PROXY STATEMENT

For Annual Meeting of Stockholders
To be Held on May 4, 2004

GENERAL

The accompanying proxy is solicited by the Board of Directors (the Board or the Board of Directors) of Encore Wire Corporation (the Company or Encore) for use at the annual meeting of stockholders of the Company to be held at the time and place and for the purposes set forth in the foregoing notice. The approximate date on which this proxy statement and the accompanying proxy are first being sent to stockholders is April 1, 2004.

The cost of soliciting proxies will be borne by the Company. The Company may use certain of its officers and employees (who will receive no special compensation therefor) to solicit proxies in person or by telephone, facsimile, telegraph or similar means.

Proxies

Shares entitled to vote and represented by a proxy in the accompanying form duly signed, dated and returned to the Company and not revoked, will be voted at the meeting in accordance with the directions given. If no direction is given, such shares will be voted for the election of the nominees for directors named in the accompanying form of proxy and in favor of the other proposal set forth in the notice. Any stockholder returning a proxy may revoke it at any time before it has been exercised by giving written notice of such revocation to the Secretary of the Company, by filing with the Company a proxy bearing a subsequent date or by voting in person at the meeting.

Voting Procedures and Tabulation

The Company will appoint one or more inspectors of election to conduct the voting at the meeting. Prior to the meeting, the inspectors will sign an oath to perform their duties in an impartial manner and to the best of their abilities. The inspectors will ascertain the number of shares outstanding and the voting power of each share, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots and perform certain other duties as required by law.

The inspectors will tabulate the number of votes cast for or withheld as to the vote on each nominee for director and the number of votes cast for, against or withheld, as well as the number of abstentions and broker non-votes, as to the proposal to ratify the appointment of the auditors. A majority of the Common Stock outstanding and entitled to vote at the meeting must be present in person or represented by proxy in order to constitute a quorum. Directors are elected by a plurality of the shares of Common Stock present in person or by proxy at the meeting and entitled to vote thereat. Under Delaware law and the Company's Certificate of Incorporation and Bylaws, abstentions and broker non-votes will have no effect on voting on the election of directors, provided a quorum is present. The proposal to ratify the appointment of auditors will be approved by a vote of a majority of the holders of shares of Common Stock having voting power present in person or represented by proxy. An abstention with respect to such proposal will therefore effectively count as a vote against such proposal. A broker non-vote or other limited proxy as to the proposal to ratify the auditors will be counted towards a meeting quorum, but such broker non-vote cannot be voted on such proposal and therefore will not be considered a part of the voting power with respect to the proposal. This has the effect of reducing the number of stockholder votes required to approve that proposal.

Voting Securities

The only voting security of the Company outstanding is its Common Stock, par value \$.01 per share. Only the holders of record of Common Stock at the close of business on March 5, 2004, the record date for the meeting, are entitled to notice of, and to vote at, the meeting. On the record date, there were 15,308,688 shares of Common Stock outstanding and entitled to be voted at the meeting. A majority of such shares, present in person or by proxy, is necessary to constitute a quorum. Each share of Common Stock is entitled to one vote.

PROPOSAL ONE

ELECTION OF DIRECTORS

The business and affairs of the Company are managed by the Board of Directors, which exercises all corporate powers of the Company and establishes broad corporate policies. The Bylaws of the Company provide for eight directors. At the meeting, eight directors will be elected.

Directors are elected by plurality vote, and cumulative voting is not permitted. All duly submitted and unrevoked proxies will be voted for the nominees for director selected by the Board of Directors, except where authorization to vote is withheld. If any nominee should become unavailable for election for any presently unforeseen reason, the persons designated as proxies will have full discretion to vote for another person designated by the Board. Directors are elected to serve until the next annual meeting of stockholders and until their successors have been elected and qualified. In April, 2003, Phil J. Pringle, a valued director of the Company since 1990, passed away. As permitted by the Bylaws of the Company, the Board of Directors elected Thomas L. Cunningham as a director on May 28, 2003 to fill the vacancy created by Mr. Pringle's death.

Mr. Thomas and Mr. Wilson were originally elected to the Board of Directors of the Company pursuant to the terms of an investment purchase agreement entered into in connection with the formation of the Company in 1989. The director election provisions of the agreement were terminated in connection with the Company's initial public offering in 1992.

In connection with the Company's long-standing commitment to conduct its business in compliance with applicable laws and regulations and in accordance with its ethical principles, the Board of Directors has adopted a Code of Business Conduct and Ethics applicable to all employees, officers, directors, and advisors of the Company. Report of the Audit Committee

To the Stockholders of Encore Wire Corporation:

The Audit Committee of the Board of Directors oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial reporting process including the Company's system of internal controls, and the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes.

It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. Members of the Audit Committee are not employees of the Company and may not represent themselves to be or to serve as accountants or auditors by profession or experts in the fields of accounting or auditing. As a result, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements in the Company's Annual Report referred to below, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statements on Auditing Standards No. 61. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and letter received from the independent auditors as required by the Independence Standards Board Standard No. 1, and has considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent accountants are in fact independent.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Audit Committee has met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee held five meetings during fiscal year 2003.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended the selection of Ernst & Young LLP as the Company's independent auditors.

EXECUTIVE COMPENSATION

The Compensation Committee Report appearing below and the information presented herein under the caption Executive Compensation Performance Graph shall not be deemed to be soliciting material or to be filed with the SEC or subject to the SEC s proxy rules or to the liabilities of Section 18 of the Exchange Act, and such information shall not be deemed to be incorporated by reference into any filing made by the Company under the Exchange Act or under the Securities Act.

Report of the Compensation Committee on Executive Compensation

To the Stockholders of Encore Wire Corporation:

The Compensation Committee of the Board of Directors (the Compensation Committee) administers the compensation program for executive officers and certain key employees of the Company and makes all related decisions. The Compensation Committee also administers the Company s employee stock option plans, based on the recommendation of the Chief Executive Officer, and grants stock options to employees of the Company under such plans.

The goals of the Company's compensation program are to attract, retain and motivate competent executive officers who have the experience and ability to contribute to the long-term success of the Company. The individual judgments made by the Compensation Committee are subjective and are based largely on the Compensation Committee's perception of each executive's contribution to both past performance and the long-term growth potential of the Company. The principal elements of compensation for executive officers are base salary, discretionary bonus payments and stock options.

In setting the base salaries for the executive officers and certain key employees, including the Chief Executive Officer, the Compensation Committee considers individual contributions to the Company's performance, length of tenure with the Company, internal equities among positions and compensation levels for comparable positions in companies of similar types and sizes.

From time to time, the Compensation Committee grants stock options under the Company's amended 1999 Stock Option Plan to executive officers and key employees to align their long-term interests with those of the Company's stockholders. During 2003, no executive officers received any stock option grants.

At December 31, 2003, unexercised options covering 179,076 shares under the 1989 Stock Option Plan and 566,249 shares under the amended 1999 Stock Option Plan were outstanding and 39,500 shares remained available for future stock option grants under the amended 1999 Stock Option Plan.

Stock options are granted at exercise prices not less than the fair market value on the date of the grant and thus will have no value unless the value of the Company's Common Stock appreciates. The Compensation Committee believes that stock options provide a significant incentive for the option holders to enhance the value of the Company's Common Stock by continually improving the Company's performance.

COMPENSATION COMMITTEE

William R. Thomas, Chairman
Joseph M. Brito
John H. Wilson
