Forward Looking Statements

Statements contained in this presentation that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Also, when we use any of the words “anticipate,” “assume,” “believe,” “estimate,” “expect,” “intend,” or similar expressions, we are making forward-looking statements.

These forward-looking statements are not guarantees and are based on our current intentions and current expectations and assumptions.

These statements, intentions, expectations and assumptions involve risks and uncertainties, some of which are beyond our control that

could cause actual results or events to differ materially from those we anticipate or project, such as: changes in real estate market

conditions and general economic conditions; the inherent risks associated with owning real estate, including local real estate market

conditions, governing laws and regulations and illiquidity of real estate investments; our ability to repay debt financing obligations; our

ability to refinance amounts outstanding under our credit facilities at maturity on terms favorable to us; the loss of any member of our

management team; our ability to comply with certain debt covenants; our ability to integrate acquired properties and operations into

existing operations; continued availability of debt or equity capital; market conditions affecting our equity capital; changes in interest rates

under our current credit facilities and under any additional variable rate debt arrangements that we may enter into in the future; our ability

to implement successfully our selective acquisition strategy; our ability to maintain internal controls and procedures to ensure all

transactions are accounted for properly, all relevant disclosures and filings are timely made in accordance with all rules and regulations and

any potential fraud or embezzlement is thwarted or detected; changes in federal or state tax rules or regulations that could have adverse tax

consequences; and our ability to qualify as a real estate investment trust for federal income tax purposes.

You should not place undue reliance on these forward-looking statements, as events described or implied in such statements may not occur.

We undertake no obligation to update or revise any forward-looking statements as a result of new information, future events or otherwise.

Recipients are strongly advised to read the Company’s filings with the Securities and Exchange Commission because they contain important information.

Company Overview

u UMH Properties, Inc. (“UMH” or “the Company”) is a publicly owned Real Estate Investment Trust (“REIT”). The Company commenced operations in 1968 and has been operating as a public company since 1985.

u Owner and operator of manufactured home communities - leasing manufactured home spaces on a month-to-month basis to private resident homeowners.

u The Company also sells and finances homes to qualified residents through its wholly-owned taxable REIT subsidiary (UMH Sales and Finance, Inc.).

u Portfolio consists of 55 manufactured home communities containing approximately 10,400 developed sites located in New Jersey, New York, Ohio, Pennsylvania, Tennessee and Indiana.

u In addition, the Company has \$55.3mm of real estate securities and \$20.5mm of loan receivables in its asset portfolio as of June 30, 2012.

u Manufactured home communities provide high profit margins, recession resistant qualities and stable income streams. Additionally, the high-barrier to entry nature of manufactured home communities enhance the potential for long-term appreciation in value.

Portfolio Capacity by State

- 8 -

u The Marcellus and Utica Shale Regions are large natural gas fields located beneath much of Pennsylvania, Ohio, West Virginia and New York

u Fields have the potential to be among the largest sources of natural gas in the world

u Activity surrounding the development of the shale regions is expected to accelerate over the next few years

u Economies in the shale region are expected to benefit from increased employment, wealth of landowners and state and local tax revenues

u UMH is already seeing increased demand for residential units in the region as a result of Marcellus and Utica Shale related activity

u With 1,300 acres in existing communities, UMH benefits from significant exposure to the Marcellus and Utica Shale Regions

Funds from operations (“FFO”) is defined as net income (computed in accordance with generally accepted accounting principles), excluding preferred dividends and gains or losses from sales of depreciable assets, plus real estate-related depreciation and amortization. FFO should be considered as a supplemental measure of operating performance used by REITs. The Company believes that FFO is helpful to investors as one of several measures of the performance of a REIT. FFO excludes historical cost depreciation as an expense and may facilitate the comparison of REITs which have different cost basis. The items excluded from FFO are significant components in understanding the Company’s financial performance. FFO (i) does not represent cash flow from operations as defined by generally accepted accounting principles; (ii) should not be considered as an alternative to net income as a measure of operating performance or to cash flows from operating, investing and financing activities; and (iii) is not an alternative to cash flow as a measure of liquidity. FFO, as calculated by the Company, may not be comparable to similarly entitled measures reported by other REITs.

The Company’s FFO is calculated as follows:
