#### Item 12. Results of Operations and Financial Condition

Certain of the Information relates to the Company s results of operations for its fiscal quarter and fiscal year ended December 31, 2003. This Information is attached hereto as Exhibits 99.2, 99.3, and 99.8.

On January 29, 2004, the Company issued a press release regarding its financial results for its fiscal quarter and fiscal year ended December 31, 2003. A copy of the press release is attached hereto as Exhibit 99.10.

The information in Exhibits 99.2, 99.3, 99.8 and 99.10 of this report relating to the Company s financial results for its fiscal quarter and fiscal year ended December 31, 2003 shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act ) or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

Exhibit 99.10 to this report contains certain non-GAAP financial measures, as defined in Item 10(e) of Regulation S-K of the Exchange Act. The non-GAAP financial measures, which we describe as on-going earnings and on-going earnings per share, exclude from net income tax credits related to prior years and recorded in 2003; previously disclosed, non-recurring charges in 2002; and a 2002 charge for the cumulative effect of an accounting change. Exhibit 99.10 reconciles each of these non-GAAP financial measures to the most directly comparable financial measure calculated and presented in accordance with generally accepted accounting principles in the United States (GAAP). We believe on-going earnings provide investors with a useful indicator of our results that is comparable among periods because it excludes the effects of unusual items that may occur on an irregular basis. Investors should note that these non-GAAP financial measures involve judgments by management, including whether an item is classified as an unusual item. We use on-going earnings, or similar concepts, to internally measure performance in reports for management.
