Our Company

We are a consumer goods company with a portfolio of leading apparel brands, including *Hanes, Champion, Playtex, Bali, L eggs, Just My Size, barely there, Wonderbra, Stedman, Outer Banks, Zorba, Rinbros* and *Duofold*. We design, manufacture, source and sell a broad range of apparel essentials such as T-shirts, bras, panties, men's underwear, kids underwear, casualwear, activewear, socks and hosiery.

The apparel essentials sector of the apparel industry is characterized by frequently replenished items, such as T-shirts, bras, panties, men's underwear, kids underwear, socks and hosiery. Growth and sales in the apparel essentials sector are not primarily driven by fashion, in contrast to other areas of the broader apparel industry. We focus on the core attributes of comfort, fit and value, while remaining current with regard to consumer trends. The majority of our core styles continue from year to year, with variations only in color, fabric or design details. Some products, however, such as intimate apparel, activewear and sheer hosiery, do have an emphasis on style and innovation. We continue to invest in our largest and strongest brands to achieve our long-term growth goals. In addition to designing and marketing apparel essentials, we have a long history of operating a global supply chain that incorporates a mix of self-manufacturing, third-party contractors and third-party sourcing.

Our products are sold through multiple distribution channels. During the year ended January 2, 2010, approximately 45% of our net sales were to mass merchants in the United States, 16% were to national chains and department stores in the United States, 11% were in our International segment, 10% were in our Direct to Consumer segment in the United States, and 18% were to other retail channels in the United States such as embellishers, specialty retailers and sporting goods stores. We have strong, long-term relationships with our top customers, including relationships of more than ten years with each of our top ten customers as of January 2, 2010. The size and operational scale of the high-volume retailers with which we do business require extensive category and product knowledge and specialized services regarding the quantity, quality and planning of product orders. We have organized multifunctional customer management teams, which has allowed us to form strategic long-term relationships with these customers and efficiently focus resources on category, product and service expertise. We also have customer-specific programs such as the *C9 by Champion* products marketed and sold through Target stores and our *Just My Size* program at Wal-Mart stores.

Our Brands

Our brands have a strong heritage in the apparel essentials industry. According to The NPD Group/Consumer Tracking Service, or NPD, our brands held either the number one or number two U.S. market position by units sold in most product categories in which we compete, for the 12-month period ended September 30, 2010. In 2009, Hanes was number one for the sixth consecutive year as the most preferred men's apparel brand, women's intimate apparel

brand and children's apparel brand of consumers in Retailing Today magazine's Top Brands Study. Additionally, we had five of the top ten intimate apparel brands preferred by consumers in the Retailing Today study *Hanes, Playtex, Bali, Just My Size* and *L'eggs*. In 2008, the most recent year in which the survey was conducted, Hanes was number one for the fifth consecutive year on the Women's Wear Daily Top 100 Brands Survey for apparel and accessory brands that women know best.

Table of Contents

Our Competitive Strengths

Strong brands with leading market positions. According to NPD, our brands held either the number one or number two U.S. market position by units sold in most product categories in which we compete, for the 12-month period ended September 30, 2010. According to NPD, our largest brand, *Hanes*, was the top-selling apparel brand in the United States by units sold, for the 12-month period ended September 30, 2010.

High-volume, core essentials focus. We sell high-volume, frequently replenished apparel essentials. The majority of our core styles continue from year to year, with variations only in color, fabric or design details, and are frequently replenished by consumers. We believe that our status as a high-volume seller of core apparel essentials creates a more stable and predictable revenue base and reduces our exposure to dramatic fashion shifts often observed in the general apparel industry.

Significant scale of operations. According to NPD, we are the largest seller of apparel essentials in the United States as measured by units sold for the 12-month period ended September 30, 2010. Most of our products are sold to large retailers that have high-volume demands. We believe that we are able to leverage our significant scale of operations to provide us with greater manufacturing efficiencies, purchasing power and product design, marketing and customer management resources than our smaller competitors.

Global supply chain. We have restructured our supply chain over the past three years to create more efficient production clusters that utilize fewer, larger facilities and to balance our production capability between the Western Hemisphere and Asia. With our global supply chain infrastructure substantially in place, we are now focused on optimizing our supply chain to further enhance efficiency, improve working capital and asset turns and reduce costs.

Strong customer relationships. We sell our products primarily through large, high-volume retailers, including mass merchants, department stores and national chains. We have strong, long-term relationships with our top customers, including relationships of more than ten years with each of our top ten customers. We have aligned significant parts of our organization with corresponding parts of our customers' organizations. We also have entered into customer-specific programs such as the *C9 by Champion* products marketed and sold through Target stores and our *Just My Size* program at Wal-Mart.

Key Business Strategies

Sell more, spend less and generate cash are our broad strategies to build our brands, reduce our costs and generate cash.

Sell more. Through our *sell more* strategy, we seek to drive profitable growth by consistently offering consumers brands they love and trust and products with unsurpassed value. Key initiatives we are employing to implement this strategy include:

Build big, strong brands in big core categories with innovative key items. Our ability to react to changing customer needs and industry trends is key to our success. Our design, research and product development teams, in partnership with our marketing teams, drive our efforts to bring innovations to market. We seek to leverage our insights into consumer demand in the apparel essentials industry to develop new products within our existing lines and to modify our existing core products in ways that make them more appealing, addressing changing customer needs and industry trends. We also support our key brands with targeted, effective advertising and marketing campaigns.

Foster strategic partnerships with key retailers via team selling. We foster relationships with key retailers by applying our extensive category and product knowledge, leveraging our use of multi-functional customer management teams and developing new customer-specific programs such as *C9 by Champion* for Target and our *Just My Size* program at Wal-Mart. Our goal is to strengthen and deepen our existing strategic relationships with retailers and develop new strategic relationships.

Use Kanban concepts to have the right products available in the right quantities at the right time. Through Kanban, a multi-initiative effort that determines production quantities, and in doing so,

facilitates just-in-time production and ordering systems, we seek to ensure that products are available to meet customer demands while effectively managing inventory levels.

Spend less. Through our spend less strategy, we seek to become an integrated organization that leverages its size and global reach to reduce costs, improve flexibility and provide a high level of service. Key initiatives we are employing to implement this strategy include:

Optimizing our global supply chain to improve our cost-competitiveness and operating flexibility. We have restructured our supply chain over the past three years to create more efficient production clusters that utilize fewer, larger facilities and to balance our production capability between the Western Hemisphere and Asia. With our global supply chain infrastructure substantially in place, we are now focused on optimizing our supply chain to further enhance efficiency, improve working capital and asset turns and reduce costs. We are focused on optimizing the working capital needs of our supply chain through several initiatives, such as supplier-managed inventory for raw materials and sourced goods ownership arrangements. The consolidation of our distribution network is still in process but is not expected to result in any substantial charges in future periods. The distribution network consolidation involves the implementation of new warehouse management systems and technology, and opening of new distribution centers and new third-party logistics providers to replace parts of our legacy distribution network.

Leverage our global purchasing and manufacturing scale. Historically, we have had a decentralized operating structure with many distinct operating units. We are in the process of consolidating purchasing, manufacturing and sourcing across all of our product categories in the United States. We believe that these initiatives will streamline our operations, improve our inventory management, reduce costs and standardize processes.

Generate cash. Through our generate cash strategy, we seek to effectively generate and invest cash at or above our weighted average cost of capital to provide superior returns for both our equity and debt investors. Key initiatives we are employing to implement this strategy include:

Optimizing our capital structure to take advantage of our business model's strong and consistent cash flows. Maintaining appropriate debt leverage and utilizing excess cash to, for example, pay down debt, invest in our own stock and selectively pursue strategic acquisitions are keys to building a stronger business and generating additional value for investors.

Continuing to improve turns for accounts receivables, inventory, accounts payable and fixed assets. Our ability to generate cash is enhanced through more efficient management of accounts receivables, inventory, accounts payable and fixed assets through several initiatives, such as supplier-managed inventory for raw materials, sourced goods ownership relationships and other efforts.

Our ability to react to changing customer needs and industry trends is key to our success. Our design, research and product development teams, in partnership with our marketing teams, drive our efforts to bring innovations to market. We seek to leverage our insights into consumer demand in the apparel essentials industry to develop new products within our existing lines and to modify our existing core products in ways that make them more appealing, addressing changing customer needs and industry trends. Examples of our recent innovations include:

Barely There Smart Sizes, a new bra sizing system that simplifies and streamlines the traditional bra sizing configuration from 16 sizes to just 5 sizes with innovative, shape to fit technology (2010).

Wonderbra Secret Agent No Slip Fit Collection leverages the use of technology, anatomy and womanomics to design bras that feature shaping stay-in-place back and no slip straps that secretly work together to ensure

everything stays comfortably in place all day (2010).

Bali Comfort-U Bra with a feature that ensures that the straps and back stay in place, delivering the ultimate fit and comfort in a place most women don't think to look—the back (2010).

Hanes Comfort Flex Underwear feature a softer, more stretchable waistband that comfortably shifts without pinching or binding (2010).

Table of Contents

We have restructured our supply chain over the past three years to create more efficient production clusters that utilize fewer, larger facilities and to balance our production capability between the Western Hemisphere and Asia. With our global supply chain infrastructure substantially in place, we are now focused on optimizing our supply chain to further enhance efficiency, improve working capital and asset turns and reduce costs. We are focused on optimizing the working capital needs of our supply chain through several initiatives, such as supplier-managed inventory for raw materials and sourced goods ownership arrangements. Our textile production plant in Nanjing, China started production in the fourth quarter of 2009 and we expect to ramp up production over the next year. The Nanjing facility, along with our other textile facilities and arrangements with outside contractors, enables us to expand and leverage our production scale as we balance our supply chain across hemispheres to support our production capacity. The consolidation of our distribution network is still in process but is not expected to result in any substantial changes in future periods. The distribution network consolidation involves the implementation of new warehouse management systems and technology, and opening of new distribution centers and new third-party logistics providers to replace parts of our legacy distribution network.

The Exchange Offer

*The following summary contains basic information about the exchange offer and is not intended to be complete. For a more detailed description of the terms and conditions of the exchange offer, please refer to the section entitled *The Exchange Offer*.*

The exchange offer

We are offering to exchange \$1,000 principal amount of the exchange notes, which have been registered under the Securities Act, for each \$1,000 principal amount of the old notes, which have not been registered under the Securities Act. We issued the old notes on November 9, 2010.

In order to exchange your old notes, you must promptly tender them before the expiration date (as described in this prospectus). All old notes that are validly tendered and not validly withdrawn will be exchanged. We will issue the exchange notes on or promptly after the expiration date.

You may tender your old notes for exchange in whole or in part in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Registration Rights Agreement

Simultaneously with the initial sale of the old notes, we entered into a registration rights agreement for this exchange offer. In the registration rights agreement, we agreed, among other things, to use all commercially reasonable efforts to file a registration statement with the SEC and to commence and complete this exchange offer within 30 Business Days (as defined in the registration rights agreement) after the registration statement becomes effective. The exchange offer is intended to satisfy your rights under the registration rights agreement. After the exchange offer is complete, you will no longer be entitled to any exchange or registration rights with respect to your old notes.

Consequences of failure to exchange

If you do not exchange your old notes for exchange notes in the exchange offer, you will still have the restrictions on transfer provided in the old notes and in the indenture that governs both the old notes and the exchange notes. In general, the old notes may not be offered or sold unless registered or exempt from registration under the Securities Act, or in a transaction not subject to the Securities Act and applicable state securities laws. See *Risk Factors* *Risks Related to the Exchange Offer* *If you do not exchange your old notes for exchange notes, your ability to sell your old notes will be restricted.*

Expiration date

The exchange offer will expire at 5:00 p.m., New York City time, _____, 2011, unless we decide to extend the expiration date. See *The Exchange Offer* *Expiration Date; Extensions; Amendments*.

Conditions to the exchange offer

The exchange offer is subject to customary conditions, some of which we may waive. See *The Exchange Offer* *Conditions to the Exchange Offer*.

Procedures for tendering old notes

If you wish to tender your old notes for exchange in the exchange offer, you must transmit to the exchange agent on or before the expiration date an original or a facsimile of a properly completed

Table of Contents

and duly executed copy of the letter of transmittal, which accompanies this prospectus, together with your old notes and any other documentation required by the letter of transmittal, at the address provided on the cover page of the letter of transmittal. However, if you hold old notes through The Depository Trust Company, or DTC, and wish to participate in the exchange offer, you must comply with the Automated Tender Offer Program procedures of DTC. See The Exchange Offer Procedures for Tendering Old Notes. If you are not a DTC participant, you may tender your old notes by book-entry transfer by contacting your broker, dealer or other nominee or by opening an account with a DTC participant, as the case may be. By accepting the exchange offer, you will represent to us that, among other things:

any exchange notes that you receive will be acquired in the ordinary course of your business;

you are not engaging in or intending to engage in a distribution of the exchange notes and you have no arrangement or understanding with any person or entity, including any of our affiliates, to participate in the distribution of the exchange notes;

if you are a broker-dealer that will receive exchange notes for your own account in exchange for old notes that were acquired as a result of market-making activities, that you will deliver a prospectus, as required by law, in connection with any resale of the exchange notes; and

you are not our affiliate as defined in Rule 405 under the Securities Act, or, if you are an affiliate, you will comply with any applicable registration and prospectus delivery requirements of the Securities Act.

Each broker-dealer that is issued exchange notes in the exchange offer for its own account in exchange for notes that were acquired by that broker-dealer as a result of market-marking or other trading activities must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes. A broker-dealer may use this prospectus for an offer to resell, resale or other retransfer of the exchange notes issued to it in the exchange offer.

Withdrawal rights

You may withdraw the tender of your old notes at any time before the expiration date. To do this, you should deliver a written notice of your withdrawal to the exchange agent according to the withdrawal procedures described in the section The Exchange Offer Withdrawal Rights.

Exchange agent

The exchange agent for the exchange offer is Branch Banking & Trust Company. The address, telephone number and facsimile number of the exchange agent are provided in the section entitled The Exchange Offer Exchange Agent.

Use of proceeds

We will not receive any cash proceeds from the issuance of exchange notes. See Use of Proceeds.

Table of Contents

United States federal income tax considerations	Your exchange of the old notes for exchange notes in the exchange offer should not be a taxable event for U.S. federal income tax purposes. Accordingly, you will not recognize any taxable gain or loss as a result of the exchange. See U.S. Federal Income Tax Considerations.

Summary of Terms of the Exchange Notes

The form and terms of the exchange notes will be the same as the form and terms of the old notes, except that the exchange notes will be registered under the Securities Act. As a result, the exchange notes will not bear legends restricting their transfer and will not contain the registration rights and liquidated damage provisions contained in the old notes. The exchange notes represent the same debt as the old notes. Both the old notes and the exchange notes will be governed by the same indenture. Unless the context otherwise requires, we use the term notes in this prospectus to collectively refer to the old notes and the exchange notes.

Issuer	Hanesbrands Inc.
The notes	\$1,000,000,000 in aggregate principal amount of 6.375% Senior Notes due 2020.
Maturity	December 15, 2020.
Interest payment dates	Interest will be payable on the exchange notes on June 15 and December 15 of each year, beginning on June 15, 2011.
Optional redemption	We may, at our option, redeem all or part of the exchange notes at any time prior to December 15, 2015 at a make-whole price, and at any time on or after December 15, 2015 at fixed redemption prices, plus accrued and unpaid interest, if any, to the date of redemption, as described under Description of Exchange Notes Optional Redemption. In addition, prior to December 15, 2013, we may, at our option, redeem up to 35% of the notes with the proceeds of certain equity offerings.

In the future, the guarantees may be released or terminated under certain circumstances. See Description of Exchange Notes Guarantees.
Ranking	The exchange notes and the guarantees will be our and the guarantors senior unsecured obligations and will: rank equally in right of payment with all our and the guarantors existing and future senior unsecured indebtedness;

be effectively subordinated in right of payment to all our and the guarantors' existing and future secured indebtedness to the extent

of the value of the collateral securing such indebtedness (including all of our borrowings and the guarantors' guarantees under our Senior Secured Credit Facility (as defined below)); and

be structurally subordinated in right of payment to all existing and future indebtedness and other liabilities of any of our subsidiaries that is not also a guarantor of the notes.

As of October 2, 2010, after giving effect to the offering of the old notes and the application of the net proceeds therefrom and the acquisition of Gear For Sports, we would have had total consolidated indebtedness of \$2,270.1 million, consisting of \$129.4 million of secured indebtedness outstanding under our senior secured credit facility, which we entered into in 2006 and amended and restated in December 2009 (as amended and restated, the Senior Secured Credit Facility), \$500.0 million of our 8.000% Senior Notes due 2016 (the 8% Senior Notes), \$1,000.0 million of the old notes, \$490.7 million of our Floating Rate Senior Notes due 2014 (the Floating Rate Senior Notes) and \$150.0 million outstanding under our accounts receivable securitization facility that we entered into on November 27, 2007 (the Accounts Receivable Securitization Facility). The subsidiary guarantors would have had guaranteed total indebtedness of \$2,120.1 million, consisting of \$129.4 million of secured guarantees under our Senior Secured Credit Facility, \$500.0 million of unsecured guarantees of our 8% Senior Notes, \$1,000.0 million of unsecured guarantees of the old notes and \$490.7 million of unsecured guarantees of our Floating Rate Senior Notes, excluding intercompany indebtedness, and we would have been able to incur an additional \$453.6 million of secured indebtedness under our Senior Secured Credit Facility. Our non-guarantor subsidiaries would have had \$150.0 million of total indebtedness, consisting of the amounts outstanding under the Accounts Receivable Securitization Facility.

Covenants

The indenture governing the exchange notes contains covenants that, among other things, limit our ability and the ability of our restricted subsidiaries to:

incur additional debt;

make certain investments or pay dividends or distributions on our capital stock or purchase, redeem or retire capital stock (restricted payments);

sell assets, including capital stock of our restricted subsidiaries;

restrict dividends or other payments by restricted subsidiaries;

create liens that secure debt;

enter into transactions with affiliates; and

create or incur liens; and

merge or consolidate with another company.

These covenants are subject to a number of important limitations and exceptions, including a provision allowing us to make restricted payments in an amount calculated pursuant to a formula

Table of Contents

based upon 50% of our adjusted consolidated net income (as defined in the indenture) since October 1, 2006. As of October 2, 2010, after giving effect to the issuance of the old notes, we would have had approximately \$680 million of available restricted payment capacity pursuant to that provision, in addition to the restricted payment capacity available under other exceptions.

In addition, most of the covenants will be suspended if both Standard & Poor's Ratings Services and Moody's Investors Service, Inc., assign the notes an investment grade rating and no default exists with respect to the notes.

Change of control offer

If we experience certain kinds of changes of control, we must give the holders of the exchange notes the opportunity to sell us their exchange notes at 101% of their principal amount, plus accrued and unpaid interest, if any, to the repurchase date.

No public market

The exchange notes will be a new issue of securities and will not be listed on any securities exchange or included in any automated quotation system. There is currently no established trading market for the exchange notes. The initial purchasers of the old notes (the "initial purchasers") have advised us that they intend to make a market in the exchange notes. The initial purchasers are not obligated, however, to make a market in the exchange notes and may discontinue any such market making in their discretion at any time without notice. Accordingly, there can be no assurance as to the development or liquidity of any market for the exchange notes.

Risk Factors

See "Risk Factors" for a discussion of factors you should consider carefully before deciding to participate in the exchange offer.

Table of Contents

RISK FACTORS

Participation in this exchange offer involves risk. In addition to the risks described below, you should also carefully read all of the other information included in this prospectus and the documents we have incorporated by reference into this prospectus in evaluating an investment in the notes. If any of the described risks actually were to occur, our business, financial condition or results of operations could be affected materially and adversely. In that case, our ability to fulfill our obligations under the notes could be materially affected and you could lose all or part of your investment.

The risks described below are not the only ones facing our company. Additional risks not presently known to us or that we currently deem immaterial individually or in the aggregate may also impair our business operations.

Risks Relating to the Company

The Company's business is subject to a number of risks and uncertainties. You should review the sections entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended January 2, 2010, in our Quarterly Reports on Form 10-Q for the periods ended April 3, 2010, July 3, 2010 and October 2, 2010 and in this prospectus for a discussion of the factors you should consider carefully before deciding to participate in the exchange offer.

Risks Relating to the Exchange Notes

We and the subsidiary guarantors have significant indebtedness and may incur substantial additional indebtedness in the future, including indebtedness ranking equal to the exchange notes and the guarantees.

At October 2, 2010, after giving effect to the offering of the old notes and the application of the net proceeds therefrom, we would have had total consolidated indebtedness of \$2,270.1 million (including \$129.4 million of secured indebtedness and guarantees under our Senior Secured Credit Facility) and we would have been able to incur an additional \$453.6 million of secured indebtedness under our Senior Secured Credit Facility.

Subject to the restrictions in the indenture governing the exchange notes and in other instruments governing our other outstanding indebtedness (including our Senior Secured Credit Facility), we and our subsidiaries may incur substantial additional indebtedness (including secured indebtedness) in the future. Although the indenture governing the exchange notes and the instruments governing certain of our other outstanding indebtedness contain restrictions on the incurrence of additional indebtedness, these restrictions are subject to waiver and a number of significant qualifications and exceptions, and indebtedness incurred in compliance with these restrictions could be substantial.

If we or any subsidiary guarantor incurs any additional indebtedness that ranks equally with the exchange notes (or with the guarantee thereof), including trade payables, the holders of that indebtedness will be entitled to share ratably with noteholders in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding-up of us or such subsidiary guarantor. This may have the effect of reducing the amount of proceeds paid to noteholders in connection with such a distribution and we may not be able to meet some or all of our debt obligations, including repayment of notes.

Any increase in our level of indebtedness will have several important effects on our future operations, including, without limitation:

we will have additional cash requirements in order to support the payment of interest on our outstanding indebtedness;

increases in our outstanding indebtedness and leverage will increase our vulnerability to adverse changes in general economic and industry conditions, as well as to competitive pressure; and

Table of Contents

depending on the levels of our outstanding indebtedness, our ability to obtain additional financing for working capital, capital expenditures, general corporate and other purposes may be limited.

Our debt instruments have restrictive covenants that could limit our financial flexibility.

The indentures related to the exchange notes, our 8% Senior Notes and our Floating Rate Senior Notes and the Senior Secured Credit Facility contain restrictive covenants that limit our ability to engage in activities that may be in our long-term best interests. Our ability to borrow under the Senior Secured Credit Facility is subject to compliance with certain financial covenants, including total leverage and interest coverage ratios. The Senior Secured Credit Facility also includes other restrictions that, among other things, limit our ability to incur certain additional indebtedness and certain types of liens, to effect mergers and sales or transfer of assets and to pay cash dividends.

The indenture governing the exchange notes contains covenants that, among other things, limit our ability and the ability of our restricted subsidiaries to:

incur additional debt;

make certain investments or pay dividends or distributions on our capital stock or purchase, redeem or retire capital stock;

sell assets, including capital stock of our restricted subsidiaries;

restrict dividends or other payments by restricted subsidiaries;

create liens that secure debt;

enter into transactions with affiliates; and

merge or consolidate with another company.

These restrictions could, among other things, limit our ability to finance our future operations or capital needs, make acquisitions or pursue available business opportunities.

These covenants are subject to a number of important limitations and exceptions, including a provision allowing us to make restricted payments in an amount calculated pursuant to a formula based upon 50% of our adjusted consolidated net income (as defined in the indenture governing the exchange notes) since October 1, 2006. As of October 2, 2010, after giving effect to the issuance of the old notes, we would have had approximately \$680 million of available restricted payment capacity pursuant to that provision, in addition to the restricted payment capacity available under other exceptions. See [Description of Exchange Notes](#) [Covenants](#).

In addition, most of the covenants will be suspended if both Standard & Poor's Ratings Services and Moody's Investors Service, Inc., assign the exchange notes an investment grade rating and no default exists with respect to the exchange notes. See [Description of Exchange Notes](#).

Our failure to comply with these covenants could result in an event of default that, if not cured or waived, could result in the acceleration of all of our indebtedness. We do not have sufficient working capital to satisfy our debt obligations in the event of an acceleration of all or a significant portion of our outstanding indebtedness.

We may not be able to generate sufficient cash to service all of our indebtedness, including the exchange notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the exchange notes.

Table of Contents

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay planned investments and capital expenditures, or to sell assets, seek additional financing in the debt or equity markets or restructure or refinance our indebtedness, including the exchange notes. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments and the indenture governing the exchange notes may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness. We could also face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. Our Senior Secured Credit Facility and the indentures governing the exchange notes, our 8% Senior Notes and our Floating Rate Senior Notes restrict our ability to dispose of assets and use the proceeds from the disposition. We may not be able to consummate those dispositions or to obtain the proceeds that we could have realized from them and any proceeds may not be adequate to meet any debt service obligations then due. These alternative measures may not be successful and may not permit us to meet our debt service obligations.

An increase in interest rates would increase the cost of servicing our debt and could reduce our profitability.

Our debt under our Senior Secured Credit Facility, our Floating Rate Senior Notes and our Accounts Receivable Securitization Facility bear interest at variable rates. We may also incur indebtedness with variable interest rates in the future. As a result, an increase in market interest rates could increase the cost of servicing our debt and could materially reduce our profitability and cash flows. We currently estimate that our annual interest expense on our floating rate indebtedness would increase by approximately \$15 million for each increase in interest rates of 1%, without giving effect to any hedging arrangements.

Your right to receive payments on the exchange notes is effectively subordinated to the right of lenders who have a security interest in our assets to the extent of the value of those assets.

Our obligations under the exchange notes and the guarantors' obligations under their guarantees of the exchange notes will be unsecured, and our obligations under and the guarantors' obligations under their guarantees of our 8% Senior Notes and our Floating Rate Senior Notes are unsecured, but our obligations under our Senior Secured Credit Facility and each guarantor's obligations under its guarantee of our Senior Secured Credit Facility is secured by a security interest in substantially all of our assets and the ownership interests of all of our subsidiaries. If we are declared bankrupt or insolvent, or if we default under our Senior Secured Credit Facility, the funds borrowed thereunder, together with accrued interest, could become immediately due and payable. If we were unable to repay such indebtedness, the lenders under our Senior Secured Credit Facility could foreclose on the pledged assets to the exclusion of holders of the exchange notes, even if an event of default exists under the indenture governing the exchange notes at such time. Furthermore, if the lenders foreclose and sell the pledged equity interests in any guarantor in a transaction permitted under the terms of the indenture governing the exchange notes, then such guarantor will be released from its guarantee of the exchange notes automatically and immediately upon such sale. In any such event, because the exchange notes will not be secured by any of such assets or by the equity interests in any such guarantor, it is possible that there would be no assets from which your claims could be satisfied or, if any assets existed, they might be insufficient to satisfy your claims in full.

As of October 2, 2010, after giving effect to the issuance of the old notes and the application of the net proceeds therefrom, we would have had total consolidated indebtedness of \$2,270.1 million, consisting of \$129.4 million of secured indebtedness outstanding under the Senior Secured Credit Facility, \$1,000.0 million of the old notes, \$500.0 million of the 8% Senior Notes, \$490.7 million of the Floating Rate Senior Notes and \$150.0 million outstanding under our Accounts Receivable Securitization Facility. The subsidiary guarantors would have had

guaranteed total indebtedness of \$2,120.1 million, consisting of \$129.4 million of secured guarantees under our Senior Secured Credit Facility, \$1,000.0 million of unsecured guarantees of the old notes,

Table of Contents

\$500.0 million of unsecured guarantees of our 8% Senior Notes and \$490.7 million of guarantees of the Floating Rate Senior Notes, excluding intercompany indebtedness, and we would have been able to incur an additional \$453.6 million of secured indebtedness under our Senior Secured Credit Facility. In addition, our non-guarantor subsidiaries would have had \$150.0 million of total indebtedness, consisting of the amounts outstanding under the Accounts Receivable Securitization Facility.

Our ability to repay our debt, including the exchange notes, is affected by the cash flow generated by our subsidiaries.

Our subsidiaries own a portion of our assets and conduct a portion of our operations. Accordingly, repayment of our indebtedness, including the exchange notes, will be dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Substantially all of our existing domestic subsidiaries on the date of completion of this exchange offer will guarantee our obligations under the exchange notes. Unless they guarantee the exchange notes, any of our future subsidiaries will not have any obligation to pay amounts due on the exchange notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the exchange notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. While the indenture governing the exchange notes limits the ability of our subsidiaries to incur consensual encumbrances or restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to waiver and certain qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal, premium, if any, and interest payments on our indebtedness, including the exchange notes. If we are unable to obtain sufficient funds from our subsidiaries, we may have to undertake alternative financing plans, such as refinancing or restructuring our debt, selling assets, reducing or delaying capital investments or seeking to raise additional capital. We cannot guarantee that such alternative financing would be possible or successful. Our inability to generate sufficient cash flow to satisfy our debt obligations, or to refinance our obligations on commercially reasonable terms would have an adverse effect on our business, financial condition, results of operations and cash flow as well as on our ability to pay interest or principal on the notes when due, or redeem the notes upon a change of control.

Claims of noteholders will be structurally subordinated to claims of creditors of any of our future subsidiaries that do not guarantee the notes.

We conduct a portion of our operations through our subsidiaries. Subject to certain limitations, the indenture governing the exchange notes permits us to form or acquire certain subsidiaries that are not guarantors of the exchange notes and to permit such non-guarantor subsidiaries to acquire assets and incur indebtedness, and noteholders would not have any claim as a creditor against any of our non-guarantor subsidiaries to the assets and earnings of those subsidiaries. As of October 2, 2010, our non-guarantor subsidiaries had \$150.0 million of total indebtedness, consisting of the amounts outstanding under the Accounts Receivable Securitization Facility. The claims of the creditors of those subsidiaries, including their trade creditors, banks and other lenders, would have priority over any of our claims or those of our other subsidiaries as equity holders of the non-guarantor subsidiaries. Consequently, in any insolvency, liquidation, reorganization, dissolution or other winding-up of any of the non-guarantor subsidiaries, creditors of those subsidiaries would be paid before any amounts would be distributed to us or to any of the guarantors as equity, and thus would not be available to satisfy our obligations under the exchange notes and other claims against us or the guarantors.

If we default on our obligations to pay our other indebtedness, we may not be able to make payments on the exchange notes.

Any default under the agreements governing our indebtedness, including a default under our Senior Secured Credit Facility and the indentures governing the exchange notes, our 8% Senior Notes and our Floating Rate Senior Notes, that is not waived, and the remedies sought by the holders of such indebtedness,

Table of Contents

could prevent us from paying principal, premium, if any, and interest on the exchange notes and substantially decrease the market value of the exchange notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants in the instruments governing our indebtedness, including covenants in our Senior Secured Credit Facility and the indentures governing the exchange notes, our 8% Senior Notes and our Floating Rate Senior Notes, we could be in default under the terms of the agreements governing such indebtedness, including our Senior Secured Credit Facility and the indentures governing the exchange notes, our 8% Senior Notes and our Floating Rate Senior Notes. In the event of such default:

the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest;

the lenders under our Senior Secured Credit Facility could elect to terminate their commitments thereunder, cease making further loans and institute foreclosure proceedings against our assets; and

we could be forced into bankruptcy or liquidation.

If our operating performance declines, we may in the future need to obtain waivers under our Senior Secured Credit Facility to avoid being in default. If we breach our covenants under our Senior Secured Credit Facility and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under our Senior Secured Credit Facility, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

We may not be able to repurchase the exchange notes upon a change of control.

Upon the occurrence of specific kinds of change of control events, we may be required to offer to repurchase all outstanding notes, our 8% Senior Notes and our Floating Rate Senior Notes at 101% of their principal amount plus accrued and unpaid interest, if any. The source of funds for any such purchase of such exchange notes will be our available cash or cash generated from the operations of our subsidiaries or other sources, including borrowings, sales of assets or sales of equity or debt securities. We may not be able to repurchase such exchange notes upon a change of control because we may not have sufficient financial resources to purchase all of the exchange notes that are tendered upon a change of control. Our failure to repurchase the notes, our 8% Senior Notes and our Floating Rate Senior Notes upon a change of control could cause a default under the indentures governing the notes, our 8% Senior Notes, and our Floating Rate Senior Notes and could lead to a cross default under our Senior Secured Credit Facility.

The change of control put right might not be enforceable.

In a recent decision, the Chancery Court of Delaware raised the possibility that a change of control put right occurring as a result of a failure to have continuing directors comprising a majority of a board of directors might be unenforceable on public policy grounds.

Federal bankruptcy and state fraudulent transfer laws and other limitations may preclude the recovery of payments under the guarantees.

Initially, substantially all of our domestic subsidiaries will guarantee the exchange notes. Federal bankruptcy and state fraudulent transfer laws permit a court, if it makes certain findings, to avoid all or a portion of the obligations of the guarantors pursuant to their guarantees of the exchange notes, or to subordinate any such guarantor's obligations under such guarantee to claims of its other creditors, reducing or eliminating the noteholders' ability to recover under such guarantees. Although laws differ among these jurisdictions, in general, under applicable fraudulent transfer or

conveyance laws, a guarantee could be voided as a fraudulent transfer or conveyance if (1) the guarantee was incurred with the intent of hindering, delaying

Table of Contents

or defrauding creditors; or (2) the guarantor received less than reasonably equivalent value or fair consideration in return for incurring the guarantee and, in the case of (2) only, one of the following is also true:

the guarantor was insolvent or rendered insolvent by reason of the incurrence of the guarantee or subsequently become insolvent for other reasons;

the incurrence of the guarantee left the guarantor with an unreasonably small amount of capital to carry on the business; or

the guarantor intended to, or believed that it would, incur debts beyond its ability to pay such debts as they mature.

A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guarantee if the guarantor did not substantially benefit directly or indirectly from the issuance of the exchange notes. If a court were to void a guarantee, you would no longer have a claim against the guarantor. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any. In addition, the court might direct you to repay any amounts that you already received from the guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or

it could not pay its debts as they became due.

Although each guarantee will be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance under applicable law, this provision may not be effective to protect the guarantees from being voided under the fraudulent transfer laws described above. In a recent Florida bankruptcy case, a similar provision was found to be ineffective to protect the guarantees.

Many of the covenants contained in the indenture will be suspended if the exchange notes are rated investment grade by both of Standard & Poor's Ratings Services and Moody's Investors Service, Inc.

Many of the covenants in the indenture governing the exchange notes will be suspended if the exchange notes are rated investment grade by both of Standard & Poor's Ratings Services and Moody's Investors Service, Inc., provided at such time no default under the indenture has occurred and is continuing. These covenants restrict, among other things, our ability to pay dividends, to incur debt and to enter into certain other transactions. There can be no assurance that the exchange notes will ever be rated investment grade, or that if they are rated investment grade, that the exchange notes will maintain such ratings. However, suspension of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. Please see [Description of Exchange Notes](#) [Covenants](#) [Changes in Covenants When Notes Rated Investment Grade](#).

An active trading market for the exchange notes may not develop.

There is no existing market for the exchange notes. The exchange notes will not be listed on any securities exchange. There can be no assurance that a trading market for the exchange notes will ever develop or will be maintained.

Further, there can be no assurance as to the liquidity of any market that may develop for the exchange notes, your ability to sell your exchange notes or the price at which you will be able to sell your exchange notes. Future trading prices of the exchange notes will depend on many factors, including prevailing interest rates, our financial condition and results of operations, the then-current ratings assigned to

Table of Contents

the notes and the market for similar securities. Any trading market that develops would be affected by many factors independent of and in addition to the foregoing, including the:

- time remaining to the maturity of the exchange notes;
- outstanding amount of the exchange notes;
- terms related to optional redemption of the exchange notes; and
- level, direction and volatility of market interest rates generally.

If an active market does not develop or is not maintained, the market price and liquidity of the exchange notes may be adversely affected.

Risks Relating to the Exchange Offer

If you do not exchange your old notes for exchange notes, your ability to sell your old notes will be restricted.

If you do not exchange your old notes for exchange notes in this exchange offer, you will continue to be subject to the restrictions on transfer described in the legend on your old notes. The restrictions on transfer of your old notes arise because we issued the old notes in a transaction not subject to the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer to sell the old notes if they are registered under the Securities Act and applicable state securities laws or offered or sold pursuant to an exemption from those requirements. If you are still holding any old notes after the expiration date of the exchange offer and the exchange offer has been consummated, you will not be entitled to have those old notes registered under the Securities Act or to any similar rights under the registration rights agreement, subject to limited exceptions, if applicable. After the exchange offer is completed, we will not be required, and we do not intend, to register the old notes under the Securities Act.

You may not be able to sell the exchange notes quickly or at the price that you paid.

We do not intend to apply for the notes or the exchange notes to be listed on any securities exchange or to arrange for quotation on any automated dealer quotation systems. The initial purchasers of the old notes have advised us that they intend to make a market in the exchange notes, but they are not obligated to do so. The initial purchasers may discontinue any market making in the exchange notes at any time, in their sole discretion. As a result, we cannot assure you as to the liquidity of any trading market in the exchange notes.

We also cannot assure you that you will be able to sell your exchange notes at a particular time or that the prices that you receive when you sell will be favorable. Future trading prices of the exchange notes will depend on many factors, including:

- our operating performance and financial condition;
- the interest of securities dealers in making a market; and
- the market for similar or alternative securities.

It is possible that the market for the exchange notes will be subject to disruptions. Any disruptions may have a negative effect on noteholders, regardless of our prospects and financial performance.

Your old notes will not be accepted for exchange if you fail to follow the exchange offer procedures and, as a result, your old notes will continue to be subject to existing transfer restrictions and you may not be able to sell your old notes.

We will not accept your old notes for exchange if you do not follow the exchange offer procedures. We will issue exchange notes as part of this exchange offer only after a timely receipt of your old notes, a properly completed and duly executed letter of transmittal and all other required documents. Therefore, if you want to tender your old notes, please allow sufficient time to ensure timely delivery. If we do not receive your old notes, letter of transmittal and other required documents by the expiration date of the exchange offer, we

will not accept your old notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of old notes for exchange. If there are defects or irregularities with respect to your tender of old notes, we may not accept your old notes for exchange. For more information, see The Exchange Offer.

Some holders who exchange their old notes may be deemed to be underwriters, and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your old notes in the exchange offer for the purpose of participating in a distribution of the exchange notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

RATIO OF EARNINGS TO FIXED CHARGES

Set forth below is information concerning our ratio of earnings to fixed charges. For purposes of determining the ratio of earnings to fixed charges, earnings consist of the total of (i) the following (a) pretax income from continuing operations before adjustment for noncontrolling interest or income or loss from equity investees, (b) fixed charges, (c) amortization of capitalized interest, and (d) distributed income of equity investees, minus the total of (ii) the following: (a) interest capitalized and (b) the noncontrolling interest in pre-tax income of subsidiaries that have not incurred fixed charges. Fixed charges are defined as the sum of the following: (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, and (c) an estimate of the interest within rental expense.

The percentage of rent included in the calculation is a reasonable approximation of the interest factor.

USE OF PROCEEDS

This exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any proceeds from the exchange offer. You will receive, in exchange for old notes tendered by you and accepted by us in the exchange offer, exchange notes in the same principal amount. The old notes surrendered in exchange for the exchange notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the exchange notes will not result in any increase of our outstanding debt or the receipt of any additional proceeds.

Table of Contents**CAPITALIZATION**

The following table sets forth our cash and cash equivalents and capitalization on a historical basis as of October 2, 2010, on an actual basis and as adjusted to give effect to issuance of the old notes (referred to here as the 6.375% notes). This table should be read in conjunction with the section of this prospectus entitled "Use of Proceeds" and our financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Quarterly Report on Form 10-Q for the fiscal quarter ended October 2, 2010, which is incorporated by reference herein.

(1) Prior to the application of the proceeds of the 6.375% notes, the Senior Secured Credit Facility consisted of a term loan facility and a revolving credit facility, and provided for aggregate borrowings of up to \$1.29 billion, subject to certain conditions. After giving effect to the issuance of the 6.375% notes, and the use of proceeds of such notes, we would have had \$129 million of outstanding borrowings under the \$600 million revolving facility under the Senior Secured Credit Facility.

(2) Represents the aggregate principal amount of the 6.375% notes. The fees and expenses related to the offering of the old notes will accrete over the life of the notes and will be amortized into interest expense.

(3) Actual amounts may vary from estimated amounts depending on several factors, including fluctuations in cash on hand between October 2, 2010 and November 9, 2010, payments of accrued interest subsequent to October 2, 2010 and differences from our estimated fees and expenses for the offering of the 6.375% notes. Any changes in these amounts may affect the amount of cash required for the issuance of the 6.375% notes.

(4)

Approximately \$227 million was borrowed under the Senior Secured Credit Facility subsequent to October 2, 2010 to fund the Gear For Sports acquisition and was repaid from the proceeds of the issuance of the 6.375% notes.

DESCRIPTION OF EXCHANGE NOTES

On November 9, 2010, we issued \$1 billion aggregate principal amount of 6.375% Senior Notes under an indenture, as supplemented by a supplemental indenture, dated November 9, 2010 (collectively, the Indenture), among us, the Subsidiary Guarantors and Branch Banking and Trust Company, as trustee (the Trustee) in a private transaction that was not subject to the registration requirements of the Securities Act. The indenture under which the exchange notes are to be issued is the same indenture under which the old notes were issued. The terms of the exchange notes include those expressly set forth in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the Trust Indenture Act).

The Indenture does not limit the aggregate principal amount of notes that can be issued thereunder. We may issue an unlimited principal amount of additional notes (the Additional Notes) under the Indenture, as well as debt securities of other series. We will only be permitted to issue Additional Notes in compliance with the covenant described under the subheading Covenants Limitation on Indebtedness. Any Additional Notes will be part of the same series as the Notes (including the exchange notes issued in exchange for the old notes) and will vote on all matters with the holders of the Notes. Unless the context otherwise requires, for all purposes of the Indenture and this Description of Exchange Notes, references to the Notes include any old notes that remain outstanding after completion of the exchange offer, together with the exchange notes issued in the exchange offer and any Additional Notes actually issued.

This description of exchange notes is intended to be an overview of the material provisions of the exchange notes and the Indenture. Since this description of exchange notes is only a summary, you should refer to the Indenture for a complete description of the obligations of the Company and your rights as holders of the exchange notes. Copies of the Indenture are available upon request to the Company at the address indicated under Where You Can Find More Information elsewhere in this prospectus.

You will find the definitions of capitalized terms used in this description of exchange notes under the heading Definitions. For purposes of this description, references to the Company, we, our and us refer only to Hanesbrands Inc. and not to any of its subsidiaries. Certain defined terms used in this description but not defined below under Definitions have the meanings assigned to them in the Indenture and the registration rights agreement.

The registered holder of a Note will be treated as the owner of it for all purposes. Only registered holders of Notes will have rights under the Indenture, and all references to holders in this description of exchange notes are to registered holders of Notes.

General

The Exchange Notes. The exchange notes:

will be general unsecured, senior obligations of the Company;

will mature on December 15, 2020;

will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000;

will be represented by one or more registered Notes in global form, but in certain circumstances may be represented by Notes in definitive form, see Book-Entry, Delivery and Form ;

will rank senior in right of payment to all existing and future subordinated obligations of the Company;

will rank equally in right of payment to any existing or future senior Indebtedness of the Company, without giving effect to collateral arrangements;

will be initially unconditionally guaranteed on a senior basis by certain current Subsidiaries of the Company, see Guarantees ;

Table of Contents

will effectively rank junior to any existing or future secured Indebtedness of the Company, including amounts that may be borrowed under our Credit Agreement, to the extent of the value of the collateral securing such Indebtedness; and

will rank structurally junior to the indebtedness and other obligations of our future non-guarantor subsidiaries, if any.

The terms of the exchange notes are identical in all material respects to the old notes except that upon completion of the exchange offer, the exchange notes will be registered under the Securities Act and free of any covenants regarding exchange registration rights.

Interest. Interest on the Notes:

accrues at the rate of 6.375% per annum;

accrues from the Closing Date or, if interest has already been paid, from the most recent interest payment date;

is payable in cash semi-annually in arrears on June 15 and December 15, commencing on June 15, 2011;

is payable to the holders of record on the June 1 and December 1 immediately preceding the related interest payment dates; and

is computed on the basis of a 360-day year comprised of twelve 30-day months.

If an interest payment date falls on a day that is not a business day, the interest payment to be made on such interest payment date is made on the next succeeding business day with the same force and effect as if made on such interest payment date, and no additional interest accrues as a result of such delayed payment. The Company pays interest on overdue principal of the Notes at the above rate, and overdue installments of interest at such rate, to the extent lawful.

Payments on the Notes; Paying Agent and Registrar

We pay principal of, premium, if any, and interest on the Notes at the office or agency designated by the Company, except that we may, at our option, pay interest on the Notes by check mailed to holders of the Notes at their registered address as it appears in the registrar's books. We have initially designated the corporate trust office of the Trustee at 223 Nash Street, Wilson, North Carolina to act as our paying agent and registrar. We may, however, change the paying agent or registrar without prior notice to the holders of the Notes, and the Company or any of its Restricted Subsidiaries may act as paying agent or registrar.

We pay principal of, premium, if any, and interest on, Notes in global form registered in the name of or held by The Depository Trust Company or its nominee in immediately available funds to The Depository Trust Company or its nominee, as the case may be, as the registered holder of such global Note.

Optional Redemption

On and after December 15, 2015, we may redeem all or, from time to time, a part of the Notes upon not less than 30 nor more than 60 days' notice, at the following redemption prices (expressed as a percentage of principal amount of the Notes), plus accrued and unpaid interest on the Notes, if any, to the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed

Prior to December 15, 2013, we may, at our option, on any one or more occasions redeem up to 35% of the aggregate principal amount of the Notes (including Additional Notes) issued under the Indenture with the Net Cash Proceeds of one or more Equity Offerings at a redemption price of 106.375% of the principal amount thereof, plus accrued and unpaid interest to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided that*

(1) at least 65% of the original principal amount of the Notes issued on the Closing Date remains outstanding after each such redemption; and

(2) the redemption occurs within 180 days after the closing of the related Equity Offering.

In addition, the Notes may be redeemed, in whole or in part, at any time prior to December 15, 2015 at the option of the Company upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each holder of Notes at its registered address, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, to, the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

In certain circumstances, the Company will have the option to redeem all Notes that remain outstanding following a Change of Control Offer. See Repurchase of Notes Upon a Change of Control.

Selection and Notice

If the Company is redeeming less than all of the outstanding Notes, the Trustee will select the Notes for redemption on a pro rata basis (to the extent practicable) unless otherwise required by the principal national securities exchange, if any, on which the Notes are listed, although no Note of \$2,000 in original principal amount or less will be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such Note will state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the partially redeemed Note. On and after the redemption date, interest will cease to accrue on Notes or the portion of them called for redemption unless we default in the payment thereof.

Any notice of any redemption may, at the Company's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of a sale of common stock or other corporate transaction.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

We are not required to make mandatory redemption payments or sinking fund payments with respect to the Notes. However, under certain circumstances, we may be required to offer to purchase Notes as described under the captions Repurchase of Notes Upon a Change of Control and Covenants Limitation on Asset Sales.

We may acquire Notes by means other than a redemption or required repurchase, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture. However, other existing or future agreements of the Company may limit the ability of the Company or its Subsidiaries to purchase Notes prior to maturity.

Ranking

The Notes are general unsecured obligations of the Company that rank senior in right of payment to all existing and future Indebtedness that is expressly subordinated in right of payment to the Notes. The Notes rank equally in right of

payment with all existing and future liabilities of the Company that are not so subordinated and are effectively subordinated to all of our existing and future secured Indebtedness, including Indebtedness Incurred under our Credit Agreement, to the extent of the value of the collateral securing such Indebtedness, and liabilities of any of our future Subsidiaries that do not guarantee the Notes. In the event of bankruptcy, liquidation, reorganization or other winding up of the Company or its Subsidiary Guarantors or

Table of Contents

upon a default in payment with respect to, or the acceleration of, any Indebtedness under the Credit Agreement or other secured Indebtedness, the assets of the Company and its Subsidiary Guarantors that secure secured Indebtedness will be available to pay obligations on the Notes and the Subsidiary Guarantees only after all Indebtedness under the Credit Agreement and other secured Indebtedness has been repaid in full from such assets. In addition, in the event of bankruptcy, liquidation, reorganization or other winding up of a non-guarantor Subsidiary, the assets of such Subsidiary will be available to pay obligations on the Notes only after all obligations of such Subsidiary have been repaid in full from such assets. We advise you that there may not be sufficient assets remaining to pay amounts due on any or all the Notes and the Subsidiary Guarantees then outstanding.

Guarantees

Payment of the principal of, premium, if any, and interest on the Notes is fully and unconditionally Guaranteed, jointly and severally, on an unsecured unsubordinated basis by each Restricted Subsidiary (other than HBI Playtex BATH LLC, HBI Receivables LLC and those that are a Foreign Subsidiary or an Immaterial Subsidiary) existing on the Closing Date the equity interests of all of which are 100% owned, directly or indirectly, by the Company. In addition, each future Restricted Subsidiary that Guarantees any Indebtedness of the Company under a Credit Facility (other than those that are a Foreign Subsidiary or an Immaterial Subsidiary) will Guarantee the payment of the principal of, premium if any, and interest on the Notes.

The obligations of each Subsidiary Guarantor under its Note Guarantee are limited so as not to constitute a fraudulent conveyance under applicable Federal or state laws. Each Subsidiary Guarantor that makes a payment or distribution under its Note Guarantee is entitled to contribution from any other Subsidiary Guarantor or the Company, as the case may be.

The Note Guarantee issued by any Subsidiary Guarantor is automatically and unconditionally released and discharged upon (1) any sale, exchange or transfer to any Person of the Capital Stock of such Subsidiary Guarantor, after which such Subsidiary Guarantor is no longer a Subsidiary of the Company, (2) the designation of such Subsidiary Guarantor as an Unrestricted Subsidiary in compliance with the terms of the Indenture, (3) the release of such Subsidiary Guarantor's Guarantee of all other Indebtedness of the Company or (4) the Company exercising its legal defeasance or covenant defeasance option with respect to the Notes as described under *Defeasance* or the Company's obligations under the Indenture being satisfied and discharged with respect to the Notes in accordance with the terms of the Indenture.

Under certain circumstances, the Company may designate Subsidiaries as Unrestricted Subsidiaries. None of the Unrestricted Subsidiaries will be subject to the restrictive covenants in the Indenture and none will guarantee the Notes.

Covenants

Overview

The Indenture contains covenants that limit the Company's and its Restricted Subsidiaries' ability, among other things, to:

incur additional debt and issue preferred stock;

pay dividends, acquire shares of capital stock, make payments on subordinated debt or make investments;

place limitations on distributions from Restricted Subsidiaries;

issue or sell capital stock of Restricted Subsidiaries;

issue guarantees;

sell or exchange assets;

enter into transactions with shareholders and affiliates;

Table of Contents

create liens;

engage in unrelated businesses; and

effect mergers.

In addition, if a Change of Control occurs, each Holder of Notes will have the right to require the Company to repurchase all or a part of the Holder's Notes at a price equal to 101% of their principal amount, plus any accrued interest, to the date of repurchase.

Changes in Covenants When Notes Rated Investment Grade

If on any date following the date of the Indenture:

(1) the Notes are rated Baa3 or better by Moody's and BBB- or better by S&P (or, if either such entity ceases to rate the Notes for reasons outside of the control of the Company, the equivalent investment grade credit rating from any other nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act selected by the Company as a replacement agency); and

(2) no Default or Event of Default shall have occurred and be continuing,

then, beginning on that day and subject to the provisions of the following paragraph, the covenants specifically listed under the following captions in this prospectus will be suspended:

(1) Limitation on Indebtedness;

(2) Limitation on Restricted Payments;

(3) Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries;

(4) Limitation on Transactions with Shareholders and Affiliates;

(5) Limitation on Asset Sales;

(6) Additional Note Guarantees; and

(7) clause (3) of the covenant described below under the caption Consolidation, Merger and Sale of Assets.

During any period that the foregoing covenants have been suspended, the Company's Board of Directors may not designate any of its Subsidiaries as Unrestricted Subsidiaries.

Notwithstanding the foregoing, if the rating assigned by either such rating agency should subsequently decline to below Baa3 or BBB-, respectively, the foregoing covenants will be reinstated as of and from the date of such rating decline. Calculations under the reinstated Limitation on Restricted Payments or Limitation on Indebtedness covenants will be made as if the Limitation on Restricted Payments or Limitation on Indebtedness covenant, as the case may be, had been in effect since the date of the Indenture except that no Default will be deemed to have occurred solely by reason of a Restricted Payment or incurrence of Indebtedness made while such relevant covenant was suspended and it being understood that no actions taken by (or omissions of) the Company or any of its Restricted Subsidiaries during

the suspension period shall constitute a Default or an Event of Default under the covenants listed in clauses (1) through (7) above. All Indebtedness incurred while the Limitation on Indebtedness covenant was suspended will be deemed to have been incurred in reliance on the exception provided for Indebtedness existing on the Closing Date provided by paragraph (a) under such covenant. There can be no assurance that the Notes will ever achieve an investment grade rating or that any such rating will be maintained.

Limitation on Indebtedness

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, Incur any Indebtedness (other than the Notes, the Note Guarantees and other Indebtedness existing on the Closing Date

Table of Contents

(other than Indebtedness described in clause (1) below, the incurrence of which will be governed by such clause (1))) and the Company will not permit any of its Restricted Subsidiaries to issue any Disqualified Stock; *provided, however*, that the Company or any Subsidiary Guarantor may Incur Indebtedness (including, without limitation, Acquired Indebtedness) if, after giving effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds therefrom, the Fixed Charge Coverage Ratio would be greater than 2.0:1.0.

Notwithstanding the foregoing, the Company and any Restricted Subsidiary (except as specified below) may Incur each and all of the following:

(1) the incurrence by the Company and any Subsidiary Guarantor of additional Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of the Company and such Subsidiary Guarantor thereunder) (together with refinancings thereof) not to exceed, in an aggregate amount as of any date of any such incurrence, the greater of (A) \$1,700.0 million less any amount of such Indebtedness permanently repaid with the Net Proceeds of Asset Sales as provided under the Limitation on Asset Sales covenant and (B) the sum of (i) 85% of the net book value of the inventory of the Company and its Restricted Subsidiaries and (ii) 85% of the net book value of the accounts receivable of the Company and its Restricted Subsidiaries, in each case, determined on a consolidated basis in accordance with GAAP based on the most recent quarter-end financial statements available to the Company (after giving pro forma effect to the incurrence of such Indebtedness and the application of the net proceeds therefrom);

(2) Indebtedness owed to the Company or any Restricted Subsidiary; *provided* that any event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any subsequent transfer of such Indebtedness (other than to the Company or another Restricted Subsidiary) shall be deemed, in each case, to constitute an Incurrence of such Indebtedness not permitted by this clause (2);

(3) Indebtedness issued in exchange for, or the net proceeds of which are used to refinance or refund, then outstanding Indebtedness including, without limitation, the Notes and the Existing Notes (other than Indebtedness outstanding under clauses (1), (2), (5), (6), (7), (8), (9) and (13) and any refinancings thereof) in an amount not to exceed the amount so refinanced or refunded (plus premiums, accrued interest, fees and expenses); *provided* that (A) if the Indebtedness to be refinanced is subordinated in right of payment to the Notes or a Note Guarantee, such new Indebtedness, by its terms or by the terms of any agreement or instrument pursuant to which such new Indebtedness is issued or remains outstanding, is expressly made subordinate in right of payment to the Notes or the Note Guarantee on terms not materially less favorable in the aggregate to the subordination provisions of the Indebtedness to be refinanced or refunded, (B) the Average Life of such new Indebtedness is at least equal to the remaining Average Life of the Indebtedness to be refinanced or refunded and (C) such new Indebtedness shall not include (i) Indebtedness of a Subsidiary of the Company that is not a Subsidiary Guarantor that refinances or refunds Indebtedness of the Company or a Subsidiary Guarantor and (ii) Indebtedness of the Company or a Restricted Subsidiary that refinances or refunds Indebtedness of an Unrestricted Subsidiary;

(4) Indebtedness of the Company, to the extent the net proceeds thereof are (A) used to purchase Notes tendered in an Offer to Purchase made as a result of a Change in Control or an Optional Redemption or (B) promptly deposited to defease the Notes as described under Defeasance ;

(5) Guarantees of Indebtedness of the Company or any Restricted Subsidiary of the Company by any other Restricted Subsidiary of the Company; *provided* the Guarantee of such Indebtedness is permitted by and made in accordance with the Limitation on Issuance of Guarantees by Restricted Subsidiaries covenant;

(6) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient

funds in the ordinary course of business; *provided, however*, that such Indebtedness is extinguished within five business days of Incurrence;

(7) Indebtedness (A) in respect of industrial revenue bonds or other similar governmental or municipal bonds, (B) evidencing the deferred purchase price of newly acquired property or incurred to finance the acquisition of property, plant or equipment of the Company and its Restricted Subsidiaries (pursuant to purchase money mortgages or otherwise, whether owed to the seller or a third party) (*provided* that, such Indebtedness is incurred within 365 days of the acquisition of such property, plant or equipment) and (C) in respect of Capitalized Lease Obligations and (D) refinancings of any Indebtedness described in clauses (A), (B) or (C) hereof; *provided* that, the aggregate amount of all Indebtedness outstanding pursuant to this clause (7) shall not, as of any date of incurrence, exceed the greater of (i) \$200.0 million or (ii) 5.0% of Total Assets;

(8) Indebtedness of Foreign Subsidiaries and Guarantees thereof in an aggregate outstanding principal amount not to exceed \$500.0 million, at any one time outstanding;

(9) Indebtedness of a Person existing at the time such Person became a Restricted Subsidiary, but only if (A) such Indebtedness was not created or incurred in contemplation of such Person becoming a Restricted Subsidiary or (B) on the date that such Person became a Restricted Subsidiary and after giving effect to the incurrence of such Indebtedness and the acquisition pursuant to this clause (9), either (i) the Company would have been able to incur \$1.00 of additional Indebtedness pursuant to the first paragraph of this covenant or (ii) the Fixed Charge Coverage Ratio would be greater than immediately prior to such acquisition;

(10) Indebtedness incurred in the ordinary course of business in connection with cash pooling arrangements, cash management and other Indebtedness incurred in the ordinary course of business in respect of netting services, overdraft protections and similar arrangements in each case in connection with cash management and deposit accounts;

(11) (A) Permitted Securitizations and Standard Securitization Undertakings and (B) a Permitted Factoring Program;

(12) Indebtedness consisting of (A) the financing of insurance premiums or (B) take or pay obligations in supply agreements, in each case in the ordinary course of business;

(13) Hedging Obligations entered into in the ordinary course of business and not for speculative purposes;

(14) Indebtedness of the Company and its Subsidiaries representing the obligation of such Person to make payments with respect to the cancellation or repurchase of Capital Stock of officers, employees or directors (or their estates) of the Company or such Subsidiaries pursuant to the terms of employment, severance or termination agreements, benefit plans or similar documents; and

(15) additional Indebtedness of the Company or any Restricted Subsidiary (in addition to Indebtedness permitted under clauses (1) through (14) above) in an aggregate principal amount outstanding at any time (together with refinancings thereof) not to exceed \$250.0 million.

(b) Notwithstanding any other provision of this Limitation on Indebtedness covenant, the maximum amount of Indebtedness that may be Incurred pursuant to this Limitation on Indebtedness covenant will not be deemed to be exceeded, with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies. The amount of any particular Indebtedness incurred in a foreign currency will be calculated based on the exchange rate for such currency vis-à-vis the U.S. dollar on the date of such incurrence.

(c) For purposes of determining any particular amount of Indebtedness under this Limitation on Indebtedness covenant, (x) Indebtedness outstanding under the Credit Agreement on the Closing Date following application of the net proceeds of this offering shall be treated as Incurred pursuant to clause (1) of the second paragraph of part (a) of this Limitation on Indebtedness covenant, (y) Guarantees, Liens or

Table of Contents

obligations with respect to letters of credit supporting Indebtedness otherwise included in the determination of such particular amount shall not be included and (z) any Liens granted pursuant to the equal and ratable provisions referred to in the Limitation on Liens covenant shall not be treated as Indebtedness. For purposes of determining compliance with this Limitation on Indebtedness covenant, in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above (other than Indebtedness referred to in clause (x) of the preceding sentence), including under the first paragraph of clause (a), the Company, in its sole discretion, may classify, and from time to time may reclassify, all or any portion of such item of Indebtedness.

(d) The Company and the Subsidiary Guarantors will not Incur any Indebtedness if such Indebtedness is subordinate in right of payment to any other Indebtedness unless such Indebtedness is also subordinate in right of payment to the Notes (in the case of the Company) or the Note Guarantees (in the case of any Subsidiary Guarantor), in each case, at least to the same extent. For purposes of the foregoing, no Indebtedness will be deemed subordinate in right of payment to any other Indebtedness by virtue of being unsecured or by virtue of being secured on a first or junior Lien basis.

Limitation on Restricted Payments

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly:

(1) declare or pay any dividend or make any distribution on or with respect to its Capital Stock (other than (x) dividends or distributions payable solely in shares of Capital Stock (other than Disqualified Stock) of the Company or in options, warrants or other rights to acquire shares of such Capital Stock and (y) pro rata dividends or distributions on equity securities of Restricted Subsidiaries held by minority stockholders) held by Persons other than the Company or any of its Restricted Subsidiaries;

(2) purchase, call for redemption or redeem, retire or otherwise acquire for value any shares of Capital Stock (including options, warrants or other rights to acquire such shares of Capital Stock) of the Company;

(3) make any voluntary or optional principal payment, or voluntary or optional redemption, repurchase, defeasance, or other acquisition or retirement for value, of Indebtedness of the Company that is expressly subordinated in right of payment to the Notes or any Indebtedness of a Subsidiary Guarantor that is expressly subordinated in right of payment to a Note Guarantee, in each case, prior to the date that is one year before the Stated Maturity of such subordinated Indebtedness; or

(4) make any Investment, other than a Permitted Investment, in any Person;

(such payments or any other actions described in clauses (1) through (4) above being collectively Restricted Payments) if, at the time of, and after giving effect to, the proposed Restricted Payment:

(A) a Default or Event of Default shall have occurred and be continuing,

(B) the Company could not Incur at least \$1.00 of Indebtedness under the first paragraph of part (a) of the Limitation on Indebtedness covenant, or

(C) the aggregate amount of all Restricted Payments made after the Closing Date would exceed the sum of:

(1) 50% of the aggregate amount of the Adjusted Consolidated Net Income (or, if the Adjusted Consolidated Net Income is a loss, minus 100% of the amount of such loss) less the amount of any net reduction in Investments included pursuant to clause (3) below that would otherwise be included in Adjusted Consolidated Net Income, accrued

on a cumulative basis during the period (taken as one accounting period) beginning on October 1, 2006 and ending on the last day of the last fiscal quarter preceding the Transaction Date for which reports have been filed with the SEC or provided to the Trustee, plus

(2) the aggregate Net Cash Proceeds received by the Company after the Closing Date as a capital contribution or from the issuance and sale of its Capital Stock (other than Disqualified Stock)

Table of Contents

to a Person who is not a Subsidiary of the Company, including the Net Cash Proceeds received by the Company from any issuance or sale permitted by the Indenture of convertible Indebtedness of the Company subsequent to the Closing Date, but only upon the conversion of such Indebtedness into Capital Stock (other than Disqualified Stock) of the Company, or from the issuance to a Person who is not a Subsidiary of the Company of any options, warrants or other rights to acquire Capital Stock of the Company (in each case, exclusive of any Disqualified Stock or any options, warrants or other rights that are redeemable at the option of the holder, or are required to be redeemed, prior to the Stated Maturity of the Notes) plus

(3) an amount equal to the net reduction in Investments in any Person resulting from payments of interest on Indebtedness, dividends, repayments of loans or advances, or other transfers of assets, in each case, to the Company or any Restricted Subsidiary or from the Net Cash Proceeds from the sale of any such Investment (whether or not any such payment or proceeds are included in the calculation of Adjusted Consolidated Net Income) or from redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries (valued in each case as provided in the definition of Investments), not to exceed, in each case, the aggregate amount of all Investments previously made by the Company or any Restricted Subsidiary in such Person or Unrestricted Subsidiary.

The foregoing provision shall not be violated by reason of:

(1) the payment of any dividend or the consummation of any redemption of any Capital Stock or subordinated Indebtedness within 90 days after the related date of declaration or call for redemption if, at said date of declaration or call for redemption, such payment or redemption would comply with the preceding paragraph;

(2) the redemption, repurchase, defeasance or other acquisition or retirement for value of Indebtedness that is subordinated in right of payment to the Notes or any Note Guarantee with the proceeds of, or in exchange for, Indebtedness Incurred under clause (3) of the second paragraph of part (a) of the Limitation on Indebtedness covenant;

(3) the making of any Restricted Payment in exchange for, or out of the proceeds of a capital contribution or a substantially concurrent offering of, shares of Capital Stock (other than Disqualified Stock) of the Company (or options, warrants or other rights to acquire such Capital Stock); *provided* that such new options, warrants or other rights are not redeemable at the option of the holder, or required to be redeemed, prior to the Stated Maturity of the Notes;

(4) the declaration and payment of regularly scheduled or accrued dividends or distributions to holders of Disqualified Stock of the Company and any class or series of preferred stock of any Restricted Subsidiary of the Company issued on or after the Closing Date in accordance with the Fixed Charge Coverage Ratio test described under Limitation on Indebtedness;

(5) payments or distributions, to dissenting stockholders required by applicable law, pursuant to or in connection with a consolidation, merger or transfer of assets of the Company that complies with the provisions of the Indenture applicable to mergers, consolidations and transfers of all or substantially all of the property and assets of the Company;

(6) Investments acquired as a capital contribution to, or in exchange for, or out of the proceeds of a substantially concurrent offering of, Capital Stock (other than Disqualified Stock) of the Company;

(7) the repurchase of Capital Stock deemed to occur upon the exercise of options or warrants if such Capital Stock represents all or a portion of the exercise price thereof or payments in lieu of the issuance of fractional shares of Capital Stock or withholding to pay for taxes payable by such employee upon such grant or award;

(8) Investments by any Foreign Subsidiary in any other Foreign Subsidiary;

(9) the repurchase, redemption, retirement or other acquisition of Capital Stock required by the employee stock ownership programs of the Company or required or permitted under employee agreements

and any purchase, repurchase, redemption or other acquisition or retirement for value of Capital Stock made in lieu of withholding taxes in connection with any exercise or exchange of options, warrants, incentives or rights to acquire Capital Stock;

(10) other Investments in an amount not to exceed \$200.0 million at any time outstanding;

(11) Permitted Additional Restricted Payments;

(12) the purchase, redemption, cancellation or other retirement for a nominal value per right of any rights granted to all the holders of common stock of the Company pursuant to any shareholder rights plan adopted for the purpose of protecting shareholders from takeover tactics;

(13) the repurchase, redemption or other acquisition of Disqualified Stock of the Company or its Restricted Subsidiaries in exchange for, or out of the proceeds of a capital contribution or a substantially concurrent offering of, shares of Disqualified Stock of the Company (or options, warrants or other rights to acquire such Disqualified Stock);

(14) the purchase or redemption of any Indebtedness which is subordinated in right of payment to the Notes or any Note Guarantee (i) at a purchase price not greater than 101% of the principal amount of such Indebtedness in the event of a Change of Control in accordance with provisions similar to those described under the caption Repurchase of Notes Upon a Change of Control or (ii) at a purchase price not greater than 100% of the principal amount thereof in accordance with the provisions similar to the Limitation on Asset Sales covenant; *provided* that, prior to or simultaneously with such purchase or redemption, the Company has made an Offer to Purchase as provided in such covenants with respect to the Notes and has completed the repurchase or redemption of the Notes validly tendered for payment in connection with such Offer to Purchase and the provisions described under the captions Repurchase of Notes Upon a Change of Control and Limitation on Asset Sales, as applicable; or

(15) the distribution, as a dividend or otherwise, of shares of Capital Stock of, or Indebtedness owed to the Company or a Restricted Subsidiary by, Unrestricted Subsidiaries;

provided that, in the case of clauses (2), (4), (11), (13), (14) and (15) no Default (of the type described in clauses (1), (2), (9) or (10) under Events of Default) or Event of Default shall have occurred and be continuing or occur as a consequence of the actions or payments set forth therein.

Each Restricted Payment permitted pursuant to the preceding paragraph (other than the Restricted Payment referred to in clause (2), (7) or (11) thereof or an exchange of Capital Stock for Capital Stock or Indebtedness referred to in clause (3) thereof or an Investment acquired as a capital contribution or in exchange for Capital Stock referred to in clause (6) thereof) shall be included in calculating whether the conditions of clause (C) of the first paragraph of this Limitation on Restricted Payments covenant have been met with respect to any subsequent Restricted Payments, and the Net Cash Proceeds from any issuance of Capital Stock referred to in clause (3) or (6) of the preceding paragraph shall not be included in such calculation. In the event the proceeds of an issuance of Capital Stock of the Company are used for the redemption, repurchase or other acquisition of the Notes, or Indebtedness that is *pari passu* with the Notes or any Note Guarantee, then the Net Cash Proceeds of such issuance shall be included in clause (C) of the first paragraph of this Limitation on Restricted Payments covenant only to the extent such proceeds are not used for such redemption, repurchase or other acquisition of Indebtedness.

For purposes of determining compliance with this Limitation on Restricted Payments covenant, in the event that a Restricted Payment meets the criteria of more than one of the types of Restricted Payments described in the above clauses, including the first paragraph of this Limitation on Restricted Payments covenant, the Company, in its sole discretion, may order and classify, and from time to time may reclassify, such Restricted Payment if it would have

been permitted at the time such Restricted Payment was made and at the time of such reclassification.

Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Company will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction of any kind on the ability of any Restricted Subsidiary (other than a Receivables Subsidiary) to (1) pay dividends or make any other distributions permitted by applicable law on any Capital Stock of such Restricted Subsidiary owned by the Company or any other Restricted Subsidiary (it being understood that the priority of any preferred stock in receiving dividends or liquidating distributions prior to the dividends or liquidating distributions being paid on common stock shall not be deemed a restriction on the ability to make distributions on Capital Stock), (2) make loans or advances to the Company or any other Restricted Subsidiary (it being understood that the subordination of loans or advances made to the Company or any Restricted Subsidiary to other Indebtedness Incurred by the Company or any Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances) or (3) repay any Indebtedness owed to the Company or any other Restricted Subsidiary or transfer any of its property or assets to the Company or any other Restricted Subsidiary (it being understood that such transfers shall not include any type of transfer described in clause (1), (2) or (3) above).

The foregoing provisions shall not restrict any encumbrances or restrictions:

- (1) existing on the Closing Date in the Credit Agreement, the Indenture, the Existing Note Indentures or any other agreements in effect on the Closing Date, and any extensions, refinancings, renewals or replacements of such agreements; *provided* that the encumbrances and restrictions in any such extensions, refinancings, renewals or replacements taken as a whole are no less favorable in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
- (2) existing under or by reason of applicable law or any applicable rule, regulation or order;
- (3) that are customary non-assignment provisions in contracts, agreements, leases, permits and licenses;
- (4) that are purchase money obligations for property acquired and Capitalized Lease Obligations that impose restrictions on the property purchased or leased;
- (5) existing with respect to any Person or the property or assets of such Person acquired by the Company or any Restricted Subsidiary, existing at the time of such acquisition and not incurred in contemplation thereof, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Person or the property or assets of such Person so acquired and any extensions, refinancings, renewals or replacements thereof; *provided* that the encumbrances and restrictions in any such extensions, refinancings, renewals or replacements taken as a whole are no less favorable in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
- (6) in the case of clause (3) of the first paragraph of this Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries covenant:
 - (A) that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is a lease, license, conveyance or contract or similar property or asset,
 - (B) existing by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of the Company or any Restricted Subsidiary not otherwise prohibited by the Indenture,
 - (C) arising or agreed to in the normal course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of the Company or any Restricted

Subsidiary in any manner material to the Company or any Restricted Subsidiary; or

(D) pursuant to customary provisions restricting dispositions of real property interests set forth in any reciprocal easement agreements of the Company or any Restricted Subsidiary;

Table of Contents

- (7) with respect to a Restricted Subsidiary and imposed pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock of, or property and assets of, such Restricted Subsidiary;
- (8) relating to a Subsidiary Guarantor and contained in the terms of any Indebtedness or any agreement pursuant to which such Indebtedness was issued if:
- (A) the encumbrance or restriction is not materially more disadvantageous to the Holders of the Notes than is customary in comparable financings (as determined by the Company in good faith); and
- (B) the Company determines that any such encumbrance or restriction will not materially affect the Company's ability to make principal or interest payments on the Notes;
- (9) arising from customary provisions in joint venture agreements and other similar agreements;
- (10) existing in the documentation governing any Permitted Securitization or Permitted Factoring Program;
- (11) contained in any agreement governing Indebtedness permitted under (A) clause (8) of the second paragraph of part (a) of the Limitation on Indebtedness covenant; or (B) the Limitation on Indebtedness covenant, *provided* that with respect to this sub-clause (B), such encumbrances and restrictions contained in any agreement or instrument will not materially affect the Company's ability to make anticipated principal or interest payments on the Notes (as determined by the chief financial officer of the Company);
- (12) existing under or by reason of any Investment not prohibited by the covenant described under Limitation on Restricted Payments and any Permitted Investment; or
- (13) of the type referred to in the first paragraph of this covenant imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (1) through (12) above; *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Issuer, not materially more restrictive as a whole with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing.

Nothing contained in this covenant shall prevent the Company or any Restricted Subsidiary from (1) creating, incurring, assuming or suffering to exist any Liens otherwise permitted in the Limitation on Liens covenant or (2) restricting the sale or other disposition of property or assets of the Company or any of its Restricted Subsidiaries that secure Indebtedness of the Company or any of its Restricted Subsidiaries.

Limitation on the Issuance and Sale of Capital Stock of Restricted Subsidiaries

The Company will not sell, and will not permit any Restricted Subsidiary, directly or indirectly, to issue or sell, any shares of Capital Stock of a Restricted Subsidiary (including options, warrants or other rights to purchase shares of such Capital Stock) except:

- (1) to the Company or a Wholly Owned Restricted Subsidiary;
- (2) issuances of director's qualifying shares or sales to foreign nationals or other persons of shares of Capital Stock of foreign Restricted Subsidiaries, in each case, to the extent required by applicable law;

(3) if, immediately after giving effect to such issuance or sale, such Restricted Subsidiary would no longer constitute a Restricted Subsidiary and any Investment in such Person remaining after giving effect to such issuance or sale would have been permitted to be made under the Limitation on Restricted Payments covenant if made on the date of such issuance or sale; or

(4) sales of Capital Stock (other than Disqualified Stock) (including options, warrants or other rights to purchase shares of such Capital Stock) of a Restricted Subsidiary; *provided* that the Company or such Restricted Subsidiary either (a) applies the Net Cash Proceeds of any such sale in accordance with the Limitation on Asset Sales covenant or (b) to the extent such sale is of preferred stock, such sale is permitted under the Limitation on Indebtedness covenant.

Additional Note Guarantees

If the Company or any of its Restricted Subsidiaries acquires or creates another Restricted Subsidiary after the Closing Date and such newly acquired or created Restricted Subsidiary guarantees (or is a guarantor of) any Indebtedness of the Company under a Credit Facility, then such Restricted Subsidiary will become a Subsidiary Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 30 days of the date on which it was acquired or created; *provided* that (A) any Restricted Subsidiary that constitutes an Immaterial Subsidiary or Foreign Subsidiary need not become a Subsidiary Guarantor until such time as it (i) ceases to be an Immaterial Subsidiary or Foreign Subsidiary or (ii) guarantees Indebtedness of the Company under a Credit Facility and (B) the provisions of this paragraph will not apply to Receivables Subsidiaries.

Limitation on Transactions With Shareholders and Affiliates

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into, renew or extend any transaction (including, without limitation, the purchase, sale, lease or exchange of property or assets, or the rendering of any service) with any Affiliate of the Company or any Restricted Subsidiary involving aggregate consideration in excess of \$10.0 million, except upon terms not materially less favorable to the Company or such Restricted Subsidiary than could be obtained, at the time of such transaction or, if such transaction is pursuant to a written agreement, at the time of the execution of the agreement providing therefor, in a comparable arm's-length transaction with a Person that is not such a holder or an Affiliate.

The foregoing limitation does not limit, and shall not apply to:

- (1) transactions (A) approved by a majority of the disinterested members of the Board of Directors or (B) for which the Company or a Restricted Subsidiary delivers to the Trustee a written opinion of a nationally recognized investment banking, accounting, valuation or appraisal firm stating that the transaction is fair to the Company or such Restricted Subsidiary from a financial point of view;
- (2) any transaction solely between the Company and any of its Restricted Subsidiaries or solely among Restricted Subsidiaries;
- (3) the payment of regular fees to directors of the Company who are not employees of the Company and director and officer indemnification arrangements entered into by the Company in the ordinary course of business of the Company;
- (4) transactions with a Person that is an Affiliate of the Company solely because the Company owns, directly or through a Restricted Subsidiary, an equity interest in, or controls, such Person;
- (5) transactions in connection with a Permitted Securitization including Standard Securitization Undertakings or a Permitted Factoring Program;
- (6) any sale of shares of Capital Stock (other than Disqualified Stock) of the Company, and the granting of registration and other customary rights in connection therewith;

(7) any Permitted Investments or any Restricted Payments not prohibited by the Limitation on Restricted Payments covenant;

(8) any agreement as in effect or entered into as of the Closing Date or any amendment thereto or any transaction contemplated thereby (including pursuant to any amendment thereto) and any replacement

Table of Contents

agreement thereto so long as any such amendment or replacement agreement is not more disadvantageous to the Holders in any material respect than the original agreement as in effect on the Closing Date;

(9) any employment agreement, change in control/severance agreement, employee benefit plan (including retirement, health and other benefit plans), officer or director indemnification agreement or any similar arrangement or compensation (including bonuses and equity compensation) entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business and payments pursuant thereto;

(10) any tax sharing agreement or payment pursuant thereto, between the Company and/or one or more Subsidiaries on the one hand, and any other Person with which the Company or such Subsidiaries are required or permitted to file consolidated tax return or with which the Company or such Subsidiaries are part of a consolidated group for tax purposes on the other hand, which payments by the Company and the Restricted Subsidiaries are not in excess of the tax liabilities that would have been payable by them on a stand-alone basis;

(11) transactions with customers, suppliers or purchasers or sellers of goods or services, in each case, in the ordinary course of business of the Company and its Restricted Subsidiaries and otherwise in compliance with the terms of this Indenture; *provided* that, in the reasonable determination of the Board of Directors or senior management of the Company, such transactions are on terms that are no less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person;

(12) transactions with joint ventures or Unrestricted Subsidiaries entered into in the ordinary course of business; or

(13) pledges of equity interests of Unrestricted Subsidiaries.

Notwithstanding the foregoing, any transaction or series of related transactions covered by the first paragraph of this covenant and not covered by clauses (2) through (13) of this paragraph, the aggregate amount of which exceeds \$50.0 million in value, must be approved or determined to be fair in the manner provided for in clause (1)(A) or (B) above.

Limitation on Liens

The Company will not, and will not permit any Restricted Subsidiary to, create, incur, assume or suffer to exist any Lien on any of its assets or properties of any character (including any shares of Capital Stock or Indebtedness of any Restricted Subsidiary), which Lien is securing any Indebtedness, without making effective provision for all of the Notes and all other amounts due under the Indenture to be directly secured equally and ratably with (or, if the obligation or liability to be secured by such Lien is subordinated in right of payment to the Notes, prior to) the obligation or liability secured by such Lien.

The foregoing limitation does not apply to:

(1) Liens existing on the Closing Date;

(2) Liens granted on or after the Closing Date on any assets or Capital Stock of the Company or its Restricted Subsidiaries created in favor of the Holders;

(3) Liens in connection with a Permitted Securitization or a Permitted Factoring Program;

(4) Liens securing Indebtedness which is Incurred to refinance secured Indebtedness which is permitted to be Incurred under clause (3) of the second paragraph of part (a) of the Limitation on Indebtedness covenant; *provided* that such Liens do not extend to or cover any categories of property or assets of the Company or any Restricted Subsidiary other than the categories of property or assets securing the Indebtedness being refinanced;

(5) Liens to secure Indebtedness having an aggregate principal amount not to exceed, as of the date of granting any such Lien, the greater of (A) the amount permitted under clause (1) of the second

Table of Contents

paragraph of part (a) of the Limitation on Indebtedness covenant or (B) the maximum amount that would not cause the Secured Leverage Ratio to exceed 2.5 to 1.0 on the date on which such Lien is granted (after giving pro forma effect to the incurrence of such Indebtedness and the application of the net proceeds therefrom);

(6) Liens (including extensions and renewals thereof) securing Indebtedness permitted under clause (7) of the second paragraph of part (a) of the Limitation on Indebtedness covenant; *provided* that, (i) such Lien is granted within 365 days after such Indebtedness is incurred, (ii) the Indebtedness secured thereby does not exceed the lesser of the cost or the fair market value of the applicable property, improvements or equipment at the time of such acquisition (or construction) and (iii) such Lien secures only the assets that are the subject of the Indebtedness referred to in such clause;

(7) Liens on cash set aside at the time of the Incurrence of any Indebtedness, or government securities purchased with such cash, in either case, to the extent that such cash or government securities pre-fund the payment of interest on such Indebtedness and are held in a collateral or escrow account or similar arrangement to be applied for such purpose;

(8) Liens on any assets or properties of Foreign Subsidiaries to secure Indebtedness permitted under clause (8) of the second paragraph of part (a) of the Limitation on Indebtedness covenant;

(9) Liens on (A) incurred premiums, dividends and rebates which may become payable under insurance policies and loss payments which reduce the incurred premiums on such insurance policies and (B) rights which may arise under State insurance guarantee funds relating to any such insurance policy, in each case securing Indebtedness permitted to be incurred pursuant to clause (12) of the second paragraph of part (a) of the Limitation on Indebtedness covenant;

(10) other Liens securing Indebtedness or other obligations permitted under the Indenture and outstanding in an aggregate principal amount not to exceed \$200.0 million; or

(11) Permitted Liens.

Limitation on Asset Sales

The Company will not, and will not permit any Restricted Subsidiary to, consummate any Asset Sale, unless (1) the consideration received by the Company or such Restricted Subsidiary is at least equal to the fair market value of the assets sold or disposed of and (2) at least 75% of the consideration received consists of (a) cash or Temporary Cash Investments, (b) the assumption of Indebtedness of the Company or any Restricted Subsidiary (in each case, other than Indebtedness owed to the Company or any Affiliate of the Company); *provided* that the Company or such other Restricted Subsidiary is irrevocably released in writing from all liability under such Indebtedness, (c) Replacement Assets or (d) a combination of the foregoing.

The Company will, or will cause the relevant Restricted Subsidiary to:

(1) within 12 months after the date of receipt of any Net Cash Proceeds from an Asset Sale:

(A) apply an amount equal to such Net Cash Proceeds to permanently repay Indebtedness under any Credit Facility or other unsubordinated Indebtedness of the Company or any Subsidiary Guarantor or Indebtedness of any other Restricted Subsidiary, in each case, owing to a Person other than the Company or any Affiliate of the Company (and to cause a corresponding permanent reduction in commitments if such repaid Indebtedness was outstanding under the revolving portion of a Credit Facility);

(B) invest an equal amount, or the amount not so applied pursuant to clause (A) (or enter into a definitive agreement committing to so invest within 12 months after the date of such agreement), in Replacement Assets; and

(2) apply (no later than the end of the 12-month period referred to in clause (1)) any excess Net Cash Proceeds (to the extent not applied pursuant to clause (1)) as *provided* in the following paragraphs of this Limitation on Asset Sales covenant.

Table of Contents

The amount of such excess Net Cash Proceeds required to be applied (or to be committed to be applied) during such 12-month period as set forth in clause (1) of the preceding sentence and not applied as so required by the end of such period shall constitute Excess Proceeds.

If, as of the first day of any calendar month, the aggregate amount of Excess Proceeds not theretofore subject to an Offer to Purchase pursuant to this covenant totals at least \$100.0 million, the Company must commence, not later than the last business day of such month, and consummate an Offer to Purchase from the Holders (and, if required by the terms of any Indebtedness that is pari passu with the Notes (Pari passu Indebtedness), from the holders of such Pari passu Indebtedness) on a pro rata basis an aggregate principal amount of Notes (and Pari passu Indebtedness) equal to the Excess Proceeds on such date, at a purchase price equal to 100% of their principal amount, plus, in each case, accrued interest (if any) to the Payment Date. Notwithstanding the foregoing, the Company may, in its discretion, make an Offer to Purchase pursuant to this covenant in advance of any requirement to commence an Offer to Purchase pursuant to the previous sentence. To the extent that any Excess Proceeds remain after consummation of an Offer to Purchase pursuant to this covenant, the Company may use those Excess Proceeds for any purpose not otherwise prohibited by the Indenture and the amount of Excess Proceeds shall be reset to zero.

Pending the final application of any Net Proceeds, the Company may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the Indenture.

Limitation on Business Activities

The Company will not, and will not permit any of its Restricted Subsidiaries to, engage in any business other than Permitted Businesses.

Payments for Consent

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid and is paid to all Holders that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Repurchase of Notes Upon a Change of Control

If a Change of Control occurs, unless the Company has exercised its right to redeem all of the Notes as described under Optional Redemption, each holder will have the right to require the Company to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of such holder's Notes at a purchase price in cash equal to 101% of the principal amount of the Notes plus accrued and unpaid interest to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). Notwithstanding the foregoing, the Company may make its offer to purchase the Notes as described in this section in advance of a Change of Control, conditioned upon consummation of such Change of Control, if a definitive agreement in respect of such anticipated Change of Control is in place as of the time of such offer.

Within 30 days following any Change of Control, unless the Company has exercised its right to redeem all of the Notes as described under Optional Redemption, the Company will mail a notice (the Change of Control Offer) to each holder, with a copy to the Trustee, stating:

(1) that a Change of Control has occurred (or, if applicable, that a definitive agreement in respect of such Change of Control is in place) and that such holder has the right to require the Company to purchase such holder's Notes at a

purchase price in cash equal to 101% of the principal amount of such Notes plus accrued and unpaid interest to the date of purchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the Change of Control Payment);

(2) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the Change of Control Payment Date); and

Table of Contents

(3) the procedures determined by the Company, consistent with the Indenture, that a holder must follow in order to have its Notes repurchased.

On the Change of Control Payment Date, the Company will, to the extent lawful:

(1) accept for payment all Notes or portions of Notes (in integral multiples of \$1,000) properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes so tendered; and

(3) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Company.

The paying agent will promptly mail to each holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each such new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

If the Change of Control Payment Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest will be paid to the Person in whose name a Note is registered at the close of business on such record date, and no additional interest will be payable to holders who tender pursuant to the Change of Control Offer.

The Change of Control provisions described above will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders to require that the Company repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (a) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer or (b) an irrevocable notice of redemption in respect of all of the outstanding Notes has been given pursuant to the provisions under the caption Optional Redemption, unless and until there is a default in payment of the applicable redemption price.

The Company will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described in the Indenture by virtue of the conflict.

The Company's ability to repurchase Notes pursuant to a Change of Control Offer may be limited by a number of factors. The occurrence of certain of the events that constitute a Change of Control would constitute a default under the Credit Agreement. In addition, certain events that may constitute a change of control under the Credit Agreement and cause a default under that agreement may not constitute a Change of Control under the Indenture. Future Indebtedness of the Company and its Subsidiaries may also contain prohibitions of certain events that would constitute a Change of Control or require such Indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require the Company to repurchase the Notes could cause a default under

such Indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Company. Finally, the Company's ability to pay cash to the holders upon a repurchase may be limited by the Company's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

Table of Contents

Even if sufficient funds were otherwise available, the terms of the Credit Agreement does, and future Indebtedness may, prohibit the Company's prepayment of Notes before their scheduled maturity. Consequently, if the Company is not able to prepay the Credit Agreement and any such other Indebtedness containing similar restrictions or obtain requisite consents, as described above, the Company will be unable to fulfill its repurchase obligations if holders of Notes exercise their repurchase rights following a Change of Control, resulting in a default under the Indenture. A default under the Indenture may result in a cross-default under the Credit Agreement.

If holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and the Company, or any third party making a Change of Control Offer in lieu of the Company as described above, purchases all of the Notes validly tendered and not withdrawn by such holders, the Company will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all Notes that remain outstanding following such purchase at a redemption price in cash equal to the applicable Change of Control Payment plus, to the extent not included in the Change of Control Payment, accrued and unpaid interest to the date of redemption.

The Change of Control provisions described above may deter certain mergers, tender offers and other takeover attempts involving the Company by increasing the capital required to effectuate such transactions. The Change of Control purchase feature is a result of negotiations between the initial purchasers and us. As of the Closing Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings.

Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under Covenants Limitation on Indebtedness and Covenants Limitation on Liens. Such restrictions in the Indenture can be waived only with the consent of the holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford holders of the Notes protection in the event of a highly leveraged transaction.

The definition of Change of Control includes a disposition of all or substantially all of the property and assets of the Company and its Restricted Subsidiaries taken as a whole to any Person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the property or assets of a Person.

As a result, it may be unclear as to whether a Change of Control has occurred and whether a holder of Notes may require the Company to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relative to our obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified or terminated with the written consent of the holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for the Notes) prior to the occurrence of such Change of Control.

SEC Reports and Reports to Holders

Whether or not required by the SEC's rules and regulations, so long as any Notes are outstanding, the Company will furnish to the Holders or cause the Trustee to furnish to the Holders, within the time periods specified in the SEC's

rules and regulations:

(1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if the Company were required to file such reports; and

Table of Contents

(2) all current reports that would be required to be filed with the SEC on Form 8-K if the Company were required to file such reports.

All such reports will be prepared in all material respects in accordance with the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on the Company's consolidated financial statements by the Company's certified independent accountants. Notwithstanding the foregoing, the furnishing or filing of such reports with the SEC on EDGAR (or any successor system thereto) shall be deemed to constitute furnishing of such reports with the Trustee.

In addition, the Company will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and will post the reports on its website within those time periods.

If the Company is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, the Company will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. The Company will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept the Company's filings for any reason, the Company will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply to a non-accelerated filer if the Company were required to file those reports with the SEC.

In addition, the Company and the Subsidiary Guarantors agree that, for so long as any Notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default

The following events will be defined as Events of Default in the Indenture:

- (1) default for 30 days in the payment when due of interest on the Notes;
- (2) default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on the Notes;
- (3) (A) failure by the Company or any of its Restricted Subsidiaries for 30 days after notice to the Company by the trustee or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding voting as a single class to comply with the provisions under the caption Repurchase of Notes Upon a Change of Control or (B) failure by the Company or any of its Restricted Subsidiaries to comply with the provisions under the caption Consolidation, Merger and Sale of Assets ;
- (4) failure by the Company or any of its Restricted Subsidiaries for 30 days after notice to the Company by the trustee or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding voting as a single class to comply with the provisions under the captions Covenants Limitation on Restricted Payments, Covenants Limitation on Indebtedness or Covenants Limitation on Asset Sales ;
- (5) failure by the Company or any of its Restricted Subsidiaries for 60 days after notice to the Company by the trustee or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding voting as a single class to comply with any of the other agreements in the Indenture;

(6) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary (or the payment of which is guaranteed by

Table of Contents

the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary), whether such Indebtedness or Guarantee now exists or is created after the date of the Indenture, if that default:

(A) is caused by a failure to pay principal of, or interest or premium, if any, on, such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default; or

(B) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness or the maturity of which has been so accelerated, aggregates \$100.0 million or more;

(7) failure by the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary to pay final judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$100.0 million, which judgments are not paid, discharged or stayed for a period of 60 days;

(8) except as permitted by the Indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect or any Subsidiary Guarantor, or any Person acting on behalf of any Subsidiary Guarantor denies or disaffirms its obligations under its Note Guarantee;

(9) the Company or any of its Restricted Subsidiaries that would constitute a Significant Subsidiary pursuant to or within the meaning of Bankruptcy Law:

(A) commences a voluntary case,

(B) consents to the entry of an order for relief against it in an involuntary case,

(C) consents to the appointment of a custodian of it or for all or substantially all of its property, or

(D) makes a general assignment for the benefit of its creditors; and

(10) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

(A) is for relief against the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary in an involuntary case;

(B) appoints a custodian of the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary or for all or substantially all of the property of the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary; or

(C) orders the liquidation of the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary;

and the order or decree remains unstayed and in effect for 60 consecutive days.

If an Event of Default (other than an Event of Default specified in clause (9) or (10) above that occurs with respect to the Company) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 25% in aggregate principal amount of the Notes, then outstanding, by written notice to the Company (and to the Trustee if such notice is given by the Holders), may, and the Trustee at the request of such Holders shall, declare the principal of, premium, if any, and accrued interest on the Notes to be immediately due and payable. Upon a declaration of acceleration, such principal of, premium, if any, and accrued interest shall be immediately due and payable. In the event of a declaration

of acceleration because an Event of Default set forth in clause (6) above has occurred and is continuing, such declaration of acceleration shall be automatically rescinded and annulled if the event of default triggering such Event of Default pursuant to clause (6) shall be remedied or cured by the Company or the relevant Restricted Subsidiary or waived by the holders of the relevant Indebtedness within 60 days after the declaration of acceleration with respect thereto. If an Event of Default specified in clause (9) or (10) above occurs with respect to the Company, the principal of, premium, if

Table of Contents

any, and accrued interest on the Notes then outstanding shall automatically become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Holders of at least a majority in principal amount of the Notes by written notice to the Company and to the Trustee, may waive all past defaults and rescind and annul a declaration of acceleration and its consequences if (x) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and accrued interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived and (y) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction. For information as to the waiver of defaults, see Modification and Waiver.

The Holders of at least a majority in aggregate principal amount of the Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture or that may involve the Trustee in personal liability and may take any other action it deems proper that is not inconsistent with any such direction received from Holders of Notes. A Holder may not pursue any remedy with respect to the Indenture or the Notes unless:

- (1) the Holder gives the Trustee written notice of a continuing Event of Default;
- (2) the Holders of at least 25% in aggregate principal amount of Notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity satisfactory to the Trustee against any costs, liability or expense;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the Notes do not give the Trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of or premium, if any, or interest on, such Note, or to bring suit for the enforcement of any such payment, on or after the due date expressed in the Notes, which right shall not be impaired or affected without the consent of the Holder.

Officers of the Company must certify, on or before a date not more than 90 days after the end of each fiscal year, that the Company and its Restricted Subsidiaries have fulfilled all obligations thereunder, or, if there has been a default in the fulfillment of any such obligation, specifying each such default and the nature and status thereof. the Company will also be obligated to notify the Trustee of any default or defaults in the performance of any covenants or agreements under the Indenture.

Consolidation, Merger and Sale of Assets

The Company will not (1), directly or indirectly, consolidate or merge with or into another Person (whether or not the Company is the surviving corporation), or (2) sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of the property or assets of the Company and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

(1) it shall be the continuing Person, or the Person (if other than it) formed by such consolidation or into which it is merged or that acquired or leased such property and assets (the Surviving Person) shall be a corporation, limited partnership, limited liability company or other entity organized and validly existing under the laws of the United States of America or any jurisdiction thereof and shall expressly assume, by a supplemental indenture, executed and delivered to the Trustee, all of the Company's obligations under the Indenture and the Notes and the Registration Rights Agreement; *provided, however*, that if the Surviving Person is not a corporation, a corporation that has no material assets or liabilities other than the Notes shall become a coissuer of the Notes pursuant to a supplemental indenture duly executed by the Trustee;

Table of Contents

(2) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing;

(3) immediately after giving effect to such transaction on a pro forma basis either (a) the Company (or the Surviving Person, if applicable) could Incur at least \$1.00 of Indebtedness under the first paragraph of part (a) of the Limitation on Indebtedness covenant or (b) the Company's (of the Surviving Person's, if applicable) Fixed Charge Coverage Ratio is greater than that of the Company prior to the consummation of such transaction; and

(4) the Company will have delivered to the Trustee an officers' certificate (attaching the arithmetic computations to demonstrate compliance with clause (3) of this paragraph) and an opinion of counsel, each stating that such transaction and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture comply with the applicable provisions of the Indenture, that all conditions precedent in the Indenture relating to such transaction have been satisfied and that supplemental indenture is enforceable;

provided, however, that clause (3) above does not apply if, in the good faith determination of the chief financial officer of the Company, whose determination shall be evidenced by certification to such effect, the principal purpose of such transaction is to change the state of incorporation of the Company and any such transaction shall not have as one of its purposes the evasion of the foregoing limitations.

No Subsidiary Guarantor will consolidate with, merge with or into, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its property and assets (as an entirety or substantially an entirety in one transaction or a series of related transactions) to, any Person or permit any Person to merge with or into it unless:

(1) it shall be the continuing Person, or the Person (if other than it) formed by such consolidation or into which it is merged or that acquired or leased such property and assets shall expressly assume, by a supplemental indenture, executed and delivered to the Trustee, all of such Subsidiary Guarantor's obligations under its Note Guarantee;

(2) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing; and

(3) the Company will have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that such transaction and such supplemental indenture comply with the applicable provisions of the Indenture, that all conditions precedent in the Indenture relating to such transaction have been satisfied and that such supplemental indenture is enforceable.

The foregoing requirements of this paragraph shall not apply to a consolidation or merger of any Subsidiary Guarantor with and into the Company or any other Subsidiary Guarantor, so long as the Company or such Subsidiary Guarantor survives such consolidation or merger.

Defeasance

Defeasance and Discharge

The Indenture provides that the Company will be deemed to have paid and will be discharged from any and all obligations in respect of the Notes on the day of the deposit referred to below, and the provisions of the Indenture will no longer be in effect with respect to the Notes (except for, among other matters, certain obligations to register the transfer or exchange of the Notes, to replace stolen, lost or mutilated Notes, to maintain paying agencies and to hold monies for payment in trust) if, among other things:

(A) the Company has deposited with the Trustee, in trust, money and/or U.S. Government Obligations that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity of such payments in accordance with the terms of the Indenture and the Notes;

Table of Contents

(B) the Company has delivered to the Trustee (1) either (x) an opinion of counsel to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company's exercise of its option under this Defeasance provision and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred, which opinion of counsel must be based upon (and accompanied by a copy of) a ruling of the Internal Revenue Service to the same effect unless there has been a change in applicable federal income tax law after the Closing Date such that a ruling is no longer required or (y) a ruling directed to the Trustee received from the Internal Revenue Service to the same effect as the aforementioned opinion of counsel and (2) an officer's certificate to the effect that the deposit was not made with the intent of preferring holders of the Notes over any other creditors with the intent of defeating, hindering, delaying or defrauding creditors of the Company or others;

(C) immediately after giving effect to such deposit on a pro forma basis, no Event of Default, or event that after the giving of notice or lapse of time or both would become an Event of Default, shall have occurred and be continuing on the date of such deposit, and such deposit shall not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound; and

(D) if at such time the Notes are listed on a national securities exchange, the Company has delivered to the Trustee an opinion of counsel to the effect that the Notes will not be delisted as a result of such deposit, defeasance and discharge.

Defeasance of Certain Covenants and Certain Events of Default.

The Indenture further provides that the provisions of the Indenture will no longer be in effect with respect to clause (3) of the first paragraph under Consolidation, Merger and Sale of Assets and all the covenants described herein under Covenants, and clause (c) under Events of Default with respect to such clause (3) of the first paragraph under Consolidation, Merger and Sale of Assets, clauses (4) and (5) under Events of Default with respect to such other covenants and clauses (6) and (7) under Events of Default shall be deemed not to be Events of Default upon, among other things, the deposit with the Trustee, in trust, of money and/or U.S. Government Obligations that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity of such payments in accordance with the terms of the Indenture and the Notes, the satisfaction of the provisions described in clauses (B)(2), (C) and (D) of the preceding paragraph and the delivery by the Company to the Trustee of an opinion of counsel to the effect that, among other things, the Holders will not recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance of certain covenants and Events of Default and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred.

In the event that the Company exercises its option to omit compliance with certain covenants and provisions of the Indenture with respect to the Notes as described in the immediately preceding paragraph and the Notes are declared due and payable because of the occurrence of an Event of Default that remains applicable, the amount of money and/or U.S. Government Obligations on deposit with the Trustee will be sufficient to pay amounts due on the Notes at the time of their Stated Maturity but may not be sufficient to pay amounts due on the Notes at the time of the acceleration resulting from such Event of Default. However, the Company will remain liable for such payments and the Company's obligations or any Subsidiary Guarantor's Note Guarantee with respect to such payments will remain in effect.

Table of Contents

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in the Indenture) as to all Notes when:

(1) either:

(A) all of the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust by the Company and thereafter repaid to the Company) have been delivered to the Trustee for cancellation or

(B) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable pursuant to an optional redemption notice or otherwise or will become due and payable within one year, and the Company has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire indebtedness on the Notes not theretofore delivered to the trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit together with irrevocable instructions from the Company directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be; and

(2) the Company has paid all other sums payable under the Indenture by the Company.

The Trustee will acknowledge the satisfaction and discharge of the Indenture if the Company has delivered to the Trustee an officers certificate and an opinion of counsel stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Modification and Waiver

The Indenture may be amended, without the consent of any Holder, to:

(1) cure any ambiguity, defect or inconsistency in the Indenture;

(2) provide for uncertificated Notes in addition to or in place of certificated Notes;

(3) conform the text of the indenture to any provisions of this description of exchange notes to the extent that a portion of the Description of Notes section of the Company's Offering Memorandum dated November 4, 2010 was intended to be a verbatim recitation of the Indenture or the Notes;

(4) provide for the issuance of additional Notes under the Indenture to the extent otherwise so permitted under the terms of the Indenture;

(5) comply with the provisions described under Consolidation, Merger and Sale of Assets or Covenants Limitation on Issuance of Guarantees by Restricted Subsidiaries ;

(6) comply with any requirements of the SEC in connection with the qualification of the Indenture under the Trust Indenture Act;

(7) evidence and provide for the acceptance of appointment by a successor Trustee;

(8) add a Subsidiary Guarantor; or

(9) make any change that, in the good faith opinion of the Board of Directors, does not materially and adversely affect the rights of any Holder.

Modifications and amendments of the Indenture may be made by the Company, the Subsidiary Guarantors and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the Notes; *provided, however*, that no such modification or amendment may, without the consent of each Holder affected thereby:

(1) change the Stated Maturity of the principal of, or any installment of interest on, any Note;

Table of Contents

- (2) reduce the principal amount of, or premium, if any, or interest on, any Note;
- (3) change the optional redemption dates or optional redemption prices of the Notes from that stated under the caption Optional Redemption ;
- (4) change the place or currency of payment of principal of, or premium, if any, or interest on, any Note;
- (5) impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity (or, in the case of a redemption, on or after the Redemption Date) of any Note;
- (6) waive a default in the payment of principal of, premium, if any, or interest on the Notes (other than a rescission of acceleration of the Notes to the extent that such acceleration was initially instituted pursuant to a vote of the Holders);
- (7) release any Subsidiary Guarantor from its Note Guarantee, except as provided in the Indenture;
- (8) amend or modify any of the provisions of the Indenture in any manner which subordinates the Notes issued thereunder in right of payment to any other Indebtedness of the Company or which subordinates any Note Guarantee in right of payment to any other Indebtedness of the Subsidiary Guarantor issuing any such Note Guarantee; or
- (9) reduce the percentage or aggregate principal amount of Notes the consent of whose Holders is necessary for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults.

Governing Law

The Indenture and the Notes will be governed by and construed in accordance with the laws of the State of New York.

No Personal Liability of Incorporators, Stockholders, Officers, Directors, or Employees

No recourse for the payment of the principal of, premium, if any, or interest on any of the Notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Company or any Subsidiary Guarantor in the Indenture, or in any of the Notes or Note Guarantees or because of the creation of any Indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the Company or any Subsidiary Guarantor or of any successor Person thereof. Each Holder, by accepting the Notes, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws.

Concerning the Trustee

Except during the continuance of a Default, the Trustee will not be liable, except for the performance of such duties as are specifically set forth in the Indenture. If an Event of Default has occurred and is continuing, the Trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it under the Indenture as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture and provisions of the Trust Indenture Act of 1939, as amended, incorporated by reference therein contain limitations on the rights of the Trustee, should it become a creditor of the Company or any Subsidiary Guarantor, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

Book-Entry, Delivery and Form

The exchange notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The exchange notes initially will be represented by one or more notes in registered, global form without interest coupons (collectively, the Global Notes). The Global Notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company (DTC), in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive notes in registered certificated form (Certificated Notes) except in the limited circumstances described below. See Exchange of Global Notes for Certificated Notes. Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form. In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Company takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Company that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC 's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Company that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the initial purchasers with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants. Euroclear and Clearstream will hold interests in the Global Notes on behalf of their participants through customers ' securities accounts in their respective names on the books of their

respective depositories, which are Euroclear Bank S.A./N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC.

Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal of, premium on, if any, and interest on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, none of the Company, the Trustee nor any agent of the Company or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Company that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Company. Neither the Company nor the Trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the Notes, and the Company and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between the Participants will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the Notes described herein, cross-market transfers between the Participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositaries; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action

to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Company that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global

Table of Contents

Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Company, the Trustee nor any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Company that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Company fails to appoint a successor depository;
- (2) the Company, at its option, notifies the Trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default or Event of Default with respect to the Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the Trustee a written certificate (in the form provided in the indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such notes, if any.

Same Day Settlement and Payment

The Company will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Company will make all payments of principal, premium, if any, and interest with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Company expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

THE EXCHANGE OFFER**Purpose and Effect of the Exchange Offer**

We, the guarantors and the initial purchasers entered into a registration rights agreement in connection with the issuance of the old notes on November 9, 2010. Under the registration rights agreement, we and the guarantors have agreed to:

file a registration statement on or prior to 180 days after November 9, 2010 (or if such 180th day is not a Business Day (as defined in the registration rights agreement), the next succeeding Business Day) enabling holders of outstanding notes to exchange the privately placed old notes for publicly registered exchange notes with substantially identical terms;

Table of Contents

use all commercially reasonable efforts to cause the registration statement to be declared effective by the SEC on or prior to 270 days after November 9, 2010 (or if such 270th day is not a Business Day (as defined in the registration rights agreement), the next succeeding Business Day); and

unless the exchange offer would not be permitted by applicable law or SEC policy, commence the exchange offer and use all commercially reasonable efforts to issue exchange notes in exchange for all notes tendered in the exchange offer.

Under the registration rights agreement that we, the guarantors and the initial purchasers entered into in connection with the issuance of the old notes on November 9, 2010, we and the guarantors will use all commercially reasonable efforts to file a shelf registration statement, which may be an amendment to this registration statement, with the SEC on or prior to 30 days after such filing obligation arises (or if such 30th day is not a Business Day (as defined in the registration rights agreement), the next succeeding Business Day) and will use all commercially reasonable efforts to cause such shelf registration statement to be declared effective by the SEC on or prior to 90 days after such obligation arises (or if such 90th day is not a Business Day (as defined in the registration rights agreement), the next succeeding Business Day) if:

the issuer and the guarantors are not required to file an exchange offer registration statement or permitted to consummate the exchange offer because the exchange offer is not permitted by applicable law or SEC policy; or

any holder of the old notes notifies the issuer prior to the 20th Business Day following the consummation of the exchange offer that:

it is prohibited by law or SEC policy from participating in the exchange offer;

it may not resell the exchange notes acquired by it in the exchange offer to the public without delivering a prospectus and the prospectus contained in the exchange offer registration statement is not appropriate or available for such resales; or

it is a broker-dealer and owns old notes acquired directly from the issuer or an affiliate of the issuer.

We and the guarantors will pay additional interest on the old notes for the periods described below if:

we and the guarantors fail to file any of the registration statements required by the registration rights agreement on or before the date specified for such filing;

any of such registration statements is not declared effective by the SEC on or prior to the date specified for such effectiveness;

we and the guarantors fail to consummate the exchange offer within 30 business days of the effectiveness target date with respect to the exchange offer registration statement; or

the shelf registration statement or the exchange offer registration statement is declared effective but thereafter ceases to be effective or usable in connection with resales or exchanges of the notes during the periods specified in the registration rights agreement.

You will not have any remedy other than liquidated damages on the notes if we fail to meet the deadlines listed above, which we refer to as a registration default. When there is a registration default, the interest rate of the notes will increase by one-quarter of one percent per year for the first 90-day period. The interest rate (as so increased) will increase by an additional one-quarter of one percent each subsequent 90-day period until all registration defaults have been cured, up to an aggregate maximum increase in the interest rate equal to one percent (1%) per annum. Following the cure of all registration defaults, the accrual of additional interest will cease and the interest rate will revert to the original rate.

Resale of Exchange Notes

Based on interpretations of the SEC staff set forth in no-action letters issued to unrelated third parties, we believe that exchange notes issued in the exchange offer in exchange for old notes may be offered for resale,

Table of Contents

resold and otherwise transferred by any exchange note holder without compliance with the registration and prospectus delivery provisions of the Securities Act, if:

such holder is not an affiliate of ours within the meaning of Rule 405 under the Securities Act;

such exchange notes are acquired in the ordinary course of the holder's business; and

the holder does not intend to participate in the distribution of such exchange notes.

Any holder who tenders in the exchange offer with the intention of participating in any manner in a distribution of the exchange notes:

cannot rely on the position of the staff of the SEC set forth in Exxon Capital Holdings Corporation or similar interpretive letters; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

If, as stated above, a holder cannot rely on the position of the staff of the SEC set forth in Exxon Capital Holdings Corporation or similar interpretive letters, any effective registration statement used in connection with a secondary resale transaction must contain the selling security holder information required by Item 507 of Regulation S-K under the Securities Act.

This prospectus may be used for an offer to resell, for the resale or for other retransfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the old notes as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes.

Please read the section captioned Plan of Distribution for more details regarding these procedures for the transfer of exchange notes. We have agreed to use commercially reasonable efforts to keep the registration statement of which this prospectus forms a part effective and to amend and supplement this prospectus in order to permit this prospectus to be lawfully delivered by all persons subject to the prospectus delivery requirements of the Securities Act for a period ending on the earlier of (1) 180 days from the date on which the registration statement of which this prospectus forms a part is declared effective and (2) the date on which broker-dealers are no longer required to deliver a prospectus in connection with market making or other trading activities. We have also agreed that we will make a sufficient number of copies of this prospectus available to any selling holders of the exchange notes or broker-dealer for use in connection with any resale of the exchange notes.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept for exchange any old notes properly tendered and not withdrawn prior to the expiration date. We will issue a like principal amount of exchange notes in exchange for each \$2,000 principal amount of old notes surrendered under the exchange offer. We will issue \$1,000 integral multiple amount of exchange notes in exchange for each \$1,000 integral multiple amount of old notes surrendered under the exchange offer. Old notes may be tendered only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The form and terms of the exchange notes will be substantially identical to the form and terms of the old notes except the exchange notes will be registered under the Securities Act, will not bear legends restricting their transfer and will not provide for any additional interest upon our failure to fulfill our obligations under the registration rights agreement to file, and cause to become effective, a registration statement. The exchange notes will evidence the same debt as the old notes. The exchange notes will be issued under and entitled to the benefits of the same indenture that authorized the issuance of the outstanding old notes. Consequently, both series of notes will be treated as a single class of debt securities under the indenture.

Table of Contents

The exchange offer is not conditioned upon any minimum aggregate principal amount of old notes being tendered for exchange.

As of the date of this prospectus, \$1,000,000,000 aggregate principal amount of the old notes are outstanding. There will be no fixed record date for determining registered holders of old notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Exchange Act and the rules and regulations of the SEC. Old notes that are not tendered for exchange in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits such holders have under the indenture relating to the old notes.

We will be deemed to have accepted for exchange properly tendered old notes when we have given oral notice (which is subsequently confirmed in writing) or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to such holders. Subject to the terms of the registration rights agreement, we expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions specified below under the caption **Conditions to the Exchange Offer**.

By tendering your old notes, you will represent to us that, among other things:

any exchange notes that you receive will be acquired in the ordinary course of your business;

you are not engaging in or intending to engage in a distribution of the exchange notes and you have no arrangement or understanding with any person or entity, including any of our affiliates, to participate in the distribution of the exchange notes;

if you are a broker-dealer that will receive exchange notes for your own account in exchange for old notes that were acquired as a result of market-making activities, that you will deliver a prospectus, as required by law, in connection with any resale of the exchange notes; and

you are not our affiliate as defined in Rule 405 under the Securities Act, or, if you are an affiliate, you will comply with any applicable registration and prospectus delivery requirements of the Securities Act.

Holders who tender old notes in the exchange offer will not be required to pay brokerage commissions or fees, or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of old notes. We will pay all charges and expenses, other than those transfer taxes described below, in connection with the exchange offer. It is important that you read the section labeled **Fees and Expenses** below for more details regarding fees and expenses incurred in the exchange offer.

Expiration Date; Extensions; Amendments

The exchange offer for the old notes will expire at 5:00 p.m., New York City time, on _____, 2011, unless we extend it in our sole discretion.

In order to extend the exchange offer, we will notify the exchange agent orally or in writing of any extension. We will notify in writing or by public announcement the registered holders of old notes of the extension no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

to delay accepting for exchange any old notes in connection with the extension of the exchange offer;

to extend the exchange offer or to terminate the exchange offer and to refuse to accept old notes not previously accepted if any of the conditions set forth below under Conditions to the Exchange

Table of Contents

Offer have not been satisfied, by giving oral or written notice of such extension or termination to the exchange agent; or

subject to the terms of the registration rights agreement, to amend the terms of the exchange offer in any manner, *provided* that in the event of a material change in the exchange offer, including the waiver of a material condition, we will extend the exchange offer period, if necessary, so that at least five business days remain in the exchange offer following notice of the material change.

Any such delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by written notice or public announcement thereof to the registered holders of old notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment in a manner reasonably calculated to inform the holders of old notes of such amendment, *provided* that in the event of a material change in the exchange offer, including the waiver of a material condition, we will extend the exchange offer period, if necessary, so that at least five business days remain in the exchange offer following notice of the material change. If we terminate this exchange offer as provided in this prospectus before accepting any old notes for exchange or if we amend the terms of this exchange offer in a manner that constitutes a fundamental change in the information set forth in the registration statement of which this prospectus forms a part, we will promptly file a post-effective amendment to the registration statement of which this prospectus forms a part. In addition, we will in all events comply with our obligation to make prompt delivery of exchange notes for all old notes properly tendered and accepted for exchange in the exchange offer.

Without limiting the manner in which we may choose to make public announcements of any delay in acceptance, extension, termination or amendment of the exchange offer, we shall have no obligation to publish, advertise, or otherwise communicate any such public announcement, other than by issuing a timely press release to a financial news service.

Conditions to the Exchange Offer

Despite any other term of the exchange offer, we will not be required to accept for exchange, or exchange any exchange notes for, any old notes, and we may terminate the exchange offer as provided in this prospectus before accepting any old notes for exchange if in our sole judgment:

the exchange offer, or the making of any exchange by a holder of old notes, would violate applicable law or any applicable interpretation of the staff of the SEC or materially impair the contemplated benefits of the exchange offer to us;

any governmental approval has not been obtained which we believe to be necessary for the consummation of the exchange offer as contemplated by this prospectus; or

any action or proceeding has been instituted or threatened in any court or by or before any governmental agency with respect to the exchange offer that, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer.

In addition, we will not be obligated to accept for exchange the old notes of any holder that has not made:

the representations described under Procedures for Tendering Old Notes and Plan of Distribution; and

such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available to us an appropriate form for registration of the new notes under the Securities

Act.

We expressly reserve the right, at any time or at various times on or prior to the scheduled expiration date of the exchange offer, to extend the period of time during which the exchange offer is open. Consequently, we may delay acceptance of any old notes by giving written notice of such extension to the registered holders of the old notes. During any such extensions, all old notes previously tendered will remain

Table of Contents

subject to the exchange offer, and we may accept them for exchange unless they have been previously withdrawn. We will return any old notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

We expressly reserve the right to amend or terminate the exchange offer on or prior to the scheduled expiration date of the exchange offer, and to reject for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions to termination of the exchange offer specified above. We will give written notice or public announcement of any extension, amendment, non-acceptance or termination to the registered holders of the old notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time on the business day after the previously scheduled expiration date.

These conditions are for our sole benefit and we may, in our sole discretion, assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times except that all conditions to the exchange offer must be satisfied or waived by us prior to acceptance of your notes. If we fail at any time to exercise any of the foregoing rights, that failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times prior to the expiration of the exchange offer. Any waiver by us will be made by written notice or public announcement to the registered holders of the notes and any such waiver shall apply to all the registered holders of the notes.

In addition, we will not accept for exchange any old notes tendered, and will not issue exchange notes in exchange for any such old notes, if at such time any stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended.

Procedures for Tendering Old Notes

Only a holder of old notes may tender such old notes in the exchange offer. To tender in the exchange offer, a holder must complete, sign and date the letter of transmittal, or a facsimile thereof, have the signatures thereon guaranteed if required by the letter of transmittal or transmit an agent's message in connection with a book-entry transfer, and mail or otherwise deliver the letter of transmittal or the facsimile, together with the old notes and any other required documents, to the exchange agent prior to 5:00 p.m., New York City time, on the expiration date. To be tendered effectively, the old notes, letter of transmittal or an agent's message and other required documents must be completed and received by the exchange agent at the address set forth below under Exchange Agent prior to 5:00 p.m., New York City time, on the expiration date. Delivery of the old notes may be made by book-entry transfer in accordance with the procedures described below. Confirmation of the book-entry transfer must be received by the exchange agent prior to the expiration date.

If you are a DTC participant that has old notes which are credited to your DTC account by book-entry and which are held of record by DTC's nominee, as applicable, you may tender your old notes by book-entry transfer as if you were the record holder. Because of this, references herein to registered or record holders include DTC.

If you are not a DTC participant, you may tender your old notes by book-entry transfer by contacting your broker, dealer or other nominee or by opening an account with a DTC participant, as the case may be.

If you are DTC participant, to tender old notes in the exchange offer:

you must comply with DTC's Automated Tender Offer Program, or ATOP, procedures described below; and

the exchange agent must receive a timely confirmation of a book-entry transfer of the old notes into its account at DTC through ATOP pursuant to the procedure for book-entry transfer described below, along with a properly transmitted agent's message, before the expiration date.

Participants in DTC's ATOP program must electronically transmit their acceptance of the exchange by causing DTC to transfer the old notes to the exchange agent in accordance with DTC's ATOP procedures for

Table of Contents

transfer. DTC will then send an agent's message to the exchange agent. With respect to the exchange of the old notes, the term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

DTC has received an express acknowledgment from a participant in its ATOP that is tendering old notes that are the subject of the book-entry confirmation;

the participant has received and agrees to be bound by the terms and subject to the conditions set forth in this prospectus and the letter of transmittal; and

we may enforce the agreement against such participant.

Delivery of an agent's message will also constitute an acknowledgment from the tendering DTC participant that the representations described below in this prospectus and letter of transmittal are true and correct and when received by the exchange agent will form a part of a confirmation of book-entry transfer in which you acknowledge and agree to be bound by the terms of the letter of transmittal.

Any beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct the registered holder to tender on the beneficial owner's behalf. See "Instructions to Registered Holder and/or Book-Entry Transfer Facility Participant from Beneficial Owner" included with the letter of transmittal.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member of the Medallion System unless the outstanding notes tendered pursuant to the letter of transmittal are tendered (1) by a registered holder who has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal or (2) for the account of a member firm of the Medallion System. In the event that signatures on a letter of transmittal or a notice of withdrawal, as the case may be, are required to be guaranteed, the guarantee must be by a member firm of the Medallion System.

If the letter of transmittal is signed by a person other than the registered holder of any old notes listed in this prospectus, the old notes must be endorsed or accompanied by a properly completed bond power, signed by the registered holder as the registered holder's name appears on the old notes with the signature thereon guaranteed by a member firm of the Medallion System.

If the letter of transmittal or any old notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, the person signing should so indicate when signing, and evidence satisfactory to us of its authority to so act must be submitted with the letter of transmittal.

In addition, each broker-dealer that receives new notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See "Plan of Distribution."

Guaranteed Delivery Procedures

If you desire to tender old notes pursuant to the exchange offer and (1) time will not permit your letter of transmittal and all other required documents to reach the exchange agent on or prior to the expiration date, or (2) the procedures for book-entry transfer (including delivery of an agent's message) cannot be completed on or prior to the expiration

date, you may nevertheless tender such old notes with the effect that such tender will be deemed to have been received on or prior to the expiration date if all the following conditions are satisfied:

you must effect your tender through an eligible guarantor institution ;

a properly completed and duly executed notice of guaranteed delivery, substantially in the form provided by us herewith, or an agent's message with respect to guaranteed delivery that is accepted by us, is received by the exchange agent on or prior to the expiration date as provided below; and

a book-entry confirmation of the transfer of such notes into the exchange agent account at DTC as described above, together with a letter of transmittal (or a manually signed facsimile of the letter of transmittal) properly completed and duly executed, with any signature guarantees and any other documents required by the letter of transmittal or a properly transmitted agent's message, are received by the exchange agent within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery.

The notice of guaranteed delivery may be sent by hand delivery, facsimile transmission or mail to the exchange agent and must include a guarantee by an eligible guarantor institution in the form set forth in the notice of guaranteed delivery.

Book-Entry Transfer

The exchange agent will make a request to establish an account with respect to the old notes at DTC for purposes of the exchange offer promptly after the date of this prospectus; and any financial institution participating in DTC's system may make book-entry delivery of old notes by causing DTC to transfer such old notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. However, unless an agent's message is received by the exchange agent in compliance with ATOP, an appropriate letter of transmittal properly completed and duly executed with any required signature guarantee and all other required documents must in each case be transmitted to and received or confirmed by the exchange agent at its address set forth in this prospectus on or prior to the expiration date, or, if the guaranteed delivery procedures are complied with, within the time period provided under the procedures. Delivery of documents to DTC does not constitute delivery to the exchange agent.

Withdrawal Rights

Except as otherwise provided in this prospectus, you may withdraw your tender of old notes at any time before 5:00 p.m., New York City time, on the expiration date.

To withdraw a tender of old notes in the exchange offer, the applicable exchange agent must receive a letter or facsimile notice of withdrawal at its address set forth below under Exchange Agent before the time indicated above. Any notice of withdrawal must:

specify the name of the person who deposited the old notes to be withdrawn;

identify the old notes to be withdrawn including the certificate number or numbers and aggregate principal amount of old notes to be withdrawn or, in the case of old notes transferred by book-entry transfer, the name and number of the account at DTC to be credited and otherwise comply with the procedures of the relevant book-entry transfer facility;

be signed by the holder in the same manner as the original signature on the letter of transmittal by which the old notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient to have the trustee with respect to the old notes register the transfer of the old notes into the name of the person withdrawing the tender; and

specify the name in which the old notes being withdrawn are to be registered, if different from that of the person who deposited the notes.

We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Our determination will be final and binding on all parties. Any old notes withdrawn in this

manner will be deemed not to have been validly tendered for purposes of the exchange offer. We will not issue exchange notes for such withdrawn old notes unless the old notes are validly retendered. We will return to you any old notes that you have tendered but that we have not accepted for exchange without cost as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may retender properly withdrawn old notes by following one of the procedures described above at any time before the expiration date.

Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitations by telephone or in person by our officers and regular employees and those of our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out-of-pocket expenses.

Our expenses in connection with the exchange offer include:

SEC registration fees;

fees and expenses of the exchange agent and trustee;

accounting and legal fees;

printing costs; and

related fees and expenses.

Transfer Taxes

We will pay all of the transfer taxes, if any, applicable to the exchange of old notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

certificates representing old notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of old notes tendered; or

a transfer tax is imposed for any reason other than the exchange of old notes under the exchange offer.

If satisfactory evidence of payment of such taxes is not submitted, the amount of such transfer taxes will be billed to that tendering holder.

Table of Contents

Consequences of Failure to Exchange

Holders of old notes who do not exchange their old notes for exchange notes under the exchange offer, including as a result of failing to timely deliver old notes to the exchange agent, together with all required documentation, will remain subject to the restrictions on transfer of such old notes:

as set forth in the legend printed on the old notes as a consequence of the issuance of the old notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and

otherwise as set forth in the offering memorandum distributed in connection with the private offering of the old notes.

In addition, holders of old notes who do not exchange their old notes for old notes under the exchange offer will no longer have any registration rights or be entitled to liquidated damages under the registration rights agreement.

In general, you may not offer or sell the old notes unless they are registered under the Securities Act, or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the old notes under the Securities Act. Based on interpretations of the SEC staff, old notes issued pursuant to the exchange offer may be offered for resale, resold or otherwise transferred by their holders, other than any such holder that is our affiliate within the meaning of Rule 405 under the Securities Act, without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that the holders acquired the exchange notes in the ordinary course of the holders' business and the holders have no arrangement or understanding with respect to the distribution of the exchange notes to be acquired in the exchange offer. Any holder who tenders old notes in the exchange offer for the purpose of participating in a distribution of the exchange notes:

cannot rely on the applicable interpretations of the SEC; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

After the exchange offer is consummated, if you continue to hold any old notes, you may have difficulty selling them because there will be fewer old notes outstanding.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the old notes, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

Other

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered old notes in the open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any old notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered old notes.

Table of Contents

U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax considerations relating to the exchange of old notes for exchange notes in the exchange offer. It does not contain a complete analysis of all the potential tax considerations relating to the exchange. This summary is limited to holders of old notes who hold the old notes as capital assets (in general, assets held for investment). Special situations, such as the following, are not addressed:

tax consequences to holders who may be subject to special tax treatment, such as tax-exempt entities, dealers in securities or currencies, banks, other financial institutions, insurance companies, regulated investment companies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings or corporations that accumulate earnings to avoid United States federal income tax;

tax consequences to persons holding notes as part of a hedging, integrated, constructive sale or conversion transaction or a straddle or other risk reduction transaction;

tax consequences to holders whose functional currency is not the United States dollar;

tax consequences to persons who hold notes through a partnership or similar pass-through entity;

United States federal gift tax, estate tax or alternative minimum tax consequences, if any; or

any state, local or non-United States tax consequences.

The discussion below is based upon the provisions of the United States Internal Revenue Code of 1986, as amended, existing and proposed Treasury regulations promulgated thereunder, and rulings, judicial decisions and administrative interpretations thereunder, as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income tax consequences different from those discussed below.

Consequences of Tendering Old Notes

The exchange of your old notes for exchange notes in the exchange offer should not constitute an exchange for United States federal income tax purposes because the exchange notes should not be considered to differ materially in kind or extent from the old notes. Accordingly, the exchange offer should have no United States federal income tax consequences to you if you exchange your old notes for exchange notes. For example, there should be no change in your tax basis and your holding period should carry over to the exchange notes. In addition, the United States federal income tax consequences of holding and disposing of your exchange notes should be the same as those applicable to your old notes.

The preceding discussion of certain United States federal income tax considerations of the exchange offer is for general information only and is not tax advice. Accordingly, each investor should consult its own tax advisor as to particular tax consequences to it of exchanging old notes for exchange notes, including the applicability and effect of any state, local or foreign tax laws, and of any proposed changes in applicable laws.

PLAN OF DISTRIBUTION

Each participating broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus,

as it may be amended or supplemented from time to time, may be used by a participating broker-dealer in connection with resales of exchange notes received by it in exchange for old notes where such old notes were acquired as a result of market-making activities or other trading activities. We have agreed that, upon request, we will make a sufficient number of copies of this prospectus, as amended or supplemented, available to any participating broker-dealer for use in connection with any such resale for a period ending on the earlier of (1) 180 days from the date on which the registration statement of which this

Table of Contents

prospectus forms a part is declared effective and (2) the date on which broker-dealers are no longer required to deliver a prospectus in connection with market making or other trading activities.

We will not receive any proceeds from any sales of the exchange notes by participating broker-dealers. Exchange notes received by participating broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such participating broker-dealer and/or the purchasers of any such exchange notes. Any participating broker-dealer that resells the exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a participating broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the exchange offer, other than commissions or concessions of any broker-dealers, and will indemnify the holders of the old notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.

INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 20. *INDEMNIFICATION OF DIRECTORS AND OFFICERS.*

Maryland

Hanesbrands Inc. is a Maryland corporation. Section 2-405.2 of the Maryland General Corporation Law (MGCL) permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, except for liability resulting from (1) actual receipt of an improper benefit or profit in money, property or services or (2) active and deliberate dishonesty established by a final judgment or other adjudication as material to the cause of action adjudicated in the proceeding. Our charter contains a provision that eliminates directors and officers liability to the maximum extent permitted by the MGCL.

Section 2-418(d) of the MGCL requires a corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director of the corporation who has been successful, on the merits or otherwise, in the defense of any proceeding to which such director was made a party by reason of the director's service in that capacity. Section 2-418(b) permits a corporation to indemnify its present or former directors against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the director in connection with any proceeding to which the director is made a party by reason of the director's service as a director, unless it is established that (1) the act or omission of the director was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (2) the director actually received an improper personal benefit in money, property or services or (3) in the case of any criminal proceeding, the director had reasonable cause to believe that the act or omission was unlawful. If, however, the proceeding was one by or in the right of the corporation and the director was adjudged liable to the corporation, the corporation may not indemnify the director, unless ordered by a court and then only for expenses. The MGCL also permits a Maryland corporation to pay a director's expenses in advance of the final disposition of an action to which the director is a party upon receipt by the corporation of (1) a written affirmation by the director of the director's good faith belief that the director has met the standard of conduct necessary for indemnification and (2) a written undertaking by or on behalf of the director to repay the amount advanced if it is ultimately determined that the director did not meet the necessary standard of conduct. Section 2-418 of the MGCL defines a director as any person who is or was a director of a corporation and any person who, while a director of the corporation, is or was serving at the request of the corporation as a director, officer, partner, trustee, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise or employee benefit plan. Section 2-418(j)(2) of the MGCL also permits a Maryland corporation to indemnify and advance expenses to its officers, employees and agents to the extent that it may indemnify and advance expenses to its directors.

Our charter authorizes and our bylaws obligate us, to the maximum extent permitted by the MGCL, to indemnify any of our present or former directors or officers or those of our subsidiaries who (1) is made a party to a proceeding by reason of such person's service in that capacity or (2) while a director or officer and at our request, serves or served another corporation, partnership, joint venture, trust, employee benefit plan or any other enterprise as a director, officer, partner or trustee from and against any claim or liability to which that person may become subject or which that person may incur by reason of such person's services in such capacity and to pay or reimburse that person's reasonable expenses in advance of final disposition of a proceeding. This indemnity could apply to liabilities under the Securities Act of 1933, as amended (the Securities Act), in certain circumstances.

Our bylaws also permit us, with the approval of our board of directors, to indemnify and advance expenses to (1) a person who served a predecessor in any of the capacities described above or (2) any of our employees or agents, or any employee or agent of a predecessor. We also maintain indemnity insurance as permitted by Section 2-418 of the MGCL, pursuant to which our officers and directors are indemnified or insured against liability or loss under certain circumstances, which may include liability or related losses under the Securities Act or the Securities Exchange Act of 1934, as amended.

Kansas

Event 1, Inc. is a Kansas corporation.

Section 17-6305 of the Kansas General Corporation Code provides for indemnification by a corporation of its corporate officers, directors, employees and agents. ITEM 21. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES.

The attached Exhibit Index is incorporated herein by reference. In addition, pursuant to SEC Regulation S-X Rule 3-10(g), the financial statements of recently acquired subsidiary guarantors must be included if the net book value or purchase price, whichever is greater, of the subsidiary is twenty percent or more of the principal amount of debt being registered. Accordingly, the audited financial statements of GFSI Holdings, Inc. as of July 3, 2010 and for the year ended July 3, 2010 are included in this registration statement as Exhibit 99.4 and the unaudited financial statements of GFSI Holdings, Inc. as of October 2, 2010 and for the quarter ended October 2, 2010 are included in this registration statement as Exhibit 99.5.

ITEM 22. UNDERTAKINGS.

(a) The undersigned registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities

offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrants undertake that in a primary offering of securities of the undersigned registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrants will be a seller to the purchaser and will be considered to offer or sell securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrants or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about each undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrants to the purchaser.

(5) The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Sections 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, each of the registrants has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrants of expenses incurred or paid by a director, officer, or controlling person of the registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a

court of appropriate jurisdiction the question whether such

indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(b) The undersigned registrants hereby undertake to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(c) The undersigned registrants hereby undertake to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
