loss)

The changes in accumulated other comprehensive income (loss) by component for the three months ended March 31, 2018 and 2017 were as follows:

	Unrealized Net Gains and (Losses) on Securities Available-for-Sale	Foreign Currency Translation Adjustments
(\$ in thousands)		
Balance December 31, 2017	\$ (612)	\$ 12
Unrealized net gain (loss) on securities available-for-sale, net of tax of \$97	(249)	—
Foreign currency translation adjustments, net of tax of \$(4)	—	10
Amounts reclassified from accumulated other comprehensive income (loss), net of tax of (\$61) ⁽¹⁾	178	—
Net current-period other comprehensive income (loss)	(71)	10
Balance March 31, 2018	\$ (683)	\$ 22

	Unrealized Net Gains and (Losses) on Securities Available-for-Sale	Foreign Currency Translation Adjustments
(\$ in thousands)		
Balance December 31, 2016	\$ (224)	\$ —
Unrealized net gain (loss) on securities available-for-sale, net of tax of \$(54)	88	—
Amounts reclassified from accumulated other comprehensive income (loss)	—	—
Net current-period other comprehensive income (loss)	88	—
Balance March 31, 2017	\$ (136)	\$ —

⁽¹⁾ On January 1, 2018, the Company adopted amendments to ASC 825 pursuant to ASU 2016-01. This standard requires all equity investments (other than those accounted for under the equity method) to be measured at fair value with changes in the fair value recognized through net income.

10. Stock-Based Compensation

The Company's Amended and Restated Omnibus Incentive and Equity Plan (the "Plan") provides for the grant of equity-based awards, including restricted stock units ("RSUs"), stock options and unrestricted shares of common stock. As of March 31, 2018, a maximum of 2,400,000 shares of common stock were authorized for issuance under the Plan, and 389,415 shares remained available for issuance. Shares that are issued upon exercise of stock options and vesting of RSUs are newly issued shares from the Plan and are not issued from treasury stock. The Company recognized total stock compensation expense of \$5.9 million and \$3.5 million for the three months ended March 31, 2018 and 2017, respectively.

Restricted Stock Units

Each RSU entitles the holder to one share of common stock when the restriction expires. RSUs generally have a term of one to three years and may be time-vested or performance-contingent. The fair value of each RSU is estimated using the intrinsic value method, which is based on the fair market value price on the date of grant unless it contains a performance metric that is considered a market condition. RSUs that contain a market condition are valued using a simulation valuation model.

Table of Contents

RSU activity for the three months ended March 31, 2018 is summarized as follows:

	Number of Shares	Weighted Average Grant Date Fair Value
Outstanding at December 31, 2017	483,021	\$ 104.16
Granted	92,681	\$ 139.49
Settled	(75,142)	\$ 109.85
Outstanding at March 31, 2018	500,560	\$ 109.95

For the three months ended March 31, 2018 and 2017, a total of 28,851 and 22,977 RSUs, respectively, were withheld by the Company as a result of net share settlements to settle minimum employee tax withholding obligations. The Company paid \$5.0 million and \$2.5 million for the three months ended March 31, 2018 and 2017, respectively, in minimum employee tax withholding obligations related to RSUs withheld. These net share settlements had the effect of share repurchases by the Company as they reduced the number of shares that would have been otherwise issued as a result of the vesting.

During the three months ended March 31, 2018, the Company granted 23,356 performance based stock awards ("PSUs") which contain performance-based metrics in addition to a service condition. Compensation expense for these PSUs is recognized over a three-year service period based upon the value determined using a combination of the intrinsic value method, for awards that contain a performance metric that represents a "performance condition" in accordance with ASC 718, and the Monte Carlo simulation valuation model, for awards under the performance metric that represents a "market condition" under ASC 718. Compensation expense for the awards that contain a market condition is fixed at the date of grant and will not be adjusted in future periods based upon the achievement of the market condition. Compensation expense for the awards with a performance condition is recorded each period based upon a probability assessment of the expected outcome of the performance metric with a final adjustment upon the final outcome. For the three months ended March 31, 2018, total stock-based compensation expense for PSUs was \$2.4 million.

As of March 31, 2018, unamortized stock-based compensation expense for unvested RSUs and PSUs was \$36.9 million, with a weighted-average remaining amortization period of 1.8 years.

Stock Options

Stock options generally cliff vest after three years and have a contractual life of 10 years. Stock options are granted with an exercise price equal to the fair market value of the shares at the date of grant.

Stock option activity for the three months ended March 31, 2018 is summarized as follows:

	Number of Shares	Weighted Average Exercise Price
Outstanding at December 31, 2017	109,808	\$ 16.44
Exercised	(22,245)	\$ 31.38
Outstanding at March 31, 2018	87,563	\$ 12.64

11. Earnings per Share

Basic earnings per share ("EPS") is computed by dividing net income available to common stockholders by the weighted-average number of common shares outstanding for the period, excluding dilution for potential common stock issuances. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, including: (1) shares issuable upon the vesting of

RSUs and common stock option exercises using the treasury stock method; and (2) shares issuable upon the conversion of the Company's MCPS, as determined under the if-converted method. For purposes of calculating diluted EPS, preferred stock dividends have been subtracted from net income (loss) in periods in which utilizing the if-converted method would be anti-dilutive.

Table of Contents

The computation of basic and diluted EPS is as follows:

	Three Months Ended March 31,	
	2018	2017
(\$ in thousands, except per share amounts)		
Net Income (Loss)	\$23,827	\$13,745
Noncontrolling interests	(527)	(718)
Net Income (Loss) Attributable to Stockholders	23,300	13,027
Preferred stock dividends	(2,084)	(2,084)
Net Income (Loss) Attributable to Common Stockholders	\$21,216	\$10,943
Shares (in thousands):		
Basic: Weighted-average number of common shares outstanding	7,197	6,542
Plus: Incremental shares from assumed conversion of dilutive instruments	1,214	231
Diluted: Weighted-average number of common shares outstanding	8,411	6,773
Earnings (Loss) per Share—Basic	\$2.95	\$1.67
Earnings (Loss) per Share—Diluted	\$2.77	\$1.62

The following table details the securities that have been excluded from the above computation of weighted-average number of shares for diluted EPS, because the effect would be anti-dilutive.

	Three Months Ended March 31, 2018		2017	
(in thousands)				
Restricted stock units and stock options	15	—		
Preferred stock	—	674		
Total anti-dilutive securities	15	674		

12. Income Taxes

In calculating the provision for income taxes, the Company uses an estimate of the annual effective tax rate based upon the facts and circumstances at each interim period. On a quarterly basis, the estimated annual effective tax rate is adjusted, as appropriate, based upon changes in facts and circumstances, if any, as compared to those forecasted at the beginning of the fiscal year and at each interim period thereafter.

The provision for income taxes reflected U.S. federal, state and local taxes at an estimated effective tax rate of 21.5% and 24.4% for the three months ended March 31, 2018 and 2017, respectively. The decrease in the estimated effective tax rate was primarily due to the Tax Cuts and Jobs Act enacted on December 22, 2017 which included a reduction of the statutory federal corporate income tax rate to 21% from 35%. This decrease in tax rates was partially offset by a decrease in the tax benefit associated with valuation allowance changes related to the Company's investments.

13. Debt

Credit Agreement

On February 15, 2018 (the "Effective Date") the Company entered into Amendment No. 1 (the "Amendment") to the Credit Agreement, dated as of June 1, 2017, (the Credit Agreement as amended by the Amendment is hereinafter referred to as the "Credit Agreement"). The Amendment provided commitments for an additional \$105.0 million of term loans ("Additional Term Loan Commitments") which are subject to, among other customary conditions, the substantially concurrent

17

Table of Contents

consummation of the Company's previously announced agreement to acquire (i) 70% of the outstanding limited partnership interests of SGA and (ii) 100% of the outstanding membership interests of SGIA, LLC, the general partner of SGA (the "Transaction").

The applicable margin on amounts outstanding under the Credit Agreement, commencing as of the Effective Date, is 2.50%, in the case of LIBOR-based loans, and 1.50% in the case of alternate base rate loans, in each case subject to a 25 basis point reduction based on the secured net leverage ratio (as defined in the Credit Agreement) of the Company as of the last day of the preceding fiscal quarter being not greater than 1.00 to 1.00, as reflected in certain financial reports required under the Credit Agreement. The Additional Term Loan Commitments are subject to a delayed draw fee accruing for the period (i) from the date which is 31 days after the Effective Date to the date which is 60 days after the Effective Date, at 1.25% per annum and (ii) thereafter, at 2.50% per annum until the earlier of the funding or termination of the Additional Term Loan Commitments, in each case, calculated in respect of the aggregate amount of the Additional Term Commitments during such period.

The Amendment also eliminated a maximum Total Net Leverage Ratio (as defined in the Credit Agreement) financial maintenance covenant as applied to term loans under the Credit Agreement. The Credit Agreement includes, for the benefit of revolving lenders, a financial maintenance covenant that the Company will not permit the Total Net Leverage Ratio to exceed 2.50:1.00 as of the last day of any fiscal quarter; provided that this covenant will apply only if on such day the aggregate principal amount of outstanding revolving loans and letters of credit exceeds 30% of the aggregate revolving commitments as of such day.

At March 31, 2018, \$258.7 million was outstanding under the Term Loan, and no amounts were outstanding under our \$100 million revolving credit facility.

14. Commitments and Contingencies

Legal Matters

The Company is regularly involved in litigation and arbitration as well as examinations, inquiries and investigations by various regulatory bodies, including the Securities and Exchange Commission ("SEC"), involving its compliance with, among other things, securities laws, client investment guidelines, laws governing the activities of broker-dealers and other laws and regulations affecting its products and other activities. Legal and regulatory matters of this nature involve or may involve but are not limited to the Company's activities as an employer, issuer of securities, investor, investment adviser, broker-dealer or taxpayer. In addition, in the normal course of business, the Company discusses matters with its regulators raised during regulatory examinations or is otherwise subject to their inquiry. These matters could result in censures, fines, penalties or other sanctions.

The Company accrues for a liability when it is both probable that a liability has been incurred and the amount of the liability can be reasonably estimated. Significant judgment is required in both the determination of probability and the determination as to whether a loss is reasonably estimable. In addition, in the event the Company determines that a loss is not probable, but is reasonably possible, and it becomes possible to develop what the Company believes to be a reasonable range of possible loss, then the Company will include disclosures related to such matter as appropriate and in compliance with ASC 450, Loss Contingencies. The disclosures, accruals or estimates, if any, resulting from the foregoing analysis are reviewed at least quarterly and adjusted to reflect the impact of negotiations, settlements, rulings, advice of legal counsel and other information and events pertaining to a particular matter. Based on information currently available, available insurance coverage, indemnities and established reserves, the Company believes that the outcomes of its legal and regulatory proceedings are not likely, either individually or in the aggregate, to have a material adverse effect on the Company's results of operations, cash flows or its consolidated

financial condition. However, in the event of unexpected subsequent developments and given the inherent unpredictability of these legal and regulatory matters, the Company can provide no assurance that its assessment of any claim, dispute, regulatory examination or investigation or other legal matter will reflect the ultimate outcome and an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's results of operations or cash flows in particular quarterly or annual periods.

Table of Contents

In re Virtus Investment Partners, Inc. Securities Litigation; formerly Tom Cummins v. Virtus Investment Partners Inc. et al

On February 20, 2015, a putative class action complaint alleging violations of certain provisions of the federal securities laws was filed by an individual shareholder against the Company and certain of the Company's current officers (the "defendants") in the United States District Court for the Southern District of New York (the "Court"). On April 21, 2015, three plaintiffs, including the original plaintiff, filed motions to be appointed lead plaintiff and, on June 9, 2015, the Court appointed Arkansas Teachers Retirement System lead plaintiff. On August 21, 2015, the plaintiffs filed a Consolidated Class Action Complaint (the "Consolidated Complaint") amending the originally filed complaint, which was purportedly filed on behalf of all purchasers of the Company's common stock between January 25, 2013 and May 11, 2015 (the "Class Period"). The Consolidated Complaint alleges that, during the Class Period, the defendants disseminated materially false and misleading statements and concealed material adverse facts relating to certain funds formerly subadvised by F-Squared Investments Inc ("F-Squared"). The Consolidated Complaint alleges claims under Sections 10(b) and 20(a) of the Exchange Act, and Rule 10b-5. The plaintiffs seek to recover unspecified damages. A motion to dismiss the Consolidated Complaint was filed on behalf of the Company and the other defendants on October 21, 2015. On July 1, 2016, the Court entered an opinion and order granting in part, and denying in part, the motion to dismiss, narrowing plaintiffs' claims under Sections 10(b) and 20(a) of the Exchange Act and dismissing one of the defendants from the suit. The remaining defendants' Answer to the Consolidated Complaint was filed on August 5, 2016. Plaintiffs' motion for class certification was granted on May 15, 2017. Discovery has since been completed. On October 6, 2017, defendants moved for summary judgment. Briefing on the motion for summary judgment was completed on December 22, 2017, and oral argument was held on January 18, 2018, where the Court reserved decision. The Company believes that the suit is without merit, nonetheless, on February 6, 2018, it reached an agreement in principle with the plaintiffs, subject to Court approval, settling all claims in the litigation, in order to avoid the cost, distraction, disruption, and inherent litigation uncertainty. Upon approval by the Court, which the Company believes is likely, the resolution of this matter will not have a material impact on the Company's results of operations, cash flows or its consolidated financial condition.

15. Consolidation

The condensed consolidated financial statements include the accounts of the Company, its subsidiaries and investment products that are consolidated. Voting interest entities ("VOEs") are consolidated when the Company is considered to have a controlling financial interest, which is typically present when the Company owns a majority of the voting interest in an entity or otherwise has the power to govern the financial and operating policies of the entity.

The Company also evaluates any variable interest entities ("VIEs") in which the Company has a variable interest for consolidation. A VIE is an entity in which either: (a) the equity investment at risk is not sufficient to permit the entity to finance its own activities without additional financial support; or (b) where as a group, the holders of the equity investment at risk do not possess: (i) the power through voting or similar rights to direct the activities that most significantly impact the entity's economic performance, (ii) the obligation to absorb expected losses or the right to receive expected residual returns of the entity or (iii) proportionate voting and economic interests and where substantially all of the entity's activities either involve or are conducted on behalf of an investor with disproportionately fewer voting rights. If an entity has any of these characteristics, it is considered a VIE and is required to be consolidated by its primary beneficiary. The primary beneficiary is the entity that has both the power to direct the activities that most significantly impact the VIE's economic performance and has the obligation to absorb losses of, or the right to receive benefits from, the VIE that could potentially be significant to the VIE.

In the normal course of its business, the Company sponsors various investment products, some of which are consolidated by the Company. Consolidated investment products include both VOEs, made up primarily of open-end funds in which the Company holds a controlling financial interest, and VIEs, which primarily consist of collateralized loan obligations ("CLOs") of which the Company is considered the primary beneficiary. The consolidation and deconsolidation of these investment products have no impact on net income (loss) attributable to stockholders. The Company's risk with respect to these investment products is limited to its beneficial interests in these products. The Company has no right to the benefits from, and does not bear the risks associated with, these investment products beyond the Company's investments in, and fees generated from, these products.

Table of Contents

The following table presents the balances of the consolidated investment products that, after intercompany eliminations, are reflected in the condensed consolidated balance sheets as of March 31, 2018 and December 31, 2017:

	As of			As of		
	March 31, 2018			December 31, 2017		
	VOEs	VIEs CLOs	Other	VOEs	VIEs CLOs	Other
(\$ in thousands)						
Cash and cash equivalents	\$978	\$54,757	\$—	\$820	\$82,823	\$18,489
Investments	36,702	1,572,898	24,485	34,623	1,555,879	7,250
Other assets	499	31,709	314	767	32,671	48
Notes payable	—	(1,460,177)	—	—	(1,457,435)	—
Securities purchased payable and other liabilities	(1,145)	(90,920)	(356)	(1,319)	(110,871)	(764)
Noncontrolling interests	(4,123)	(16,619)	(39)	(4,178)	(16,667)	—
The Company's net interests in consolidated investment vehicles	\$32,911	\$91,648	\$24,404	\$30,713	\$86,400	\$25,023

Consolidated CLOs

The majority of the Company's consolidated investment products that are VIEs are CLOs. At March 31, 2018, the Company consolidated four CLOs. The financial information of certain CLOs is included in the Company's condensed consolidated financial statements on a one-month lag based upon the availability of financial information.

Majority-owned consolidated private funds, whose primary purpose is to invest in CLOs for which the Company serves as the collateral manager, are also included.

Investments of CLOs

The CLOs investments of \$1.6 billion at March 31, 2018 represent bank loan investments, which comprise the majority of the CLOs' portfolio asset collateral and are senior secured corporate loans across a variety of industries. These bank loan investments mature at various dates between 2018 and 2030 and pay interest at LIBOR plus a spread of up to 10.0%. At March 31, 2018, the fair value of the senior bank loans exceeded the unpaid principal balance by approximately \$3.9 million. At March 31, 2018, there were no collateral assets in default.

Notes Payable of CLOs

The CLOs have issued notes payable with a total value, at par, of \$1.6 billion, consisting of senior secured floating rate notes payable with a par value of \$1.4 billion and subordinated notes with a par value of \$139.8 million. These note obligations bear interest at variable rates based on LIBOR plus a pre-defined spread ranging from 0.8% to 8.75%. The principal amounts outstanding of the note obligations issued by the CLOs mature on dates ranging from April 2018 to October 2029. The CLOs may elect to reinvest any prepayments received on bank loan investments between October 2019 and October 2021, depending on the CLO. Generally, subsequent prepayments received after the reinvestment period must be used to pay down the note obligations.

The Company's beneficial interests and maximum exposure to loss related to these consolidated CLOs is limited to: (i) ownership in the subordinated notes and (ii) accrued management fees. The secured notes of the consolidated CLOs have contractual recourse only to the related assets of the CLO and are classified as financial liabilities. Although these beneficial interests are eliminated upon consolidation, the application of the measurement alternative prescribed by ASU 2014-13, results in the net assets of the consolidated CLOs shown above to be equivalent to the beneficial interests retained by the Company at March 31, 2018, as shown in the table below:

Table of Contents

	As of March 31, 2018
(\$ in thousands)	
Subordinated notes	\$89,950
Accrued investment management fees	1,698
Total Beneficial Interests	\$91,648

The following table represents income and expenses of the consolidated CLOs included in the Company's condensed consolidated statements of operations for the period indicated:

	Three Months Ended March 31, 2018
(\$ in thousands)	
Income:	
Realized and unrealized gain (loss), net	\$4,037
Interest income	21,087
Total Income	25,124
Expenses:	
Other operating expenses	396
Interest expense	14,549
Total Expense	14,945
Noncontrolling interest	(673)
Net Income (loss) attributable to CIPs	\$9,506

As summarized in the table below, the application of the measurement alternative as prescribed by ASU 2014-13 results in the consolidated net income summarized above to be equivalent to the Company's own economic interests in the consolidated CLOs, which are eliminated upon consolidation:

	Three Months Ended March 31, 2018
(\$ in thousands)	
Distributions received and unrealized gains on the subordinated notes held by the Company	\$ 7,647
Investment management fees	1,859
Total Economic Interests	\$ 9,506

Fair Value Measurements of Consolidated Investment Products

The assets and liabilities of the consolidated investment products measured at fair value on a recurring basis as of March 31, 2018 and December 31, 2017 by fair value hierarchy level were as follows:

As of March 31, 2018

	Level 1	Level 2	Level 3	Total
(\$ in thousands)				
Assets				
Cash equivalents	\$54,507	\$—	\$—	\$54,507
Debt investments	—	1,590,952	950	1,591,902
Equity investments	37,649	2,736	1,798	42,183
Total Assets Measured at Fair Value	\$92,156	\$1,593,688	\$2,748	\$1,688,592
Liabilities				
Notes payable	\$—	\$1,460,177	\$—	\$1,460,177
Derivatives	—	—	—	—
Short sales	839	—	—	839
Total Liabilities Measured at Fair Value	\$839	\$1,460,177	\$—	\$1,461,016

As of December 31, 2017

	Level 1	Level 2	Level 3	Total
(\$ in thousands)				
Assets				
Cash equivalents	\$82,769	\$—	\$—	\$82,769
Debt investments	—	1,527,845	33,887	1,561,732
Equity investments	35,126	—	894	36,020
Total Assets Measured at Fair Value	\$117,895	\$1,527,845	\$34,781	\$1,680,521
Liabilities				
Notes payable	\$—	\$1,457,435	\$—	\$1,457,435
Derivatives	2	—	—	2
Short sales	719	—	—	719
Total Liabilities Measured at Fair Value	\$721	\$1,457,435	\$—	\$1,458,156

The following is a discussion of the valuation methodologies used for the assets and liabilities of the Company's consolidated investment products measured at fair value:

Cash equivalents represent investments in money market funds. Cash investments in actively traded money market funds are valued using published net asset values and are classified as Level 1.

Debt and equity investments represent the underlying debt, equity and other securities held in consolidated investment products. Equity investments are valued at the official closing price on the exchange on which the securities are traded and are generally categorized within Level 1. Level 2 investments represent most debt securities, including bank loans and certain equity securities (including non-U.S. securities), for which closing prices are not readily available or are deemed to not reflect readily available market prices, and are valued using an independent pricing service. Debt investments, including bank loan investments, are valued based on quotations received from independent pricing services or from dealers who make markets in such securities. Fair value may also be based upon valuations obtained from independent third-party brokers or dealers utilizing matrix pricing models that consider information regarding securities with similar characteristics. In certain instances, fair value has been determined utilizing discounted cash flow analysis or single broker non-binding quotes. Depending on the nature of the inputs, these assets are classified as Level 1, 2 or 3 within the fair value measurement hierarchy. Level 3 investments include debt securities that are not

widely traded, are illiquid, or are priced by dealers based on pricing models used by market makers in the security.

Table of Contents

For the three months ended March 31, 2018, no securities held by consolidated investment products were transferred from Level 2 to Level 1. For the three months ended March 31, 2017, securities held by consolidated investment products with an end-of-period value of \$0.3 million were transferred from Level 2 to Level 1 because an exchange price became available. For the three months ended March 31, 2018 and 2017, securities held by consolidated investment products with an end-of-period value of \$0.8 million and \$0.4 million, respectively, were transferred from Level 1 to Level 2 because certain non-U.S. securities-quoted market prices were adjusted based on third-party factors derived from model-based valuation techniques for which the significant assumptions were observable in the market.

Notes payable represent notes issued by consolidated investments products that are CLOs and are measured using the measurement alternative in ASU 2014-13. Accordingly, the fair value of CLO liabilities was measured as the fair value of CLO assets less the sum of: (a) the fair value of the beneficial interests held by the Company and (b) the carrying value of any beneficial interests that represent compensation for services.

Short sales are transactions in which a security is sold which is not owned or is owned but there is no intention to deliver, in anticipation that the price of the security will decline. Short sales are recorded in the condensed consolidated balance sheets within other liabilities of consolidated investment products and are classified as Level 1 based on the underlying equity security.

The securities purchase payable at March 31, 2018 and December 31, 2017 approximated fair value due to the short-term nature of the instruments.

The following table is a reconciliation of assets of consolidated investment products for Level 3 investments for which significant unobservable inputs were used to determine fair value:

(\$ in thousands)	Three Months Ended March 31,	
	2018	2017
Level 3 Debt and Equity securities ^(a)		
Balance at beginning of period	\$34,781	\$25
Realized gains (losses), net	43	(65)
Change in unrealized gains (losses), net	2,375	62
Purchases	7,122	100
Paydowns	—	(1)
Amortization	19	—
Sales	(11,934)	(36)
Transfers to Level 2	(29,658)	—
Transfers from Level 2	—	1,638
Balance at end of period	\$2,748	\$1,723

The investments that are categorized as Level 3 were valued utilizing third-party pricing information without (a) adjustment. All transfers are deemed to occur at the end of period. Transfers between Level 2 and Level 3 were due to a decrease in trading activities at period end.

Nonconsolidated VIEs

The Company serves as the collateral manager for other collateralized loan and collateralized bond obligations (collectively, "CDOs") that are not consolidated. The assets and liabilities of these CDOs reside in bankruptcy remote, special purpose entities in which the Company has no ownership, nor holds any notes issued by, the CDOs, and

provides neither recourse nor guarantees. The Company has determined that the investment management fees it receives for serving as collateral manager for these CDOs did not represent a variable interest as: (1) the fees the Company earns are compensation for services provided and are commensurate with the level of effort required to provide the investment management services; (2) the Company does not hold other interests in the CDOs that individually, or in the aggregate, would absorb more than an insignificant amount of the CDO's expected losses or receive more than an insignificant amount of the CDO's expected residual return; and (3) the investment management arrangement only includes terms, conditions and amounts that are customarily present in arrangements for similar services negotiated at arm's length.

Table of Contents

The Company has interests in certain other entities that are VIEs that the Company does not consolidate as it is not the primary beneficiary of those entities. The Company is not the primary beneficiary as its interest in these entities does not provide the Company with the power to direct the activities that most significantly impact the entities' economic performance. At March 31, 2018, the carrying value and maximum risk of loss related to the Company's interest in these VIEs was \$57.3 million.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Statement Regarding Forward Looking Statements

This Quarterly Report on Form 10-Q contains statements that are, or may be considered to be, forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995, as amended, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements that are not historical facts, including statements about our beliefs or expectations, are forward-looking statements. These statements may be identified by such forward-looking terminology as "expect," "estimate," "intent," "plan," "intend," "believe," "anticipate," "may," "will," "should," "could," "continue," "project," "opportunity," "predict," "would," "potential," "future," "forecast," "guarantee," "assume," "likely," "target" or similar statements or variations of such terms.

Our forward-looking statements are based on a series of expectations, assumptions and projections about our Company and the markets in which we operate, are not guarantees of future results or performance and involve substantial risks and uncertainty, including assumptions and projections concerning our assets under management, net asset inflows and outflows, operating cash flows, business plans and ability to borrow, for all future periods. All of our statements contained in this Quarterly Report on Form 10-Q are as of the date of this Quarterly Report on Form 10-Q only.

We can give no assurance that such expectations or forward-looking statements will prove to be correct. Actual results may differ materially. We do not undertake or plan to update or revise any such forward-looking statements to reflect actual results, changes in plans, assumptions, estimates or projections, or other circumstances occurring after the date of this Quarterly Report on Form 10-Q, even if such results, changes or circumstances make it clear that any forward-looking information will not be realized. If there are any future public statements or disclosures by us which modify or impact any of the forward-looking statements contained in or accompanying this Quarterly Report on Form 10-Q, such statements or disclosures will be deemed to modify or supersede such statements in this Quarterly Report.

Our business and our forward-looking statements involve substantial known and unknown risks and uncertainties, including those discussed under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our 2017 Annual Report on Form 10-K, as well as the following risks and uncertainties: (a) any reduction in our assets under management; (b) the withdrawal, renegotiation or termination of investment advisory agreements; (c) damage to our reputation; (d) failure to comply with investment guidelines or other contractual requirements; (e) inability to satisfy financial covenants and payments related to our indebtedness; (f) inability to attract and retain key personnel; (g) challenges from the competition we face in our business; (h) adverse regulatory and legal developments; (i) unfavorable changes in tax laws or limitations; (j) adverse developments related to unaffiliated subadvisers; (k) negative implications of changes in key distribution relationships; (l) interruptions in or failure to provide critical technological service by us or third parties; (m) volatility associated with our common and preferred stock; (n) adverse civil litigation and government investigations or proceedings; (o) the risk of loss on our investments; (p) the inability to make quarterly common and preferred stock distributions; (q) the lack of sufficient capital on satisfactory terms; (r) losses or costs not covered by insurance; (u) impairment of our goodwill or intangible assets could become impaired; (v) inability to achieve expected acquisition-related financial benefits and other risks and uncertainties. Any occurrence of, or any material adverse change in, one or more risk factors or risks and uncertainties referred to above, in our 2017 Annual Report on Form 10-K or in any of our filings with the Securities and Exchange Commission ("SEC") could materially and adversely affect our operations, financial results, cash flows, prospects and liquidity.

Certain other factors which may impact our continuing operations, prospects, financial results and liquidity, or which may cause actual results to differ from such forward-looking statements are discussed or included in the Company's periodic reports filed with the SEC and are available on our website at www.virtus.com under "Investor Relations."

You are urged to carefully consider all such factors.

Overview

Our Business

We provide investment management and related services to individuals and institutions. We use a multi-manager, multi-style approach, offering investment strategies from affiliated managers, each having its own distinct investment style, autonomous investment process and individual brand. By offering a broad array of products, we believe we can appeal to a greater number of investors and have offerings across market cycles and through changes in investor preferences. Our earnings are primarily driven by asset-based fees charged for services relating to these various products including investment management, fund administration, distribution and shareholder services.

25

Table of Contents

We offer investment strategies for individual and institutional investors in different product structures and through multiple distribution channels. Our investment strategies are available in a diverse range of styles and disciplines, managed by a collection of differentiated investment managers. We have offerings in various asset classes (domestic and international equity, fixed income, and alternative), market capitalizations (large, mid and small), styles (growth, blend and value) and investment approaches (fundamental, quantitative and thematic). Our retail products include open-end funds and ETFs, where we also use unaffiliated managers, as well as closed-end funds and retail separate accounts. Our institutional products include a variety of equity and fixed income strategies for corporations, multi-employer retirement funds, public employee retirement systems, foundations, and endowments. We also offer subadvisory services for unaffiliated mutual funds and collateral manager services for structured finance products.

We distribute our open-end funds and ETFs principally through financial intermediaries. We have broad distribution access in the retail market, with distribution partners that include national and regional broker-dealers, independent broker-dealers and registered investment advisors, banks and insurance companies. In many of these firms, we have a number of products that are on preferred "recommended" lists and on fee-based advisory programs. Our sales efforts are supported by regional sales professionals, a national account relationship group, and separate teams for ETFs and the retirement and insurance channels. Our retail separate accounts are distributed through financial intermediaries and directly by teams at an affiliated manager.

Our institutional services are marketed through relationships with consultants as well as directly to clients. We target key market segments, including foundations and endowments, corporate, public and private pension plans, and subadvisory relationships.

Financial Highlights

Net earnings per diluted share was \$2.77 in the first quarter of 2018 as compared to \$1.62 in the first quarter of 2017. Total sales (inflows) were \$5.4 billion in the first quarter of 2018, an increase of \$2.2 billion, or 66.3%, from \$3.3 billion in the first quarter of 2017. Net flows were \$(0.7) billion in the first quarter of 2018 compared to \$0.5 billion in the first quarter of 2017.

Long-term assets under management were \$87.4 billion at March 31, 2018, an increase of \$39.4 billion from March 31, 2017.

Sustainable Growth Advisers, LP

On February 1, 2018, we entered into an agreement (the "Purchase Agreement") to acquire a majority interest in Sustainable Growth Advisers, LP ("SGA"), an investment manager specializing in U.S. and global growth equity portfolios (the "Transaction"). The purchase price payable by us at the closing will be \$129.5 million, subject to certain potential adjustments. The transaction is subject to customary closing conditions and client approvals. The Purchase Agreement contains customary termination rights for us and SGA, including in the event the Transaction is not consummated on or before September 30, 2018. The Purchase Agreement also contains customary representations, warranties, covenants and indemnification and escrow provisions. The transaction is expected to close in mid-2018; however, we cannot provide any assurance that the Transaction will close, or if it does, when the closing will occur.

RidgeWorth Investments

On June 1, 2017, we acquired RidgeWorth Investments (the "Acquisition" or "Acquired Business"), a multi-boutique investment management firm that managed approximately \$40.1 billion in assets under management as of June 1, 2017, including \$35.7 billion in long term assets under management and \$4.4 billion in liquidity strategies.

Assets Under Management

At March 31, 2018, total assets under management were \$89.1 billion, representing an increase of \$41.1 billion, or 85.5%, from March 31, 2017 and a decrease of \$1.9 billion, or 2.1%, from December 31, 2017. The increase in total assets under management from March 31, 2017 was due to the Acquired Business which added \$40.1 billion as of June 1, 2017. The decrease in total assets under management from December 31, 2017 was due to net outflows and market depreciation.

Average long-term assets under management, which represent the majority of our fee-earning asset levels, were \$88.9 billion for the three months ended March 31, 2018, an increase of \$42.5 billion, or 91.6%, from \$46.4 billion for the three

Table of Contents

months ended March 31, 2017. The increase in average long-term assets under management compared to March 31, 2017 was primarily due to the Acquired Business.

Operating Results

In the first quarter of 2018, total revenues increased 61.7% to \$129.0 million from \$79.8 million in the first quarter of 2017, primarily as a result of additional revenues from the Acquired Business. Operating income increased \$12.6 million to \$22.6 million in the first quarter of 2018 compared to \$10.0 million in the first quarter of 2017. The first quarter of 2018 included \$3.1 million related to acquisition and integration costs.

Assets Under Management by Product

The following table summarizes our assets under management by product:

	As of March 31,		Change	
	2018	2017	\$	%
(\$ in millions)				
Open-End Funds ⁽¹⁾	\$43,202.5	\$24,716.8	\$18,485.7	74.8 %
Closed-End Funds	6,132.7	6,814.3	(681.6)	(10.0)%
Exchange Traded Funds	980.2	863.3	116.9	13.5 %
Retail Separate Accounts	14,012.3	9,312.1	4,700.2	50.5 %

(1) Represents assets under management of U.S. 1940 Act mutual funds and UCITS

(2) Averages are calculated as follows:

- Funds - average daily or weekly balances
- Retail Separate Accounts - prior-quarter ending balance or average of month-end balances in quarter
- Institutional Accounts and Structured Products - average of month-end balances in quarter

(3) Represents assets under management in liquidity strategies, including in certain open-end funds and institutional accounts

Average fees earned represent investment management fees net of fees paid to third-party service providers for investment management related services and investment management fees earned from consolidated investment products, divided by average net assets. Open-end mutual fund, closed-end fund and exchange traded fund fees are calculated based on average daily or weekly net assets. Retail separate account fees are calculated based on the end of the preceding or current quarter's asset values or on an average of month-end balances. Institutional account fees are calculated based on an average of month-end balances or current quarter's asset values. Structured product fees are calculated based on a combination of the underlying cash flows and the principal value of the product. Average fees earned will vary based on several factors, including the asset mix and reimbursements to funds.

The average fee rate earned on long-term products for the three months ended March 31, 2018 decreased by 5.3 basis points compared to the same period in the prior year, primarily due to the impact on the average fees earned as a result of the assets from the Acquired Business having a lower blended fee rate. The product categories most impacted were institutional accounts and retail separate accounts, where the additional assets were primarily in fixed income strategies. The decrease in the average fee rate earnings for exchange traded funds was primarily due to higher expense reimbursements on newly-launched funds.

Investment Management Fees

Investment management fees are earned based on a percentage of assets under management and are paid pursuant to the terms of the respective investment management contracts, which generally require monthly or quarterly payments. Investment management fees increased by \$41.2 million, or 69.5%, for the three months ended March 31, 2018 compared to the same period in the prior year due to an increase in average assets of \$44.3 billion, or 95.5%, primarily as a result of the Acquired Business. Also contributing to the increase was positive market performance over the trailing four quarters.

Table of Contents

Distribution and Service Fees

Distribution and service fees, which are asset-based fees earned from open-end funds for marketing and distribution services, increased by \$1.8 million, or 16.9%, for the three months ended March 31, 2018, compared to the same period in the prior year due to the adoption of ASC 606 Revenue from Contracts with Customers. The adoption of this ASC resulted in the gross presentation of certain front-end sales charges earned and paid on certain open-end mutual fund share classes. These same amounts earned are paid to our third-party distribution partners and are classified as distribution and other asset-based expenses.

Administration and Shareholder Servicing Fees

Administration and shareholder servicing fees represent fees earned for fund administration and shareholder services from our open-end mutual funds and certain of our closed-end funds. Fund administration and shareholder servicing fees increased by \$6.8 million, or 75.2%, for the three months ended March 31, 2018 compared to the same period in the prior year primarily due to an increase of \$5.0 million in additional administration and shareholder servicing fees as a result of the fund reorganization following the Acquisition, which were largely offset by higher fund expense reimbursements included in net investment management fees.

Other Income and Fees

Other income and fees primarily represent contingent sales charges earned from investor redemptions of certain shares sold without a front-end sales charge. Other income and fees decreased \$0.5 million, or 72.1% for the three months ended March 31, 2018, compared to the same period in the prior year, primarily due to \$0.5 million in other income related to the recovery of costs from a third-party service provider during the first quarter of 2017 that did not recur in 2018.

Operating Expenses

Operating expenses by category were as follows:

	Three Months Ended March 31,			
	2018	2017	2018 vs. 2017	%
(\$ in thousands)				
Operating expenses				
Employment expenses	\$60,696	\$39,641	\$21,055	53.1 %
Distribution and other asset-based expenses	22,291	15,323	6,968	45.5 %
Other operating expenses	17,373	13,868	3,505	25.3 %
Depreciation and amortization expense	6,051	897	5,154	574.6 %
Total operating expenses	\$106,411	\$69,729	\$36,682	52.6 %

Employment Expenses

Employment expenses consist of fixed and variable compensation and related employee benefit costs. Employment expenses for the three months ended March 31, 2018 were \$60.7 million, which represented an increase of \$21.1 million, or 53.1%, compared to the same period in the prior year. The increase reflected the addition of employees from the Acquired Business and higher profit-based compensation, due to increased profits at our affiliates.

Distribution and Other Asset-Based Expenses

Distribution and other asset-based expenses consist primarily of payments to third-party distribution partners for providing services to investors in our funds and payments to third-party service providers for investment management-related services. These payments are primarily based on percentages of assets under management or revenues. These expenses also include the amortization of deferred sales commissions related to up-front commissions on shares sold without a front-end sales charge to shareholders. The deferred sales commissions are amortized on a straight-line basis over the periods in which commissions are generally recovered from distribution fee revenues and contingent sales charges received from shareholders of the funds upon redemption of their shares. Distribution and other asset-based expenses increased by \$7.0 million, or 45.5%, in the three months ended March 31, 2018 as compared to the same period in the prior year primarily due to increased asset-based sub-transfer agent expenses related to services provided to mutual funds from the Acquired Business and the adoption of ASC

Table of Contents

606 Revenue from Contracts with Customers. The adoption of this ASC resulted in the gross presentation of certain front-end sales charges earned and paid on certain open-end mutual fund share classes. The front-end sales charges paid to our third-party distribution partners and are classified as distribution and other asset-based expenses.

Other Operating Expenses

Other operating expenses primarily consist of investment research and technology costs, professional fees, travel and distribution related costs, rent and occupancy expenses, operating expenses of our consolidated investment products and other miscellaneous costs. Other operating expenses for the three months ended March 31, 2018 increased by \$3.5 million, or 25.3%, as compared to the same period in the prior year primarily due to increased other operating expenses as a result of the Acquisition.

Depreciation and Amortization Expense

Depreciation and amortization expense consists primarily of the straight-line depreciation of furniture, equipment and leasehold improvements, as well as the amortization of acquired investment advisory contracts, recorded as definite-lived intangible assets, both over their estimated useful lives. Depreciation and amortization expense increased by \$5.2 million for the three months ended March 31, 2018, compared to the same period in the prior year primarily due to an increase in definite lived intangible assets as a result of the Acquisition.

Other Income (Expense), net

Other Income (Expense), net by category was as follows:

	Three Months Ended March 31,			
	2018	2017	2018 vs. 2017	%
(\$ in thousands)				
Other Income (Expense)				
Realized and unrealized gain (loss) on investments, net	\$438	\$297	\$141	47.5 %
Realized and unrealized gain (loss) of CIP, net	2,259	4,444	(2,185)	(49.2)%
Other income (expense), net	1,319	646	673	104.2 %
Total Other Income (Expense), net	\$4,016	\$5,387	\$(1,371)	(25.5)%

Realized and unrealized gain (loss) on investments, net

Realized and unrealized gain (loss) on investments, net increased during the three months ended March 31, 2018 by \$0.1 million, or 47.5%, as compared to the same period in the prior year. The increase was primarily due to unrealized gains related to marketable securities in international equity strategies.

Realized and unrealized gain (loss) of consolidated investment products, net

Realized and unrealized gain (loss) of our consolidated investment products, net, decreased \$2.2 million, or 49.2% during the three months ended March 31, 2018 as compared to the same period in the prior year. This decrease is primarily attributable to \$7.1 million in changes on the note payable, partially offset by \$5.1 million in realized and unrealized gains on the investments of our CIPs.

Other income (expense), net

Other income (expense), net increased during the three months ended March 31, 2018 by \$0.7 million, or 104.2%, as compared to the same period in the prior year. The increase was due to higher earnings on equity method investments.

Table of Contents

Interest Income (Expense), net

Interest income (expense), net by category were as follows:

	Three Months Ended March 31,			
	2018	2017	2018 vs. 2017	%
(\$ in thousands)				
Interest Income (Expense)				
Interest expense	\$(3,858)	\$(243)	\$(3,615)	1,487.7%
Interest and dividend income	721	188	533	283.5 %
Interest and dividend income of investments of CIP	21,403	5,656	15,747	278.4 %
Interest expense of CIP	(14,549)	(2,857)	(11,692)	409.2 %
Total Interest Income (Expense), net	\$3,717	\$2,744	\$973	35.5 %

Interest Expense

Interest expense increased \$3.6 million for the three months ended March 31, 2018 compared to the same period in the prior year. The increase was due to the average level of debt outstanding compared to the same period in the prior year as the Company's Term Loan was issued on June 1, 2017.

Interest and Dividend Income

Interest and dividend income increased \$0.5 million or 283.5% for the three months ended March 31, 2018 compared to the same period in the prior year. The increase was due to a higher concentration of our investment in CLOs as compared to the corresponding period in the prior year.

Interest and Dividend Income of Investments of Consolidated Investment Products

Interest and dividend income of investments of consolidated investment products increased \$15.7 million for the three months ended March 31, 2018 compared to the same period in the prior year. The increase was due to a higher balance of our investments of consolidated investment products during the three months ended March 31, 2018 compared to the same period in the prior year.

Interest Expense of Consolidated Investment Products

Interest expense of consolidated investment products represents interest expense on the notes payable of the consolidated investment products. Interest expense of consolidated investment products increased by \$11.7 million, or 409.2%, for the three months ended March 31, 2018 primarily due to higher average debt balances for our consolidated investment products as compared to the same period in the prior year.

Income Tax Expense (Benefit)

The provision for income taxes reflected U.S. federal, state and local taxes at an estimated effective tax rate of 21.5% and 24.4% for the three months ended March 31, 2018 and 2017, respectively. The decrease in the estimated effective tax rate was primarily due to the Tax Cuts and Jobs Act enacted on December 22, 2017 which included the reduction of the statutory federal corporate income tax rate to 21% from 35%. This decrease in tax rates was partially offset by a decrease in the tax benefit associated with valuation allowance changes related to our investments.

Financing Activities	(14,451)	179,191	(193,642)	(108.1)%

Overview

At March 31, 2018, we had \$80.8 million of cash and cash equivalents and \$62.0 million of investments in marketable securities compared to \$132.2 million and \$66.4 million, respectively, at December 31, 2017. At March 31, 2018, we had \$258.7 million outstanding under our seven-year term debt ("Term Loan") and no outstanding borrowings under our \$100.0 million revolving credit facility (the "Credit Facility"). On February 15, 2018, we amended our Credit Agreement which resulted in \$105.0 million of additional Term Loan commitments to fund, in part, the proposed acquisition of a majority interest in SGA. The \$105.0 million will be drawn at the closing of the SGA acquisition and subject to a delayed draw fee. In addition, the amended Credit Agreement removed the financial maintenance covenant on the Term Loan and replaced the existing financial maintenance covenant on the \$100.0 million Credit Facility with a net leverage ratio covenant, defined as net debt divided by EBITDA, set at 2.5 to 1, that is in place when \$30.0 million or more has been drawn down on the revolving credit facility. As of March 31, 2018, we had \$127.2 million of net debt, which resulted in a net leverage ratio of 0.99:1.0.

Uses of Capital

Our main uses of capital related to operating activities include payments of annual incentive compensation, income tax payments and other operating expenses which primarily consist of investment research and technology costs, professional fees, distribution costs and occupancy costs. Annual incentive compensation which is one of the largest annual operating cash expenditures is paid in the first quarter of the year. In the first quarter of 2018 and 2017, we paid approximately \$74.1 million and \$39.7 million, respectively, in incentive compensation earned during the years ended December 31, 2017 and 2016, respectively.

In addition to operating activities, other uses of cash could or will include (i) integration costs, including severance, related to potential acquisitions, if any; (ii) investments in our organic growth, including our distribution efforts and

launches of new products; (iii) seeding or investing in new products, including seeding funds or sponsoring CLO issuances; (iv) principal payments on debt outstanding; (v) dividend payments to preferred and common stockholders; (vi) investments in our infrastructure; and (vii) investments in inorganic growth opportunities as they arise. Although we continuously monitor working capital to ensure adequate resources are available for near-term liquidity requirements, our liquidity could be impacted by contingencies, including any legal or regulatory matters as described in Note 14 of our condensed consolidated financial statements.

Table of Contents

Capital and Reserve Requirements

We operate two broker-dealer subsidiaries registered with the SEC which are subject to certain rules regarding minimum net capital. The broker-dealers are required to maintain a ratio of "aggregate indebtedness" to "net capital," as defined, which may not exceed 15 to 1 and must also maintain a minimum amount of net capital. Failure to meet these requirements could result in adverse consequences to us including additional reporting requirements, a lower required ratio of aggregate indebtedness to net capital or interruption of our business. At both March 31, 2018 and December 31, 2017, the ratio of aggregate indebtedness to net capital of our broker-dealers was below the maximum allowed, and net capital was significantly greater than the required minimum.

Balance Sheet

Cash and cash equivalents consist of cash in banks and money market fund investments. Investments consist primarily of investments in our affiliated mutual funds. Consolidated investment products primarily represent investment products to which we provide investment management services and where we have either a controlling financial interest or we are considered the primary beneficiary of an investment product that is a considered a variable interest entity.

Operating Cash Flow

Net cash used in operating activities of \$61.8 million for the three months ended March 31, 2018 increased by \$46.6 million from net cash used in operating activities of \$15.2 million for the same period in the prior year primary due to an increase in net purchases of investments of our consolidated investment products.

Investing Cash Flow

Net cash used in investing activities consists primarily of capital expenditures and other investing activities related to our business operations. Net cash used in investing activities of \$21.6 million for the three months ended March 31, 2018 increased by \$26.8 million from net cash provided by investing activities of \$5.2 million in the same period for the prior year. The primary investing activities for the three months ended March 31, 2018 was \$20.3 million of net cash used for the purchase of investments in unconsolidated CLOs.

Financing Cash Flow

Cash flows provided by financing activities consist primarily of the issuance of common and preferred stock, return of capital through repurchases of common shares, dividends, withholding obligations for the net share settlement of employee share transactions, and contributions to noncontrolling interests related to our consolidated investment products. Net cash provided by financing activities decreased \$193.6 million to \$14.5 million used in financing activities for the three months ended March 31, 2018 as compared to net cash provided by financing activities of \$179.2 million for the three months ended March 31, 2017. The primary reason for the decrease was due to cash raised of \$221.0 million related to the issuance of preferred stock and common stock, net of issuance costs paid partially offset by the repayments of \$30.0 million on our terminated credit facility in the prior year.

Credit Agreement

On February 15, 2018 (the "Effective Date") we entered into Amendment No. 1 (the "Amendment") to the Credit Agreement, dated as of June 1, 2017, (the Credit Agreement as amended by the Amendment is hereinafter referred to as the "Credit Agreement"). The Amendment provided commitments for an additional \$105.0 million of term loans ("Additional Term Loan Commitments") which are subject to, among other customary conditions, the substantially

concurrent consummation of our previously announced agreement to acquire (i) 70% of the outstanding limited partnership interests of SGA and (ii) 100% of the outstanding membership interests of SGIA, LLC, the general partner of SGA (the "Transaction").

The applicable margin on amounts outstanding under the Credit Agreement, commencing as of the Effective Date, is 2.50%, in the case of LIBOR-based loans, and 1.50% in the case of alternate base rate loans, in each case subject to a 25 basis point reduction based on our secured net leverage ratio (as defined in the Credit Agreement) as of the last day of the preceding fiscal quarter being not greater than 1.00 to 1.00, as reflected in certain financial reports required under the Credit Agreement. The Additional Term Loan Commitments are subject to a delayed draw fee accruing for the period (i) from the date which is 31 days after the Effective Date to the date which is 60 days after the Effective Date, at 1.25% per annum and (ii) thereafter, at 2.50% per annum until the earlier of the funding or termination of the Additional Term Loan Commitments, in each case, calculated in respect of the aggregate amount of the Additional Term Commitments during such period.

Table of Contents

The Amendment also eliminated a maximum Total Net Leverage Ratio (as defined in the Credit Agreement) financial maintenance covenant as applied to term loans under the Credit Agreement. The Credit Agreement includes, for the benefit of revolving lenders, a financial maintenance covenant that we will not permit the Total Net Leverage Ratio to exceed 2.50:1.00 as of the last day of any fiscal quarter; provided that this covenant will apply only if on such day the aggregate principal amount of outstanding revolving loans and letters of credit exceeds 30% of the aggregate revolving commitments as of such day.

At March 31, 2018, \$258.7 million was outstanding under the Term Loan, and no amounts were outstanding under the Credit Facility.

Contractual Obligations

Our contractual obligations are summarized in our 2017 Annual Report on Form 10-K. As of March 31, 2018, there have been no material changes outside of the ordinary course of business in our contractual obligations since December 31, 2017.

Critical Accounting Policies and Estimates

Our financial statements and the accompanying notes are prepared in accordance with generally accepted accounting principles generally accepted in the United States of America, which require the use of estimates. Actual results will vary from these estimates. A discussion of our critical accounting policies and estimates is included in Management's Discussion and Analysis of Financial Condition and Results of Operations in our 2017 Annual Report on Form 10-K. A complete description of our significant accounting policies is included in our 2017 Annual Report on Form 10-K. We have updated our revenue recognition policies in conjunction with our adoption of ASC 606 as further described in Note 3 to the accompanying condensed consolidated financial statements. Otherwise, there were no additional changes in our critical accounting policies in the three months ended March 31, 2018.

Recently Issued Accounting Pronouncements

For a discussion of accounting standards, see Note 2 within our condensed consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is primarily exposed to market risk associated with unfavorable movements in interest rates and securities prices. During the three months ended March 31, 2018, there were no material changes to the information contained in Part II, Item 7A of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed or submitted under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to management, including our Chief

Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of the end of the period covered by this Quarterly Report on Form 10-Q. Consistent with guidance issued by the Securities and Exchange Commission that an assessment of internal controls over financial reporting of a recently acquired business may be omitted from management's evaluation of disclosure controls and procedures, management is excluding an assessment of such internal controls of RidgeWorth Investments acquired by the Company on June 1, 2017, from its evaluation of the effectiveness of the Company's disclosure controls and procedures. The acquisition represented approximately 24.0% of the Company's consolidated total revenues as of and for the quarter ended March 31, 2018.

Table of Contents

Based on their evaluation, our Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective at the reasonable assurance level as of March 31, 2018, the end of the period covered by this Quarterly Report on Form 10-Q.

Changes in Internal Controls over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) or 15d-15(f) under the Exchange Act) that occurred during the period covered by this Quarterly Report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

As mentioned above, the Company acquired RidgeWorth Investments on June 1, 2017. The Company is in the process of reviewing the internal control structure as a result of the acquisition and, if necessary, will make appropriate changes to its overall internal control over financial reporting process.

Table of Contents

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

Legal Matters

The Company is regularly involved in litigation and arbitration as well as examinations, inquiries and investigations by various regulatory bodies, including the SEC, involving its compliance with, among other things, securities laws, client investment guidelines, laws governing the activities of broker-dealers and other laws and regulations affecting its products and other activities. Legal and regulatory matters of this nature involve or may involve but are not limited to the Company's activities as an employer, issuer of securities, investor, investment adviser, broker-dealer or taxpayer. In addition, in the normal course of business, the Company discusses matters with its regulators raised during regulatory examinations or is otherwise subject to their inquiry. These matters could result in censures, fines, penalties or other sanctions.

The Company accrues for a liability when it is both probable that a liability has been incurred and the amount of the liability can be reasonably estimated. Significant judgment is required in both the determination of probability and the determination as to whether a loss is reasonably estimable. In addition, in the event the Company determines that a loss is not probable, but is reasonably possible, and it becomes possible to develop what the Company believes to be a reasonable range of possible loss, then the Company will include disclosures related to such matter as appropriate and in compliance with ASC 450, Loss Contingencies. The disclosures, accruals or estimates, if any, resulting from the foregoing analysis are reviewed at least quarterly and adjusted to reflect the impact of negotiations, settlements, rulings, advice of legal counsel and other information and events pertaining to a particular matter. Based on information currently available, available insurance coverage and established reserves, the Company believes that the outcomes of its legal and regulatory proceedings are not likely, either individually or in the aggregate, to have a material adverse effect on the Company's results of operations, cash flows or its consolidated financial condition. However, in the event of unexpected subsequent developments and given the inherent unpredictability of these legal and regulatory matters, the Company can provide no assurance that its assessment of any claim, dispute, regulatory examination or investigation or other legal matter will reflect the ultimate outcome and an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's results of operations or cash flows in particular quarterly or annual periods.

In re Virtus Investment Partners, Inc. Securities Litigation; formerly Tom Cummins v. Virtus Investment Partners Inc. et al

On February 20, 2015, a putative class action complaint alleging violations of certain provisions of the federal securities laws was filed by an individual shareholder against the Company and certain of the Company's current officers (the "defendants") in the United States District Court for the Southern District of New York (the "Court"). On April 21, 2015, three plaintiffs, including the original plaintiff, filed motions to be appointed lead plaintiff and, on June 9, 2015, the Court appointed Arkansas Teachers Retirement System lead plaintiff. On August 21, 2015, the plaintiffs filed a Consolidated Class Action Complaint (the "Consolidated Complaint") amending the originally filed complaint, which was purportedly filed on behalf of all purchasers of the Company's common stock between January 25, 2013 and May 11, 2015 (the "Class Period"). The Consolidated Complaint alleges that, during the Class Period, the defendants disseminated materially false and misleading statements and concealed material adverse facts relating to certain funds formerly subadvised by F-Squared Investments Inc ("F-Squared"). The Consolidated Complaint alleges claims under Sections 10(b) and 20(a) of the Exchange Act, and Rule 10b-5. The plaintiffs seek to recover unspecified damages. A motion to dismiss the Consolidated Complaint was filed on behalf of the Company and the other defendants on October 21, 2015. On July 1, 2016, the Court entered an opinion and order granting in part, and

denying in part, the motion to dismiss, narrowing plaintiffs' claims under Sections 10(b) and 20(a) of the Exchange Act and dismissing one of the defendants from the suit. The remaining defendants' Answer to the Consolidated Complaint was filed on August 5, 2016. Plaintiffs' motion for class certification was granted on May 15, 2017. Discovery has since been completed. On October 6, 2017, defendants moved for summary judgment. Briefing on the motion for summary judgment was completed on December 22, 2017, and oral argument was held on January 18, 2018, where the Court reserved decision. The Company believes that the suit is without merit, nonetheless, on February 6, 2018, it reached an agreement in principle with the plaintiffs, subject to Court approval, settling all claims in the litigation, in order to avoid the cost, distraction, disruption, and inherent litigation uncertainty. Upon approval by the Court, which the Company believes is likely, the resolution of this matter will not have a material impact on the Company's results of operations, cash flows or its consolidated financial condition.

Table of Contents

Item 1A. Risk Factors

The reader should carefully consider, in connection with the other information in this report, the Company's risk factors previously reported in our 2017 Annual Report on Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

As of March 31, 2018, 4,180,045 shares of our common stock have been authorized to be repurchased under a share repurchase program approved by our Board of Directors, and 883,756 shares remain available for repurchase. Under the terms of the program, we may repurchase shares of our common stock from time to time at our discretion through open market repurchases, privately negotiated transactions and/or other mechanisms, depending on price and prevailing market and business conditions. The program, which has no specified term, may be suspended or terminated at any time. We did not repurchase any shares during the three months ended March 31, 2018.

There were no unregistered sales of equity securities during the period covered by this Quarterly Report. Shares of our common stock purchased by participants in our Employee Stock Purchase Plan were delivered to participant accounts via open market purchases at fair value by the third-party administrator under the plan. We do not reserve shares for this plan or discount the purchase price of the shares.
