WHY THE CURRENT BOARD OF DIRECTORS OF MERCATOR MUST GO

It is time to change the board of directors and senior management at Mercator. The reasons for this change are numerous. Under the current board of directors and senior management:

- o Mercator's stock price has plummeted from a high of \$142 per share on March 7, 2000 to just \$1.33 per share as of March 12, 2003;
- o Over the same period, Mercator's stock has underperformed its peers and the NASDAQ Composite, as shown in the chart below.

Edgar Filing: STRATEGIC SOFTWARE HOLDINGS LLC - Form PREC14A

- o Mercator's market position collapsed from 3rd to 10th between 1999 and 2001, and its Enterprise Application Integration (EAI) market share fell from 10% to 4.7% over the same period;

2

- o Mercator's revenue has declined dramatically, down from \$138.3 million to \$111.9 million in 3 years;
- o Yet Mercator's research and development spend has been wasted, increasing from 15% to 19% of revenue over the same time from 2000 to 2002.

The board of directors and management of Mercator have watched and not acted as the Company has wasted away. They are not focused on restoring stockholder value. SSH, as Mercator's largest shareholder, asked company directors in January 2003 to appoint an investment bank to explore options to salvage value for Mercator stockholders, including the sale of the business. Mercator's current board of directors refused.

IF I PLAN TO ATTEND THE 2003 ANNUAL MEETING, SHOULD I STILL SUBMIT A PROXY?

Whether you plan to attend the 2003 Annual Meeting or not, we urge you to submit a BLUE proxy. Returning the enclosed proxy card will not affect your right to attend the 2003 Annual Meeting and vote.

HOW WILL MY SHARES BE VOTED?

If you give a proxy on the accompanying BLUE proxy card, your shares will be voted as you direct. Unless a proxy specifies otherwise, it will be presumed to relate to all shares held of record on the record date by the person who submitted it.

WHAT IS A QUORUM AND WHY IS IT NECESSARY?

Conducting business at the 2003 Annual Meeting requires a quorum. For a quorum to exist, stockholders representing a majority of the votes eligible to be cast must be present in person or represented by proxy. Under the Delaware General Corporation Law, Mercator's certificate of incorporation and By-laws, abstentions and broker non-votes are treated as present for purposes of determining whether a quorum exists.

9

WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL AND HOW WILL VOTES BE COUNTED?

If a quorum is present, directors will be elected by a plurality of the votes cast. This means that the seven nominees receiving the highest number of votes will be elected as directors. Accordingly, abstentions and broker non-votes do not have the effect of a vote against the election of any nominees. Stockholders do not have the right to cumulate their votes.

Each proposal other than the election of directors will be adopted if a majority of the shares represented at the meeting and entitled to vote on the proposal are voted in its favor. Accordingly, abstentions on each such proposal will have the same effect as a vote against the proposal. Broker non-votes will not have the effect of a vote for or against any such proposal.

HOW CAN I RECEIVE MORE INFORMATION?

If you have any questions about giving your proxy or about our solicitation, or if you require assistance, please call Innisfree M&A Incorporated, toll-free at 1-888-750-5834.

- (1) Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Shares of common stock subject to stock options and warrants currently exercisable or exercisable within 60 days are deemed outstanding for purposes of computing the percentage ownership of any group of which the holder is a member, but are not deemed outstanding for computing the percentage ownership of any other person.
